Sara Sakine Cansız 2018 "This is the memoir of Kurdish revolutionary Sakine Cansız. Sakine, whose code name was 'Sara', co-founded the PKK in 1978 with Abdullah Öcalan and others, and dedicated her life to the cause of Kurdish freedom. On 9 January 2013 she was assassinated in Paris by a Turkish intelligence agent."--Page [4] of cover.

Civilizing the State John Restakis 2021-11-02 The liberal state is dead, long live the partner state Across the world, the liberal nation state is on its knees. Rising inequality, deep political polarization, and the pervasive power of corporations are tearing apart the social contract and threatening to crush democracy. *Civilizing the State* traces the history and development of the liberal state and its changing role from the enabler of capitalism to protector of citizen welfare, to its hollowing out and capture by corporate and elite interests rendering it unfit to address the compounding crises of inequality, injustice, ecological collapse, and loss of legitimacy. Author John Restakis explores citizen-powered alternatives and experiments in co-operation, deep democracy, solidarity economics, and commoning from Spain, India, the global peasant movement, and the emerging stateless democracy of Rojava rising from the wreckage of the Syrian civil war. The final section views the current crisis as an opportunity to reimagine the state not as handmaid to predatory elites but as a partner state that promotes equity, economic democracy, co-operation, and human thriving, driven by deep democracy and a fully sovereign civil society. Incisive, penetrating, and inspirational, this is essential reading for all engaged citizens with a stake in co-creating a better future for all.

Gendering Nationalism Jon Mulholland 2018-05-24 This volume offers an empirically rich, theoretically informed study of the shifting intersections of nation/alism, gender and sexuality. Challenging a scholarly legacy that has overly focused on the masculinist character of nationalism, it pays particular attention to the people and issues less commonly considered in the context of nationalist projects, namely women and sexual minorities. Bringing together both established and emerging researchers from across the globe, this multidisciplinary and comparison-rich volume provides a multi-sited exploration of the shifting contours of belonging and Otherness generated by multifarious nationalisms. The diverse, and context specific positionings of men and women, masculinities and femininities, and hegemonic and non-normative sexualities, vis-à-vis nation/alism, are illuminated through a vibrant array of contemporary theoretical lenses. These include historical and feminist institutionalism, post-colonial theory, critical race approaches, transnational and migration theory and semiotics.

Revolution in Rojava Michael Knapp (Historian) 2016 Given the widespread violence and suffering in Syria, it's not unreasonable that outsiders look at the situation as unrelentingly awful. And while the reality of the devastation is undeniable, there is reason for hope in at least one small pocket of the nation: the cantons of Rojava in Syrian Kurdistan, where in the wake of war people are quietly building one of the most progressive societies in the world today. *Revolution in Rojava* tells the story of Rojava's groundbreaking experiment in what they call democratic confederalism, a communally organized democracy that is fiercely anti-

capitalist and committed to female equality, while rejecting reactionary nationalist ideologies. Rooted in the ideas of imprisoned Kurdish leader Abdullah Ocalan, the system is built on effective gender quotas, bottom-up democratic structures, far-sighted ecological policies, and a powerful militancy that has allowed the region to keep ISIS at bay. This first full-length study of democratic developments in Rojava tells an extraordinary and powerfully hopeful story of a little-known battle for true freedom in dark times.

The intellectual, self-critical and organizational transformation of the Kurdish Movement toward the adaptation of democratic autonomy as a new horizon of the struggle for social emancipation requires an understanding not only of the historical background that has created the Rojava Revolution but also of what defines it in the present. Autonomy as the process of building revolution, the contradictions and conflicts of this process and how social transformation is created through communes and assemblies are some of the issues posed in this book. Before discussing the autonomy of Rojava, the reader will encounter the history of Rojava's resistance since the division of Kurdistan by several borders, including Turkey, Syria, Iraq and Iran, to understand the social bases of the revolution itself and the subjectivities of the people who are organizing the revolution and striving for autonomy. Anti-capitalist Economics in Rojava starts with the argument that, in order to create real social emancipation, the revolution must break with the domination of capitalism by creating anti-capitalist and communal spaces and practices; The book focuses on the organization of the social economy, cooperatives and the women's economy to

Cybernetics and Systems Sergio Barile 2018-12-07 Society is now facing challenges for which the traditional management toolbox is increasingly inadequate. Well-grounded theoretical frameworks, such as systems thinking and cybernetics, offer general level interpretation schemes and models that are capable of supporting understanding of complex phenomena and are not impacted by the passage of time. This book serves the knowledge society to address the complexity of decision making and problem solving in the 21st century with contributions from systems and cybernetics. A multi-disciplinary approach has been adopted to support diversity and to develop inter- and trans-disciplinary knowledge within the shared thematic of problem solving and decision making in the 21st century. Its conceptual thread is cyber/systemic thinking, and its realisation is supported by a wide network of scientists on the basis of a highly participative agenda. The book provides a platform of knowledge sharing and conceptual frameworks developed with multi-disciplinary perspectives, which are useful to better understand the fast changing scenario and the complexity of problem solving in the present time.

Anarchism in the Chinese Revolution Arif Dirlik 1991 Arif Dirlik's latest offering is a revisionist perspective on Chinese radicalism in the twentieth century. He argues that the history of anarchism is indispensable to understanding crucial themes in Chinese radicalism. And anarchism is particularly significant now as a source of democratic ideals within the history of the socialist movement in China. Dirlik draws on the most recent scholarship and on materials available only

in the last decade to compile the first comprehensive history of his subject available in a Western language. He emphasizes the anarchist contribution to revolutionary discourse and elucidates this theme through detailed analysis of both anarchist polemics and social practice. The changing circumstances of the Chinese revolution provide the immediate context, but throughout his writing the author views Chinese anarchism in relation to anarchism worldwide.

Rojava Thomas Schmidinger 2018 The Kurdish territory of Rojava in Syria has become a watchword for radical democracy, communalism and gender equality. But while Western radicals continue to project their own values onto the revolution, the complexities of the situation are often overlooked or misunderstood. Based on over 17 years of research and fieldwork, Thomas Schmidinger provides a detailed introduction to the history and political situation in Rojava. Outlining the history of the Kurds in Syria from the late Ottoman Empire until the Syrian civil war, he describes the developments in Rojava since 2011: the protests against the regime, the establishment of a Kurdish para-state, the conflicts between the parties about the administration of the Kurdish territory and how the PYD and its Peoples Councils rule the territory. The book draws on interviews with political leaders of different parties, civil society activists, artists, fighters and religious leaders in order to paint a complex picture of the historical conflict and the contemporary situation.

Stephen E. Hunt 2021-10-11 *Ecological Solidarity and the Kurdish Freedom Movement: Thought, Practice, Challenges, and Opportunities* examines Kurdish ecological politics and its modeling of communalism and environmental justice, which offer important insights into democratic renewal and women's liberation for the West.

Rojava: An Alternative to Imperialism, Nationalism, and Islamism in the Middle East (An introduction) Oso Sabio 2015-10-20 This introduction to "'Rojava: An Alternative to Imperialism, Nationalism, and Islamism in the Middle East'" looks at how the Rojava Revolution came into being in the largely-Kurdish communities of northern Syria from 2012 onwards. It also gives an overview of the context within which this experience arose. The main purpose of this book, however, is to summarise what has been happening in Rojava, evaluate the ideology behind it, and show why it is a truly inspirational process. In short, it is a must have for anyone wanting to learn more about contemporary Middle Eastern politics and the real-world search for an alternative to oppression, exploitation, and violence.

The Political Thought of Abdullah Öcalan Abdullah Öcalan 2017 The essential introduction to the writings of Abdullah Öcalan, founder of Democratic Confederalism

Building Free Life International Initiative 2020-02-15 From Socrates to Antonio Gramsci, imprisoned philosophers have marked the history of thought and changed how we view power and politics. From his solitary jail cell, Abdullah Öcalan has penned daringly innovative works that give profuse evidence of his position as one of the most significant thinkers of our

day. His prison writings have mobilized tens of thousands of people and inspired a revolution in the making in Rojava, northern Syria, while also penetrating the insular walls of academia and triggering debate and reflection among countless scholars. So how do you engage in a meaningful dialogue with Abdullah Öcalan when he has been held in total isolation since April 2015? You compile a book of essays written by a globally diverse cast of the most imaginative luminaries of our time, send it to Öcalan's jailers, and hope that they deliver it to him. Featured in this extraordinary volume are over a dozen writers, activists, dreamers, and scholars whose ideas have been investigated in Öcalan's own writings. Now these same people have the unique opportunity to enter into a dialogue with his ideas. *Building Free Life* is a rich and wholly original exploration of the most critical issues facing humanity today. In the broad sweep of this one-of-a-kind dialogue, the contributors explore topics ranging from democratic confederalism to women's revolution, from the philosophy of history to the crisis of the capitalist system, from religion to Marxism and anarchism, all in an effort to better understand the liberatory social forms that are boldly confronting capitalism and the state. There can be no boundaries or restrictions for the development of thought. Thus, in the midst of different realities—from closed prisons to open-air prisons—the human mind will find a way to seek the truth. *Building Free Life* stands as a monument of radical thought, a testament of resilience, and a searchlight illuminating the impulse for freedom. Joanna Palani made headlines across the world when her role fighting ISIS in the Syrian conflict was revealed. She is one of a handful of western women who joined the international recruits to the Kurdish forces in the region and this is the first time her extraordinary story has been told. Inspired by the Arab Spring, Joanna left behind her student life in Copenhagen and travelled to the Middle East in order to join the YPJ - the all-female brigade of the Kurdish militia in Syria. After undergoing considerable military training, including as a saboteur and sniper, Joanna served as a YPJ fighter over several years and took part in the brutal siege of Kobani. Despite her heroism, she was taken in to custody on her return to Denmark for breaking laws designed to stop its citizens from joining ISIS, making her the first person to be jailed for joining the international coalition. In this raw and unflinching memoir, Joanna not only provides an eye-witness account of this devastating war but also reveals the personal cost of the battles she has fought on and off the frontlines.

With contributors ranging from 20 to 70 years of age, we hear stories of imprisonment, exile, disappearances of loved ones, gender-based violence, uprisings, feminist activism, and armed resistance, including first-hand accounts of political moments from the 1960s to today. Conceived as part of Culture Project's self-writing program, this book is essential reading for anyone who wants to better understand the struggle of Kurdish women through their own words. YPJ is Breaking the Religious Shackles in Middle East

Tajzan Sharif 2018-01-09 The focus of this research paper is to examine reasons behind the rise of female fighters in Rojava (The Democratic Federation of Northern Syria). The Kurdish female fighters are in the YPJ (Womens Protection Units) militia as an all-female unit and they cooperate with the YPG (The Peoples Protection Units) militia as a mixed gender force. In 2012, YPJ was created to fight against the Syrian regime and protect its land and people. During the few years, since its creation, YPJ militia has become famous for being a unique military unit that is fiercely fighting against ISIS. This gave the world a chance to know these extraordinary women who even ISIS fears. Behind every narrative, there is an untold truth, and this is what the research in hand aims to reveal. There are several reasons behind the increase of the Kurdish female

fighters. These reasons range from a common enemy to the desire to change the society in which these women live. The YPJ is a great example of a group with a feminist ideology whose dedication and purpose is to fight against the Islamic belief that women cannot participate in either politics or combat. The Kurds are the largest ethnic group in the world that is without an official state. Throughout history, the Kurds have been oppressed by colonizing states today know as Turkey, Syria, Iraq and Iran. It was not enough that the Kurds were denied their rights as humans, but they were the wrong kind of people, which led to Arabization and Islamization. The author will not take a specific time frame but rather analyze the phenomenon from a point of view where Islam is the cultural colonizer. This research explains in detail how de-colonization is appearing in a semi-autonomous region called Rojava. The case example of the research is an all-female unit called YPJ. The YPJ unit itself is revolutionary, but the unit alone does not explain the reasons behind the rise of female warriors in combat. Behind the revolutionary phenomenon is a man called Abdullah Öcalan and his thoughts of a better world for all women in the world. The keyword for this revolution is Democratic Confederalism.

Battle for the Mountain of the Kurds Thomas Schmidinger 2019 In early 2018, Turkey invaded the autonomous Kurdish region of Afrin in Syria and is currently threatening to ethnically cleanse the region. Between 2012 and 2018, the "Mountain of the Kurds" (Kurd Dag) had been one of the quietest regions in a country otherwise torn by civil war. After the outbreak of the Syrian civil war in 2011, the Syrian army withdrew from the region, enabling the Party of Democratic Union (PYD) to introduce a Kurdish self-administration and later to

establish the Canton Afrin as one of the three parts of the heavily Kurdish Democratic Federation of North-Syria, or Rojava. This self-administration, which had seen multi-party elections in 2017, included autonomy for a number of ethnic and religious groups, and provided a safe haven for up to 300,000 Syrian refugees, is now at risk of being annihilated. In this volume, Schmidinger provides a comprehensive history of the region and gives inhabitants of a variety of ethnicities, religions, political orientations, and walks of life the opportunity to speak for themselves. As things stand now, the book might seem to be in danger of becoming an epitaph for the "Mountain of the Kurds," but as the author writes, "the battle for the Mountain of the Kurds is far from over yet."

The Next Revolution Murray Bookchin 2015-01-06 From Athens to New York, recent mass movements around the world have challenged austerity and authoritarianism with expressions of real democracy. For more than forty years, Murray Bookchin developed these democratic aspirations into a new left politics based on popular assemblies, influencing a wide range of political thinkers and social movements. With a foreword by the best-selling author of *The Dispossessed*, Ursula K. Le Guin, *The Next Revolution* brings together Bookchin's essays on freedom and direct democracy for the first time, offering a bold political vision that can move us from protest to social transformation.

Conversations with Durito Marcos (subcomandante.) 2005 "In 1994, from the Lacandon jungle, Zapatista Subcomandante Marcos replied to a ten-year-old girl in Mexico City who had sent him a drawing. In his response, Marcos conjured up a first fable introducing the beetle and knight-errant "Don Durito de la Lacandon." *The Revolution In Rojava Democratic Autonomy And Womens Liberation In The Syrian Kurdistan Pdf upload Mita t Ferguson*

ensuing output of Durito-related communiques and tales comprise a broad discourse of the Zapatistas' struggle, revealing their organizational history, their critique of traditional politics, and the reasons for their opposition to neoliberalism. These elements have helped make the Zapatistas an exemplary reference in the international movement against capitalist globalization. *Conversations with Durito* includes all the Durito stories issued to date, translated, annotated, and contextualized by the Accion Zapatista Editorial Collective, and illustrated by simpatico artists. Poetic, humorous, and imaginative, these fables provide an excellent introduction to the politics of globalization from the radical perspective of indigenous struggle."--Publisher's website.

Beyond State, Power, and Violence Abdullah Öcalan 2022-10-25 After the dissolution of the PKK (Kurdistan Workers' Party) in 2002, internal discussions ran high, and fear and uncertainty about the future of the Kurdish freedom movement threatened to unravel the gains of decades of organizing and armed struggle. From his prison cell, Abdullah Öcalan intervened by penning his most influential work to date: *Beyond State, Power, and Violence*. With a stunning vision of a freedom movement centered on women's liberation, democracy, and ecology, Öcalan helped reinvigorate the Kurdish freedom movement by providing a revolutionary path forward with what is undoubtedly the furthest-reaching definition of democracy the world has ever seen. Here, for the first time, is the highly anticipated English translation of this monumental work. *Beyond State, Power, and Violence* is a breathtaking reconnaissance into life without the state, an essential portrait of the PKK and the Kurdish freedom movement, and an open blueprint for leftist

organizing in the twenty-first century, written by one of the most vitally important political luminaries of today. By carefully analyzing the past and present of the Middle East, Öcalan evaluates concrete prospects for the Kurdish people and arrives with his central proposal: recreate the Kurdish freedom movement along the lines of a new paradigm based on the principles of democratic confederalism and democratic autonomy. In the vast scope of this book, Öcalan examines the emergence of hierarchies and eventually classes in human societies and sketches his alternative, the democratic-ecological society. This vision, with a theoretical foundation of a nonviolent means of taking power, has ushered in a new era for the Kurdish freedom movement while also offering a fresh and indispensable perspective on the global debate about a new socialism. Öcalan's calls for nonhierarchical forms of democratic social organization deserve the careful attention of anyone interested in constructive social thought or rebuilding society along feminist and ecological lines.

To Dare Imagining Dilar Dirik 2016 A new collection of articles and essays concerning the Rojava Revolution, including contributions from: David Levi Strauss, Bill Weinberg, David Graeber, Pinar Öncü, Peter Lamborn Wilson, Newsha Tavakolian, Havin Güneş, Saleh Muslim & Jonas Staal, Murat Bay, Abdullah Öcalan, Nazan Ustunda, El Errante / Paul Z. The Kurdish Women's Movement Dilar Dirik 2021-06-20 The Kurdish women's movement is at the heart of the most exciting revolutionary experiment in the world today: Rojava. Forged over decades of struggle, most recently in the fight against ISIS, Rojava embodies a radical *Revolution In Rojava Democratic Autonomy And Womens Liberation In The Syrian Kurdistan Pdf upload Mita t Ferguson*

commitment to ecology, democracy and gender equality. But while striking images of Kurdish women in desert fatigues proliferate, a true understanding of the women's movement remains elusive. Taking apart the superficial and Orientalist frameworks that dominate, Dilar Dirik offers instead an empirically rich account of the women's movement in Kurdistan. Drawing on original research and ethnographic fieldwork, she surveys the movement's historical origins, ideological evolution, and political practice over the past forty years. Going beyond abstract ideas, Dirik locates the movement's culture and ideology in its concrete work for women's liberation and radical democracy. Taking the reader from the guerrilla mountains to radical women's academies and self-organised refugee camps, the book invites women around the world to engage with the revolution in Kurdistan, both theoretically and practically, as a vital touchstone in the wider struggle for a militant anti-fascist, anti-capitalist feminist internationalism.

The Kurds of Northern Syria Harriet Allsopp 2019-08-08 Based on unprecedented access to Kurdish-governed areas of Syria, including exclusive interviews with administration officials and civilian surveys, this book sheds light on the socio-political landscape of this minority group and the various political factions vying to speak for them. The first English-language book to capture the momentous transformations that have occurred since 2011, the authors move beyond idealized images of Rojava and the Kurdish PYD (Democratic Union Party) to provide a nuanced assessment of the Kurdish autonomous experience and the prospects for self-rule in Syria. The book draws on unparalleled field research, as well as analysis of the literature on the evolution of Kurdish

politics and the Syrian war. You will understand why the PYD-led project in Syria split the Kurdish political movement and how other representative structures amongst Syria's Kurds fared. Emerging clearly are the complex range of views about pre-existing, current and future governance structures.

Minority Accommodation Through Territorial and Non-territorial Autonomy Tove H. Examining case studies on non-territorial autonomy arrangements in comparison with territorial autonomy examples, this book informs both design and decision making on managing diversity.

Make Rojava Green Again Internationalist Commune of Rojava 2019-03-05 What is it about the social structures of Rojava that so inspires the fierce loyalty of its defenders and its people? This book answers that question. In language that bridges the Utopian and the concrete, the poetic and the everyday, the Internationalist Commune of Rojava has produced both a vision and a manual for what a free, ecological society can look like. In these pages you will find a philosophical introduction to the idea of social ecology, a theory that argues that only when we end the hierarchical relations between human beings (men over women, young over old, one ethnicity or religion over another) will we be able to heal our relationship with the natural world.

separated."-From a letter by Nelson Mandela during his imprisonment, February 10, 1985A revolutionary imprisoned on an island fortress may hold the key to peace in the Middle East. The leader of the outlawed Kurdistan Workers' Party (PKK), Abdullah calan, is considered by many to be the "Kurdish Mandela", courageously issuing proposals for peace even from his prison cell. His ideas on democracy, women's liberation, and freedom have even inspired the remarkable Rojava Revolution in northern Syria. As Turkey descended into tyranny and Syria exploded in civil war, a peace delegation of European politicians, academics, and journalists, led by Nelson Mandela's lawyer and Supreme Court judge Essa Moosa, repeatedly attempted to go to meet with calan at his prison on Imrali Island. Your Freedom and Mine tells the story of these momentous delegations. The book opens with an informative historical overview of the Kurdish Question, leading up until the optimistic opening-and eventual bitter failure-of the peace process in Turkey. It includes official documents and reports from the Imrali Delegations in Istanbul and Diyarbakir/Amed, which involved in-depth interviews with Kurdish and Turkish politicians, media, and civil society regarding the degenerating political and human rights situation. The final section is a collection of testimonials from delegation participants. Your Freedom and Mine offers crucial insight into the dramatic history and current reality of the Kurdish struggle for recognition and peace in Turkey.

The Autonomous Administration of North and East Syria: Between A Rock and A Hard Place Thomas Schmidinger 2020-11-28 This book is based on papers presented at the conference. However, it is not a typical publication of

academic conference proceedings because the topics are not completely congruent with those of the conference. Some lectures that could not be held due to travel restrictions related to the coronavirus pandemic were submitted as book contributions. In addition, I also wrote a short contribution on the Jewish history of the region, which has been often neglected in previous presentations of the region. The various authors for this volume have been intensively involved with the region in recent years. However, the authors do not only focus on the situation on the ground, but also on the international context of the autonomous administration. The conflict in Syria is no longer just a civil war, but a transnational conflict with important roles played not only by actors such as Russia or the USA, but also Turkey or Iran. Given the transnationality of the conflict and the role of the hegemonic powers, these authors share thoughtful analyses from very different perspectives. It is important to share these diverse views with the world so that the tragic conflict might become more comprehensible. This does not mean, however, that I necessarily advocate each particular position taken by the varied contributors to this book. The intent is to offer you multiple perspectives and certainly not a common narrative.

The Mother, the Politician, and the Guerrilla Nazan Üstündağ 2023-10-03 The Mother, the Politician, and the Guerrilla intervenes in discussions on decolonialism and feminism by introducing the example of the Kurdish Women's Freedom Movement. Üstündağ shows how the practices and the concepts of the movement contribute to debates on how the past, present, and future can be critically rethought in revolutionary ways. In the movement's images, figures, voices, bodies, and their *Revolution In Rojava Democratic Autonomy And Womens Liberation In The Syrian Kurdistan Pdf upload Mita t Ferguson*

reverberations Üstündağ elaborates a new political imagination that has emerged in Kurdistan through women's acts and speech. This political imagination unfolds between flesh, body, voice, language. It is the result of Kurdish women's desire to find new ways of being and becoming, between the necessary and the possible. Focusing on the figures of the mother, the woman politician and woman guerilla, Üstündağ argues that the Kurdish Women's Freedom Movement changes what politics consists of, including its matter, relationality, temporality, and spatiality. Although anchored in the specific Kurdish experiences, the book puts the movement into conversation with feminist political theory, psychoanalysis, Black Studies, Queer Studies, and Decolonial Studies. In solidarity with the Kurdish Movement's tradition of resistance to History with a capital H that Kurds have built through reiterated performance, the book seeks to establish what new entanglements with wide-ranging thought the movement offers as a provocation for contemporary politics. A Small Key Can Open a Large Door Strangers in a Tangled Wilderness 2015 There's a revolution going on in northern Syria, one that challenges everything we know about government and society and freedom. With centuries of ethnic oppression behind them, their backs against the embargo wall of Turkey, and the ruthless forces of the Islamic State laying siege to their cities, the people of Rojava are trying what might be the most ambitious social experiment of our times. Two-and-a-half million people are trying to live without a nationstate, using direct democracy to build a society ruled from the bottom up. As the Syrian civil war rages, the Kurds and other ethnic groups of Rojava fight for autonomy, feminism, ecological stewardship, cooperative economics,

and ethnic, linguistic, and religious pluralism. It behooves us to understand their struggle as best we can. This book, compiling the words of militia members and academics alike, lays out the Rojava Revolution in plain language.

Kofman 2015-03-30 Eleonore Kofman and Parvati Raghuram argue for the benefits of social reproduction as a lens through which to understand gendered transformations in global migration. They highlight the range of sites, sectors, and skills in which migrants are employed and how migration is both a cause and an outcome of depletion in social reproduction.

Sociology of Freedom Abdullah Öcalan 2020-07-01 When scientific socialism, which for many years was implemented by Abdullah Öcalan and the Kurdistan Workers' Party (PKK), became too narrow for his purposes, Öcalan deftly answered the call for a radical redefinition of the social sciences. Writing from his solitary cell in İmralı Prison, Öcalan offered a new and astute analysis of what is happening to the Kurdish people, the Kurdish freedom movement, and future prospects for humanity. The Sociology of Freedom is the fascinating third volume of a five-volume work titled *The Manifesto of the Democratic Civilization*. The general aim of the two earlier volumes was to clarify what power and capitalist modernity entailed. Here, Öcalan presents his stunningly original thesis of the democratic civilization, based on his criticism of capitalist modernity. Ambitious in scope and encyclopedic in execution, *The Sociology of Freedom* is a one-of-a-kind exploration that reveals the remarkable range of one of the Left's most original thinkers with topics such as existence and freedom, nature and

philosophy, anarchism and ecology. Öcalan goes back to the origins of human culture to present a penetrating reinterpretation of the basic problems facing the twenty-first century and an examination of their solutions. Öcalan convincingly argues that industrialism, capitalism, and the nation-state cannot be conquered within the narrow confines of a socialist context. Recognizing the need for more than just a critique, Öcalan has advanced what is the most radical, far-reaching definition of democracy today and argues that a democratic civilization, as an alternative system, already exists but systemic power and knowledge structures, along with a perverse sectarianism, do not allow it to be seen. *The Sociology of Freedom* is a truly monumental work that gives profuse evidence of Öcalan's position as one of the most influential thinkers of our day. It deserves the careful attention of anyone seriously interested in constructive thought or the future of the Left.

The Kurdish Women's Freedom Movement Isabel Käser 2021-08-26 Amidst ongoing wars and insecurities, female fighters, politicians and activists of the Kurdish Freedom Movement are building a new political system that centres gender equality. Since the Rojava Revolution, the international focus has been especially on female fighters, a gaze that has often been essentialising and objectifying, brushing over a much more complex history of violence and resistance. Going beyond Orientalist tropes of the female freedom fighter, and the movement's own narrative of the 'free woman', Isabel Käser looks at personal trajectories and everyday processes of becoming a militant in this movement. Based on in-depth ethnographic research in Turkey and Iraqi Kurdistan, with women politicians, martyr mothers and

female fighters, she looks at how norms around gender and sexuality have been rewritten and how new meanings and practices have been assigned to women in the quest for Kurdish self-determination. Her book complicates prevailing notions of gender and war and creates a more nuanced understanding of the everyday embodied epistemologies of violence, conflict and resistance.

The Art of Freedom Havin Guneser 2021-07-13 The Revolution in Rojava captured the imagination of the Left sparking a worldwide interest in the Kurdish Freedom Movement. The Art of Freedom demonstrates that this explosive movement is firmly rooted in several decades of organized struggle. In 2018, one of the most important spokespersons for the struggle of Kurdish Freedom, Havin Guneser, held three groundbreaking seminars on the historical background and guiding ideology of the movement. Much to the chagrin of career academics, the theoretical foundation of the Kurdish Freedom Movement is far too fluid and dynamic to be neatly stuffed into an ivory-tower filing cabinet. A vital introduction to the Kurdish struggle, The Art of Freedom is the first English-language book to deliver a distillation of the ideas and sensibilities that gave rise to the most important political event of the twenty-first century. The book is broken into three sections: "Critique and Self-Critique: The rise of the Kurdish freedom movement from the rubbles of two world wars" provides an accessible explanation of the origins and theoretical foundation of the movement. "The Rebellion of the Oldest Colony: Jineology—the Science of Women" describes the undercurrents and nuance of the Kurdish women's movement and how they have managed to create the most vibrant and successful feminist movement in the Middle East. Democratic Nation: Defense of Society Against Societycide" deals with the attacks on the fabric of society and new concepts beyond national liberation to counter it. Centering on notions of "a shared homeland" and "a nation made up of nations," these rousing ideas find deep international resonance. Havin Guneser has provided an expansive definition of freedom and democracy and a road map to help usher in a new era of struggle against capitalism, imperialism, and the State. **A Road Unforeseen** Meredith Tax 2016-08-01 "This is the book I've been waiting for—only it's richer, deeper, and more intriguing than I could have imagined. A Road Unforeseen is a major contribution to our understanding of feminism and Islam, of women and the world, and gives me fresh hope for change." —Barbara Ehrenreich, author of Nickel and Dimed and Living With a Wild God In war-torn northern Syria, a democratic society-based on secularism, ethnic inclusiveness, and gender equality—has won significant victories against the Islamic State, or Daesh, with women on the front lines as fierce warriors and leaders. A Road Unforeseen recounts the dramatic, underreported history of the Rojava Kurds, whose all-women militia was instrumental in the perilous mountaintop rescue of tens of thousands of civilians besieged in Iraq. Up to that point, the Islamic State had seemed invincible. Yet these women helped vanquish them, bringing the first half of the refugees to safety within twenty-four hours. Who are the revolutionary women of Rojava and what lessons can we learn from their heroic story? How does their political philosophy differ from that of Iraqi Kurdistan, the Islamic State, and Turkey? And will the politics of the twenty-first century be shaped by the opposition between these political models? Meredith Tax is a writer and

political activist. Author, most recently, of *Double Bind: The Muslim Right, the Anglo-American Left, and Universal Human Rights*, she was founding president of Women's WORLD, a global free speech network of feminist writers, and cofounder of the PEN American Center's Women's Committee and the International PEN Women Writers' Committee. She is currently international board chair of the Centre for Secular Space and lives in New York.

Serkeftin Marcel Cartier 2019-02-22 In the Spring of 2017, activist, journalist and hip-hop artist Marcel Cartier was given exclusive access to the structures set up in the predominately Kurdish areas in northern Syria. Over the course of more than a month, Cartier travelled across the terrain known as Rojava, experiencing the radical grassroots revolution that is sweeping the region. He spoke with commanders of the People's Protection Units (YPG), visited women's organisations, saw the cooperatives and communes in action that have transformed the concept of democracy, and found his understanding of revolution challenged and reinvigorated. Unique in its access, emotion and humanity, *Serkeftin: A Narrative of the Rojava Revolution*, is a beautiful account of a contradictory and complex process that is fundamentally changing society in the midst of the 21st century's most brutal civil war. Meaning 'victory', the Kurdish word 'serkeftin' captures the spirit of optimism in the catastrophe that has engulfed this beautiful country since 2011 and has simultaneously brought the possibility of freedom ever closer.

Anatomy of a Civil War Mehmet Gurses 2019-02-28 *Anatomy of a Civil War* demonstrates the destructive nature of *Revolution In Rojava Democratic Autonomy And Womens Liberation In The Syrian Kurdistan Pdf upload Mita t Ferguson*

war, ranging from the physical to the psychosocial, as well as war's detrimental effects on the environment. Despite such horrific aspects, evidence suggests that civil war is likely to generate multilayered outcomes. To examine the transformative aspects of civil war, Mehmet Gurses draws on an original survey conducted in Turkey, where a Kurdish armed group, the Kurdistan Workers' Party (PKK), has been waging an intermittent insurgency for Kurdish self-rule since 1984. Findings from a probability sample of 2,100 individuals randomly selected from three major Kurdish-populated provinces in the eastern part of Turkey, coupled with insights from face-to-face in-depth interviews with dozens of individuals affected by violence, provide evidence for the multifaceted nature of exposure to violence during civil war. Just as the destructive nature of war manifests itself in various forms and shapes, wartime experiences can engender positive attitudes toward women, create a culture of political activism, and develop secular values at the individual level. In addition, wartime experiences seem to robustly predict greater support for political activism. Nonetheless, changes in gender relations and the rise of a secular political culture appear to be primarily shaped by wartime experiences interacting with insurgent ideology.

Betty A. Reardon: Key Texts in Gender and Peace Betty A. Reardon 2014-11-14 This book presents a rich collection of Betty A. Reardon's writing on gender studies, sexism and the war system, and human security from a feminist perspective. Betty A. Reardon is a pioneer of gender studies who, as a feminist, identified the structural relationship between sexism and the war system and, as a scholar, a shift from national to human security. As a pioneer in contemporary theories on gender and peace,

Betty A. Reardon has continually developed research on the integral relationship between patriarchy and war, and has been an outspoken advocate of gender issues as an essential aspect of peace studies, of problems of gender equity as the subject of peace research, and of gender experience as a crucial factor in defining and attaining human security. Her work evolved in the context of international women's movements for human rights, peace and the United Nations, and is widely drawn upon by activists and educators in order to introduce a gender perspective to peace studies and education and a peace perspective to women's studies. Everyday Revolutions Marina A. Sitrin 2012-09-13 In the wake of the global financial crisis, new forms of social organization are beginning to take shape. Disparate groups of people are coming together in order to resist corporate globalization and seek a more positive way forward. These movements are not based on hierarchy; rather than looking to those in power to solve their

problems, participants are looking to one another. In certain countries in the West, this has been demonstrated by the recent and remarkable rise of the Occupy movement. But in Argentina, such radical transformations have been taking place for years. Marina Sitrin tells the story of how regular people changed their country and inspired others across the world. Reflecting on new forms of social organization, such as horizontalism and autogestión, as well as alternative conceptions of value and power, Marina Sitrin shows how an economic crisis spurred a people's rebellion; how factory workers and medical clinic technicians are running their workplaces themselves, without bosses; how people have taken over land to build homes, raise livestock, grow crops, and build schools, creating their own art and media in the process. Daring and groundbreaking, Sitrin shows how the experiences of the autonomous movements in Argentina can help answer the question of how to turn a rupture into a revolution.
