Farewell to Arms Ernest Hemingway 2014-05-22 Written when Ernest Hemingway was thirty years old and lauded as the best American novel to emerge from World War I, *A Farewell to Arms* is the unforgettable story of an American ambulance driver on the Italian front and his passion for a beautiful English nurse. Set against the looming horrors of the battlefield—wary, demoralized men marching in the rain during the German attack on Caporetto; the profound struggle between loyalty and desertion—this gripping, semiautobiographical work captures the harsh realities of war and the pain of lovers caught in its inexorable sweep. Ernest Hemingway famously said that he rewrote the ending to *A Farewell to Arms* thirty-nine times to get the words right. This edition collects all of the alternative endings together for the first time, along with early drafts

of other essential passages, offering new insight into Hemingway's craft and creative process and the evolution of one of the greatest novels of the twentieth century. Featuring Hemingway's own 1948 introduction to an illustrated reissue of the novel, a personal foreword by the author's son Patrick Hemingway, and a new introduction by the author's grandson Seán Hemingway, this edition of *A Farewell to Arms* is truly a celebration. *The Criminal Code and the Law of Criminal Evidence in Canada* Canada 1908

[Montana Vigilantes, 1863-1870](#) Mark C. Dillon 2018-10-22 A history and legal analysis of vigilantism in Montana in the 1860s, from a state Supreme Court justice and legal historian. Historians and novelists alike have described the vigilantism that took root in the gold-mining communities of Montana in the mid-1860s, but Mark C. Dillon is the first to examine the subject through the prism of American legal history, considering the state of criminal justice and law enforcement in the western territories and also trial procedures, gubernatorial politics, legislative enactments, and constitutional rights. Using newspaper articles, diaries, letters, biographies, invoices, and books that speak to the compelling history of Montana's vigilantism in the 1860s, Dillon examines the conduct of the vigilantes in the context of the due process norms of the time. He implicates the influence of lawyers and judges who, like their non-lawyer counterparts, shaped history during the rush to earn fortunes in gold. Dillon's perspective as a state Supreme Court justice and legal historian uniquely illuminates the intersection of territorial politics, constitutional issues, corrupt law enforcement, and the basic need of citizenry for social order. This readable and well-directed analysis of the social and legal context that contributed to the rise of Montana vigilante groups will be of interest to scholars and general readers interested in Western history, law, and criminal justice for years to come. "[Justice Dillon's] book reads like a Western. Dillon masterfully sets the stage for the rise of the Montana vigilantes by bringing alive the people who created and lived in [mining] towns. There are heroes, villains, shady characters, and more than a few politicians, businessmen, lawyers and judges. What sets Dillon's book apart from historical texts and fictional tales is that he provides legal analyses and explanations of the trials, sentences, due process and procedures of the day . . . And shed[s] grisly light on the details of the hangings. Dillon's unique background as an attorney and judge and his downright dogged research are what makes this complex story so engaging. The prose is clear, crisp and gets to the point. . . . The book is satisfying because it answers contemporary nagging questions about the law regarding the vigilantes and the hangings." —Gregory Zenon, Brooklyn Barrister "Dillon's analysis of the vigilantes of Bannack, Alder Gulch, and Helena in Montana Territory is the most detailed, insightful, and legally nuanced yet produced. . . . This book is a model for historians to follow when dealing with 19th-century criminal proceedings. Establishing historical context includes examining the laws in books as well as the law in action." —Gordon Morris Bakken, Great Plains Research

Geckos & Guns: THE PAKISTAN YEARS Sharon Bazant 2021-02-01 *Geckos & Guns: The Pakistan Years* is the latest installment of Sharon Bazant's riveting travel memoirs. Following on the heels of her 2019, *Nine Years in Bangkok: Lessons Learned*, this new title *Geckos & Guns* tells of the time before Bangkok. It is a prequel that follows the first impulses of the Bazant family to break out of the mold, to leave their comfortable Canada home. With two teens in tow, they took a "hardship" posting for the United Nations in Islamabad. The book opens with Sharon and the kids joining Wayne in January 1991 and chronicles their five year stay there. Bazant brings her gift for detail to the story and paints a beautiful backdrop with her words. Where *Nine Years in Bangkok* is a tale of Bazant's personal soul journey, the focus of *Geckos & Guns* is the Bazant family's time in Pakistan—a time of adjusting to new and different surroundings, of embracing cultural differences, and of recognizing imminent danger. In the five years the Bazant family spent in Pakistan, they learned to love the temperate climate and the stark beauty of the countryside, the spicy curries and the exotic weddings, but they also learned to negotiate constant power cuts, flash floods, trips into opium country, bombings, a family emergency and more. Bazant says, "I see

each one of us clearly—our 'selves' of the past. I think about our experiences, some awe-inspiring, some traumatic, and the decisions we made that forged our future paths. We were younger more optimistic versions of ourselves. Did we make mistakes? Yes. Did we take some wrong turns? Yes. Did some of this form our future selves? Yes. The big question is: Would I do things differently if given the chance? I don't know. We all did the best we could at the time."

Firearm Safety Certificate - Manual for California Firearms Dealers and DOJ Certified Instructors California Department of Justice 2016-12 The growing concern over the number of accidental firearm shootings, especially those involving children, prompted passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm..

The Gun Dilemma Robert J. Spitzer 2022-09-06 An informed and sophisticated look at the current debate between gun laws and gun rights in America. Contemporary gun controversies are deeply rooted in our history, yet much of that history is unknown, ignored, or distorted. This is all the more important because a new gun rights movement is pressing to expand the definition of gun rights well beyond the standard set by the Supreme Court in its landmark, controversial Heller ruling from 2008. These activists' efforts have found a receptive audience among a new generation of very conservative federal judges cultivated in part for their professed adherence to the doctrine of constitutional Originalism and fealty to an expansive reading of gun rights. In *The Gun Dilemma*, Robert J. Spitzer examines this "gun rights 2.0" movement in the light of a host of gun controversies: assault weapons, ammunition magazines, silencers, public gun brandishing and display, and the emergent Second Amendment sanctuary movement. Given the importance of actual gun law history to this debate, Spitzer draws from the historical record to illuminate several contemporary and emergent gun controversies that may well make their way to the Supreme Court. Revealing and illuminating as that history is, he argues that we should not be straitjacketed by that history, but rather informed by it as the nation struggles with how to frame its gun policies. By utilizing novel information sources to explore both gun law history and current debates, *The Gun Dilemma* provides an informed and sophisticated challenge to the ascendant originalists who appear to be set on enshrining in law a radical libertarian vision of gun rights.

[ATF - National Firearms Act Handbook](#) U.S. Department of Justice 2019-03-17 This handbook is primarily for the use of persons in the business of importing, manufacturing, and dealing in firearms defined by the National Firearms Act (NFA) or persons intending to go into an NFA firearms business. It should also be helpful to collectors of NFA firearms and other persons having questions about the application of the NFA. This publication is not a law book. Rather, it is intended as a ?user friendly? reference book enabling the user to quickly find answers to questions concerning the NFA. Nevertheless, it should also be useful to attorneys

seeking basic information about the NFA and how the law has been interpreted by ATF. The book's Table of Contents will be helpful to the user in locating needed information. Although the principal focus of the handbook is the NFA, the book necessarily covers provisions of the Gun Control Act of 1968 and the Arms Export Control Act impacting NFA firearms businesses and collectors.
