The Cambridge Companion to Popular Fiction David Glover 2012-04-05 An overview of popular literature from the early nineteenth century to the present day from a historical and comparative perspective.

History Blong Yumi Long Vanuatu (Vol. 2) Sara Lightner 2010

Achtung-Panzer! Heinz Guderian 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the

modern English historian Paul Harris. *A Comprehensive History of Mauritius* Sydney Selvon 2005

From Betty Crocker to Feminist Food Studies Arlene Voski Avakian 2005 Sheds light on the history of food, cooking, and eating. This collection of essays investigates the connections between food studies and women's studies. From women in colonial India to Armenian American feminists, these essays show how food has served as a means to assert independence and personal identity.

Why Africa is Poor Greg Mills 2012-10-01 Economic growth does not demand a secret formula. Good development examples now abound in East Asia and further afield in other parts of Asia, and in Central America. But why then has Africa failed to realise its potential in half a century of independence? *Why Africa is Poor* demonstrates that Africa is poor not because the world has denied the continent the market and financial means to compete: far from it. It has not been because of aid per se. Nor is African poverty solely a consequence of poor infrastructure or trade access, or because the necessary development and technical expertise is unavailable internationally. Why then has the continent lagged behind other developing areas when its people work hard and the continent is blessed with abundant natural resources? Stomping across the continent and the developing world in search of the answer, Greg Mills controversially shows that the main reason why Africa's people are poor is because their leaders have made this choice.

The Risk Elle Kennedy 2019-02-18
 Everyone says I'm a bad girl. They're only partly right—I don't let fear rule me, and I certainly don't care what people think. But I draw the line at sleeping with the enemy. As the daughter of Briar's head hockey coach, I'd be vilified if I hooked up with a player from a rival team. And that's who Jake Connelly is. Harvard's star forward is arrogant, annoying, and too attractive for his own good. But fate is cruel—I require his help to secure a much-coveted internship, and the sexy jerk isn't making it easy for me. I need Connelly to be my fake boyfriend. For every fake date...he wants a real one. Which means this bad girl is in big trouble. Nothing good can come from sneaking around with Jake Connelly. My father would kill me, my friends will revolt, and my post-college career is on the line. But while it's getting harder and harder to resist Jake's oozing sex appeal and cocky grin, I refuse to fall for him. That's the one risk I'm not willing to take. Linguistic Concepts Kenneth Lee Pike
1982 "This book will introduce linguistics and tagmemics to undergraduates, graduate students, and scholars in linguistics, anthropology, and other social sciences. It explains the concerns of linguistics, locates linguistics in that much larger field of human behavior that other disciplines share, and presents language from a vantage that acknowledges their particular concerns."--Back cover.
Choice Cuts Mark Kurlansky 2012-07-18
"Every once in awhile a writer of particular skills takes a fresh, seemingly improbable idea and turns out a book of pure delight." That's how David McCullough described Mark Kurlansky's *Cod: A Biography of the Fish That Changed the World*, a work that revealed how a meal can be as important as it is edible. *Salt: A World History*, its successor, did the same for a seasoning, and confirmed Kurlansky as one of our most erudite and entertaining food authors. Now, the winner of the James Beard Award for Excellence in Food Writing shares a varied selection of "choice cuts" by others, as he leads us on a mouthwatering culinary tour around the world and through history and culture from the fifth century B.C. to the present day. *Choice Cuts* features more than two hundred pieces, from Cato to Cab Calloway. Here are essays by Plato on the art of cooking . . . Pablo Neruda on french fries . . . Alice B. Toklas on killing a carp . . . M. F. K. Fisher on the virility of Turkish desserts . . . Alexandre Dumas on coffee . . . W. H. Auden on Icelandic food . . . Elizabeth David on the downward march of English pizza . . . Claude Lévi-Strauss on "the idea of rotten" . . . James Beard on scrambled eggs . . . Balzac, Virginia Woolf, E. M. Forster, Chekhov, and many other

famous gourmands and gourmets, accomplished cooks, or just plain ravenous writers on the passions of cuisine.

What's to Eat? Nathalie Cooke
2009-09-01 How we as Canadians procure, produce, cook, consume, and think about food creates our cuisine, and our nation of immigrant traditions has produced a distinctive and evolving repertoire that is neither hodgepodge nor smorgasbord. Contributors, who come from the diverse worlds of universities, museums, the media, and gastronomy, look at Canada's distinctive foodways from the shared perspective of the current moment. Individual chapters explore food items and choices, from those made by Canada's First Nations and early settlers to those made today. Other contributions describe the ways in which foods enjoyed by early Canadians have found their way back onto Canadian tables in the twentieth and twenty-first centuries. Authors emphasize the expressive potential of food practices and food texts; cookbooks are more than books to be read and used in the kitchen, they are also documents that convey valuable social and historical information.

American Food Habits in Historical Perspective Elaine McIntosh

1995-12-11 Provides a historical overview of the food habits of human

beings over time, with special emphasis on American dietary habits from Columbian times through the present. Addresses food habits within the context of the relevant events, developments, and circumstances associated with each era. Introduces the reader to the essentiality of food as a source of nourishment for all living things; describes the various traditional methods of obtaining food, the characteristics of food-gathering and food-producing societies, the elements of food processing, and the universal foods and food products that have been used by human cultures across time; focuses on the early dietary patterns of the ancestors of post-Columbian North Americans; discusses factors that influence food habits; provides an in-depth characterization of contemporary American food habits; assesses the nutritional adequacy of American diets during various periods from prehistoric times up to the present; and makes predictions regarding the American diet of the future.

Learn Estonian - Quick / Easy / Efficient Pinhok Languages 2019-05-14

A curated Estonian word frequency list Are you looking for unconventional ways to speed up the process of learning Estonian? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Estonian words and phrases ordered by their frequency of use. Who this Estonian learning book is for: This book is for beginners and intermediate learners of Estonian who are self-motivated and willing to spend 15 to 20 minutes a day on

learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Estonian frequency list is not for: This book is not for you if you are an advanced learner of Estonian. In this case, please go to our website or search for our Estonian vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Estonian learning book that guides you through the various steps of learning Estonian, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Estonian workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101

to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well – and that is what counts in the end.

Small Country Gaël Faye 2019-03-05
Already an international sensation and prize-winning bestseller in France, an evocative coming-of-age story of a young boy, a lost childhood and a shattered homeland. SHORTLISTED FOR THE ALBERTINE PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY ESQUIRE • LONGLISTED FOR THE ANDREW CARNEGIE MEDAL FOR EXCELLENCE IN FICTION • LONGLISTED FOR THE ASPEN WORDS LITERARY PRIZE Burundi, 1992. For ten-year-old Gabriel, life in his comfortable expatriate neighborhood of Bujumbura with his French father, Rwandan mother and little sister Ana, is something close to paradise. These are carefree days of laughter and adventure – sneaking Supermatch cigarettes and gorging on stolen mangoes – as he and his mischievous gang of friends transform their tiny cul-de-sac into their kingdom. But dark clouds are gathering over this small country, and soon their peaceful existence will shatter when Burundi, and neighboring Rwanda, are brutally hit by civil war and genocide. A novel of extraordinary

power and beauty, *Small Country* describes an end of innocence as seen through the eyes of a child caught in the maelstrom of history. Shot through with shadows and light, tragedy and humor, it is a stirring tribute not only to a dark chapter in Africa's past, but also to the bright days that preceded it.

The Laura Secord Canadian Cook Book
Laura Secord Candy Shops Limited 2001
Canadian cuisine is recognized the world over as combining a unique array of fresh ingredients and a variety of cultural influences tempered by tradition. This third title in the Classic Canadian Cookbook series includes Canada's most beloved recipes - think Nanaimo bars, matrimonial cake, maple fudge, tourtiere, fish cakes, bannock, and wild blueberry jam. Known as the first truly Canadian cookbook, this faithful replica of the original edition is essential for cooks anywhere. The plucky spirit of 19th-century Canadian heroine Laura Secord permeates this collection, which was sponsored by the Laura Secord Candy Shops and created by the Canadian Home Economics Association to commemorate the Canadian centennial in 1967. Inspired by our national history and identity, it was destined to become an instant classic. The regional and cultural diversity of Canadian cooking in the '60s is wonderfully captured in these recipes: Fricandeau (a veal and pork loaf) Malpeque Oyster Stew Holubtse (Ukrainian stuffed cabbage rolls) Glazed Back Bacon Hot Cross Buns Blueberry Grunt Maplewood Doughnuts Quebec Sugar Pie Grape Jelly

Travail et travailleurs en Algérie
Alain Darbel 1963

Algerian Sketches Pierre Bourdieu 2013-11-04 In the late 1950s, like tens of thousands of young men of his generation, Pierre Bourdieu, having recently passed the agrégation in philosophy, found himself immersed in the Algerian war. Motivated by an impulse that, as he himself says, 'was civic rather than political',

nothing seemed more important to him than to understand the Algerian situation and provide the elements that would enable others to come to an informed judgement about it. In extremely tough conditions and along with a small group of students, Bourdieu undertook a series of studies across an Algeria that was tightly patrolled by the army, leading him to discover the shocking reality of the resettlement camps and to analyse the mechanisms of destruction of Algerian society of which they were emblematic. To achieve the objectives he had set himself, Bourdieu had to carry out a genuine intellectual conversion, acquiring an ethnographic understanding of Algerian society, learning sociological analysis at a breakneck pace and inventing new instruments - both theoretical and empirical - that would enable him to understand the relations of domination specific to colonialism. These new tools also enabled him to analyse the nature of the crisis that the war had both produced and manifested. This unique volume brings together the first texts written by Bourdieu in the midst of the Algerian conflict, as well as later writings and interviews in which he returns to the topic of Algeria and the decisive role it played in the development of his work.

Screwdrivered. The gossip mill in the seaside community of Monterey is churning about Chloe Patterson, the newcomer who is starting a sanctuary for rescued pit bulls. It's rumored that she's a former beauty queen (true) who ditched her fiancé the morning of their wedding (also true). And that while she's not looking for a new man, the good-looking local veterinarian has his eye on her. Absolutely, positively true. When Lucas Campbell isn't at the family veterinary clinic, he's paddle boarding in Monterey Bay. Recently single, he's definitely not in the market for a new relationship, but he still can't resist taking a second, third, and fourth look at the recent arrival of Miss Golden State. Neither Lucas nor Chloe has any interest in being tied down. Being tied up, however—now there's a thought. But are a few Mai Tais, a moonlit night, and the music of Frank Sinatra enough to allow them both to forget their past? Let's hope Ol' Blue Eyes knows what he's doing. Mix one part tiki, one part kinky, and a splash of old black magic matchmaking, and it's time to be . . . Mai Tai'd Up.

Screwdrivered Alice Clayton

2014-09-02 Readers back for a third round of the bestselling Cocktail series will enjoy a madcap romantic comedy about bodice ripping and chest heaving, fiery passion and love everlasting. Plus a dash of paperwork filing and horseshi—wait, what? By day, Viv Franklin is a tough-as-nails software engineer who designs programs and loves hospital corners. By night, Vivian's a secret romance-novel junkie who longs for a knight in shining armor, or a cowboy on a wild stallion, or a strapping firefighter to sweep her off her feet. And she gets to wear the bodice—don't forget the bodice. When a phone call brings news that she's inherited a beautiful old home in Mendocino, California from a long-forgotten aunt, she moves her entire life across the country to embark on what she sees as a great, romance-novel-worthy adventure. But romance novels always have a twist, don't they? There's a cowboy, one that ignites her loins. Because Cowboy Hank is totally loin-ignition worthy. But there's also a librarian, Clark Barrow. And he calls her Vivian. Can tweed jackets and elbow patches compete with chaps and spurs? You bet your sweet cow pie. In *Screwdrivered*, Alice Clayton pits Superman against Clark in a hilarious and hot battle that delights a swooning Viv/Vivian. Also within this book, an answer to the question of the ages: Why ride a cowboy when you can ride a librarian?

Edible Histories, Cultural Politics Franca Iacovetta 2012-11-07 Just as the Canada's rich past resists any singular narrative, there is no such thing as a singular Canadian food tradition. This new book explores Canada's diverse food cultures and the varied relationships that Canadians have had historically with food practices in the context of community, region, nation and beyond. Based on findings from menus, cookbooks, government documents, advertisements, media sources, oral histories, memoirs, and archival collections, *Edible Histories* offers a veritable feast of original research on Canada's food history and its relationship to culture and politics. This exciting collection explores a wide variety of topics, including urban restaurant culture, ethnic cuisines, and the controversial history of margarine in Canada. It also covers a broad time-span, from early contact between European settlers and First Nations through the end of the twentieth century. *Edible Histories* intertwines information of Canada's 'foodways' – the practices and traditions associated with food and food preparation – and stories of immigration, politics, gender, economics, science, medicine and religion. Sophisticated, culturally sensitive, and accessible, *Edible Histories* will appeal to students, historians, and foodies alike.
