#Obsession Seyedeh Tina Sadri, M.A. L.M.F.T 2016-04-22 #Obsession: freeing yourself from social media disorder by Seyedeh Tina Sadri, M.A. L.M.F.T. and Randall Frakes There is a real epidemic of social media addiction in this country and abroad - wherever anyone has access to the Internet. When a British youth tries to kill himself because he cannot take the perfect "selfie," we know humankind has crossed a line into dangerous and toxic territory. Beneath the surface topic of social media disorder, this book is really about self-esteem related disorders that lead to over-reliance on outside validation. Because it is new and pervasive, especially to a young generation raised under its influence and never knowing anything different, social media is the main culprit for behavior disorders plaguing otherwise balanced individuals. This book explores the outer extremes of the disorder and then furnishes several important, yet simple, processes by which to restore psychological balance. Social Media is a positive tool in our lives when used properly. This book serves as a guide on how to interact with social media in a healthy way. People are becoming more and more obsessed with communicating an idealized version of themselves to strangers and creating an electronic ghost personality that exists only because certain facts are edited out. This is one of the first and most enlightening books on this growing epidemic of social media addiction. It is a fascinating exploration of social media, but also a way to see yourself in the many amazing case histories - and decide if you are a victim of this modern malady. #Obsession will appeal to anyone who uses social media, which is nearly everyone on the planet, even people in third world countries.

Profit First Mike Michalowicz 2017-02-21 Author of cult classics The Pumpkin Plan and The Toilet Paper Entrepreneur offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: Sales - Expenses = Profit. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: Sales - Profit = Expenses. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that: · Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances. · A small, profitable business can be worth much more than a large business surviving on its top line. · Businesses that attain early and sustained profitability have a better shot at achieving long-term growth. With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.

of the computer revolution. What has not changed is the feverish pace of the high-tech industry, the go-for-broke approach to business that has caused so many computer companies to win big (or go belly up), and the cult of pursuing mind-bending technological innovations. *The Soul of a New Machine* is an essential chapter in the history of the machine that revolutionized the world in the twentieth century.

Make Money from Home Lela Gibson 2017-12-23 You're About To Discover The #1 Secret To Making Money From Home And Escape The 9-5 Rat Race If I only had one thing to tell anyone out there who is either new to the job market or is graduating, that would thing would be: "Jobs suck! Well, at least the old-fashioned version of a job where you have to do something you don't really like from 9-5 and are simply paid for your time to only slave yourself on the job." I like calling this the 'sell your time' personal business model where you literally exchange your time for money. In other words, you sell your time to someone and they pay you for it. That's not right. If you've been there, and actually experienced what I'm talking about, you'll know that this personal business model actually sucks. I'd say you need to do things differently; work in your PJs or underwear, avoid the commute, respond to emails from a hammock as you sip coffee, and so on. I'm sure you've heard the benefits of working from home-and yes, they are all true. As you read this book, you will discover some things that will surprise you about what it's truly like when you don't have to wake up early to beat the traffic snarl up. Besides that, and primarily, this book will teach you the many different ways of making money from home to escape the 9-5 rat race, and be able to do many more things you love. Here's Just A Small Preview Of What You'll Learn... How to Make \$2,000 a Month Online McVal Osborne 2018-08-10 Imagine waking up every day with the freedom to decide where you want to travel to, and how much you want to work the next week. Imagine making six-figures a MONTH, rather than a YEAR. Well, what if I told you you could be making \$2,000 extra each month within 30 days? You'd think I was some kind of scam artist, right? I've read over 100 books on online money making and freelancing in the last two years alone. I've also interviewed dozens of experts who agreed to speak to me about the topic and how they got to where they are today. Don't get me wrong, it's not like I have some magic ability for getting people to make money online and start working remotely. It's just that I know one thing lots of other

people don't: It's all about mindset. Top freelancers, remote workers and location independent entrepreneurs are willing to take risks, learn new skills, and sell solutions that customers really want. They don't care if they have credentials. They don't care if they've done this before. They don't even care if they have the necessary skills (yet). The bottom line? They shift their frame of mind away from the self and concentrate on what people out in the market are saying they want.

Launch (Updated & Expanded Edition) Jeff Walker 2023-09-26 From the creator of Product Launch Formula, an expanded edition of the #1 New York Times best-selling guide that's helped countless entrepreneurs make millions--now in paperback. "What Jeff Walker teaches in LAUNCH is vital for modern marketing success. You don't need more tactics or tools; you need smart strategy, and that's exactly what this book delivers." -- Marie Forleo, #1 New York Times best-selling author of Everything Is Figureoutable The revised and updated edition of the #1 New York Times bestseller Launch will build your business--fast.

Whether you've already got an online business or you're itching to start one, this is a recipe for getting more traction and a fast start. Think about it: What if you could launch like Apple or the big Hollywood studios? What if your prospects eagerly counted down the days until they could buy your product? And you could do it no matter how humble your business or budget? Since 1996, Jeff Walker has been creating hugely successful online launches. After bootstrapping his first Internet business from his basement, he quickly developed a process for launching new products and businesses with unprecedented success. And once he started teaching his formula to other entrepreneurs, the results were simply breathtaking. Tiny, home-based businesses started doing launches that brought in tens of thousands, hundreds of thousands, and even millions of dollars. Whether you have an existing business or you're starting from scratch, this is how you start fast. This formula is how you engineer massive success. Now the question is this: Do you want to start slow, and fade away from there? Or are you ready for a launch that will change the future of your business and your life?

Gordon 2009-09-28 An up-to-date and expanded edition of the Trump guide to starting a business Although he has ups and downs like every entrepreneur, Donald Trump is one of the world's most famous entrepreneurs for good reason--he's one of the best. In Trump University Entrepreneurship 101, Second Edition he teams up with business owner and professor Michael Gordon to show you how to take your dream and turn it into a big-time moneymaker. This new edition is completely updated with timely new material and three new chapters, teaching you how to build a technology venture, even without formal technical education; how to use social networking, Web 2.0, and "cloud computing" to achieve competitive advantages, and how to exploit opportunities during recessionary times. If you dream of starting your own business, this is the inspiring, comprehensive guide that shows you how to do it from planning to starting up to expansion. It shows you how to mobilize resources, develop a workable strategy, write an effective business plan, raise money, negotiate with investors, and launch your business. With a first chapter by Trump Author Michael Gordon is the founder of five successful companies and teaches entrepreneurship at a number of colleges, including the Harvard University Extension School, Babson College and The International School of Management in Paris Fully revised and updated including new chapters on hot topics in entrepreneurship Includes visual models, case studies, downloadable worksheets, pep talks, and stories from Trump himself If anyone knows how to succeed in business, it's Donald Trump and his team of experts from Trump University. If you are ready for your entrepreneurial adventure, here's all the help you need.
