The Oxford Companion to Wine Jancis Robinson 2015-09-17 Published in 1994 to worldwide acclaim, the first edition of Jancis Robinson's seminal volume immediately attained legendary status, winning every major wine book award including the Glenfiddich and Julia Child/IACP awards, as well as writer and woman of the year accolades for its editor on both sides of the Atlantic. Combining meticulously-researched fact with refreshing opinion and wit, *The Oxford Companion to Wine* presents almost 4,000 entries on every wine-related topic imaginable, from regions and grape varieties to the owners, connoisseurs, growers, and tasters in wine through the ages; from viticulture and oenology to the history of wine, from its origins to the present day. More than 180 esteemed contributors (including 58 new to this edition) range from internationally renowned academics to some of the most famous wine writers and wine specialists in the world. Now exhaustively updated, this fourth edition incorporates the very latest international research to present 300 new entries on topics ranging from additives and wine apps to WSET and Zelen. Over 60 per cent of all entries have been revised; and useful lists and statistics are appended,

including a unique list of the world's controlled appellations and their permitted grape varieties, as well as vineyard area, wine production and consumption by country. Illustrated with almost 30 updated maps of every important wine region in the world, many useful charts and diagrams, and 16 stunning colour photographs, this Companion is unlike any other wine book, offering an understanding of wine in all of its wider contexts—notably historical, cultural, and scientific—and serving as a truly companionable point of reference into which any wine-lover can dip and browse.

A Little History of the World E. H. Gombrich 2014-10-01 E. H. Gombrich's *Little History of the World*, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the *Little History* brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

The World of Sicilian Wine Bill Nesto 2013-03-26 *The World of Sicilian Wine* provides wine lovers with a comprehensive understanding of Sicilian wine, from its ancient roots to its modern evolution. Offering a guide and map to exploring Sicily, Bill Nesto, an expert in Italian wine, and Frances Di Savino, a student of Italian culture, deliver a substantive appreciation of a vibrant wine region that is one of Europe's most historic areas and a place where many cultures intersect. From the earliest Greek and Phoenician settlers who colonized the island in the eighth century B.C., the culture of wine has flourished in Sicily. A parade of foreign rulers was similarly drawn to Sicily's fertile land, sun-filled climate, and strategic position in the Mediterranean. The modern Sicilian quality wine industry was reborn in the 1980s and 1990s with the arrival of wines made with established international varieties and state-of-the-art enology. Sicily is only now rediscovering the quality of its indigenous grape varieties, such as Nero d'Avola, Nerello Mascalese, Frappato, Grillo, and distinctive terroirs such as the slopes of Mount Etna.
