Shifting Perceptions of Migration in Senegalese Literature, Film, and Social Media
Mahriana Rofheart 2013-12-19
Shifting Perceptions of Migration in Senegalese Literature, Film, and Social Media takes a multimedia approach to examining representations of emigration from Senegal through the analysis of novels, films, hip-hop songs, and online videos in French and Wolof. Mahriana Rofheart demonstrates how Senegalese creative producers at home and abroad have formally and thematically confronted emigration from Senegal to Europe with texts that reconfigure Senegal’s global position and destabilize France’s position as a status-laden destination.

Johnny Panic and the Bible of Dreams
Sylvia Plath 2016-11-15
“What I fear most, I think, is the death of the imagination. . . . If I sit still and don’t do anything, the world goes on beating like a slack drum, without meaning. We must be moving, working, making dreams to run toward; The poverty of life without dreams is too horrible to imagine.” — Sylvia Plath, “Cambridge Notes” (From Notebooks, February 1956)
Renowned for her poetry, Sylvia Plath was also a brilliant writer of prose. This collection of short stories, essays, and diary excerpts highlights her fierce concentration on craft, the vitality of her intelligence, and the yearnings of her imagination. Featuring an introduction by Plath’s husband, the late British poet Ted Hughes, these writings also reflect themes and images she would fully realize in her poetry. Johnny Panic and the Bible of Dreams truly showcases the talent and genius of Sylvia Plath.

Marine Mammal Conservation and the Law of the Sea
Cameron S. G. Jefferies 2016-07-12
Marine mammal conservation remains a hot-button international environmental issue, but progress towards addressing key conservation and management issues within existing governance structures most notably the International Whaling Commission-has stalled. Cameron Jefferies offers a fresh look at the future of international marine mammal management in a way that advances the ongoing dialog surrounding UNCLOS implementation and effective living marine resource management, while employing the comprehensive rational decision-making model as a theoretical framework. Marine Mammal Conservation and the Law of the Sea lays out and critiques the marine mammal regulatory landscape. It introduces the rational conservation model, and details the modern threats to marine mammals, including climate change, by-catch, environmental pollution, ship strikes. Next, it discusses options for reform under UNCLOS and existing treaties, and finally introduces a new holistic treaty regime based on the rational conversation model, based in part on the UN Fish Stocks Agreement. This book will appeal to scholars, practitioners, and policymakers across public international law, international relations, political science, and environmental policy in the academic, governmental, IO, and NGO spheres.

The Black Consciousness Reader
Baldwin Ndaba 2019-04-25
There is a current revival of Black Consciousness, as political and student movements around the world – as well as academics and campaigners working in decolonization – reconfigure the continued struggle for socio-economic revolution. Yet the roots of Black Consciousness and its relation to other movements such as Black Lives Matter have only begun to be explored. Black Consciousness has deep connections to the struggle against apartheid. The Black Consciousness Reader is an essential collection of history, culture, philosophy and meaning of Black Consciousness by some of the thinkers, artists and activists who developed it in order to finally bring revolution to South Africa. A contribution to the world’s Black cultural archive, it examines how the proper acknowledgement of Blackness brings a greater love, a broader sweep of heroes and a wider understanding of intellectual and political influences. Although the legendary murdered activist Steve Biko is a strong figure within this history, the book documents many other significant international Black Consciousness personalities and focuses a predominantly African eye on Black Consciousness in politics, land, women, power, art, music and religion. Onkgopotse Tiro, Vuyelwa Mashalaba, Winnie Madikizela-Mandela, Assata Shakur, Marcus Garvey, Neville Alexander, Thomas Sankara, Malcolm X, Don Mattered, Keorapetse Kgositsile, W.E.B. DuBois, Walter Rodney, Mongane Wally Serote, Ready D and Zola are among the many bold minds included in this amalgam of facts, ideas and images.

The Crises of Postcoloniality in Africa
Omeje, Kenneth 2017-05-05
The Crises of Postcoloniality in Africa is an assemblage of transdisciplinary essays that offer a spirited reflection on the debate and phenomenon of postcoloniality in Africa, including the changing patterns and ramifications of problems, challenges and opportunities associated with it. A key conceptual rhythm that runs through the various chapters of the book is that, far from being demised, postcoloniality is still firmly embedded in Africa, manifesting itself in both blatant and insidious forms. Among the important themes covered in the book include the concepts of postcolonialism, postcoloniality, and neocolonialism; Africa’s precolonial formations and the impact of colonialism; the enduring patterns of colonial legacies in Africa; the persistent contradictions between African indigenous institutions and western versions of modernity; the unravelling of the postcolonial state and issues of armed conflict, conflict intervention and peacebuilding; postcolonial imperialism in Africa and the US-led global war on terror, the historical and postcolonial contexts of gender relations in Africa, as well as pan-Africanism and regionalist approaches to redressing the crises of postcoloniality.

The Elephant in the Room
Tommy Tomlinson 2020-01-14
ONE OF NPR’S BEST BOOKS OF 2019
A “warm and funny and honest...genuinely unputdownable” (Curtis Sittenfeld) memoir chronicling what it’s like to live in today’s world as a fat man, from acclaimed journalist Tommy Tomlinson, who, as he neared the age of fifty, weighed 460 pounds and decided he had to change his life. When he was almost fifty years old, Tommy Tomlinson weighed an astonishing—and dangerous—460 pounds, at risk for heart disease, diabetes, and stroke, unable to climb a flight of stairs without having to catch his breath, or travel on an airplane without buying two seats. Raised in a family that loved food, he had been aware of the problem for years, seeing doctors and trying diets from the time he was a preteen. But nothing worked, and every time he tried to make a change, it didn’t go the way he planned—in fact, he wasn’t sure that he really wanted to change. In The Elephant in the Room, Tomlinson chronicles his lifelong battle with weight in a voice that combines the urgency of Roxane Gay’s Hunger with the intimacy of Rick Bragg’s All Over but the Shoutin’. He also hits the road to meet other members of the plus-sized tribe in an attempt to understand how, as a nation, we got to this point. From buying a Fitbit and setting exercise goals to contemplating the Heart Attack Grill in Las Vegas, America’s “capital of food porn,” and modifying his own diet, Tomlinson brings us along on a candid and sometimes brutal look at the everyday experience of being constantly aware of your size. Over the course of the book, he confronts these issues head-on and

chronicles the practical steps he has to take to lose weight by the end. “What could have been a wallow in memoir self-pity is raised to art by Tomlinson’s wit and prose” (Rolling Stone). Affecting and searingly honest, The Elephant in the Room is an “inspirational” (The New York Times) memoir that will resonate with anyone who has grappled with addiction, shame, or self-consciousness. “Add this to your reading list ASAP” (Charlotte Magazine).

Belly of the Beast
Da’Shaun L. Harrison 2021-08-10
The 2022 Lammy Award Winner in Transgender Nonfiction Exploring the intersections of Blackness, gender, fatness, health, and the violence of policing. To live in a body both fat and Black is to exist at the margins of a society that creates the conditions for anti-fatness as anti-Blackness. Hyper-policed by state and society, passed over for housing and jobs, and derided and misdiagnosed by medical professionals, fat Black people in the United States are subject to sociopolitically sanctioned discrimination, abuse, condescension, and trauma. Da’Shaun Harrison—a fat, Black, disabled, and nonbinary trans writer--offers an incisive, fresh, and precise exploration of anti-fatness as anti-Blackness, foregrounding the state-sanctioned murders of fat Black men and trans and nonbinary masculine people in historical analysis. Policing, disenfranchisement, and invisibilizing of fat Black men and trans and nonbinary masculine people are pervasive, insidious ways that anti-fat anti-Blackness shows up in everyday life. Fat people can be legally fired in 49 states for being fat; they’re more likely to be houseless. Fat people die at higher rates from misdiagnosis or nontreatment; fat women are more likely to be sexually assaulted. And at the intersections of fatness, Blackness, disability, and gender, these abuses are exacerbated. Taking on desirability politics, the limitations of gender, the connection between anti-fatness and carcerality, and the incongruity of “health” and “healthiness” for the Black fat, Harrison viscerally and vividly illustrates the myriad harms of anti-fat anti-Blackness. They offer strategies for dismantling denial, unlearning the cultural programming that tells us “fat is bad,” and destroying the world as we know it, so the Black fat can inhabit a place not built on their subjugation.

The Metamorphosis
Franz Kafka 2019-06-18
New translation of The Metamorphosis by Franz Kafka. Poor Gregor Samsa! This guy wakes up one morning to discover that he’s become a “monstrous vermin”. The first pages of The Metamorphosis where Gregor tries to communicate through the bedroom door with his family, who think he’s merely being lazy, is vintage screwball comedy. Indeed, scholars and readers alike have delighted in Kafka’s gallows humor and matter-of-fact handling of the absurd and the terrifying. But it is one of the most enigmatic stories of all time, with an opening sentence that’s unparalleled in all of literature.

Feenin
Alexander Ghedi Weheliye 2023-09-29
In Feenin, Alexander Ghedi Weheliye traces R&B music’s continuing centrality in Black life since the late 1970s. Focusing on various musical production and reproduction technologies such as auto-tune and the materiality of the BlackFem singing voice, Weheliye counteracts the widespread popular and scholarly narratives of the genre’s decline and death. He shows how R&B remains a thriving venue for the expression of Black thought and life and a primary archive of the contemporary moment. Among other topics, Weheliye discusses the postdisco evolution of house music in Chicago and techno in Detroit, Prince and David Bowie in relation to appropriations of Blackness and Euro-whiteness in the 1980s, how the BlackFem voice functions as a repository of Black knowledge, the methods contemporary R&B musicians use to bring attention to Black Lives Matter, and the ways vocal distortion technologies such as the vocoder demonstrate Black music’s relevance to discussions of humanism and posthumanism. Ultimately, Feenin represents Weheliye’s capacious thinking about R&B as the site through which to consider questions of Blackness, technology, history, humanity, community, diaspora, and nationhood.

My Body
Emily Ratajkowski 2021-11-09
THE NEW YORK TIMES BESTSELLER
A deeply honest investigation of what it means to be a woman and a commodity from Emily Ratajkowski, the archetypal, multi-hyphenate celebrity of our time. _____ "This is the book for every woman trying to place their body on the map of consumption vs control, and every woman who wants to better understand her impulses. It left me much changed" - Lena Dunham "I read these pages, breathless with recognition, and the thrill of reading a new voice telling it like it is" - Dani Shapiro "Emily Ratajkowski's first essay collection needs to be read by everyone [...] both page-turning and moving as hell" - Amy

Schumer 'A slow, complicated indictment of a profession and the people who propel it [...] it will deliver a more nuanced and introspective rendering of her interior than those who come to it with those surface interests might expect' - Vogue 'Dazzling' - Observer 'Ratajkowski brings nuanced insight to questions about empowerment versus commodification of women's bodies and sexuality. Blending cultural criticism and personal stories, **My Body** is smart and powerful' - Time Magazine 'Raw, nuanced and beautifully written. A moving and enlightening experience to join a woman openly exploring such deep parts of her physical self via the written word. A truly impressive debut' - Emma Gannon 'Excellent [...] Ratajkowski writes with curiosity, intellect and acute awareness' - Harper's Bazaar 'Superb [...] it feels revolutionary' - Telegraph 'I admire and envy her artistry' - Guardian _____ Emily Ratajkowski is an acclaimed model and actress, an engaged political progressive, a formidable entrepreneur, a global social media phenomenon, and now, a writer. Rocketing to world fame at age twenty-one, Ratajkowski sparked both praise and furor with the provocative display of her body as an unapologetic statement of feminist empowerment. The subsequent evolution in her thinking about our culture's commodification of women is the subject of this book. **My Body** is a profoundly personal exploration of feminism, sexuality, and power, of men's treatment of women and women's rationalizations for accepting that treatment. These essays chronicle moments from Ratajkowski's life while investigating the culture's fetishization of girls and female beauty, its obsession with and contempt for women's sexuality, the perverse dynamics of the fashion and film industries, and the grey area between consent and abuse. Nuanced, unflinching, and incisive, **My Body** marks the debut of a fierce writer brimming with courage and intelligence.

Strengthening Forensic Science in the United States National Research Council 2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

A Kick in the Belly Stella Abasa Dadzie 2020-10-20 The story of the enslaved West Indian women in the struggle for freedom The forgotten history of women slaves and their struggle for liberation. Enslaved West Indian women had few opportunities to record their stories for posterity. In this riveting work of historical reclamation, Stella Dadzie recovers the lives of women who played a vital role in developing a culture of slave resistance across the Caribbean. Dadzie follows a savage trail from Elmina Castle in Ghana and the horrors of the Middle Passage, as slaves were transported across the Atlantic, to the sugar plantations of Jamaica and beyond. She reveals women who were central to slave rebellions and liberation. There are African queens, such as Amina, who led a 20,000-strong army. There is Mary Prince, sold at twelve years old, never to see her sisters or mother again. Asante Nanny the Maroon, the legendary obeah sorceress, who guided the rebel forces in the Blue Mountains during the First Maroon War. Whether responding to the horrendous conditions of plantation life, the sadistic vagaries of their captors or the “peculiar burdens of their sex,” their collective sanity relied on a highly subversive adaptation of the values and cultures they smuggled from their lost homes. By sustaining or adapting remembered cultural practices, they ensured that the lives of chattel slaves retained both meaning and purpose. A Kick in the Belly makes clear that subtle acts of insubordination and conscious acts of rebellion came to undermine the very fabric of West Indian slavery.

Translation Studies beyond the Postcolony Ilse Feinauer 2017-01-06 This edited volume explores the role of (postcolonial) translation studies in addressing issues of the postcolony. It investigates the retention of the notion of postcolonial translation studies and whether one could reconsider or adapt the assumptions and methodologies of postcolonial translation studies to a new understanding of the postcolony to question the impact of postcolonial translation studies in Africa to address pertinent issues. The book also places the postcolony in historical perspective, and takes a critical look at the failures of postcolonial approaches to translation studies. The book brings together 12 chapters, which are divided into three sections: namely, Africa, the Global South, and the Global North. As such, the volume is able to consider the postcolony (and even conceptualisations beyond the postcolony) in a variety of settings worldwide.

Indeed, Raza describes how she bore the terrible burden of being her own husband's oncologist as he succumbed to leukemia. The Facts On File Field Guide to North Atlantic Shorebirds Richard J. Chandler 1989

An Archaeology of the English Atlantic World, 1600 – 1700 Charles E. Orser, Jr. 2018-07-05 An Archaeology of the British Atlantic World is the first book to apply the methods of modern-world archaeology to the study of the seventeenth-century English colonial world. Charles E. Orser, Jr explores a range of material evidence of daily life collected from archaeological excavations throughout the Atlantic region, including England, Ireland, western Africa, Native North America, and the eastern United States. He considers the archaeological record together with primary texts by contemporary writers. Giving particular attention to housing, fortifications, delttware, and stoneware, Orser offers new interpretations for each type of artefact. His study demonstrates how the archaeological record expands our understanding of the Atlantic world at a critical moment of its expansion, as well as to the development of the modern, Western world.

The Belly of the Atlantic Fatou Diome 2006 "The story of Salie and Madicke highlights the painful situation of those who emigrate. Others who feel this pain include Ndetare, the Marxist schoolteacher and football coach, exiled to Ndiador by the government but never accepted by those born there. Then there's the legendary beauty Sankele, his former lover, whose only way out of an arranged marriage ends in tragedy. And poor Moussa, whose dreams look set to come true when he's scouted by a big French football club, but which fall apart when he doesn't make the team."--BOOK JACKET.

Krauss's depictions of the nuances of sex and love, intimacy and dependence, call to mind the work of Natalia Ginzburg in their psychological profundity, their intellectual rigor. . . Krauss's stories capture characters at moments in their lives when they're hungry for experience and open to possibilities, and that openness extends to the stories themselves: narratives too urgent and alive for neat plotlines, simplistic resolutions or easy answers." —Molly Antopol, New York Times Book Review "From a contemporary master, an astounding collection of ten globetrotting stories, each one a powerful dissection of the thorny connections between men and women. . . Each story is masterfully crafted and deeply contemplative, barreling toward a shimmering, inevitable conclusion, proving once again that Krauss is one of our most formidable talents in fiction." —Esquire In one of her strongest works of fiction yet, Nicole Krauss plunges fearlessly into the struggle to understand what it is to be a man and what it is to be a woman, and the arising tensions that have existed from the very beginning of time. Set in our contemporary moment, and moving across the globe from Switzerland, Japan, and New York City to Tel Aviv, Los Angeles, and South America, the stories in To Be a Man feature male characters as fathers, lovers, friends, children, seducers, and even a lost husband who may never have been a husband at all. The way these stories mirror one other and resonate is beautiful, with a balance so finely tuned that the book almost feels like a novel. Echoes ring through stages of life: aging parents and new-born babies; young women's coming of age and the newfound, somewhat bewildering sexual power that accompanies it; generational gaps and unexpected deliveries of strange new leases on life; mystery and wonder at a life lived or a future waiting to unfold. To Be a Man illuminates with a fierce, unwavering light the forces driving human existence: sex, power, violence, passion, self-discovery, growing older. Profound, poignant, and brilliant, Krauss's stories are at once startling and deeply moving, but always revealing of all-too-human weakness and strength.

Fake Accounts Lauren Oyler 2021-02-02 A NATIONAL BESTSELLER * A NEW YORK TIMES BOOK REVIEW EDITORS' CHOICE * A WASHINGTON POST BEST BOOK OF THE YEAR "An invigorating work, deadly precise in its skewering of people, places and things. . . Stylish, despairing and very funny, Fake Accounts . . . adroitly maps the dwindling gap between the individual and the world." —Katie Kitamura, The New York Times Book Review A woman in a tailspin discovers that her boyfriend is an anonymous online conspiracy theorist in this "absolutely brilliant take on the bizarre and despicable ways the internet has warped our perception of reality" (Elle, One of the Most Anticipated Books of the Year). On the eve of Donald Trump's inauguration, a young woman snoops through her boyfriend's phone and makes a startling discovery: he's an anonymous internet conspiracy theorist, and a popular one at that. Already fluent in internet fakery, irony, and outrage, she's not exactly shocked by the revelation. Actually, she's relieved—he was always a little distant—and she plots to end their floundering relationship while on a trip to the Women's March in DC. But this is only the first in a series of bizarre twists that expose a world whose truths are shaped by online lies. Suddenly left with no reason to stay in New York and increasingly alienated from her friends and colleagues, our unnamed narrator flees to Berlin, embarking on her own cycles of manipulation in the deceptive spaces of her daily life, from dating apps to expat meetups, open-plan offices to bureaucratic waiting rooms. She begins to think she can't trust anyone—shouldn't the feeling be mutual? Narrated with seductive confidence and subversive wit, Fake Accounts challenges the way current conversations about the self and community, delusions and gaslighting, and fiction and reality play out in the internet age.

Ethnic Minority Women's Writing in France Claire Mouflard 2020-11-17 In Ethnic Minority Women's Writing in France, Mouflard argues that the identity politics surrounding the immigration discourse of early twenty-first century France were reflected in the marketing and editing practices of the Metropole's key publishers, specifically with regards to non-white French women's literature. Echoing the utopic "Black-Blanc-Beur" model of integration which surfaced during the 1998 soccer World Cup, select publishers fashioned unofficial literary categories based on neocolonial racial and gender stereotypes, either lauding integrated "Beur" authors or exploiting "Black" political dissenters. Concurrently, metropolitan women writers in their autobiographies, autofictions, and manifestoes, problematized notions of French multiculturalism and literary hierarchies, thereby exposing the dangers of utopian thinking. Mouflard ultimately reveals that the absence of the Franco-Vietnamese identity from the "Black-Blanc-Beur" paradigm enabled authors of Southeastern Asian origin to establish themselves outside of the era's reductive multicultural utopia, within a realm directly adjacent to littérature française, if not in a newly-designed, truly multicultural French literature category. Overall, Mouflard's research highlights the discrepancies between France's official discourse on immigration, and the actual identity formation processes created by the institutions and exploited by influential publishers, in the years leading to the historic 2005 banlieue civil unrest.
