*Making and Remaking Italy* Albert Russell Ascoli 2001-05  
This important new book considers many of the ways in which national identity was imagined, implemented and contested within Italian culture before, during and after the period of Italian unification in the mid-nineteenth century. Taking a fresh approach towards national icons cherished by both Left and Right, the collection's authors examine the complex interaction between a perceived need for national identity and the

fragmented nature of the Italian peninsula. In so doing, they draw on examples from a wide range of artistic and cultural media. The book opens with an introduction which defines the case of the Italian 'Risorgimento' and places it within a large context of European and global nation-building and nationalism. Authors discuss how episodes from the distant past were used by nineteenth- and twentieth-century artists, musicians, and writers to recreate narratives of nationhood, as well as how the problem of Italian identity was before and during the

Risorgimento. The question of who belonged in the new Italy, who remained outsiders, and how social and sexual differences entered into defining these groups is also addressed. The book concludes with an analysis of twentieth-century attempts to appropriate and reforge the 'spirit' of the Risorgimento, under Fascism and in our own time.

**On the Christian Meaning of Human Suffering** Pope John Paul II 2014-01-01 Published on February 11, 1984, *Salvifici Doloris* addresses the question of why God allows suffering. This 30th anniversary edition includes the complete text of the letter plus commentary by Myles N. Sheehan, SJ, MD, a priest and physician trained in geriatrics with an expertise in palliative care. Acknowledgments of recent episodes of violence bring the papal document into a modern context. Insightful questions suited for individual or group use, applicable prayers, and ideas for meaningful action invite readers to personally respond to the mystery of suffering.

**Traitors to All** Giorgio Scerbanenco 2014-06-03 From the godfather of Italian noir "A noir writer richly deserving rediscovery." —Publishers Weekly One balmy spring evening on the outskirts of Milan, a Fiat with two passengers plunges into a canal. At first, their deaths are registered as an accident. But Duca Lamberti, the doctor-turned-detective of Giorgio Scerbanenco's legendary series, suspects there's more to it than that. Because that same canal has been the scene of other deaths, and all the incidents have one man in common: a lawyer with a murky past stretching all the way back to World War II—a man who, in fact, once shared a prison cell with Lamberti. Winner of the most prestigious European crime prize on its original publication in 1966, *Traitors to All* is classic noir by one of the greatest writers of the genre—a book that lays bare the connections between Milan's troubled history during the war and its swinging sixties affluence, as well as an utterly absorbing tale of betrayal and revenge.

**The Day of the Owl** Leonardo Sciascia 2003-09-30 A man is shot dead as he runs to catch the bus in the piazza of a small Sicilian town. Captain Bellodi, the detective on the case, is new to his job and determined to prove himself. Bellodi suspects the Mafia, and his suspicions grow when he finds himself up against an apparently unbreachable wall of silence. A surprise turn puts him on the track of a series of nasty crimes. But all the while Bellodi's investigation is being carefully monitored by a host of observers, near and far. They share a single concern: to keep the truth from coming out. This short, beautifully paced novel is a mesmerizing description of the Mafia at work.

**Perspectives on Travel Writing** Glenn Hooper 2017-05-15 Ranging from the early modern to the postcolonial, and dealing mainly with encounters in Europe, the Americas and the Middle East, *Perspectives on Travel Writing* is a collection of new essays by international scholars that examines some of the various contexts of travel writing, as well as its generic characteristics. Contributions examine the similarities between autobiography and memoir, fiction, and travel writing, and attempt to define travel writing as a genre. Utilising a variety of approaches, the essays display a shared concern with what travel writing does and how it does it. The effects of encounter and border-crossing on gender, 'race', and national identity are considered throughout. The collection begins with a review of some of the problems and issues facing the scholar of travel writing and moves on to a detailed discussion of the qualities of travel writing and its related forms. It then presents in chronological order a number of case studies, before closing with a critical discussion of approaches to the subject. An essay collection with broad historical and geographical coverage, this volume should appeal to students and researchers of travel and travel-related

literatures from across the Humanities.

**Saint John Paul the Great** Jason Evert 2014-03-06

Discover the five greatest loves of Saint John Paul II, through remarkable unpublished stories about him from bishops, priests, his students, Swiss Guards, and others. Mining through a mountain of papal resources, Jason Evert has uncovered the gems and now presents the Church a treasure chest brimming with the jewels of the saint's life.

**Four Cups** Chris Hodges 2014 Looks at the Biblical promises made by God and how they can lead followers toward reaching their potential and becoming closer to God.

**Dante's Inferno (Illustrated by Dore)** Dante Alighieri 2014-07-29 Most English translations of *INFERNO* are full of colorful, but meaningless language based on today's modern standards. Some translations are so elaborate that they are as difficult to read as the original Italian version. This translation uses the Longfellow translation as a base, but replaces the obscure or antiquated verbiage with the language of Modern English. This translation could easily be read and understood by today's reader. Adding the illustrations by Gustave Dore brings this classic work to life.

**Discourses on the Heroic Poem** Torquato Tasso 1973

**Sprezzatura** Peter D'Epiro 2007-12-18 A witty, erudite celebration of fifty great Italian cultural achievements that have significantly influenced Western civilization from the authors of *What Are the Seven Wonders of the World?* "Sprezzatura," or the art of effortless mastery, was coined in 1528 by Baldassare Castiglione in *The Book of the Courtier*. No one has demonstrated effortless mastery throughout history quite like the Italians. From the Roman calendar and the creator of the modern orchestra (Claudio Monteverdi) to the beginnings of ballet and the creator of modern political science (Niccolò Machiavelli), *Sprezzatura* highlights fifty great Italian cultural achievements in a series of fifty information-packed essays in chronological order.

**Le nozze di Figaro** Wolfgang Amadeus Mozart 2018-01-01

John Wells introduces the opera with a high-spirited account of the action-packed career of the author, in many respects the prototype of Figaro himself. Basil Deane explores the score: he shows that Mozart's characters are illuminated here not so much in soliloquies but in their reactions to each other. Composer Stephen Oliver discusses how the comedy exists not just in the words but, essentially, in the music. The full Italian text is given, with a note on the order of scenes in Act Three and the alternative passages Mozart wrote for the 1789 revival. The classic translation of E.J. Dent is an excellent way to get to know the twists and turns of the plot and the stylish wit of da Ponte's innuendos. Contents: *A Society Marriage*, John Wells; *A Musical Commentary*, Basil Deane; *Music and Comedy in 'The Marriage of Figaro'*, Stephen Oliver; *Beaumarchais's Characters*; *Le nozze di Figaro: Libretto* by Lorenzo da Ponte; *The Marriage of Figaro: English version* by Edward J. Dent

**The Craft of Translation** Robert Hunter Distinguished University Professor John Biguenet 1989-08-15 These essays offer insights into the understanding and craft of translation. The contributors not only describe the complexity of translating literature but also suggest the implications of the act of translation for critics, scholars, teachers, and students. The demands of translation, according to these writers, require both comprehensive scholarship in preparing to translate a text and broad creativity in recreating the text in a new language. Translation, thus, becomes a model for the most exacting reading and the most serious scholarship. Some of the contributors lay bare the rigorous methods

of literary translation in comparisons of various translations of the same piece some discuss the problems of translating a specific passage others speak about the lessons learned over the course of a career in translation. As these essays make clear, translators work in the space between languages and, in so doing, provide insights into the ways in which a culture makes the world verbal. --From publisher's description.

**The Clandestine Marriage** George Colman 1766

Printing, Writers and Readers in Renaissance Italy Brian Richardson 1999-08-05 The spread of printing to Renaissance Italy had a dramatic impact on all users of books. As works came to be diffused more widely and cheaply, so authors had to adapt their writing and their methods of publishing to the demands and opportunities of the new medium, and reading became a more frequent and user-friendly activity. *Printing, Writers and Readers in Renaissance Italy* focuses on this interaction between the book industry and written culture. After describing the new technology and the contexts of publishing and bookselling, it examines the continuities and changes faced by writers in the shift from manuscript to print, the extent to which they benefited from print in their careers, and the greater accessibility of books to a broader spectrum of readers, including women and the less well educated. This is the first integrated study of a topic of central importance in Italian and European culture.

*The Seven Spiritual Weapons* Catherine of Bologna 2011-07-18 St. Catherine of Bologna, much venerated in her own city, has been little known outside of her native region but interest in her is now increasing. The outline of her life is clear and her own work, *The Seven Spiritual Weapons*, tells a good deal about her inner experiences and early years in the cloister. The introduction to this translation situates her life in the history of Ferrara and Bologna and studies how the external history of the community impinged on Catherine's own religious experience and how it was interwoven with her successful struggle against depression.

**The Prodigious Muse** Virginia Cox 2011-08-17 In her

award-winning, critically acclaimed *Women's Writing in Italy, 1400--1650*, Virginia Cox chronicles the history of women writers in early modern Italy -- who they were, what they wrote, where they fit in society, and how their status changed during this period. In this book, Cox examines more closely one particular moment in this history, in many ways the most remarkable for the richness and range of women's literary output. A widespread critical notion sees Italian women's writing as a phenomenon specific to the peculiar literary environment of the mid-sixteenth century, and most scholars assume that a reactionary movement such as the Counter-Reformation was unlikely to spur its development. Cox argues otherwise, showing that women's writing flourished in the period following 1560, reaching beyond the customary "feminine" genres of lyric, poetry, and letters to experiment with pastoral drama, chivalric romance, tragedy, and epic. There were few widely practiced genres in this eclectic phase of Italian literature to which women did not turn their hand. Organized by genre, and including translations of all excerpts from primary texts, this comprehensive and engaging volume provides students and scholars with an invaluable resource as interest in these exceptional writers grows. In addition to familiar, secular works by authors such as Isabella Andreini, Moderata Fonte, and Lucrezia Marinella, Cox also discusses important writings that have largely escaped critical interest, including Fonte's and Marinella's vivid religious narratives, an unfinished Amazonian epic by Maddalena Salvetti, and the startlingly fresh autobiographical lyrics of Francesca Turina Bufalini. Juxtaposing religious and secular writings by women and tracing their relationship to the male-authored literature of the period, often surprisingly affirmative in its attitudes toward women, Cox reveals a new and provocative vision of the Italian Counter-Reformation as a period far less uniformly repressive of women than is commonly assumed. Praise for *Women's Writing in Italy, 1400--1650* "Exhaustive and insightful... This is an amazing book, a major achievement in the field of women's studies." -- *Renaissance Quarterly* "This is a definitive study and will surely remain so for many years to come." -- *Choice* "Virginia Cox has written a magisterial study of the major trends in women's writing in Renaissance and Counter-Reformation Italy... This is indeed an impressive volume and one which deserves to be read and studied. It will change the way we think about women's writing in early modern Italy." -- *Modern Language Review*

**The Romance Epics of Boiardo, Ariosto, and Tasso** Jo Ann Cavallo 2004-01-01 In *The Romance Epics of Boiardo, Ariosto, and Tasso*, Jo Ann Cavallo attempts a new interpretation of the history of the renaissance romance epic in northern Italy, focusing on the period's three major chivalric poets. Cavallo challenges previous critical assumptions about the trajectory of the romance genre, especially regarding questions of creative imitation, allegory, ideology, and political engagement. In tracing the development of the romance epic against the historical context of the Ferrarese court and the Italian peninsula, Cavallo moves from a politically engaged Boiardo, whose poem promotes the tenets of humanism, to an individualistic Tasso, who opposed the repressive aspects of the counter-reformation culture he is often thought to represent. Ariosto is read from the vantage of his predecessor Boiardo, and Cavallo describes his cynicism and later mellowing attitude toward the real-world relevance of his and Boiardo's fiction. *The Romance Epics of Boiardo, Ariosto, and Tasso* is the first critical study to bring together the three poets in a coherent vision that maps changes while uncovering continuities.

**Gods of Aberdeen** Micah Nathan 2005-06-03 A haunting novel about a brilliant young man who enrolls at a small New England college and becomes entangled in a mysterious death -- and the ultimate scientific quest. Eric Dunne is a sixteen-year-old academic phenom. Desperate to escape his foster family, Eric graduates early from high school and earns a scholarship to Aberdeen College, a small, prestigious school in northern Connecticut. Aberdeen is a school for the privileged youth of America's elite, an isolated world where hard drinking and hard studying go hand in hand. When Eric is assigned a work-study job with the college's head librarian, Cornelius Graves, Eric begins to hear strange and disconcerting rumors about his new mentor. Despite himself, he is curiously drawn to Cornelius, if only to divine whether it's true that he's searching for the Philosopher's Stone, a mythical substance that supposedly holds the secret to eternal life. At the same time, Eric's preternatural aptitude for Latin quickly attracts the attention of Arthur Fitch, a charismatic and aloof senior who invites him to become a research assistant for Dr. William Cade, Aberdeen's most celebrated professor. Eric is accepted into Cade's small circle of sophisticated students, all of whom live off campus on Cade's country estate, and soon discovers that his new friends are not just conducting research for Dr. Cade -- they, too, are searching for the Philosopher's Stone. When an alchemical experiment goes fatally wrong, Eric is drawn deeper into the dark secrets surrounding the legendary substance. As the police investigation narrows and Eric gets swept up in Professor Cade's obsession, the tensions on the estate and in Eric's new friendships threaten to explode and, with them, Eric's idealized world. Like *The Secret History* and *A Separate Peace*, *Gods of Aberdeen* demonstrates the selfishness and savagery that can lie at the heart of the most rarefied academic setting.

**Art of the Devil** Arturo Graf 2015-09-15 "The Devil holds the strings which move us!" (Charles Baudelaire, *The Flowers of Evil*, 1857.) Satan, Beelzebub, Lucifer... the Devil has many names and faces, all of which have always served artists as a source of inspiration. Often commissioned by religious leaders as images of fear or veneration, depending on the society, representations of the underworld served to instruct believers and lead them along the path of righteousness. For other artists, such as Hieronymus Bosch, they provided a means of denouncing the moral decrepitude of one's contemporaries. In the same way, literature dealing with the Devil has long offered inspiration to artists wishing to exorcise evil through images, especially the works of Dante and Goethe. In the 19th century, romanticism, attracted by the mysterious and expressive potential of the theme, continued to glorify the malevolent. Auguste Rodin's *The Gates of Hell*, the monumental, tormented work of a lifetime, perfectly illustrates this passion for evil, but also reveals the reason for this fascination. Indeed, what could be more captivating for a man than to test his mastery by evoking the beauty of the ugly and the diabolic?

**The Ethical Dimension of the 'Decameron'** Marilyn Migiel 2015-09-15 With *The Ethical Dimension of the "Decameron"* Marilyn Migiel, author of *A Rhetoric of the "Decameron"* (winner of the MLA's 2004 Marraro Prize), returns to Giovanni Boccaccio's masterpiece, this time to focus on the dialogue about ethical choices that the *Decameron* creates with us and that we, as individuals and as groups, create with the *Decameron*. Maintaining that we can examine this dialogue to gain insights into our values, our biases and our decision-making processes, Migiel offers a view of the *Decameron* as sticky and thorny. According to Migiel, the *Decameron* catches us as we move through it, obligating us to reveal ourselves, inviting us to reflect on how we form our assessments, and calling upon us to be mindful of our responsibility to judge patiently and carefully. Migiel's focus remains unabashedly on the experience of readers, on the meanings they find in the *Decameron*, and on the ideological assumptions they have about the way that a literary text such as the *Decameron* works. She offers that, rather than thinking about the *Decameron* as "teaching" readers, we should think about it "testing" them. Throughout, Migiel engages in the masterful in-depth rhetorical analyses, delivered in lively and readable prose, that are her trademark. Whether she is examining the Italian of the *Decameron*, translations of the Italian into English, commentaries by scholars, newspaper articles, or student essays, she asks us always to maintain an ethical engagement with the words of others.

**Opera Buffa in Mozart's Vienna** Assistant Professor of Art History Mary Hunter 1997-11-27 This collection of essays, presented by an internationally known team of scholars, explores the world of Vienna and the development of opera buffa in the second half of the eighteenth century. Although today Mozart remains one of the most well-known figures of the period, the era was filled with composers, librettists, writers and performers who created and developed opera buffa. Among the topics examined are the relationship of Viennese opera buffa to French theatre; Mozart and eighteenth-century comedy; gender, nature and bourgeois society on Mozart's buffa stage; as well as close analyses of key works such as *Don Giovanni* and *Le nozze di Figaro*.
