Going Virtual Sarah Ostman 2021-04-07 From the moment the pandemic took hold in Spring 2020, libraries and library workers have demonstrated their fortitude and flexibility by adapting to physical closures, social distancing guidelines, and a host of other challenges. Despite the obstacles, they've been able to stay connected to their communities—and helped connect the people in their communities to each other, as well as to the information and services they need and enjoy. Ostman and ALA's Public Programs Office (PPO) here present a handpicked cross-section of successful programs, most of them virtual, from a range of different libraries. Featuring events designed to support learning, spark conversation, create connection, or simply entertain, the ideas here will inspire programming staff to try similar offerings at their own libraries. Showcasing innovation in action as well as lessons learned, programs include COVID-19 Misinformation Challenge, featuring an email quiz, to encourage participants to separate fact from fiction; weekly virtual storytimes; community cooking demonstrations via Zoom; an online grocery store tour, complete with tips about shopping healthy on a budget; a virtual beer tasting that boasted 80 attendees; socially distanced "creativity crates" for summer reading; an online Minecraft club for kids ages 6 and up; a Zoom presentation about grieving and funerals during COVID, featuring the director of a local funeral home; Art Talk Tuesday, a one-hour, docent-led program; a virtual lecture on the history of witchcraft, presented by a public library in partnership with a university rare book room, that drew thousands of viewers; "knitting for newbies" kits for curbside pickup; Songs from the Stacks, an ongoing virtual concert

series in the style of NPR's "Tiny Desk"; a pink supermoon viewing party that included people howling at the moon together from their homes on Facebook Live; and many others
