*Where Love Begins* Judith Hermann 2016-03-03  
Stella is married, she has a child and a fulfilling job. She lives with her young family in a house in the suburbs. Her life is happy and unremarkable, but she is a little lonely—her husband travels a lot for work and so she is often alone in the house with only her daughter for company. One day a stranger appears at her door, a man Stella's never seen before. He says he just wants to talk to her, nothing more. She refuses. The next day he comes again. And then the day after that. He will not leave her in peace. When Stella works out that he lives up the road, and tries to confront him, it makes no difference. This is the beginning of a nightmare that slowly

and remorselessly escalates. *Where Love Begins* is a delicately wrought, deeply sinister novel about how easily the comfortable lives we construct for ourselves can be shattered.

Basho 2020-02-27 'It was with awe That I beheld Fresh leaves, green leaves, Bright in the sun' When the Japanese haiku master Basho composed *The Narrow Road to the Deep North*, he was an ardent student of Zen Buddhism, setting off on a series of travels designed to strip away the trappings of the material world and bring spiritual enlightenment. He writes of the seasons changing, the smell of the rain, the brightness of the moon and the beauty of the waterfall, through which he senses

mysteries of the universe. These writings not only chronicle Basho's travels, but they also capture his vision of eternity in the transient world around him. Translated with an Introduction by Nobuyuki Yuasa

scholarship and translation of Japanese proletarian literature. Highly recommended.”  
—Choice Fiction created by and for the working class emerged worldwide in the early twentieth century as a response to rapid modernization, dramatic inequality, and imperial expansion. In Japan, literary youth, men and women, sought to turn their imaginations and craft to tackling the ensuing injustices, with results that captured both middle-class and worker-farmer readers. This anthology is a landmark introduction to Japanese proletarian literature from that period. Contextualized by introductory essays, forty expertly translated stories touch on topics like perilous factories, predatory bosses, ethnic discrimination, and the myriad indignities of poverty. Together, they show how even intensely personal issues form a pattern of oppression. Fostering labor consciousness as part of

This anthology demonstrates the vitality of the “red decade” long buried in modern Japanese literary history. “The thread of thought underlying the stories . . . is, as Edmund Wilson eloquently established in *To the Finland Station*, one of the fundamental components of our contemporary consciousness.” —Kyoto Journal “An essential guidebook for navigating twentieth-century Japan’s literary and political terrain.”

No longer content to lay eggs on command, only to have them carted off to the market, she glimpses her future every morning through the barn doors, where the other animals roam free, and comes up with a plan to escape into the wild--and to hatch an egg of her own. age of 21, she escapes the gulag and returns to Lithuania. She writes her memories on scraps of paper and buries them in the garden, fearing they might be discovered by the KGB. They are not found until 1991, four years after her death. This is the story Dalia buried. The immediacy of her writing bears witness not only to the suffering she endured but also the hope that sustained her. It is a Lithuanian tale that, like its author, beats the odds to survive. Why Peirene chose to publish this book: There is only one word to describe this book, extraordinary. It blew me away when I first read it in German translation. Dalia's account goes far beyond a memoir. This is an outstanding piece of literature which should be read by anyone who wishes to understand the Soviet repression. Bret Easton Ellis, *I Have the Right to Destroy Myself* is a dreamlike “literary exploration of truth, death, desire and identity” (Publishers Weekly). Cinematic in its urgency, the novel offers “an atmosphere of menacing ennui [set] to a soundtrack of Leonard Cohen tunes” (Newark Star-Ledger). “Kim’s novel is art built upon art. His style is reminiscent of Kafka’s and also relies on images of paintings (Jacques-Louis David’s ‘The Death of Marat,’ Gustav Klimt’s ‘Judith’) and film (Jim Jarmusch’s ‘Stranger Than Paradise’). The philosophy—life is worthless and small—reminds us of Camus and Sartre, risky territory for a young writer. . . . But Kim has the advantage of the urban South Korean landscape. A scholar of British literature, author Natsume Sōseki (1867–1916) was also a composer of haiku, kanshi, and fairy tales. The stories of Ten Nights Dreaming, which were originally published as a newspaper serial, constitute milestones of Japanese
