**The Jahangirnama** Jahangir (Emperor of Hindustan) 1999 "Emperor Jahangir is probably best known in the West as the father of Shahjahan, who built the Taj Mahal. Jahangir's reign was one of great prosperity, and his passion for art and nature encouraged an artistic flowering that rivaled European art during the rule of the Medicis. Jahangir's memoirs provide not only the history of his reign, but also his reflections on art, politics, and life, including the suicide of one of his wives, and selections of poetry written by members of his harem.

**All Thirteen: The Incredible Cave Rescue of the Thai Boys' Soccer Team** Christina Soontornvat 2020-10-13 A unique account of the amazing Thai cave rescue told in a heart-racing, you-are-there style that blends suspense, science, and cultural insight. On June 23, 2018, twelve young players of the Wild Boars soccer team and their coach enter a cave in northern Thailand seeking an afternoon's adventure. But when they turn to leave, rising floodwaters block their path out. The boys are trapped! Before long, news of the missing team spreads, launching a seventeen-day rescue operation involving thousands of rescuers from around the globe. As the world sits vigil, people begin to wonder: how long can a group of ordinary kids survive in complete darkness, with no food or clean water? Luckily, the Wild Boars are a very extraordinary "ordinary" group. Combining firsthand interviews of rescue workers with in-depth science and details of the region's culture and religion, author Christina Soontornvat—who was visiting family in Northern Thailand when the Wild Boars went missing—masterfully shows how both the complex engineering operation above ground and the mental struggles of the thirteen young people below proved critical in the life-or-death mission. Meticulously researched and generously illustrated with photographs, this page-turner includes an author's note describing her experience meeting the team, detailed source notes, and a bibliography to fully immerse readers in the most ambitious cave rescue in history.

*The Reincarnation of Edgar Cayce?* Wynn Free 2004-03-11 Discover the legacy of the most famous psychic of the 20th-century in this stirring exploration of psychic abilities, reincarnation, and other paranormal phenomena There are remarkable parallels between the work of David Wilcock and Edgar Cayce—the legendary clairvoyant, ‘sleeping prophet’, and ‘father of holistic medicine’. Here, author Wynn Free explores these parallels, building a convincing case that the two men shared the same source of prophetic information—and that Wilcock might indeed be Cayce’s reincarnation. Compiling some of Wilcock’s most inspirational and life-transforming prophetic guidance from his channeled Source, this book conveys profound insights into topics such as earth changes, secret cabals, soul evolution, death and reincarnation, ascension, crop circles, and the theory of evolution. Explaining how energetic increases occurring in the Sun and planets can have scientifically-measurable, far-reaching effects in a number of realms, The Reincarnation of Edgar Cayce presents new evidence that this energy can transform DNA, potentially making ESP, telekinesis, levitation, and other paranormal activities as common as breathing and usher in the Golden Age promised by every major spiritual tradition in human history. Readers will come away with a deeper understanding not only of the life and work of both Wilcock and Cayce, but with a broader sense of the many forces—seen and unseen—at work in the universe today.

*Pirate Hunters* Robert Kurson 2015-06-16 NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY CHICAGO TRIBUNE • A thrilling adventure of danger and deep-sea diving, historic mystery and suspense, by the author of *Shadow Divers* Finding and identifying a pirate ship is the hardest thing to do under the sea. But two men—John Chatterton and John Matterna—are willing to risk everything to find the Golden Fleece, the ship of the infamous pirate Joseph Bannister. At large during the Golden Age of Piracy in the seventeenth century, Bannister should have been immortalized in the lore of the sea—his exploits more notorious than Blackbeard’s, more daring than Kidd’s. But his story, and his ship, have been lost to time. If Chatterton and Matterna succeed, they will make history—it will be just the second time ever that a pirate ship has been discovered and positively identified. Soon, however, they realize that cutting-edge technology and a willingness to lose everything aren’t enough to track down Bannister’s ship. They must travel the globe in search of historic documents and accounts of the great pirate’s exploits, face down dangerous rivals, battle the tides of nations and governments and experts. But it’s only when they learn to think and act like pirates—like Bannister—that they become able to go where no pirate hunters have gone before. Fast-paced and filled with suspense, fascinating characters, history, and adventure, *Pirate Hunters* is an unputdownable story that goes deep to discover truths and souls long believed lost. **40 Dives, 40 Dishes** Al and Freda Wright 2018-08-28 It is unusual that a scuba diving liveaboard should be known for anything other than the quality of the diving service it offers. The MV Salutay is that rare exception. Not only does she offer a top and innovative diving service and access to some of the best diving around the United Kingdom and Northern France, she also has divers returning every year because of the wonders that her galley produces. Chef Freda Wright has been getting requests for recipes for many years and generations of divers have begged her to produce a cookbook, so that they can continue to enjoy her mouth-watering meals and snacks when they go home. This is the cookbook that they wanted: a selection of soups, main courses, desserts and snacks that divers aboard the MV Salutay have been enjoying for decades and that now you can cook at home for family and friends. As well as the easy-to-follow recipes, this book also includes diving tales from the three decades that Freda and her husband, captain and technical diving pioneer Al Wright, have been exploring British, Irish and French waters. From the story of how Al discovered three major shipwrecks off Malin Head, Ireland at the dawn of the technical diving revolution to diving with seals in St. Kilda and descriptions of exploring the D-Day wrecks in the Baie de Seine, these anecdotes are clips of British diving history: essential reading for new divers and veterans alike.
