PULP Guide Shirley Ann Gilmore 2017

Contract Law and Theory Robert E. Scott 2003

Contemporary Family Law Douglas E. Abrams
 2019-07 This popular family law casebook engages students with the significant changes to the American family and the corresponding evolution of family law doctrine and policy. In the fifth edition, all 17 chapters are fully updated to reflect the latest family law developments, including ones that have occurred since *Obergefell v. Hodges* (2015). The book emphasizes that contemporary families take a variety of forms, including marital and nonmarital adult relationships, and that constitutional considerations play an increasingly important role in family law. The fifth edition preserves and

builds on the approach of the earlier editions: presenting core substantive family law doctrine while also exploring ongoing and emerging policy debates and discussing the importance of cross-disciplinary collaborations with experts in fields such as psychology and accounting. A limited number of new cases replace older ones in most chapters, and the introductions to and notes and questions following each lead case, statute, or article have been thoroughly updated. In addition, problems for discussion in each chapter--including new and updated problems for this edition--enable students to apply doctrine in real-life settings that lawyers face. Contemporary Family Law also introduces the myriad issues central to family law practice and to a lawyer's ethical and professional responsibilities. The book includes

material on shifting paradigms in family law practice and the roles of family lawyers, and devotes separate chapters to professional ethics, alternative dispute resolution, and private ordering. The book addresses jurisdictional issues in one integrated chapter. In addition to providing a grounding in the historical and contemporary regulation of marriage, the book includes material throughout on the legal treatment of nonmarital couples and their children. The book also explores the diverse pathways to legal parentage and their impact on parent-child and co-parent relationships. Moreover, because child custody arrangements lead to some of the most acrimonious family disputes, this casebook devotes two chapters to custody: the first treats the initial custody decision, and the second explores continuing litigation concerning visitation, custody, and key childrearing decisions after the initial disposition, including disputes involving third parties such as cohabitants and grandparents. Both custody chapters include disputes involving nonmarital children. The fifth edition includes new and expanded material throughout, such as: Issues arising after *Obergefell v. Hodges* (2015), the Supreme Court's decision on the fundamental right of same-sex couples to marry and to have every state recognize their marriage, and the decision's ramifications throughout family law, including rules for entering marriage, parentage, domestic partnerships, civil unions, and other

legal statuses. Changes in marriage regulation, including state bigamy and legal challenges to them and "child marriage," including legislative efforts to raise the minimum age of marriage, with examples of new legislation. Developments involving nonmarital couples, including *Blumenthal v. Brewer*'s affirmation of Illinois's policy against allowing economic remedies for nonmarital couples. Changes in parentage law, including surrogacy legislation, the latest revision of the Uniform Parentage Act (2017), and the new Uniform Nonparent Custody and Visitation Act adopted in 2018. Extensive coverage of debt and family finances, new material drawn from numerous studies on the current economic climate (replacing the excerpt from Elizabeth Warren on bankruptcy), as well as new material on how the 2017 changes to federal tax law affect families; Discussion of *Whole Woman's Health v. Hellerstedt* (S. Ct. 2016) and later developments in the courts and in state legislatures regulating access to abortion; New lead cases on moral fitness in custody adjudication and domestic violence in custody decisions with substantially revised notes; a new lead case on relocation by a custodial parent--here a male nurse--reflecting changes in the law in many jurisdictions; expanded notes on parental decisions involving transgender youth; and a new discussion of disputes over "custody" of animal companions, commonly known as pets. A full

chapter containing updated materials about domestic violence and its harmful effects on marital and nonmarital households, and about intrafamily tort actions and family-related tort actions brought against family members by third persons. A full chapter on adoption, including the latest trends and practices in transracial adoption, international adoption by American parents, and adoption by same-sex couples. A fully updated chapter on the child support obligations of marital and non-marital parents.

Hospitality Law Stephen C. Barth 2017-04-17
Hospitality Law: Managing Legal Issues in the Hospitality Industry, Fifth Edition takes an applied approach to the study of hospitality law with its touchstone of compliance and prevention. The book is highly pedagogical and includes many interactive exercises and real world cases that help students focus on the practical application of hospitality laws and model their decision process to avoid liability. As a result, this book does look different than others on the market as the legal information contained is carefully selected to specifically correlate with helping students understand how to do the right thing, i.e., it is not a comprehensive book on the laws. Barth immediately helps readers learn about the legalities of situations and work through exercises – both individually and in groups -- to effectively apply them to hospitality management situations. Many instructors teach their course from a very

applied perspective, which aligns with Barth's approach.

Basic Tort Law: Cases, Statutes, and Problems
Arthur Best 2018-02-13 The purchase of this ebook edition does not entitle you to receive access to the Connected eBook with Study Center on CasebookConnect. You will need to purchase a new print book to get access to the full experience, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. Offering comprehensive coverage that is suitable for one or two semester torts courses, **Basic Tort Law: Cases, Statutes, and Problems, Fifth Edition's** flexible organization accommodates courses that begin either with coverage of intentional torts in Chapter 2 or negligence, beginning with Chapter 3. Chapters 9-17 allow teachers to select additional topics that fit best with their curriculum and interests. Key Features: Cases edited to moderate length, so professors can help students analyze judicial reasoning and treatment of policy implications. Practice-oriented problems in each chapter. A new section on the intentional tort of false imprisonment, covering the concepts of confinement, consent, intentionality, and the shopkeeper's privilege. A new case addressing whether strict liability for abnormally dangerous activities applies to fracking, which, juxtaposed

with another featured case, illustrates the differing ways courts have approached the Restatement factors. A new case discussing joint and several liability, offering a straightforward introduction that enhances or may be substituted for a more detailed treatment of this complicated area.

Tradition and Change in Australian Law Patrick

Parkinson 1994 This book examines the tradition of law in Australia & the tension between adherence to tradition & the demands of change & renewal for the legal system. The author argues that the greatest challenge the legal system faces is the challenge of inclusion -- to make the legal system one to which all Australians have access & in which all Australians are able to make their voices heard. The new edition takes account of recently published work in Australian legal history, including the Wik case & the native title debate, the debate about a Republic, changes in the Australian court system, developments in legal reasoning & statutory interpretation, & the problems of access to justice.

History of Criminal Justice Mark Jones

2011-07-22 Covering criminal justice history on a cross-national basis, this book surveys criminal justice in Western civilization and American life chronologically from ancient times to the present. It is an introduction to the historical problems of crime, law enforcement and penology, set against the background of major historical events and movements. Integrating criminal justice history

into the scope of European, British, French and American history, this text provides the opportunity for comparisons of crime and punishment over boundaries of national histories.

The text concludes with a chapter that addresses terrorism and homeland security. * Spans all of western history, and examines the core beliefs about human nature and society that informed the development of criminal justice systems. The fifth edition gives increased coverage of American law enforcement, corrections, and legal systems *

Each chapter is enhanced with supplemental "Timeline," "Time Capsule," and "Featured Outlaw" boxes as well as discussion questions, notes and problems * Contains discussion questions, notes, learning objectives, key terms lists, biographical vignettes of key historical figures, and "History Today" exercises to engage the reader and encourage critical thinking

Model Rules of Professional Conduct American Bar Association. House of Delegates 2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical

application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

An Introduction to the American Legal System

John M. Scheb 2020-02-02 The Fifth Edition of An Introduction to the American Legal System provides both historical context and thoroughly up-to-date coverage of all aspects of American law and the legal system. Vivid examples, on-point case summaries, and hot-button issues make this text an obvious choice for paralegal, criminal justice, political science, or legal studies courses. New to the Fifth Edition: This edition of An Introduction to the American Legal System introduces a broad reorganization of the text into four parts that are easily grasped by students: Foundations of the Legal System examines the origins of American law and the important institutions and actors of our present system. Public Law covers those areas of the law that govern the relationships between society, government, and the individual. Private Law explains those areas of the law that deal primarily with the rights and duties of private parties. The Legal Process provides an overview of legal procedure. New chapters on civil rights and civil liberties speak to students' interests and the importance of these issues in today's society. A

new chapter on appellate procedure exhibits the role of judicial review in civil, criminal and administrative contexts. An expanded chapter on administrative law demonstrates the current importance of administrative agencies in the policymaking process. Recent Supreme Court decisions are covered throughout the book.

Professors and students will benefit from:

Comprehensive coverage of law and the legal system Updated coverage of the Supreme Court through the 2018-19 Term Clear prose Extensive citations Comprehensive glossary of legal terms Thought-provoking discussion questions

Contracts Brian A. Blum 2011 A thorough overview of *Contracts*, the fifth edition of this popular E&E for Brian Blum's extraordinarily lucid explanations of complex concepts. The Fifth Edition of *Examples & Explanations: Contracts* builds on the framework established in earlier editions by providing an accessible, comprehensive treatment of the first-year contracts syllabus, written especially for students and designed to provide them with information, examples, and analysis of appropriate complexity and detail. In the fifth edition, the coverage of contracting through standard forms and electronic means is expanded, and new notes offer an international perspective on contract law.

Thoroughly updated in its Fifth Edition, *Examples & Explanations: Contracts* features: the proven-effective *Examples & Explanations* format that

combines explanatory text with hypothetical problems and answers; a well-organized arrangement of topics that links the themes in each chapter so that students can see the interaction between different topics studied in the course; informal and lucid text that articulates basic assumptions, explains the transactional context, and defines terminology sufficiently; complex examples--many based on actual cases--that allow the reader to explore topics in depth; flow charts and diagrams that illustrate key points and reinforce memory; coverage of UCC Article 2 throughout the book; expanded coverage of standard form contracts and contemporary forms of contracting via electronic communications and on the Internet; new notes throughout the book that give student a perspective on how the rules of contract law may differ in other countries. A gifted teacher and author, Brian Blum clarifies the principles, goals, policies, and legal rules of Contracts. The Examples & Explanations pedagogy gives the reader practice interpreting the contracts and applying the rules and principles to factual situations.

Law 101 Jay Feinman 2014-08-01 In each of the first three editions of the bestselling Law 101, Jay Feinman gave readers an upbeat and vivid examination of the American legal system. Since the third edition was published in 2010, much has happened: several key Supreme Court cases have been decided, we've seen sensational

criminal trials, and the legal system has had to account for the latest developments in Internet law. This fully updated fourth edition of Law 101 accounts for all this and more, as Feinman once again provides a clear introduction to American law. The book covers all the main subjects taught in the first year of law school, and discusses every facet of the American legal tradition, including constitutional law, the litigation process, and criminal, property, and contracts law. To accomplish this, Feinman brings in the most noteworthy, infamous, and often outrageous examples and cases. We learn about the case involving scalding coffee that cost McDonald's half a million dollars, the murder trial in Victorian London that gave us the legal definition of insanity, and the epochal decision of Marbury vs. Madison that gave the Supreme Court the power to declare state and federal law unconstitutional. A key to learning about the law is learning legal vocabulary, and Feinman helps by clarifying terms like "due process" and "equal protection," as well as by drawing distinctions between terms like "murder" and "manslaughter." Above all, though, is that Feinman reveals to readers of all kinds that despite its complexities and quirks, the law is can be understood by everyone. Perfect for students contemplating law school, journalists covering legislature, or even casual fans of "court-television" shows, Law 101 is a clear and accessible introduction to the American legal

system. New to this edition: Featured analysis of:
-the Obamacare case -Citizens United -the
DOMA decision -the Trayvon Martin case As well
as recent legal developments pertaining to: -
online contracting -mortgages -police
investigations -criminal sentencing

Animal Law Sonia Waisman 2002 Sonia S.
Waisman is an Adjunct Professor of Law,
California Western School of Law, Of Counsel,
Morrison & Foerster, LLP.

Law 101 Jay M. Feinman 2018 There are no
secret books : you can understand the law -- The
supreme law of the land : constitutional law --
First freedoms : constitutional rights -- Your day in

know for your exam. Improve your exam
performance with helpful advice on effective
revision. Maximise your marks with tips for
advanced thinking and further debate. Avoid
losing marks by understanding common pitfalls.
Practise answering sample questions and find
guidance for structuring strong answers. Hone
your exam technique further with additional study
materials on the companion website.

**Canadian Cases in the Philosophy of Law - Fifth
Edition** Keith C. Culver 2018-05-15 This is a
collection of Canadian legal decisions, primarily
from the Supreme Court of Canada, along with
international cases that have bearing on
Canadian law. The selected cases raise and
respond to current and controversial issues in
political and legal philosophy. Cases have been
edited to present key legal principles and
methods of judicial reasoning in action, showing
not only what was decided but also how the
decisions were made. Topics include:
constitutional law, fundamental freedoms, equality
rights, civil and criminal responsibility, and

sovereignty. This new fifth edition adds over two dozen new cases, including new sections on Indigenous issues and international law. A helpful glossary of common legal terms has also been added as an appendix.

Animal Law Sonia Waisman 2014 Animal law is, in its simplest (and broadest) sense, a combination of statutory and decisional law in which the nature--legal, social, or biological--of non-human animals is an important factor. The fifth edition is updated significantly, while continuing to present a cohesive format that touches on many areas in which animals affect legal doctrines, case law, and legislative direction. Because animal law is not a traditional legal field, the book is largely framed according to traditional legal headings such as tort, contract, criminal, and constitutional law. Each chapter sets out cases and commentary where animal law continues to develop its own doctrine. An important chapter on the commercial use of animals, introduced in the third edition, has been further updated with recent cases and statutory developments covering the significant areas of agriculture and biomedical research. "As the field of animal law has grown by leaps and bounds, each edition of *Animal Law* has incorporated path breaking legal developments in all areas of animal law. *Animal Law* engages students and teachers alike through its thoughtful consideration of how the legal system operates with respect to

many different kinds of animals, including companion animals and animals used in food production. The extensive teaching experience of the authors is evident in their selection of various types of legal materials, summaries of intellectual perspectives, and proposed discussion questions, which provide ample bases for interesting animal law classes in which different informed points of view can be considered." -- Taimie Bryant,

Professor of Law, UCLA School of Law

Education Law Anthony F. Brown 2019

Looseleaf Cases and Text on Property 6e A.

James Casner

Evidence in Context Robert P. Burns 2017-03-22

Evidence in Context is designed to create a fully contextual understanding of the law of evidence. It contains two relatively detailed case files, quite similar to the material a trial lawyer may have as he or she approaches trial. The first file is a murder case where the issue is the identity of the killer and the defendant is the estranged husband of the victim. The second file is a civil action for defamation brought by a former employee against her very wealthy employer. The cases raise realistic and challenging issues in the law of evidence and allow for a critical assessment of that law. They are followed by over three hundred problems for class analysis and discussion. These problems address the full range of evidentiary issues.

Tort Law J. Stanley Edwards 2014-12-15

Engaging and easy-to-read, TORT LAW, Sixth Edition teaches students the academic and practical principles of tort law needed for a successful career as a paralegal. Using cases, hypothetical situations, and internet references, students build skills, apply concepts, and stay up-to-date on exciting developments in tort law. Practice Pointers and Practical Ponderables introduce students to such skills as drafting pleadings, preparing medical authorization requests, documenting damages, drafting jury instructions, and assembling trial exhibits. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Law of Higher Education William A. Kaplin 2020-02-20 A single-volume text that distills information for students Based on the sixth edition of Kaplin and Lee's indispensable guide to the law that bears on the conduct of higher education, *The Law of Higher Education, Sixth Edition: Student Version* provides an up-to-date reference and guide for coursework in higher education law and programs preparing law students and higher education administrators for leadership roles. This student edition discusses the most significant areas of the law for college and university attorneys and administrators. Each chapter is introduced by a discussion of key terms and topics the students will encounter, and the book includes materials from the full sixth

edition that are most relevant to student interests and classroom instruction. It also contains a "crosswalk" that keys sections of the Student Edition to counterpart sections of the two-volume treatise. Complements the full version Includes a glossary of legal terms and an appendix on how to read legal material for students without legal training Discusses key terms in each chapter Concentrates on key topics students will need to know This is fundamental reading for law students preparing for careers in higher education law and for graduate students in higher education administration programs.

The Administration of Justice Robert Aberle 2019-09-25
Law Express: Intellectual Property Law 5th edition PDF eBook Claire Howell 2016-08-06 Tried and tested by undergraduate law students across the UK. 94% of students polled agree that Law Express helps them to revise effectively and take exams with confidence. 88% agree that Law Express helps them to understand key concepts quickly. Make your answer stand out with Law Express, the UK's bestselling law revision series. Review the key cases, statutes and legal terms you need to know for your exam. Improve your exam performance with helpful advice on effective revision. Maximise your marks with tips for advanced thinking and further debate. Avoid losing marks by understanding common pitfalls. Practise answering sample questions and find

guidance for structuring strong answers. Hone your exam technique further with additional study materials on the companion website.

State and Federal Administrative Law Michael R. Asimow 2020-06-16 *State and Federal Administrative Law, Fifth Edition*, contains thorough coverage of administrative law issues in both federal and state contexts. Although it can be used for a course that focuses primarily on federal law, its dual coverage allows instructors to highlight the insights that can emerge from a comparison between federal and state approaches to the same issues. The book exposes students to a broad sample of the federal, state, and local administrative agencies that they will encounter in their professional lives. The book also contains many short, concrete problems that enable instructors to make use of the problem method.

Wrightslaw Peter W. D. Wright 2002 Aimed at parents of and advocates for special needs children, explains how to develop a relationship with a school, monitor a child's progress, understand relevant legislation, and document correspondence and conversations.

The Law of the European Union and the European Communities Pieter Jan Kuijper 2018-09-28 *The Law of the European Union* is a complete reference work on all aspects of the law of the European Union, including the institutional framework, the Internal Market, Economic and

Monetary Union and external policy and action. Completely revised and updated, with many newly written chapters, this fifth edition of the most thorough resource in its field provides the most comprehensive and systematic account available of the law of the European Union (EU). Written by a new team of experts in their respective areas of European law, its coverage incorporates and embraces many current, controversial, and emerging issues and provides detailed attention to historical development and legislative history of EU law. Topics that are constantly debated in European legal analysis and practice are touched on in ways that are both fundamental and enlightening, including the following: .powers and functions of the EU law institutions and relationship among them; .the principles of equality, loyalty, subsidiarity, and proportionality; .free movement of persons, goods, services, and capital; .mechanisms of constitutional change – treaty revisions, accession treaties, withdrawal agreements; .budgetary principles and procedures; .State aid rules; .effect of Union law in national legal systems; .coexistence of EU, European Convention of Human Rights (ECHR), and national fundamental rights law; .migration and asylum law; .liability of Member States for damage suffered by individuals; .competition law – cartels, abuse of dominant position, merger control; .social policy, equal pay, and equal treatment; .environmental

policy, consumer protection, public health, cultural policy, education, and tourism; .nature of EU citizenship, its acquisition, and loss; and .law and policy of the EU's external relations. The fifth edition embraces many new, ongoing, and emerging European legal issues. As in the previous editions, the presentation is notable for its attention to how the law relates to economic and political realities and how the various policy areas interact with each other and with the institutional framework. The many practitioners and scholars who have relied on the predecessors of this definitive work for years will welcome this extensively revised and updated edition. Those coming to the field for the first time will instantly recognize that they are in the presence of a masterwork that can always be turned to with profit and that helps in understanding the rationale underlying any EU law provision or principle.

Administration of Wills, Trusts, and Estates

Gordon Brown 2012-02-22 ADMINISTRATION OF WILLS, TRUSTS, AND ESTATES, 5th edition employs a reader-friendly writing style that walks students through the legal maze of wills, trusts and estates. To this end, the authors provide multiple learning tools such as celebrity wills, marginal key term definitions, extensive review materials, and visual illustrations. Plus, the Fifth Edition is national in scope while going in-depth on a state-by-state basis as well, making it

applicable for every legal student. And with an abundance of case studies included in the text, students can see how legal issues are applied in real world settings. ADMINISTRATION OF WILLS, TRUSTS, AND ESTATES, 5th edition has all the components legal students need to master the content quickly and effectively. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Study of Law Katherine A. Currier 2016 The latest edition of *The Study of Law: A Critical Thinking Approach* offers a comprehensive, intelligent overview of all the key concepts covered in a typical introduction to law course. A critical thinking approach is used to introduce students to the study of law, encouraging students to interact with the materials through hypotheticals, examples, and well-designed questions. The text is divided into two parts, reflecting the topics addressed in an introductory course. Part I, Introduction to the Legal System, introduces students to the sources and classification of law, the structure of the court system, and an overview of litigation. Part II: Basic Legal Concepts, covers the basics of analysis and interpretation of the law, followed by chapters on substantive law. Key Features of the New Edition: Teaches students the basic skills necessary to understand statutes and court cases Strong pedagogy reinforces well-written text

presented in an accessible and well-organized format Edited cases are included in every chapter to teach students how to read and analyze the law New coverage includes: the Boston Marathon bombing case, the Affordable Care Act, and trademark issues involving the Washington Redskins, e-filing and e-discovery, discussion of same-sex marriage and custody disputes over pre-embryos, and crimes of unauthorized access of computer data and warrantless searches of cell phones

Foundations of Legal Research and Writing Carol M. Bast 2012-06-22 FOUNDATIONS OF LEGAL RESEARCH AND WRITING, Fifth Edition is the ideal resource for paralegals. The book's up-to-the-minute coverage tackles the ever-evolving areas of computer-assisted research and Cyber law, in addition to traditional legal research, analysis, and writing. Extensive research chapters address primary and secondary sources, citing, Lexis/Nexis, the Internet, and more, while writing sections center on drafting client opinion letters, pleadings, contracts, office memos, memoranda of law, and appellate briefs. Every chapter gives you practice writing opportunities, as well as traditional and computer-assisted research assignments to help develop your skills. Detailed case excerpts, samples, tips, and discussions further support the assignments, and illustrate the many perils of inadequate research and poor legal writing. Readers everywhere agree that

FOUNDATIONS OF LEGAL RESEARCH AND WRITING, Fifth Edition delivers the concepts you need for success in the most demanding law firms and legal departments today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Law Henry R. Cheeseman 2004 For one/two-semester courses in Business Law. Exceptionally comprehensive and praised for its writing style and accessibility this texts offers longer edited cases, with more of the actual language of the court renderings. It includes numerous business-oriented features that make the course relevant to future managers and integrates throughout ethics and social responsibility, international, contemporary business issues, and e-commerce in every morsel of the text.

The Law of Higher Education, 5th Edition William A. Kaplin 2014-02-03 Based on the fifth edition of Kaplin and Lee's indispensable guide to the law that bears on the conduct of higher education, *The Law of Higher Education, Fifth Edition: Student Version* provides an up-to-date textbook, reference, and guide for coursework in higher education law and programs preparing higher education administrators for leadership roles. The Student Version includes the materials from the full fifth edition that most relate to student interests and are most suitable for classroom

instruction. For example: The evolution of higher education law and governance Legal planning and dispute resolution The relationship between law and policy Faculty and staff employment issues, including collective bargaining Academic freedom for faculty and students Copyright basics The contract rights of students Legal issues in online education The rights of students and faculty with disabilities Campus issues: safety, registered sex offenders, racial and sexual harassment, student suicide, campus computer networks, searches of students' residence hall rooms Hate speech and freedom of speech, including the rights of faculty and students in public universities Student organizations' rights, responsibilities, and activities fees Governmental support for religious institutions and religious autonomy rights of individuals in public institutions Nondiscrimination and affirmative action in employment, admissions, and financial aid Athletics and Title IX FERPA (Family Educational Rights and Privacy Act) Each chapter is introduced with an overview of key terms and ideas the students will encounter. In addition, the book includes a general introduction to the study of higher education law, a glossary of key legal terms, and appendices for non-law students on the American court system and on how to read court opinions. The authors have also prepared a volume of teaching materials keyed to the Student Version, available from the National

Association of College and University Attorneys (NACUA). In addition, the authors will periodically update the Student Version by posting recent developments on a Web site hosted by NACUA.

Advertising & Marketing Law Rebecca Tushnet 2020-08 This is a casebook on advertising and marketing law. While we've done our best to

make the hard copy version of the book useful to you, the hard copy is missing some key features, such as an index and color images. Therefore, if you would like a PDF version of the book to complement your hard copy version, just email a copy of your purchase receipt for the hard copy to Professor Goldman (egoldman@gmail.com) and he will email you a PDF at no extra cost.

Behavior Analysis and Learning W. David Pierce
2013-08-21 Behavior Analysis and Learning, Fifth Edition is an essential textbook covering the basic principles in the field of behavior analysis and learned behaviors, as pioneered by B. F. Skinner. The textbook provides an advanced introduction to operant conditioning from a very consistent Skinnerian perspective. It covers a range of principles from basic respondent and operant conditioning through applied behavior analysis into cultural design. Elaborating on Darwinian components and biological connections with behavior, the book treats the topic from a consistent worldview of selectionism. The functional relations between the organism and the environment are described, and their application in accounting for old behavior and generating new behavior is illustrated. Expanding on concepts of past editions, the fifth edition provides updated coverage of recent literature and the latest findings. There is increased inclusion of biological and neuroscience material, as well as more data correlating behavior with neurological and genetic

factors. The chapter on verbal behavior is expanded to include new research on stimulus equivalence and naming; there is also a more detailed and updated analysis of learning by imitation and its possible links to mirror neurons. In the chapter on applied behavior analysis (ABA), new emphasis is given to contingency management of addiction, applications to education, ABA and autism, and prevention and treatment of health-related problems. The material presented in this book provides the reader with the best available foundation in behavior science and is a valuable resource for advanced undergraduate and graduate students in psychology or other behavior-based disciplines. In addition, a website of supplemental resources for instructors and students makes this new edition even more accessible and student-friendly (www.psypress.com/u/pierce).

Business Law I Essentials MIRANDE, DE ASSIS VALBRUNE (RENEE, CARDELL, SUZANNE.)
2019-09-27 A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional

approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

Education Law Michael Imber 2013-09-11

Education Law, 5th Edition provides a comprehensive survey of the legal problems and issues that confront school administrators and policymakers today. This textbook is organized around the belief that students need to read court cases to understand the subtlety and richness of the law, but for legal neophytes, cases without discussion and interpretation are often too difficult

to comprehend. Thus, the text balances an explanation of the important principles of education law, with actual court decisions to illuminate these concepts. The court decisions are carefully edited to highlight issues most relevant to administrators, and each chapter explores implications for policy and practice. New in the Fifth Edition: Additional content on bullying, student privacy, free speech rights, teacher evaluation, collective bargaining, and issues relating to Internet and technology. Revision of materials dealing with education policy and updating of references and case law throughout. A companion website with materials for students and instructors, including links to full cases, a glossary of key concepts, and discussion questions to help students further engage with the content.
