[Art Tatum](#) African-American musician Arthur Tatum (1910-1956) was a jazz pianist. The Public Broadcasting Service (PBS) presents a biographical sketch of Tatum as part of "Biographies: Life and Times of the Great Ones," an online supplement to "JAZZ," a documentary film by American film maker Ken Burns. PBS includes audio features with reflections about Tatum and his music. The

Understanding Music Roger Scruton 2016-02-25 With Understanding Music and The Aesthetics of Music (1997) Roger Scruton set a new standard of rigour and seriousness in the philosophy of music. This collection of wide-ranging essays covers all aspects of the theory and practice of music, showing the significance of music as an expression of the moral life. The book is split into two parts, the first is devoted to the aesthetics and theory of music and the second consists of critical studies of individual composers, thinkers and works including essays on Mozart, Wagner, Beethoven's Ninth, Janáček & Schoenberg, Szymanowski and Adorno.

Understanding Music will appeal to specialists in philosophy and musicology and also to music lovers who wish to find deeper meaning in this mysterious art. The Bloomsbury Revelations editions includes a new preface from author.

**Miles** Miles Davis 1990-09-15 Miles discusses his life and music from playing trumpet in high school to the new instruments and sounds from the Caribbean.

**The Simpsons and Philosophy** William Irwin 2001-02-01 This unconventional and lighthearted introduction to the ideas of the major Western philosophers examines The Simpsons – TV's favorite animated family. The authors look beyond the jokes, the crudeness, the attacks on society – and see a clever display of irony, social criticism, and philosophical thought. The writers begin with an examination of the characters. Does Homer actually display Aristotle's virtues of character? In what way does Bart exemplify American pragmatism? The book also examines the ethics and themes of the show, and concludes with discussions of how the series reflects the work of Aristotle, Marx, Camus, Sartre, and other thinkers.

**Biographical And Critical Sketches Of American Artists: Preceded By An Historical Account Of The** Henry T.

Tuckerman 2021-03-18 Book Of The Artists. American Artist Life, Comprising Biographical And Critical Sketches Of American Artists: Preceded By An Historical Account Of The Rise And Progress Of Art In America has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

**Mingus Speaks** John Goodman 2013-05-20 Charles Mingus is among jazz's greatest composers and perhaps its most talented bass player. He was blunt and outspoken about the place of jazz in music history and American culture, about which performers were the real thing (or not), and much more. These in-depth interviews, conducted several years before Mingus died, capture the composer's spirit and voice, revealing how he saw himself as composer and performer, how he viewed his peers and predecessors, how he created his extraordinary music, and how he looked at race. Augmented with interviews and commentary by ten close associates—including Mingus's wife Sue, Teo Macero, George Wein, and Sy Johnson—Mingus Speaks provides a wealth of new perspectives on the musician's life and career. As a writer for Playboy, John F. Goodman reviewed Mingus's comeback concert in 1972 and went on to achieve an intimacy with the composer that brings a relaxed and candid tone to the ensuing interviews. Much of what Mingus shares shows him in a new light: his personality, his passions and sense of humor, and his thoughts on music. The conversations are wide-ranging, shedding fresh light on important milestones in Mingus's life such as the publication of his memoir, *Beneath the Underdog*, the famous Tijuana episodes, his relationships, and the jazz business. Master Artist

Bebop Thomas Owens 1996-05-23 "When bebop was new," writes Thomas Owens, "many jazz musicians and most of the jazz audience heard it as radical, chaotic, bewildering music." For a nation swinging to the smoothly orchestrated sounds of the big bands, this revolutionary movement of the 1940s must have seemed destined for a short life on the musical fringe. But today, Owens writes, bebop is nothing less than "the lingua franca of jazz, serving as the principal musical language of thousands of jazz musicians." In *Bebop*, Owens conducts us on an insightful, loving tour through the music, players, and recordings that changed American culture. Combining vivid portraits of bebop's gigantic personalities with deft musical analysis, he ranges from the early classics of modern jazz (starting with the 1943 Onyx Club performances of Dizzy Gillespie, Max Roach, Oscar Pettiford, Don Byas, and George Wallington) through the central role of Charlie Parker, to an instrument-by-instrument look at the key players and their innovations. Illustrating his discussion with numerous musical excerpts, Owens skillfully demonstrates why bebop was so revolutionary, with fascinating glimpses of the tempestuous jazz world: Thelonious Monk, for example, did "everything 'wrong' in the sense of traditional piano technique....Because his right elbow fanned outward away from his body, he often hit the keys at an angle rather than in parallel. Sometimes he hit a single key with more than one finger, and divided single-line melodies between two hands." In addition to his discussions of individual instruments and players, Owens examines ensembles, with their sometimes volatile collaborations: in the *Jazz Messengers*, Benny Golson told of how his own mellow saxophone playing would get lost under Art Blakey's furious drumming: "He would do one of those famous four-bar drum rolls going into the next chorus, and I would completely disappear. He would holler over at me, 'Get up out of that hole!'" In this marvelous account, Owens comes right to the present day, with accounts of new musicians ranging from the Marsalis brothers to lesser-known masters like pianist Michel

The History of Art Tatum, 1909 - 1932 Dr Imelda Guyton Hunt Ph D 2018-07-06 The Author, Dr. Imelda Guyton Hunt Ph.D earned a Bachelors in Education from the University of Toledo, Masters in American Studies, and Doctorate of Philosophy in American Culture from Bowling Green State University. About the book: Art Tatum from his birth in 1909 until he left Toledo, Ohio in 1932, there are many reviews of the musician's recordings and musical contributions to jazz, but there has been very little detailed work about his life in Toledo. This informative research study is based on interviews designed to illuminate Tatum's youth before becoming a musician. The interviews include information about his childhood, school experiences, family, church life, friends, and musical associates during his Toledo residency. "Art Tatum was a genius whose mastery of time is still unmatched in solo jazz piano . . ." Dr. Billy Taylor, who seated on the Honorary Founders Board of Jazz.

*Daddy-O's Book of Big-Ass Art* Bob Wade 2020-11-17

**Art Tatum Solo Masterpieces Vol 3 Pdf upload Mia p Williamson**

Recipient of three National Endowment for the Arts grants and with works exhibited at the prestigious Biennale de Paris, New York's Whitney Museum, the de Menil Collection in Houston, and other venues, Bob "Daddy-O" Wade started "keeping it weird" in 1961 when he arrived in Austin with his '51 custom Ford hot rod and his slicked-back hair. Primed to study art at the University of Texas, Wade's coif and dragster earned him his trademark moniker, and the abstract, welded sculptures he fashioned from automobile bumpers in his frat house basement laid the foundations for the distinctive, larger-than-life art pieces that would eventually make him famous. Daddy-O is the creator of the forty-foot iguana that perched atop the Lone Star Café in New York City, the immense cowboy boots (entered in the Guinness Book of World Records) outside San Antonio's North Star Mall, and Dinosaur Bob, who graces the roof of the National Center for Children's Illustrated Literature in Abilene, Texas. He is widely recognized as one of the progenitors of the "Cosmic Cowboy Culture" that emerged in Texas during the 1970s. Daddy-O's Book of Big-Ass Art features images of more than a hundred of Wade's most famous pieces, complete with the wild tales that lie behind the art, told in brief essays by both Wade and more than forty noted artists and writers familiar with Wade's work.
