Destroyer Joshua Dalzelle 2017-11-04 A relentless enemy... An old wolf's last hunt... The future of two species hanging in the balance... The Darshik war machine is flagging, but the war is far from over. Even as an exhausted Federation military tenses up for a counterattack after repelling the last Darshik invasion, reports are coming in of a new, more powerful class of ship that's striking deep into Terran space. Captain Jackson Wolfe has been given the fleet's newest, most advanced destroyer and tasked with eliminating this new threat before it can claim any more human lives. What he finds, however, is immeasurably more dangerous than just some new class of starship ... it's a horror that could lead to the destruction of both their species if it isn't stopped. Destroyer is the third book in the Expansion Wars Trilogy and part of the #1 bestselling Black Fleet Saga.

Aboard the Farragut Class Destroyers in World War II Leo Block 2009 The World War II-era Farragut class destroyers were a unique collection of eight U.S. Navy ships. The first destroyers to be equipped with five-inch, 38 caliber dual-purpose guns and a fully automated fire control system, they presented unique challenges and experiences for the enlisted men who served aboard them. Fittingly, their sailors were a proud and cocky group, as they served on the smallest, roughest riding, and fastest men-of-war, ships with more firepower for their size than any other class of ship in the U.S. Navy.

Seek, Strike, and Destroy Christopher Richard Gabel 1986 In the seventy years that have passed since the tank first appeared, antitank combat has presented one of the greatest challenges in land warfare. Dramatic improvements in tank technology and doctrine over the years have precipitated equally innovative developments in the antitank field. One cycle in this ongoing arms race occurred during the early years of World War II when the U.S. Army sought desperately to find an antidote to the vaunted German blitzkrieg. This Leavenworth Paper analyzes the origins of the tank destroyer concept, evaluates the doctrine and equipment with which tank destroyer units fought, and assesses the effectiveness of the tank destroyer in battle.

Conflict Devon C. Ford 2019-01-18 The Ninth Fleet returns to Mars after barely surviving its last brush with the Va'aleni; their enemy now stranded in the Centauri system after a daring mission far behind enemy lines to destroy their gateway device. Re-armed, re-fitted and hopeful that they pack enough punch to take on the superior foe, the human fleet heads back to pit their new ships against the Va'aleni swarm. But when they get there, they find the whole sector of space empty. As they begin building a space station as a foothold in the region, their recon ship, the Ichi, is sent ahead to explore, only for a worrying discovery to leave Brandt and her team stranded and cut off on the surface of a strange and hostile moon. Fighting against the clock, facing a danger the fleet might not survive, further discoveries and treachery threaten everything.

Into the Storm Taylor Anderson 2008-06-03 A captain and his crew journey out of time and into battle in the first novel in New York Times bestselling author Taylor Anderson's alternate history Destroyermen saga. Pressed into service when World War 2 breaks out in the Pacific, USS Walker—a Great War-era destroyer—finds itself in full retreat from pursuit by Japanese battleships. Its captain, Lieutenant Commander Matthew Patrick Reddy, heads Walker into a squall for cover. They emerge somewhere else... Familiar landmarks appear, but the water teems with vicious, monstrous fish—and there appear to be dinosaurs grazing onshore. Matt and his crew have entered an alternate world...and they are not alone. Humans have not evolved, but two other species have. And they are at war. Reddy and the crew of the Walker have the power and weaponry capable of turning a primitive war into a genocidal Armageddon. Now they must decide which species they will support, because the side they choose will be victorious...

The Floating Drydock's Plan Book Thomas F. Walkowiak 1988

The New Destroyer: Guardian Angel Warren Murphy 2007-05-01 THE DESTROYER NEVER DIES . . . VIVA LA REVOLUCION! When a dozen border patrol volunteers are murdered in New Mexico, apparent victims of Mexican nationals, Dr. Harold W. Smith of the super-secret agency CURE worries the first salvo in a new border dispute has been fired. His worst fears are realized with the appearance of the charismatic Santa Ana, a uniformed, would-be despot with a silver tongue and a thirst for bloody revolution. General Santa Anna has redrawn the border between the U.S. and Mexico to fit his own twisted version of reality, and thousands of illegal aliens are drawn to his message of liberation. The Southwest is on fire, and as the revolution explodes the entire nation is at risk. It seems the brazen general has planned for every eventuality. Except one... Mostly MIA for the past four years, Remo Williams, CURE's one man enforcement arm, has returned to the U.S. just in time to prevent Armageddon. With his Korean mentor Chiun, the Master of Sinanju, at his side, America just might live to see mañana. But it turns out Santa Anna is not the only threat to The Destroyer. Remo not only must save the United States from civil war, he must square off against the only woman who ever killed him... Counterstrike Joshua Dalzelle 2015-10-28 Captain Jackson Wolfe never thought he'd see the end of the Phage War in his lifetime. The enemy was too powerful, too numerous, and utterly determined to exterminate humanity. But the appearance of a new ally in the fight has changed all of that. For the first time since the original incursion Wolfe thinks that maybe there's a chance to stop their implacable enemy before they have the chance to wipe out any more human planets. That opportunity comes at great cost, however, and even as he makes plans for their first offensive move on the Phage, Jackson is all too aware that most of them will not survive. "Counterstrike" is book three of the bestselling Black Fleet Trilogy.

Empire (Unification Trilogy, Book 3) Joshua Dalzelle 2022-02-26 The final fight for control of humanity begins now. The United Terran Federation is on the brink of collapse after a devastating attack by the Eastern Star Alliance that has left four planets depopulated and uninhabitable. Terrified member worlds are fleeing from the Federation and the remnant of their once-mighty fleet has retreated to the last place they are welcome: Earth. Out of options and time, the Federation turns to Admiral Jackson Wolfe and his new superweapon that could be the key to turning the tide of the war in their favor. Admiral Wolfe knows that no matter what, the fate of humanity will be decided in the coming battle. Empire is the final book in the bestselling Black Fleet Saga.

Fletcher Class Destroyers Lester Abbey 2007-11-26 The 'ShipCraft' series provides in-depth information about building and modifying model kits of famous warship types. Lavishly illustrated, each book takes the modeller through a brief history of the subject class, using scale plans to highlight differences between sisterships and changes in their appearance over their careers, then moves to an extensive photographic survey of either a high-quality model or a surviving example of the ship. Hints on building the model, and on modifying and improving the basic kit, are followed by a section on paint schemes and camouflage, featuring numerous colour profiles and highly-detailed line drawings. The strengths and weaknesses of available kits of the ships are reviewed, and the book concludes with a section on research references—books, monographs, large-scale plans and relevant websites. The subject of this volume is the Fletcher class, often considered the most successful of all American destroyers. Built to the first design that was freed from treaty restrictions, they came into service near the beginning of the Pacific War and fought with distinction through all the most ferocious of the campaigns against Japan. They were constructed in large numbers, with a number of variations, and their popularity is reflected by the wide range of available kits.

Battleship, Battlegroup-cruiser Destroyer Group Homeporting, San Francisco Bay 1987

The Best of the Destroyer Warren Murphy 2013-05-03 In combination with the launch of *The New Destroyer*, brand-new novels continuing this bestselling, action-packed series, Forge is publishing this omnibus of three of the definitive *Destroyer* novels. Hand-picked by co-creator and co-author Warren Murphy, these three novels serve as both a revisit to the golden age of the series and a great introduction to what Remo Williams and his Sinanju master, Chiun, have been up to for the past thirty years. Included are: *The Destroyer: Chinese Puzzle* The US President calls upon the service of Remo and Chiun to smash an Asian conspiracy that could lead to a US-China confrontation . . . if the superhuman weapon of destruction fails, it could mean the end of the USA. *The Destroyer: Slave Safari* There is a secret only Chiun knows. America has committed a sin against him he cannot pardon -- and he will not even share it with Remo Williams, the Destroyer, whom he has taught all his skills and loves as a son. Deep in Africa, countless feuds that have blazed for many centuries are quickly being resolved by death and massacre. A massive conspiracy is unearthed surrounding the centuries-old slave trade, and only Remo can unravel it. *The Destroyer: Assassin's Playoff* After a brutal fight in the streets of New Jersey, Remo and Chiun find themselves in battle after battle. Their arch-enemy and fellow assassin, the Maestro of Mayhem known as Nuihc, is hoping to knock out his competition. It all comes to a boil in Chiun's hometown in North Korea as the Destroyer finds himself in a fight to the death. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Warship Joshua Dalzelle 2015 "In the 25th century humans have conquered space. The advent of faster-than-light travel has opened up hundreds of habitable planets for colonization, and humans have exploited the virtually limitless space and resources for hundreds of years with impunity. So complacent have they become with the overabundance that armed conflict is a thing of the past, and their machines of war are obsolete and decrepit. What would happen if they were suddenly threatened by a terrifying new enemy? Would humanity fold and surrender, or would they return to their evolutionary roots and meet force with force? One ship--and one captain--will soon be faced with this very choice"--Back cover.

Comes the Destroyer David VanDyke 2014-01-20 Over 500 pages filled with your favorite characters and the military science fiction action you've come to love. When the enormous world-killing alien Destroyer arrives in the Solar System, EarthFleet must use every resource and employ every tactic from sneak attacks to suicide ships to fend off its genocidal intentions. This is the culmination of the Alien Invasion story arc, setting up the transition book "Forge and Steel" before launching the *Plague Wars: Stellar Conquest* sub-series.

Iron and Blood Joshua Dalzelle 2017-01-31 The Black Fleet Saga continues... A human planet has been invaded. The enigmatic Darshik have landed troops on a frontier world and have begun subduing major cities even as their blockade repels all attempts by the fledgling United Terran Federation to mount a counteroffensive. The Federation's military command is desperate and with their fleet still in tatters they make a last ditch effort to free the planet: They pull Captain Jackson Wolfe out of retirement and put him in command of a ship they hope can get past the defending armada and provide support to the beleaguered Marines and civilians fighting on the surface of the contested world. There is no reasoning with this enemy. If the Terran Federation wants their planet back, they will have to pay the price. *Iron & Blood* is the second book of *The Expansion Wars Trilogy* and the fifth book of the *Black Fleet Saga*.

Blood On The Sea Robert Sinclair Parkin 1996 First time in paperback: A unique portrait of American military action through the stories of the seventy-one U.S. destroyers sunk in World War II.

No Quarter (Unification War Trilogy, Book 2) Joshua Dalzelle 2021-04-29 Humanity is fractured and on the brink of war...The United Terran Federation and the Eastern Star Alliance have been fighting in minor skirmishes along the border region for the last few years, but now it threatens to break out into a full-on war with the victor assuming control of all human space. The Alliance has fired the opening shots with a horrific strike on a civilian target, killing millions and shocking the Federation's parliament into action. Now mighty fleets of starships are moving against each other, ready for the final battle that will settle the conflict once and for all. The venerable Admiral Jackson Wolfe prepares himself for one last fight as his nemesis, Admiral Vadim Kohl, looks to make a name for himself by defeating the infamous Federation officer in battle. Jackson

knows events are now in motion that can't be stopped and only one thing is certain: win or lose, nothing will ever be the same again.

German Destroyers of World War Two M. J. Whitley 1991 The definitive study of Germany's destroyer arm throughout World War II.

Contact Devon C. Ford 2018-11-09 The recon ship, the Ichi, made contact with alien beings deep in space, making new allies and new enemies. The hastily-built fleet makes for the Centauri system, desperate to catch up with the Ichi, and their arrival comes just in time to encounter the almost invisible threat of the war-like Va'alén. But the fleet soon discovers that what is dominant technology in one solar system is dangerously out of its depth in another. Finding themselves in the middle of an alien war, inadvertently picking sides in exchange for advanced technology, the true cost of war is brought home to them in stark reality and loss of life. It will take great courage and high-risk tactics to endeavour to cripple the Va'alén so the fleet can regroup and head for home. Leaving Centauri for Earth, and unaware of the scale of power and technology they will need to secure the system and all the resources it holds, Admiral Dassiova's fleet, what remains of it, lands in deep water.

Battleship Leviathan Craig Martelle 2021-09-30 A derelict warship, ancient but still alive. A small team of humans fighting for all humanity. Built for a time when the races were just finding their way to the stars, finding that they could dominate others. The galactic conquests created the arms race and the ancients, the Progenitors had to protect their own. They built a ship to drive the others away. It worked. And it didn't. The Progenitors abandoned the galaxy to the newcomers, leaving relics behind as monuments to their failure. Humanity spread to the stars and ran headlong into the established races. A new war begins, and no one conducts war better than humanity except for the Blaze Collective. The two go head-to-head while humanity frantically searches for something to give them an advantage. Ancient technology. The derelicts scattered across the galaxy. Gutted and useless. Except for one, hidden in plain sight, close to Earth. Major Declan Payne takes his team aboard to find that the ship is no derelict, and it needs him as much as humanity needs it. *Battleship: Leviathan*. A Doomsday Weapon whose only goal is peace. Experience the start of a Military Sci-Fi Series from Amazon Bestselling author Craig Martelle. It's perfect for fans of Rick Partlow, Jay Allan, and Joshua Dalzelle.

British Destroyers & Frigates Norman Friedman 2012-10-22 Since the Second World War the old categories of destroyer and frigate have tended to merge, a process that this book traces back to the radically different 'Tribal' class destroyers of 1936. It deals with the development of all the modern destroyer classes that fought the war, looks at the emergency programmes that produced vast numbers of trade protection vessels - sloops, corvettes and frigates - then analyses the pressures that shaped the post-war fleet, and continued to dominate design down to recent years. Written by America's leading authority, it is an objective but sympathetic view of the difficult economic and political environment in which British designers had to work, and benefits from the author's ability to compare and contrast the US Navy's experience. Norman Friedman is renowned for his ability to explain the policy and strategy changes that drive design decisions, and his latest book uses previously unpublished material to draw a new and convincing picture of British naval policy over the previous seventy years and more. Hugely successful with enthusiasts and professionals alike from its first publication in 2006, this is the book's third edition.

New Frontiers Joshua Dalzelle 2016-08-08 The Phage War had been a devastating conflict for the Terran Confederacy. Even with the destruction of their terrifying, implacable foe, humanity is still reeling. Political alliances are crumbling and their mighty fleet is in tatters. There is nothing to celebrate, even after such a complete victory. They soon learn that there are other stellar neighbors ... and they've been watching the conflict with great interest. One species comes with an offer of friendship and alliance, but humanity is weary and distrustful, their only interactions with aliens having resulted in the near-eradication of their kind. Before the ashes of war have been fully swept away Captain Celesta Wright is dispatched to the Frontier with a small taskforce to investigate a mysterious signal while the Confederacy struggles to hold itself together. A partnership with this new species could help accelerate the recovery effort, but is the offer too good to be true? Can humanity risk another fight with an advanced alien species right on the heels of the bloodiest war that had ever been waged? *New Frontiers* is the first book of the *Expansion Wars Trilogy*, an all adventure in the *Black Fleet* universe.

Destroyer Brian G Turner 2020-08-17 Jaigar expected to wake up after thirty years to start building a new world in another star system. Instead, he finds himself one of a handful of survivors on an abandoned colony ship. With no food or water, and only emergency power, his first challenge is to keep everyone alive. The next is to try and understand their situation, by figuring out what happened to the original crew and other colonists. But Jaigar will find survival more difficult than he expects, especially when each of the other survivors has a secret that could help him - or kill him.

Destroyer Battles Robert Cecil Stern 2009 This book recounts some of the most significant, spectacular or unusual actions in the history of destroyer warfare, from the first employment of torpedo craft during the Russo-Japanese War to the recent terrorist attack on USS Cole. With individual chapters devoted to each incident, each reflects a development in the tactics or technology, so taken as a whole the book amounts to an outline history of the destroyer.

Call to Arms Joshua Dalzelle 2015-06-27 From Joshua Dalzelle comes the follow up to the #1 Bestseller "Warship." Captain Jackson Wolfe survived the initial incursion of a vicious alien species into human space ... barely. He had assumed the juggernaut that had devastated three Terran systems was the herald for a full invasion, but for the last few years it has been eerily quiet along the Frontier. Jackson now struggles to convince the Confederate leadership the threat is still imminent and needs to be taken seriously. While powerful factions make backroom deals he is desperate to find irrefutable proof that the invaders are coming and if humanity expects to survive they must marshal their forces and make a stand before it's too late.

Destroyer C. J. Cherryh 2006-02-07 The seventh novel in Cherryh's Foreigner space opera series, a groundbreaking tale of first contact and its consequences... It has been two years since the starship Phoenix left Alpha Station on a rescue mission where over four thousand human spacers were under attack by a hostile alien race. Now, exhausted from their journey, the crew of the Phoenix yearns for home. But when the ship makes the jump into atevi space and contacts Alpha, they learn the worst: that supplies to the station have been cut off; that civil war has broken out on the atevi mainland; that the powerful Western Association has been overthrown; and that Tabini-aiji, Bren Cameron's primary supporter and Ilisidi's grandson and ally, is missing and may be dead. With no one left to lead the Western Association, Ilisidi and Bren know that the survival of their allies lies in their hands. And with the atevi world at war, the only safe landing strip lies on the human colony at Mospheira. Although there are many dangers inherent in bringing a powerful atevi leader such as Ilisidi onto human lands, Bren realizes they have no other choice. But even if they safely survive their landing, will Bren and Ilisidi together prove strong enough to muster the remaining shards of the Western Association and regain control of their planet? The long-running Foreigner series can also be enjoyed by more casual genre readers in sub-trilogy installments. Destroyer is the 7th Foreigner novel, and the 1st book in the third subtrilogy.

Destroyer Chris Fox 2016-03-18 Mankind's outer colonies are disappearing. Without warning. Without a trace. Fleet command chalks the attacks up to pirates, but Captain Dryker of the UFC Johnston isn't buying it. Defying command, he leads his misfit crew into hostile territory in search of answers. They encounter the

mythical Void Wraith, an unstoppable legend whispered by the first race. After 26,000 years the Void Wraith have returned to begin the next Eradication. Their technology is superior, their motives unclear. Humanity cannot stop them. Not without help. Captain Dryker's only hope is to forge an alliance with mankind's greatest enemy, the savage Tigris. One maverick captain, an unlikely crew, and an aging vessel are all that stand between humanity and the Eradication. "It's like Battlestar Galactica and Mass Effect had a baby, and that baby was raised by Starcraft. I read this book in one sitting, and immediately looked for the next." - The author's totally biased friend.
