**The Auschwitz Reports and the Holocaust in Hungary** Randolph L. Braham 2011 A collection of papers read at the International Conference held in New York in April 2011 under the sponsorship of the Institute for Holocaust Studies of the Graduate Center of the City University of New York and the Franklin and Eleanor Roosevelt Institute. The studies deal with the domestic and international ramifications of the Holocaust in Hungary, with several of them focusing on the successes and failures of the rescue decisions made under the impact the so-called Auschwitz Reports.

**The Holocaust Chronicle** Marilyn J. Harran 2000 The Holocaust Chronicle: A History in Words and Pictures recounts the anguishing story of the most terrible crime of the 20th century. During World War II, six million Jews--as well as other targeted groups including Poles, the handicapped, and homosexuals--were systematically murdered by Adolf Hitler's Nazi Germany and its collaborators. Although the weight and heft of The Holocaust Chronicle cannot capture the immensity of its subject, the book's 768 pages suggest that the Holocaust is a topic that must be openly confronted. Written and fact-checked by top scholars, the chronicle offers: A 3,000-item timeline pinpointing specific events that contributed to the Holocaust, such as Nazi Germany occupation during World War II, the sealing of urban ghettos in Europe, and the deportation of millions of Jews to death camps. Nearly 2,000 photographs chronicling the Holocaust in starkly visual terms, including images of the massacre of more than 33,000 Ukrainian Jews at Babi Yar and pictures from the liberation of Auschwitz and other concentration camps. Fourteen chapter-opening essays that put the most important years of the Holocaust and its immediate aftermath into perspective, beginning with Hitler's rise to power and ending with the convictions of such Nazi officials as Hermann Göring at the Nuremberg Trial. More than 250 sidebars detailing the significant places, issues, events, and people of the Holocaust, including Anne Frank and Heinrich Himmler. An extensive prologue and epilogue that discuss the buildup to and aftermath of the Holocaust. \* This is an alternate cover of Holocaust Chronicle: A History in Words and Pictures (ISBN-13: 9781680228328), content is the same. \*

**Self-financing Genocide** G bor K d r 2004-01-01 Discusses the process of the economic annihilation of the Jews in Hungary, who- from the economic point of view - were more influential than any other Jewish community in Europe. Following the German occupation in March 1944 the collaborating Hungarian government attempted to assert its claim concerning the complete confiscation of Jewish assets at all stages of the road leading to the extermination camps. The cooperation with the Germans proved to be the most problematic in this area. The story of the Jewish Gold Train is a relatively small but all the more emblematic chapter of the economic annihilation. The circumstances of the freight's assembling, the German-Hungarian conflicts concerning the train, the looting attempts, the fate of the assets seized by the Allies (double victimization of the survivors) provide the reader with an insight into the history of the repeated looting of the Hungarian Jewry. The book analyzes the role played by SS-Obersturmbannführer Kurt Becher, one of the most controversial and mysterious figures in the Hungarian and universal history of the Holocaust. Becher, delegated to Hungary by Himmler, administered and benefited from the confiscation of an enormous amount of Jewish assets."

**The Politics of Genocide** Randolph L. Braham 1981

*The Nazis' Last Victims* Randolph L. Braham 2002-05-01 The Nazis' Last Victims articulates and historically scrutinizes both the uniqueness and the universality of the Holocaust in Hungary, a topic often minimized

in general works on the Holocaust. The result of the 1994 conference at the United States Holocaust Memorial Museum on the fiftieth anniversary of the deportation of Hungarian Jewry, this anthology examines the effects on Hungary as the last country to be invaded by the Germans. The Nazis' Last Victims questions what Hungarians knew of their impending fate and examines the heightened sense of tension and haunting drama in Hungary, where the largest single killing process of the Holocaust period occurred in the shortest amount of time. Through the combination of two vital components of history writing—the analytical and the recollective—The Nazis' Last Victims probes the destruction of the last remnant of European Jewry in the Holocaust.

*Genocide and Retribution* R.L. Braham 2012-12-06 During the dark years of the Holocaust, many of the millions of labor and concentration camp victims were sustained in their struggle for survival by the hope that their tormentors would not escape retribution. This expectation was reinforced by the warnings issued by the statesmen of the anti-Axis coalition and the declarations of the United States, Great Britain, and the USSR. Shortly after the cessation of hostilities, war crimes trials were indeed initiated in all parts of liberated Europe. Many of the accused were indicted, among other things, for crimes committed against Jews. People's tribunals for the prosecution of war crimes and crimes against humanity were also established in Romania, a country that extricated itself from the Axis Alliance on 23 August 1944. The Romanian people's tribunals were set up and operated under the provisions of Law No. 312, issued by the Ministry of Justice on 21 April 1945. One of these tribunals was established in Cluj (Kolozsvár) and entrusted primarily with the prosecution of those involved in the violation of the rights of people living in Northern Transylvania, the part of the province that was transferred to Hungary under the terms of the Second Vienna Award (August 1940) and which remained under Hungarian rule from early September 1940 until its liberation by Soviet-Romanian forces in the fall of 1944. The crimes committed against the citizens of Northern Transylvania both within and outside the province were the subject of two major trials.

**The Holocaust in History** Michael Robert Marrus 1987 Did Europe's Jews go passively to their deaths? How did Nazi anti-Semitism evolve into mass murder? How important was Hitler's own hatred of the Jews in creating the Final Solution? Why didn't the Allies aggressively try to save Jews before the war's end? Michael R. Marrus, in the first comprehensive assessment of the vast historical literature on the Holocaust, tackles explosive issues and tortured memories, handling them with judiciousness and sensitivity. Drawing on the entire range of historical literature on this subject, he comments upon the questions that have troubled observers over the years. By applying the tools of historical, sociological, and political analysis, he presents a balanced but eye-opening treatment of many highly charged topics on the Holocaust, including the role of collaborationist governments, the Roman Catholic Church, the local populations, Jewish ghetto leadership, and the Jews themselves. *When the Danube Ran Red* Zsuzsanna Ozsvath 2010-08-16 Opening with the ominous scene of one young school girl whispering an urgent account of Nazi horror to another over birthday cake, Ozsváth's extraordinary and chilling memoir tells the story of her childhood in Hungary, living under the threat of the Holocaust. The setting is the summer of 1944 in Budapest during the time of the German occupation, when the Jews were confined to ghettos but not transported to Auschwitz in boxcars, as were the Hungarian Jewry living in the countryside. Provided with food and support by their former nanny, Erzsébet, Ozsváth's family stays in a ghetto house where a group of children play theater, tell stories to one another, invent games to pass time, and wait for liberation. In the fall of that year, however, things take a turn for the worse. Rounded up under horrific circumstances, and shot on the banks of the Danube by the thousands, the Jews of Budapest are threatened with immediate destruction. Ozsváth and her family survive because of Erzsébet's courage and humanity. Cheating the watching eyes of the murderers, she brings them food and runs with them from house to house under heavy bombardment in the streets. As a scholar, critic, and

translator, Ozsváth has written extensively about Holocaust literature and the Holocaust in Hungary. Now, for the first time, she records her own history in this clear-eyed, moving account. When the Danube Ran Red combines an exceptional grounding in Hungarian history with the pathos of a survivor, and the eloquence of a poet to present a truly singular work.

*A Nation Divided by History and Memory* Gábor Gyáni 2020-07-13 During the last few decades there has been a growing recognition of the great role that remembering and collective memory play in forming the historical awareness. In addition, the dominant national form of history writing also met some challenges on the side of a transnational approach to the past. In *A Nation Divided by History and Memory*, a prominent Hungarian historian sheds light on how Hungary's historical image has become split as a consequence of the differences between the historian's conceptualisation of national history and its diverse representations in personal and collective memory. The book focuses on the shocking experiences and the intense memorial reactions generated by a few key historical events and the way in which they have been interpreted by the historical scholarship. The argument of *A Nation Divided by History and Memory* is placed into the context of an international historical discourse. This pioneering work is essential and enlightening reading for all historians, many sociologists, political scientists, social psychologists and university students.

**Rezső Kasztner** Ladislaus Löb 2009 Tells the story of the man who saved hundreds - indeed probably thousands - from the Holocaust. This work is also the story of a child who lived to grow up after the Holocaust thanks to that man. It offers a comprehensive account of a controversial episode of the Holocaust and its implications for Jewish/Israeli politics.

**Budapest Building Managers and the Holocaust in Hungary** Istvan Pal Adam 2016-09-30 This book traces the role of Budapest building managers or concierges during the Holocaust. It analyzes the actions of a group of ordinary citizens in a much longer timeframe than Holocaust scholars usually do. Thus, it situates the building managers' activity during the war against the background of the origins and development of the profession as a by-product of the development of residential buildings since the forming of Budapest. Instead of presenting a snapshot from 1944, it shows that the building managers' wartime acts were influenced and shaped by their long-term social aspiration for greater recognition and their economic expectations. Rather than focusing solely on pre-war antisemitism, this book takes into consideration other factors from the interwar period, such as the culture of tipping. In Budapest, during June 1944, the Jewish residents were separated not into a single closed ghetto area, but by the authorities designating dispersed apartment buildings as 'ghetto houses'. The almost 2,000 buildings were spread throughout the entire city and the non-Jewish concierges serving in these houses represented the link between the outside and the inside world. The empowerment of these building managers happened as a side-effect of the anti-Jewish legislation and these concierges found themselves in an intermediary position between the authorities and the citizens.

**Christianity and the Holocaust of Hungarian Jewry** Moshe Y. Herczl 1993-07 The role of the Christian church in Hungary during the Nazis' campaign of Jewish mass extermination has been largely forgotten, or repressed. This documentation and analysis of the church's lack of compassion-- and active persecution--of Hungary's Jews during this period begins with the arrival of Jews in Hungary at the end of the 17th century and traces the history of the Jewish community there. **The Treatment of Hungarian Jewish Health Professionals in the Shadow of the Holocaust** Julia Bock 2019-08-05 This book explores the social, medical and historical aspects of Hungarian Jewish doctors' lives, between the end of World War I and the start of World War II. It also answers how it was possible for these doctors to treat patients when inmates themselves, and what the reasons were for the unusually high percentage of Jewish youth choosing the medical profession in Hungary.

*The Holocaust in Hungary* Zoltán Vági 2013-09-05 The Holocaust in Hungary provides a comprehensive documentary account of one of the most brutal and effective killing campaigns in history. After Nazi Germany took control of Hungary late in World War II, Jews were rounded up with unprecedented speed and sent directly to Auschwitz. They would form the largest group of victims who perished in that camp. The complex interplay between German and Hungarian actors brought about the annihilation of a once-thriving Jewish community and the murder of hundreds of thousands of Jewish men, women, and children. The authors present extensive reports, testimonies, and other primary sources of these events accompanied by in-depth commentary that spans the years from the late 1930s to the fractured political landscape of postwar Hungary.

**The Holocaust in Hungary** Randolph L. Braham 2016-05-02 According to most historians, the Holocaust in Hungary represented a unique chapter in the singular history of what the Nazis termed as the 'Final Solution' of the 'Jewish question' in Europe. More than seventy years after the Shoah, the origins and prehistory as well as the implementation and aftermath of the genocide still provide ample ground for scholarship. In fact, Hungarian historians began to seriously deal with these questions only after the 1980s. Since then, however, a consistently active and productive debate has been waged about the history and interpretation of the Holocaust in Hungary and with the passage of time, more and more questions have been raised in connection with its memorialization. This volume includes twelve selected scholarly papers thematically organized under four headings: 1. The newest trends in the study of the Holocaust in Hungary. 2. The anti-Jewish policies of Hungary during the interwar period 3. The Holocaust era in Hungary 4. National and international aspects of Holocaust remembrance. The studies reflect on the anti-Jewish atmosphere in Hungary during the interwar period; analyze the decision-making process that led to the deportations, and the options left open to the Hungarian government. They also provide a detailed presentation of the Holocaust in Transylvania and describe the experience of Hungarian Jewish refugees in Austria after the end of the war. ý

**The Jews of Hungary** Raphael Patai 2015-07-01 The Jews of Hungary is the first comprehensive history in any language of the unique Jewish community that has lived in the Carpathian Basin for eighteen centuries, from Roman times to the present. Noted historian and anthropologist Raphael Patai, himself a native of Hungary, tells in this pioneering study the fascinating story of the struggles, achievements, and setbacks that marked the flow of history for the Hungarian Jews. He traces their seminal role in Hungarian politics, finance, industry, science, medicine, arts, and literature, and their surprisingly rich contributions to Jewish scholarship and religious leadership both inside Hungary and in the Western world. In the early centuries of their history Hungarian Jews left no written works, so Patai had to piece together a picture of their life up to the sixteenth century based on documents and reports written by non-Jewish Hungarians and visitors from abroad. Once Hungarian Jewish literary activity began, the sources covering the life and work of the Jews rapidly increased in richness. Patai made full use of the wealth of information contained in the monumental eighteen-volume series of the Hungarian Jewish Archives and the other abundant primary sources available in Latin, German, Hebrew, Hungarian, Yiddish, and Turkish, the languages in vogue in various periods among the Jews of Hungary. In his presentation of the modern period he also examined the literary reflection of Hungarian Jewish life in the works of Jewish and non-Jewish Hungarian novelists, poets, dramatists, and journalists. Patai's main focus within the overall history of the Hungarian Jews is their culture and their psychology. Convinced that what is most characteristic of a people is the culture which endows its existence with specific coloration, he devotes special attention to the manifestations of Hungarian Jewish talent in the various cultural fields, most significantly literature, the arts, and scholarship. Based on the available statistical data Patai shows that from the nineteenth century, in all fields of Hungarian culture, Jews played leading roles not duplicated in any other country. Patai also shows that in the Hungarian Jewish culture a specific set of psychological motivations had a highly significant function. The Hungarian national character trait of emphatic patriotism was present in an even more fervent form in the Hungarian Jewish mind. Despite their centuries-old struggle against anti-Semitism, and especially from the nineteenth century on, Hungarian Jews remained convinced that they were one hundred percent Hungarians, differing in nothing but denominational variation from the Catholic and Protestant Hungarians. This mindset kept them apart and isolated from the Jewries of the Western world until overtaken by the tragedy of the Holocaust in the closing months of World War II.

*The Holocaust in Hungary* Randolph L. Braham 2001 A multilingual bibliography, with 1,500 items classified under 43 sections, divided by genre (e.g. diaries, interviews, fictional accounts) and by subject (e.g. antisemitism; the Christian Churches and leaders; intellectuals and cultural life; anti-Jewish legislation; concentration and detention camps; rescue).

*The Historiography of the Holocaust* D. Stone 2004-01-20 This collection of essays by leading scholars in their fields provides the most comprehensive and up-to-date survey of Holocaust historiography available. Covering both long-established historical disputes as well as research questions and methodologies that have developed in the last decade's massive growth in Holocaust Studies, this collection will be of enormous benefit to students and scholars alike.

Jewish family's history of love, affection, persecution, and injustice. It tells about their close kinship and heart-wrenching experiences in labor and concentration camps. The book chronicles Alexander Taub's life-- from a playful childhood to a young adulthood shattered within a labor camp in Schachendorf, Austria. Every day is a new battle to survive amid countless bodies. He makes a daring escape and finds compassion in people who offer food and clothing. Rebuilding the ashes of his family, Taub takes us on an extraordinary journey to Manhattan, where he and surviving family members eventually become successful entrepreneurs. He uses street smarts and intuition to make his fortune but still remains an enigmatic figure building a brick wall to contend with the great losses in his life. While giving historical accounts and sufficient background information of these different periods, the author often transcribes verbatim his grandfather's broken English to illustrate the man's unique style and humorous outlook on life. This incredibly witty and courageous story of perseverance will greatly appeal to the reader's emotions.

**Hungarian Jews in the Age of Genocide** Ferenc Laczó 2016-09-12 In Hungarian Jews in the Age of Genocide, Ferenc Laczó offers a pioneering intellectual history of how a major European Jewish community responded to its exceptional drama during the age of persecution and the unprecedented tragedy in its immediate aftermath.

*The Jewish Leaderships in Slovakia and Hungary During the Holocaust Era* Ruth Landau 2023-04-26 This book challenges the established narratives surrounding the Holocaust. The focus of this book is the comparative study of the history of two Jewish communities in Central Europe, Slovakia and Hungary, during the Holocaust. The study reveals that, although the Jews of Slovakia and Hungary expected to receive reliable information from their leaders regarding how to behave in view of the Nazis' decrees, they were deported to the extermination camps without knowing where the journey would take them. In the spring of 1944, the Jewish leaders in both countries were fully informed about Auschwitz-Birkenau. Yet, they kept silent in order not to "create panic," and did not warn the Jewish people of the impending disaster. Estimates suggest that 83% of Slovakia's Jews, and 65% of Hungary's Jews perished in the Holocaust. Almost all the Jewish leaders in these two countries survived the Holocaust. The study further shows that, although one of the leaders, Dr. Rudolf Kasztner, saved 1,684 Jews on the 'Kasztner Train', not only did he not share the information in his possession regarding the final destination of the deportees to Auschwitz, but he also disseminated false information in Cluj, the town where he was born. His desire to help German Nazi war criminals, by giving them favorable character evidence at the Nuremberg trials, remains a mystery to this day.

*Genocide and Rescue* David Cesarani 1997-10 In this book historians examine one of the greatest tragedies of World War II, the deportation and murder of 435,000 Hungarian Jews during the last months of the war.

**How They Lived** András Koerner 2015-10-10 This book documents the physical aspects of the lives of Hungarian Jews in the late 19th and early 20th centuries: the way they looked, the kind of neighborhoods and apartments they lived in, and the places where they worked. The many historical photographs—there is at least one picture per page—and related text offers a virtual cross section of Hungarian society, a diverse group of the poor, the middle-class, and the wealthy. Regardless of whether they lived integrated within the majority society or in separate communities, whether they were assimilated Jews or Hasidim, they were an important and integral part of the nation. We have surprisingly few detailed accounts of their lifestyles—the world knows more about the circumstances of their deaths than about the way they lived. Much like piecing together an ancient sculpture from tiny shards found in an excavation, Koerner tries to reconstruct the many diverse lifestyles using fragmentary information and surviving photos.

*Journey to Vaja* Elaine Kalman Naves 1996 'A family history that is meticulously researched, rich in personal detail and an unusual resource for those seeking to build a bridge over the holocaust between the world of Pre-War European Jewry and contemporary Jewish life.' - Helen Epstein, Author

**Agency and the Holocaust** Thomas Kühne 2020-04-28 The book assembles case studies on the human dimension of the Holocaust as illuminated in the academic work of preeminent Holocaust scholar Deborah Dwork, the founding director of the Strassler Center for Holocaust and Genocide Studies, home of the first doctoral program focusing solely on the Holocaust and other genocides. Written by fourteen of her former doctoral students, its chapters explore how agency, a key category in recent Holocaust studies and the work of Dwork, works in a variety of different 'small' settings - such as a specific locale or region, an organization, or a group of individuals.

*The Politics of Genocide* Randolph L. Braham 2000-04-01 The Politics of Genocide: The Holocaust in Hungary, Condensed Edition is an abbreviated version of the classic work first published in 1981 and revised and expanded in 1994. It includes a new historical overview, and retains and sharpens its focus on the persecution of the Jews. Through a meticulous use of Hungarian and many other sources, the book explains in a rational and empirical context the historical, political, communal, and socioeconomic factors that contributed to the unfolding of this tragedy at a time when the leaders of the world, including the national and Jewish leaders of Hungary, were already familiar with the secrets of Auschwitz. The Politics of Genocide is the most eloquent and comprehensive study ever produced of the Holocaust in Hungary. In this condensed edition, Randolph L. Braham includes the most important revisions of the 1994 second edition as well as new material published since then. Scholars of Holocaust, Slavic, and East-Central European studies will find this volume indispensable.

*Shoes Along the Danube* Phd T Zane Reeves 2011-11-16 Shoes Along the Danube refers to the memorial of cast iron shoes that honor Hungarian Holocaust victims. Based on a true story, this amazing book follows the lives of two extended Hungarian families, the R zlers and the F ldes, one gentile and the other Jewish, through three decades.-----The story begins in pre-World War II Budapest, as increasing fascism and anti-Semitism lead Hungary to become an ally of Germany. In 1944, Germany invades Hungary to exterminate Europe's last remaining group of Jews at the infamous Auschwitz death camp. The story builds through the siege of Budapest, the Russian occupation of Hungary, and separation by exile.-----Julius R zler is a rising star among Budapest academics and refuses to compromise his integrity. His American half-brother, Francis, is a diplomat helping democratic Hungarians fight Nazis, and later organizes covert activities against the communists. Agnes F ldes is a Jewish woman who fights to maintain her dignity during the Holocaust.-----"Professor Reeves tells a fascinating story of two of his Hungarian-American friends, Julius and my cousin Agnes, who grew up between world wars in Gentile and Jewish families on Rose Hill, an affluent district of Budapest. Even though Hungary was forced to become Germany's wartime ally, it looked that Hungarian Jews would be spared the genocide occurring throughout Europe. Yet, in 1944 everything changed when the Germans occupy Hungary for the purpose of exterminating its Jews. Reeves recounts the experiences of Holocaust victims and survivors, Righteous Gentiles who save Jews, as well as a dramatic ending in which a husband and wife are forced to choose between their vows and freedom." - S. A. Colman, Sydney, Australia -----"A fascinating, honest look at lives intertwined with the history unfolding around them set against the very real backdrop of that tumultuous history itself. The Shoes Along the Danube is a most fitting allegory for all those that left their lives behind. Highly recommended" - Bryan Dawson, Executive Chairman, American Hungarian Federation

**Footnote to History** Andrew Laszlo Sr. 2023-03-12 Arriving in America after World War II, Andrew Laszlo kept much of his Hungarian childhood a secret. Decades later, his wife Ann, convinced him to share the secret with his grown children. When Andrew was born in 1926, His middle-class family lived in Papa, a small town west of Budapest. It was a happy time. At age fifteen, Andrew was not allowed to join the Boy Scouts. His brother could not attend the university. The reason... Their mother was Jewish. As Nazi inspired antisemitism grew, Andrew's determination to survive was tested again and again. On March 19, 1944, Germany invaded Hungary. He wrote: "...as I warned you...Yes, from here on this account is going to get rough." His family was relocated to the Ghetto and forced to wear the yellow Star of David. Andrew's brother, Sandor, and then Andrew were conscripted into Hungarian Labor forces. His mother, father, grandmother and aunt were taken away. As the war dragged on, Andrew was sent to the Bergen-Belsen Concentration Camp. Years later; his children learned that Anne Frank was a prisoner in the camp at the same time. She perished before the war ended. The loss of his family deeply affected Andrew. At 20 years old, having nothing left, he escaped Russian occupied Hungary and made his way to post-war Germany. There, he filed an emigration petition for the United States. He arrived in New York Harbor on January 17, 1947. He carried his secret past locked in his heart...for 50 years. Andrew Laszlo went on to have a distinguished motion picture career. He was a cinematographer for over 50 movies and television series, including Shogun and Rambo, First Blood. He worked with many of the movie stars of his time. He traveled the world doing pictures and teaching the next generation of film makers.

**The Smell of Humans** Ernő Szép 1994-01-01 Primarily a piece of creative writing and autobiographical literature of a very distinctive Central European kind, this detailed and imaginative short memoir is also an important document of the Holocaust in Hungary in 1944. Written by a master of twentieth-century Hungarian literature, it describes life for the Jewish population of German-occupied Budapest—the constant fear of deportation overshadowing the daily trials of living in the ghetto—before concentrating on the writer's own interment in a labor camp during the first weeks of rule by the extremist Arrow Cross regime. The experiences of those nineteen days spent in the camp are both harsh and disturbing, yet throughout his

memoir Szep manages to maintain an extraordinary degree of compassion and detachment, even humor. Published to coincide with the fiftieth anniversary of the events described, this is the last of Szep's many literary works to appear in English."

**A History of the Holocaust** Saul S. Friedman 2004 A History of the Holocaust is a detailed, factual account of what happened across Europe during the Holocaust, with balanced coverage of each country. The Holocaust was unique within the context of the Second World War because Jews were disproportionately represented among the civilian casualties in that conflict. Over fifty million people died as a result of the application of total war. Twelve per cent of these were Jews. At the time, Jews constituted less than one-quarter of one per cent of the world's population. This book is intended as a textbook, not a philosophical interpretation of the Holocaust. Written in a highly accessible style, it is addressed to students and will inspire them to read more about the subject and to question the problems of the world.

**Eichmann And The Destruction Of Hungarian Jewry** Randolph L. Braham 2015-11-06 The capture of Adolf Eichmann and the subsequent dispute between Israel and Argentina before the Security Council of the United Nations have aroused new interest in the history of Nazi Germany in general and of its anti-Jewish policies in particular. This interest gained momentum as the preparations for Eichmann's trial progressed. The 15 years that have elapsed since the end of World War II have brought to light a plethora of new material and made possible a more objective evaluation of the Nazi design to liquidate the Jews of Europe, euphemistically referred to as "the final solution of the Jewish question." This study has a modest aim. Its primary purpose is to present a succinct, though informative, account of the destruction of the Hungarian Jewish community during World War II, with special emphasis on the role of Eichmann and his collaborators. Its scope and coverage are limited, for, indeed, volumes would be required to write the definitive history of Hungarian Jewry during the Nazi era on the basis of the recently discovered documentary and archival material alone. Such a larger project is now under consideration.-Preface

**Never Again** Martin Gilbert 2015-08-17 A work forty years in the making—Sir Martin Gilbert's illustrated survey of the pre- and post-war history of the Jewish people in Europe. Masterfully covering such topics as pre-war Jewish life, the Warsaw Ghetto revolt, and the reflections of Holocaust survivors, Gilbert interweaves firsthand accounts with unforgettable photographs and documents, which come together to form a three-dimensional portrait of the lives of the Jewish people during one of Europe's darkest times. "This volume introduces the crime to a new generation, so that it knows of the atrocities and the seemingly futile acts of defiance taken, in the words of Judah Tenenbaum, 'for three lines in the history books.'" —Booklist

**Jewish Cuisine in Hungary** András Koerner 2019-12-01 Winner of the 2019 National Jewish Book Award

in the category of Food Writing & Cookbooks. The author refuses to accept that the world of pre-Shoah Hungarian Jewry and its cuisine should disappear almost without a trace and feels compelled to reconstruct its culinary culture. His book—with a preface by Barbara Kirshenblatt-Gimblett—presents eating habits not as isolated acts, divorced from their social and religious contexts, but as an organic part of a way of life. According to Kirshenblatt-Gimblett: "While cookbooks abound, there is no other study that can compare with this book. It is simply the most comprehensive account of a Jewish food culture to date." Indeed, no comparable study exists about the Jewish cuisine of any country, or—for that matter—about Hungarian cuisine. It describes the extraordinary diversity that characterized the world of Hungarian Jews, in which what could or could not be eaten was determined not only by absolute rules, but also by dietary traditions of particular religious movements or particular communities. Ten chapters cover the culinary culture and eating habits of Hungarian Jewry up to the 1940s, ranging from kashrut (the system of keeping the kitchen kosher) through the history of cookbooks, the food traditions of weekdays and holidays, the diversity of households, and descriptions of food and hospitality industries to the history of some typical dishes. Although this book is primarily a cultural history and not a cookbook, it includes 83 recipes, as well as nearly 200 fascinating pictures of daily life and documents.

**How It Happened** Ernő Munkácsi 2018-10-29 A gripping first-hand account of the devastating "last chapter" of the Holocaust, written by a privileged eyewitness, the secretary of the Hungarian Judenrat, and a member of Budapest's Jewish elite, How It Happened is a unique testament to the senseless brutality that, in a matter of months, decimated what was Europe's largest and last-surviving Jewish community. Writing immediately after the war and examining only those critical months of 1944 when Hitler's Germany occupied its ally Hungary, Ernő Munkácsi describes the Judenrat's desperation and fear as it attempted to prevent the looming catastrophe, agonized over decisions not made, and struggled to grasp the immensity of a tragedy that would take the lives of 427,000 Hungarian Jews in the very last year of the Second World War. This long-overdue translation makes available Munkácsi's profound and unparalleled insight into the Holocaust in Hungary, revealing the "choiceless choices" that confronted members of the Judenrat forced to execute the Nazis' orders. With an in-depth introduction, a brief biography of Ernő Munkácsi, ample annotations by László Csósz and Ferenc Laczó, two dozen archival photographs, and detailed maps, How It Happened is an essential resource for historians and students of the Holocaust, the Second World War, and Central Europe.

**Jewish Budapest** Kinga Frojimovics 1999-01-01 This history of the Jews in Budapest provides an account of their culture and ritual customs and looks at each of the "Jewish quarters" of the city. It pays special attention to the usage of the Hebrew language and Jewish scholarship and also to the integration of the Jews
