**Gifted Education** Anthony F. Rotatori 2014-06-25 This volume addresses the most current perspectives and issues related to giftedness and is written by leaders in the field. An excellent resource for special educators, administrators, mental health clinicians, school counselors, and psychologists, this volume addresses the different educational issues that impact this population.

**The School Services Sourcebook, Second Edition** Cynthia Franklin 2012-11-27 The School Services Sourcebook covers every aspect of school service delivery, arming practitioners with the nuts and bolts of evidence-based practice. The second edition has been significantly revised with a new structure including 73 chapters divided into five Parts across thirteen Sections, with an additional six chapters included in an online section found on the book's companion website. Fifteen new chapters cover key topics such as implementing an RTI framework, positive behavioral supports, school climate, functional behavioral assessment, the integration of ethics, Autism and suicide, school engagement, military families, Latino immigrant families, classroom management, transition planning and several chapters that speak to assessment and accountability. Each chapter serves as a detailed intervention map, quickly summarizing the problem area before presenting step-by-step instructions on how to implement an evidence-based program with clear goals in mind and methods to measure the outcome. The concise, user-friendly format from the first edition has been retained, orienting readers to each issue with a Getting Started section, then moves smoothly into What We Know, What We Can Do, Tools and Practice Examples, and Key Points to Remember. A new section, Applying Interventions within Response-to-Intervention Framework, has been added to each chapter to facilitate the implementation of an RTI model. Quick-reference tables and charts highlight the most important information needed for daily reference, and annotated lists of further reading and Web resources guide readers in gathering additional information to tailor their practice to suit their students' needs. Each chapter has been specifically crafted by leaders in their fields with the ultimate goal of giving school-based practitioners the tools they need to deliver the best mental health and social services possible to students, families, and communities. This sourcebook is an invaluable reference for all school-based social workers, psychologists, counselors, mental health professionals, educators, and administrators. Visit the companion website for more information and to access additional book content: [URL]

**The Wiley Handbook of What Works in Child Maltreatment** Louise Dixon 2017-04-12 A comprehensive guide to empirically supported approaches for child protection cases The Wiley Handbook of What Works in Child Maltreatment offers clinicians, psychologists, psychiatrists and other professionals an evidence-based approach to best professional practice when working in the area of child protection proceedings and the provision of assessment and intervention services in order to maximize the well-being of young people. It brings together a wealth of knowledge

from expert researchers and practitioners, who provide a comprehensive overview of contemporary work informing theory, assessment, service provision, rehabilitation and therapeutic interventions for children and families undergoing care proceedings. Coverage includes theoretical perspectives, insights on the prevalence and effects of child neglect and abuse, assessment, children's services, and interventions with children, victims and families.

**Cyberbullying Prevention and Response** Justin W. Patchin 2012-03-28 Just as the previous generation was raised in front of televisions, adolescents at the turn of the 21st century are being raised in an internet-enabled world where blogs, social networking, and instant messaging are competing with face-to-face and telephone communication as the dominant means through which personal interaction takes place. Unfortunately, a small but growing proportion of our youth are being exposed online to interpersonal violence, aggression, and harassment via cyberbullying. The mission of this book is to explore the many critical issues surrounding this new phenomenon. Key features include the following. Comprehensive – The book provides a comprehensive, up-to-date look at the major issues that teachers, school administrators, counsellors, social workers, and parents need to be aware of with respect to cyberbullying identification, prevention, and response. Practical – While the information is informed by research, it is written in an accessible way that all adults will be able to understand and apply. Expertise – Justin W. Patchin and Sameer Hinduja are Co-Directors of the Cyberbullying Research Center ([www.cyberbullying.us](http://www.cyberbullying.us)). Chapter authors represent a carefully selected group of contributors who have demonstrated both topical expertise and an ability to write about the topic in clear, easily accessible language. This book is appropriate for teachers, administrators, parents and others seeking research-based guidance on how to deal with the rising tide of cyberbullying issues. It is also appropriate for a variety of college level courses dealing with school violence and educational administration.

**The Baby File** Amanda Dobbins 2008-04-08 Many guides can advise women on what to expect during pregnancy, or counsel new parents on the ups-and-downs of baby's first year. But what about the real issues that other books overlook? The Baby File will be an ultra-practical reference that helps parents cope with all of the essentials of welcoming a baby into the world (and the true business of being a new parent). Topics include: How to hire a nanny and calculate the "nanny tax" What to look for when researching and touring daycare centers (tell-tale clues to both good and bad facilities) Finding a good pediatrician Your rights upon returning to work Making sense of the myriad "get baby to sleep" philosophies, and choosing a method that suits you and your baby Life insurance, wills, and other important paperwork A new (and effective) budgeting system for the growing family More than just a book, this organizer is meant to be used. With tear-out worksheets, and easy-to-find tabs, parents are invited to scribble, record, and organize in one handy book.

## Resources in Education 2001

*The Conscious Parent's Guide To ADHD* Rebecca Branstetter 2015-12-04 "A guide for parents with kids who have ADHD"--

Dyslexia Dr Helen Likierman 2012-08-31 Many children spend their entire school lives struggling with their school work. Research has shown that at least 10-15 per cent of children with apparently normal learning ability will have a significant problem with school learning. They may feel that whatever they do it is not good enough - either for their parents, their teachers or indeed themselves. This can often result in feelings of demoralisation, and even alienation from learning and school. This book aims to address these issues and to help parents understand and deal with them. *Dyslexia: A Parents' Guide* starts by correcting common misconceptions of learning difficulties that are rife in the press and popular literature, and addresses the conflicting approaches and advice from 'experts'. This authoritative guide then moves through diagnosis – with information on dyslexia, dyspraxia, ADHD, discalculia and more – to offering practical and easy tips to enable parents to help their child overcome their learning difficulty. Both authors are practising psychologists with extensive knowledge and experience of children's learning difficulties. They will show parents how to develop a successful approach to assessing and subsequently managing their child's difficulties.

**A Parents' Guide to PANDAS, PANS, and Related Neuroimmune Disorders** Patricia Rice Doran 2019-06-21 Having a child who suddenly develops PANDAS (Pediatric Autoimmune Neuropsychiatric Disorders Associated with Strep), PANS (Pediatric Acute-onset Neuropsychiatric Syndrome) or related conditions such as encephalitis can be a daunting challenge for parents. This clear guide explains the symptoms and diagnosis of PANDAS and PANS, with treatment options and recommended strategies for supporting children at home, at school, and in community settings. The book covers key symptoms including OCD, tics, anxiety, sensory issues and personality changes, with practical advice on medical management, nutrition, lifestyle, and addressing social and behavioural needs. Each chapter also includes handy sidebars with key information to remember, and action steps for overcoming challenges, managing relapse, family self-care and providing children with the best possible support.

**The Yellow Book** TARSHI 2012-06-25 The essential guide to the who, why, what, when, where and how of sexuality education. Talking to children and young people about sexuality is never easy. This non-nonsense, straightforward and accessible guide will help adults get across the necessary information in the best way possible. Since 1996, TARSHI has been counselling and supporting people - young and not-so-young - on issues to do with sexual health. Building on the success of the highly popular Red Book (for 10-14-year-olds) and Blue Book (for 15+), the team have put together The Yellow Book specifically for parents and teachers. The Yellow Book is full of tips and tools, information and advice to help you talk to your children about sexuality at every stage of their lives. Published by Zubaan.

**The Parent's Guide to Family-friendly Work** Lori K. Long, Ph.d. 2009-01-21

Personal Security Tanya Spencer 2017-09-11 Maintain peace of mind while you are working or living abroad wherever and however you travel. As an international traveler, you know there are risks. But are you doing everything you can to protect yourself and your belongings? Whether you are traveling for work or pleasure, *Personal Security: A Guide for International Travelers* enables you to pre

**Baby-Led Weaning Made Easy** Simone Ward 2021-05-25 The Only Book You Need for Baby-

Led Weaning the Safe and Stress-Free Way! More and more families are turning to baby-led weaning to help their babies shift toward eating solid foods. But if you're a busy parent, you might have lots of questions and precious little time to find the answers. Let this book be your one-stop guide! Simone Ward shares tips and 50 recipes for ultrapractical family meals that are perfect first foods for your little one. Plus, she's collaborated with a nutritionist to give you a thorough understanding of baby-led weaning and how to do it in a safe and realistic way. Simone has guided all four of her children through baby-led weaning. And now, she's packed this book to the brim with all of her best time-saving tips, advice and recipes. There's no other book on the market that combines this wealth of first-hand knowledge with a collection of easy recipes that are not only great for baby, but the rest of the family too. Featured recipes include Tuna and Chickpea Fritters, Spinach and Almond Pesto Pasta, Lentil Bolognese, Sweet Potato and Broccoli Tots, Salmon and Pea Egg Muffins and Crispy Coconut Chicken Tenders, just to name a few! Best of all, many recipes include ideas for switching up the flavors or using convenient appliances like an Instant Pot® or slow cooker. Recipes also have easy-to-reference labels that note if the meal is ready in 30 minutes or less, allergen-friendly, a good source of key nutrients like iron, make-ahead friendly or a little messy, so you can quickly find the right recipe for what you need. This book truly has it all and will be an invaluable family reference for years to come.

**The Parent's Guide to Family-friendly Work** Lori K. Long, Ph.d. 2009-01-21

**A Parent's Guide to Managing Childhood Grief** Katie Lear 2022-07-05 Help your child navigate feelings of sadness and loss with 100 unique, activity-based approaches that help them manage their childhood grief in a healthy and constructive way. The loss of a loved one is a complex, confusing experience for a child to understand. Children may struggle to express, process, and manage their complicated and conflicting feelings, whether the loss is a parent, grandparent, sibling, or even a pet. So, what should you do to help your child process their sadness, loss, and frustration in a more healthy, positive way? In *A Parent's Guide to Managing Grief*, you'll learn everything you need to know about how children grieve and what you can do to support them during their most difficult moments. From there, you'll find 100 activities that you can use in a group setting, activities that you (or another caregiver) can do alone with your child, and ways to make the most of virtual interactions to support a grieving child. Explore activities like: -Making a scream box -Playing with clay -Feelings charades game -Making a memory bracelet -And many more! It can feel difficult to connect with your child as you process your own complicated emotions surrounding loss. Use these activities to help bridge the gap between you and your child and to help you both find comfort in a difficult situation. You'll find all the tools you need to help your child (and even yourself) healthily process your grief and move towards happiness, understanding, and acceptance together.

The Parents' Guide to Specific Learning Difficulties Veronica Bidwell 2016-05-19 Packed full of advice and practical strategies for parents and educators, this book is a one-stop-shop for supporting children with Specific Learning Difficulties (SpLDs). Part one introduces a spectrum of SpLDs, ranging from poor working memory, dyslexia, dyspraxia, dyscalculia, through to ADHD, Autism Spectrum Disorder (ASD), Auditory Processing Disorder (APD), Specific Language Impairment and Visual Processing Difficulty. It explains clearly what each difficulty is, how it can affect a child's learning and how to help a child to succeed despite their difficulties. Part two includes a host of tips, tools and strategies to support

your child's efforts in areas such as reading, writing, spelling and handwriting, as well as advice on motivation, confidence and managing life's setbacks. Written by an experienced Educational Psychologist, this is the perfect guide for parents and carers who are looking for ways to support their child's learning, as well as for educators and teachers looking for advice on how to differentiate lessons and motivate pupils with SpLDs.

**The Everything Parent's Guide to Children with Autism** Adelle Jameson Tilton 2010-10-18 Life with a child with autism can be challenging, exhausting, and - ultimately - very rewarding. For parents, even daily activities like getting dressed or grocery shopping can become daunting exercises. Children with autism require special strategies, and parents must learn how to think with their child instead of against him. This comprehensive guide offers practical advice, reassurances, and real-life scenarios to help families get through each day. You'll discover how to: Communicate effectively with their child Find a school that meets their child's needs Handle meltdowns in public or private Learn about assistive devices Find intervention and support groups Full of useful information, expert advice, and positive techniques, this guide is the valuable tool you and your family need to make the most of every day - one interaction at a time!

**The Ordinary Parent's Guide to Teaching Reading (The Ordinary Parent's Guide)** Jessie Wise 2004-10-17 A plain-English guide to teaching phonics. Every parent can teach reading—no experts need apply! Too many parents watch their children struggle with early reading skills—and don't know how to help. Phonics programs are too often complicated, overpriced, gimmicky, and filled with obscure educationese. The Ordinary Parent's Guide to Teaching Reading cuts through the confusion, giving parents a simple, direct, scripted guide to teaching reading—from short vowels through supercalifragilisticexpialidocious. This one book supplies parents with all the tools they need. Over the years of her teaching career, Jessie Wise has seen good reading instruction fall prey to trendy philosophies and political infighting. Now she has teamed with dynamic coauthor Sara Buffington to supply parents with a clear, direct phonics program—a program that gives them the know-how and confidence to take matters into their own hands. The Ordinary Parents Guide to Teaching Reading Jessie Wise 2004-09-28 Providing a wealth of tools, instructional advice and easy-to-follow guidelines.

**Parents and Families of Students With Special Needs** Vicki A. McGinley 2017-01-05 Parents and Families of Students With Special Needs: Collaborating Across the Age Span teaches students the skills they need to effectively collaborate with parents and families to ensure a child's success in the classroom. The text takes a lifespan approach with a special emphasis on the critical transition points in a child's life. Information is provided on what can be seen at each stage of an individual with disabilities' development, and addresses the concerns and needs that families may have during these unique phases of growth. The authors provide an in-depth discussion of how parents and families are affected by particular disabilities, family system theory, the laws that affect individuals with disabilities, and assessments for individuals with disabilities. Chapters written by academics and professionals who are also parents of students with special needs bring a diverse range of voices into the narrative.

**unassign this number and all associated information** Jodene Lynn Smith 2012-07-30

**The Parents' Guide to Climate Revolution** Mary DeMocker 2018-03-05 "Relax," writes author Mary DeMocker, "this isn't another light bulb list. It's not another overwhelming pile of parental 'to dos'; designed to shrink your family's carbon footprint through eco-superheroism." Instead, DeMocker lays out a lively,

empowering, and – doable – blueprint for engaging families in the urgent endeavor of climate revolution. In this book's brief, action-packed chapters, you'll learn hundreds of wide-ranging ideas for being part of the revolution – from embracing simplicity parenting, to freeing yourself from dead-end science debates, to teaching kids about the power of creative protest, to changing your lifestyle in ways that deepen family bonds, improve moods, and reduce your impact on the Earth. Engaging and creative, this vital resource is for everyone who wants to act effectively – and empower children to do the same.

**Is That Me Yelling?** Rona Renner 2014-05-01 Being a parent is hard work! And when your child refuses to do even the little things—like picking up their toys, taking a bath, or getting in the car to go to school—it's easy to become frustrated. But what if there was a gentle, effective way for you to improve your kid's behavior without losing your cool or raising your voice? In *Is That Me Yelling?* leading authority on parenting, Rona Renner outlines effective communication strategies that focus on your child's unique temperament. While most books on discipline are "one size fits all," this book offers a tailored parenting approach. Inside, you will learn powerful mindfulness techniques based in cognitive behavioral theory (CBT) and temperament theory to help reduce conflict and foster cooperation, respect, and understanding in your family. You will also learn the real reasons behind your frustration, how your unique temperament, as well as your child's, can contribute to you losing your temper, and how you can start feeling calm and connecting with your child in a positive way, right away. As a parent, you are often under a great deal of stress. Between helping your child with their homework, running a household, and working, it's only natural to feel overwhelmed at times. But that's why you need real, practical solutions to help you communicate effectively and compassionately with your children in a way that will benefit you both. This book will show you how. To learn more, visit [www.nurserona.com](http://www.nurserona.com).

**The Complete Book of Trades, Or the Parents' Guide and Youths' Instructor**

Nathaniel Whittock 1837

*SCORING SCHOLARSHIPS: A Parent's Guide to Free College Money*

**Late, Lost and Unprepared** Joyce Cooper-Kahn 2008 Executive functions are the cognitive skills that help us manage our lives and be successful. Children with weak executive skills, despite their best intentions, often do their homework, but forget to turn it in, wait until the last minute to start a project, lose things, or have a room that looks like a dump! The good news is that parents can do a lot to support and train their children to manage these frustrating and stressful weaknesses. *Late, Lost, and Unprepared* is a must-have book for parents of children from primary school through high school who struggle with: Impulse Control; Cognitive Flexibility; Initiation; Working Memory; Planning & Organizing; Self-monitoring. Written by clinical psychologists, *Late, Lost, and Unprepared* emphasizes the need for a two-pronged approach to intervention: 1) helping the child to manage demands in the short run, and 2) building independent skills for long-term self-management. Full of encouragement and practical strategies, the book's organization, short chapters with overviews, summaries, case studies, tips, and definitions, makes it easy to grasp concepts quickly and get started. Part I, *What You Need to Know*, provides information about: what executive functions are and how weaknesses in these skills affect development; the impact of weak executive function on children's emotional lives, and their families; how professionals assess executive function problems; and associated conditions. Part II discusses *What You Can Do About It* including how to change behaviour and set

reasonable expectations, and offers specific intervention strategies for children of different ages, varying needs, and profiles.

**What About Us?** Karen Kleiman 2021-11-09 From the author and illustrator of *Good Moms Have Scary Thoughts*, a guidebook for new parents packed with poignant comics and tips to help couples maintain a strong relationship with all the stress a beautiful baby brings.

EP Language Arts 4 Parent's Guide Lee Giles 2017-09-17 This book was created to help you go offline while following EP's Language Arts 4 curriculum. You will need the Language Arts 4 student workbook for your child. Without the online lessons, you will need to be your child's teacher. The directions are here for introducing new topics. The workbook will provide practice and review. This book also includes objectives for each day, materials marked where needed, directions for what to do each day, and the complete answer key. The answers can be found at the end of the book. This year they will be writing letters, descriptive stories, essays, reports, and will put together an autobiography.

*Toddlers on Technology* A. DeSollar 2013-04-08 TODDLERS ON TECHNOLOGY Does your toddler seem to know more about the iPad than you do? Welcome to the world of the Digitods: the young children born into the era of mobile technology. These kids are learning faster and better than any generation that has come before them. And they are loving it! Take a look at toddlers using an iPad. They are pictures of concentration. Their hands are moving and their eyes are constantly scanning the screen. They are in an active state of learning: their neurons are firing on all cylinders! It is not surprising that they find learning such an enjoyable activity, with the bright colors, interesting activities and cheery voices urging them on. Have you ever tried getting a Digitods attention when he is working with an iPad? It is not easy. Often, the child is so fixated on the work that he protests when he has to move on, even to something as interesting as a snack. It just underscores what teachers have always known. Good learning is addictive: the more you get, the more you want. Digitods are racing down the information superhighway and we have to be ready for them! But what does this entail? The answer to this ever-important question lies within. Patti Wollman Summers has written the first book on the subject by an early childhood educator. Ms. Summers collaborates with Heather Ibrahim-Leathers, a mom who provides many practical tips, and Ann DeSollar-Hale, PhD, a neuropsychologist who gives a full account of the research so far in our Science section. Learn why interacting with an app is so fascinating to a young child. Discover what constitutes a good app, and how to match an app to your child's temperament and learning style. Read a description of many excellent apps in our App Reviews section, and learn how to balance your child's digital work with real-life, see-saw activities. For parents of children under six who are concerned about their child's development in a surprisingly unfamiliar world, *TODDLERS ON TECHNOLOGY* is a must-read! Visit [Digitod.com](http://Digitod.com) or [ToddlersOnTechnology.com](http://ToddlersOnTechnology.com) | Design & Photography by [AndrewAyad.com](http://AndrewAyad.com)

Only Dead on the Inside James Breakwell 2017-10-10 It's not easy being a parent these days. There are bills to pay. Kids to feed. And hordes of undead monsters to keep at bay. There are plenty of guides out there about how to survive the zombie apocalypse. All of them assume readers are young, fit, and unencumbered by children. In that scenario, the only living humans left will be smug, outdoorsy Millennials. That's hell on earth, even without the zombies. *Only Dead on the Inside* is the answer for the rest of us. Written by professional comedy writer and amateur father-of-four James Breakwell (@XplodingUnicorn), *Only Dead on the Inside* blends traditional parenting advice with zombie survival tips, bringing together

two totally unrelated genres in a book no one asked for but everyone needs. This step-by-step manual teaches you how to raise happy, healthy children in a world overrun by the undead. Motivated moms and dads want it all, and that won't change at the end of the world. There's no reason you can't be a zombie killing machine AND parent of the year, but you have to work for it. If you want to make sure your family is apocalypse-ready, *Only Dead on the Inside* is your best—and only—chance at survival. No pressure, but if you don't read this book, your children will die.

**A Best Practice Guide to Assessment and Intervention for Autism and Asperger Syndrome in Schools** Lee A. Wilkinson 2010-03-15 \*Winner in the Education/Academic category of the 2011 Next Generation Indie Book Awards\* \*Shortlisted for the 2011 NASEN Award 'The Special Needs Academic Book'\* With a focus on best practice and the importance of early diagnosis, this book provides a practical and scientifically-based approach to the assessment and diagnosis of Asperger Syndrome and autism spectrum conditions. This book offers a balance of conceptual, practical and empirical information designed to bridge the research-to-practice gap in identifying, assessing, and treating school-aged children with autism-related conditions. Assessment tools and intervention strategies will support school-based professionals in: · identifying and assessing young people with high-functioning autism spectrum conditions · developing and implementing classroom-based intervention programs · initiating a dialogue between parents and teachers · accessing community resources · promoting special needs advocacy. With illustrative case studies, FAQs, quick reference boxes, and a glossary, this accessible guide will appeal to teachers, counsellors, psychologists, social work practitioners and students.

A Parent's Guide to the iPad in easy steps, 3rd edition - covers iOS 7 Nick Vandome 2014-03-31 Since its introduction in 2010, the iPad has quickly become an iconic device - a compact, versatile tablet computer that packs a real punch in terms of its functionality. It is now widely used and in many ways it is ideal for children: it is user-friendly, compact, powerful and stylish into the bargain. But for a parent, the idea of your child using an iPad can be a daunting one: how do you know what they are using it for, what are they looking at on the web and how are they communicating with their friends? *A Parent's Guide to the iPad in easy steps* is the guide that aims to put parents' minds at ease and lets them understand the iPad, while helping their child explore this exciting machine. The book looks at the functionality of the iPad so that you can understand how your child is using it, and also make the most of yourself. It then covers a range of topics for which the iPad can be used: education, games, photos, music, creativity and social networking. This third edition covers the latest operating system, iOS 7. *A Parent's Guide to the iPad in easy steps* will inspire parents to use their iPad to encourage more learning!

**Identifying, Assessing, and Treating Bipolar Disorder at School** Shelley R Hart 2013-10-28 *Identifying, Assessing, and Treating Bipolar Disorder at School* presents child and education practitioners with an evidence-based framework for accurate identification, assessment, and intervention of bipolar disorder. This straightforward resource clears up misconceptions about the condition, and outlines its complex presentation in young people, where it may appear in tandem with other disorders and bring challenges to treatment. By providing information to assist in referrals, consultations, and recommendations for special education, the authors give the reader a unique vantage point for improving students' learning environment and helping to facilitate the work of fellow professionals. Among the topics: Prevalence and associated conditions. Case finding, screening,

and referrals. Diagnostic and psycho-educational assessment Treatment of bipolar disorder in children and adolescents. Plus suggested resources to assist students and their families. Identifying, Assessing, and Treating Bipolar Disorder at School is an essential reference for school psychologists and allied educational professionals, special education teachers, speech and language therapists, counselors, clinical child psychologists, and mental health practitioners.

*A Parents' Guide to the Middle School Years* Joe Bruzzese 2011-05-18 OMG PAW G2G. Oh my god, parents are watching, got to go. Today's text-messaging middle schoolers may seem like a different species from how parents remember themselves as sixth, seventh, and eighth graders. Children are often forced to confront serious issues like drugs, violence, sexuality, and technology at an age that would have been unthinkable even a decade ago. So it's natural for parents to worry about these crucial years. Still, educator Joe Bruzzese believes that this time can be full of positive transformation as your child gains independence and your parental role shifts from omnipresent manager to supportive coach. Timely topics include cyberbullying, depression, and choosing realistic and rewarding extracurricular activities. The middle school years can and should be a time of exciting change and opportunity; *A Parents' Guide to the Middle School Years* presents what you need to know to survive and thrive as a family.

*A Parent's Guide to Snapchat* Axis 2018-08-01 Why are teens so obsessed with Snapchat? And what do they even do on it? This guide will help you better understand the app itself, why it's appealing, and how to have conversations about it with your teens. Parent Guides are your one-stop shop for biblical guidance on teen culture, trends, and struggles. In 15 pages or fewer, each guide tackles issues your teens are facing right now—things like doubts, the latest apps and video games, mental health, technological pitfalls, and more. Using Scripture as their backbone, these Parent Guides offer compassionate insight to teens' world, thoughts, and feelings, as well as discussion questions and practical advice for impactful discipleship.

**Saving Our Sons** Marita Golden 2022-03-15 Raising Black Teen Boys in Turbulent Times "It is always heartening to see women step up to the writer's table. When the results are as adroit and affecting as Marita Golden's work, it is more than satisfying; it is a cause for celebration." —Toni Morrison, Nobel Laureate Two decades ago, Marita was the first Black writer to address the horrifying statistic that haunts all Black mothers: the leading cause of death among Black males under twenty-one is homicide. Today, police brutality rages on as millions call for the reformation of our broken law enforcement in the wake of the traumatic murders of Black teen boys like Trayvon Martin, Michael Brown and Daunte Wright. Read an intimate account of a mother's efforts to save her son. Writing her son's story against the backdrop of a society plagued by systemic racism, economic inequality, and mass incarceration, Golden offers a form of witness and testimony in a time of crisis for Black Americans. Learn how to grapple with the realities of Black America. Join Golden as she confronts the root causes of violence inflicted upon Black teen boys and reassesses the legacy of her own generation's struggle for civil rights. Explore Black boys' difficult road to adulthood in the U.S. and learn why single Black mothers are often wrongly blamed for their sons' actions. Gain invaluable advice and knowledge from trustworthy sources. In *Saving Our Sons*, Golden documents her conversations with psychologists, writers, and young Black males themselves. This book is designed to help you: Discuss and unpack generational trauma with loved ones Gain deeper insight into the injustices Black children face in the U.S. Recognize the importance of community for the success of

Black teen boys If you liked *Decoding Boys*, *Mother & Son: Our Back & Forth Journal*, *The Boy Crisis* or *Boy Mom*, you'll love *Saving Our Sons*.

**The Everything Parent's Guide To Children With Depression** Rebecca Rutledge 2007-06-04 A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

**Raising Children in a Digital Age** Bex Lewis 2014-02-21 As featured on The Steve Wright Show on Radio 2. Equipping children to thrive and survive in the digital jungle Digital technology, social media, and online gaming are now a universal part of childhood. But are you worried about what your children might be doing online? What they might come across by accident? Or who might try to contact them through Facebook or Twitter? Whether you are a parent, grandparent, teacher, or youth leader, you will want children to get the most out of new technology. But how do you tread the tightrope of keeping them safe online, whilst enabling them to seize and benefit from the wealth of opportunities on offer? Bex Lewis, an expert in social media and digital innovation, has written a much-needed and timely book full of sound research, practical tips, and realistic advice on how to keep children safe online. She puts the Internet scare stories and distorted statistics into context and offers clear and sensible guidelines to help children thrive in the digital jungle. Media coverage includes: BBC Radio 2: The Steve Wright Show, BBC Radio Tees, BBC Radio Newcastle, ITV Tyne Tees television, Real Radio, Sun FM, The Durham Times, The Northern Echo, The Sunderland Echo, Premier Radio.

*The Educated Child* Chester E. Finn, Jr. 1999-12-24 If you care about the education of a child, you need this book. Comprehensive and easy to use, it will inform, empower, and encourage you. Just as William J. Bennett's *The Book of Virtues* has helped millions of Americans teach young people about character, *The Educated Child* delivers what you need to take control. With coauthors Chester E. Finn, Jr., and John T. E. Cribb, Jr., former Secretary of Education Bennett provides the indispensable guide. Championing a clear "back-to-basics" curriculum that will resonate with parents and teachers tired of fads and jargon, *The Educated Child* supplies an educational road map from earliest childhood to the threshold of high school. It gives parents hundreds of practical suggestions for helping each child succeed while showing what to look for in a good school and what to watch out for in a weak one. *The Educated Child* places you squarely at the center of your young one's academic career and takes a no-nonsense view of your responsibilities. It empowers you as mothers and fathers, enabling you to reclaim what has been appropriated by "experts" and the education establishment. It outlines questions you will want to ask, then explains the answers -- or non-answers -- you will be given. No longer will you feel powerless before the education "system." The tools

and advice in this guide put the power where it belongs -- in the hands of those who know and love their children best. Using excerpts from E. D. Hirsch's Core Knowledge Sequence, *The Educated Child* sets forth a state-of-the-art curriculum from kindergarten through eighth grade that you can use to monitor what is and isn't being taught in your school. It outlines how you can help teachers ensure that your child masters the most important skills and knowledge. It takes on today's education controversies from phonics to school choice, from outcomes-based education to teaching values, from the education of gifted children to the needs

of the disabled. Because much of a youngster's education takes place outside the school, *The Educated Child* also distills the essential information you need to prepare children for kindergarten and explains to the parents of older students how to deal with such challenges as television, drugs, and sex. If you seek high standards and solid, time-tested content for the child you care so much about, if you want the unvarnished truth about what parents and schools must do, *The Educated Child* is the one book you need on your shelf.
