Step Generation David Ballard 2010-05-25 Basically, the enemy we face in our country today is not an enemy attacking from the outside of our border, but an enemy embedded within. Freedom cannot thrive if the family unit does not survive. Without an

understanding of noble sacrifice, serving others, or divine accountability, we are doomed. The time is critical. We need men to step up to the plate of leadership; we need women to come alongside; and we need abandonment to be abandoned. As mentioned on the backside of this book, I am a product of this loose lifestyle myself, and as I matured into a young adult, I just fell into my place of hurting and misleading others too. This may be a similar lifestyle that you are in or came from. I did not truly understand the destruction that I was distributing until I looked at the wake I was leaving behind me in this lifestyle. So where did my personal change come from in my life? First of all, my personal change wasn't as easy as an oil change at Walmart. No, it was more like an engine overhaul by NASCAR. Disassembly of thoughts and lifestyle is part of the process. Reassembly with perseverance, grace, and love is a must in order to foster a changed life. Between the self-help books, shots of tequila, A.C.A. meetings, a couple six-packs, some acid trips, divorce, counseling, and losing my car a couple times, plus a dozen or so girlfriends, I finally opened a book my grandmother had given me. This book introduced me to Jesus. Now please don't drop this book and run. I'm not here to convert or preach, but I wouldn't be honest if I didn't mention the Bible and Jesus. Through both, I've learned the ability to love others as I would have liked to be loved as a child. Sacrificial, unadulterated, and kind—love that leads to the building up of others, not only to build my family directly but mankind as a whole. People obviously learn how to love by the example given them by their parents. The model lived out before them is the foundation with which they'll build their lives on. Women won't reach their full potential as an adult until they have made the decisions required of a mother, and boys won't grow up and become men until they are challenged to serve their own family and not themselves. Even if you don't believe in the Bible as an inspired word of God, Jesus taught us to be accountable to something bigger than ourselves and to love our neighbor as ourselves. If we could just put those two things into action—first in our lives, then our families' lives—our communities would thrive and not have to get into welfare lines, abortion lines, or battle lines. This book and workbook to follow are designed to give you, the reader, a better perspective of how challenging the "step life" can be. Whether you're the parent or the stepparent, the challenges and frustrations will be unique to your marriage. Sometimes you may feel like you're shipwrecked on an island all alone in the ocean of life because when you speak to friends or family they don't have an ex- to deal with. They don't have children to deal with: children that aren't biologically theirs. They don't have the feelings of frustration when the other parents' rules are mentioned in defiance or that parent does something that you disagree with, and you have no control to change their influence. Anyway, these things and more will be dealt in later chapters; so read on, soldiers.

Brown Girl Dreaming Jacqueline Woodson 2016-10-11 Jacqueline Woodson's National Book Award and Newbery Honor winner is a powerful memoir that tells the moving story of her childhood in mesmerizing verse. A President Obama "O" Book Club pick Raised in South Carolina and New York, Woodson always felt halfway home in each place. In vivid poems, she shares what it was like to grow up as an African American in the 1960s and 1970s, living with the remnants of Jim Crow and her growing awareness of the Civil Rights movement. Touching and powerful, each poem is both accessible and emotionally charged, each line a glimpse into a child's soul as she searches for her place in the world. Woodson's eloquent poetry also reflects the joy of finding her voice through writing stories, despite the fact that she struggled with reading as a child. Her love of stories inspired her and stayed with her, creating the first sparks of the gifted writer she was to become. Includes 7 additional poems, including "Brown Girl Dreaming." Praise for Jacqueline Woodson: "Ms. Woodson writes with a sure understanding of the thoughts of young people, offering a poetic, eloquent narrative that is not simply a story . . . but a mature exploration of grown-up issues and self-discovery."—The New York Times Book Review

The Samurai's Garden Gail Tsukiyama 2008-06-24 The daughter of a Chinese mother and a Japanese father, Gail Tsukiyama's *The Samurai's Garden* uses the Japanese invasion of China during the late 1930s as a somber backdrop for this extraordinary story. A

20-year-old Chinese painter named Stephen is sent to his family's summer home in a Japanese coastal village to recover from a bout with tuberculosis. Here he is cared for by Matsu, a reticent housekeeper and a master gardener. Over the course of a remarkable year, Stephen learns Matsu's secret and gains not only physical strength, but also profound spiritual insight. The Runaway Garden Jeffery L. Schatzer 2007 The idea for *The Runaway Garden* came to Schatzer when he heard the staggering statistics of runaways in the United States today. With one in seven children running away at some time in their young lives, Schatzer wanted to tell a story that could open discussion in a positive light about what could happen if a child left home. When he sat down to think of who could do the running away and what situations could develop, vegetables came to mind, using their names with homonyms and puns. All the green peas split for town; the tomatoes stewed and stirred. Celery and her friend sweet corn stalked off without a word. What made the snap beans snap? How did the berries get into a jam? What happened to the cauliflower's head? Read along as Grandpa spins a tale about the night that all the plants in the garden get up and run away. At first they think running away is fun, but it isn't long before things go terribly wrong.

Grandpa Diet and Diabetes Laura Williams BSc (Hons) MChS Podiatry 2017-03-02 As a podiatrist, one of the most common illnesses Laura Williams treats is diabetes. She has often found that her adult patients don't really understand their condition. It occurred to her that if adults don't understand diabetes, it would be even more difficult for young children to do so especially if an elder family member gets sick, which can be tough on a kid. *Grandpa Diet and Diabetes* is the first in a series of three books intended to help children get a grasp on this disease, know how to prevent it, and how to treat it. Nick is just a kid when he notices his rock and roll grandfather is ill. For instance, Grandpa needs to eat certain kinds of foods at certain times or he can get really dizzy and weak. Grandpa's hands and feet don't have a lot of feeling, which makes him klutzy sometimes. Good thing Nick and his sister are around to keep him walking, as well as their mom the nurse plus the medications Grandpa takes. In simple, playful language, this series teaches children all they need to know about diabetes and helping people who suffer from the disease.
