Cases & Materials on Criminal Law Michael T. Molan 2005 This new edition of Cases and Materials on Criminal Law has been thoroughly updated to provide a comprehensive selection of key materials drawn from law reports, legislation, Law Commission consultation papers and reports, and Home Office publications. Clear and highly accessible, this volume is presented in a coherent structure and provides full coverage of the topics commonly found in the criminal law syllabus. The range of thoughtfully selected materials and authoritative commentary ensures that this book provides an essential collection of materials and analysis to stimulate the reader and assist in the study of this difficult and challenging area of law. New features include: revised text design with clear page layout, headings and boxed and shaded sections to aid navigation and readability chapter introductions to highlight the salient features under discussion short chapter table of contents to enable easier navigation "Comments and Questions" sections to encourage students to reflect on their reading expanded further reading to encourage students to engage further with the subject a Companion Website to provide regular updates to the book. Recent decisions of note that are extracted and analysed include R v Kennedy (manslaughter based on supply of heroin); Attorney General for Jersey v Holley (provocation); R v Mark and R v Willoughby (elements of killing by gross negligence); R v Barnes (consent as a defence to sporting injuries); Attorney General's Reference (No 3 of 2004) (accessorial liability) and R v Hatton (intoxicated mistake in self defence cases). Consideration is also given to the likely changes to the law relating to corporate manslaughter, at the time of writing contained in the Corporate Manslaughter and Corporate Homicide Bill currently before Parliament. Two major law reform publications are extensively extracted and contextualised in this 4th edition - the Law Commission's report on Murder, Manslaughter and Infanticide (Law Com No 304) and the Law Commission's Report on Inchoate Liability for Assisting and Encouraging Crime (Law Com 300). This book is an invaluable reference for students on undergraduate or CPE/PG Diploma in Law criminal law courses, particularly those studying independently or on distance learning programmes.

The Tokyo Tribunal: Perspectives on Law, History and Memory Marina Aksenova 2020-10-27 The 'International Military Tribunal for the Far East' (IMTFE), held in Tokyo from May 1946 to November 1948, was a landmark event in the development of modern international criminal law. The trial in Tokyo was a complex undertaking and international effort to hold individuals accountable for core international crimes and delivering justice. The Tribunal consisted of 11 judges and respective national prosecution teams from 11 countries, and a mixed Japanese-American team of defence lawyers. The IMTFE indicted 28 Japanese defendants, amongst them former prime ministers, cabinet ministers, military leaders, and diplomats, based on a 55-count indictment pertaining to crimes against peace, war crimes, and crimes against humanity. The judgment was not unanimous, with one majority judgment, two concurring opinions, and three dissenting opinions. The trial and the outcome were the subject of significant controversy and the Tribunal's files were subsequently shelved in the archives. While its counterpart in Europe, the 'International Military Tribunal' (IMT) at Nuremberg, has been at the centre of public and scholarly interest, the Tokyo Tribunal has more recently gained international scholarly attention. This volume combines perspectives from law, history, and the social sciences to discuss the legal, historical, political and cultural significance of the Tokyo Tribunal. The collection is based on an international conference marking the 70th anniversary of the judgment of the IMTFE, which was held in Nuremberg in 2018. The volume features reflections by eminent scholars and experts on the establishment and functioning of the Tribunal, procedural and substantive issues as well as receptions and repercussions of the trial.

Criminology and Criminal Justice Systems of the World Peter O. Nwankwo 2011 Professor Peter Nwankwo argues based on this textbook volume I, that the world has been turned into a global village, and that we have no reason(s) to ignore the awareness of what is going on in other countries of the world. This textbook "Criminology and criminal Justice System of the world: A comparative perspective" is a unique text, not because of its title, but because it contains what will ever be needed for the undergraduate and graduate students in the field of Criminology and Criminal Justice, especially those taking a course in Comparative Criminal Justice. The text is prodigious and profusely descriptive, explored, and explained by researching the police, the court systems, corrections or prisons, including Juvenile Justice Systems and Crime Statistics in the following countries: United States of America, china, Saudi Arabia, Japan, The Netherlands, Bulgaria, Haiti, Botswana, Philippines, Uganda, and Israel. It is worthy to note that the United States of America had too much information, so it was necessary to split it into two chapters i.e. chapter one, and chapter two. Additionally, The Netherlands was also split into two chapters thus: Chapters 6 & 7: The overall Chapters in this Volume I are thirteen. VOLUME II Volume two of this text contains twenty four chapters and over 24 countries were researched and included as follows, and will be published in a few in a few months .The countries are: Nigeria, Norway, Northern Ireland, England and Wales, Estonia, Ethiopia, Egypt, South America, Mauritania, Jamaica, Iraq, Dominican Republic, Turkey, South Africa, Russia, Kenya, Romania, Congo, Germany, France, Cameroon, Ghana and Denmark. No matter the adversities of the readers and purchasers, I do strongly advice that you order these two volumes together, when the later would be available on the internet or through the publishers.

An Introduction to International Criminal Law and Procedure Robert Cryer 2007-06-14 International criminal law has developed considerably in the last decade and a half, resulting in a complex and re-invigorated discipline. This has impacted directly on the popularity of the study of the subject, particularly on postgraduate law degrees. This textbook serves these courses by providing an introduction to the principles of international criminal law and processes. Written by four international lawyers with experience of teaching international criminal law, it is accessible yet sophisticated in its approach. It covers substantive international criminal law, the institutions designed to enforce it and their procedures, and the international law applicable to domestic prosecutions of international crimes. It will be essential reading for students and teachers of international criminal law. In addition, practitioners and researchers in the field (and in related fields such as criminal law), students of international law and international relations will find this introduction invaluable.

The Concept of Genocide in International Criminal Law Marco Odello 2020-07-14 This book presents a review of historical and emerging legal issues that concern the interpretation of the international crime of genocide. The Polish legal expert Raphael Lemkin formulated the concept of genocide during the Nazi occupation of Europe, and it was then incorporated into the 1948 Convention on the Prevention and Punishment of the Crime of Genocide. This volume looks at the issues that are raised both by the existing international law definition of genocide and by the possible developments that continue to emerge under international criminal law. The authors consider how the concept of genocide might be used in different contexts, and see whether the definition in the 1948 convention may need some revision, also in the light of the original ideas that were expressed by Lemkin. The book focuses on specific themes that allow the reader to understand some of the problems related to the legal definition of genocide, in the context of historical and recent developments. As a valuable contribution to the debate on the significance, meaning and application of the crime of genocide the book will be essential reading for students and academics working in the areas of Legal History, International Criminal Law, Human Rights, and Genocide Studies. Chapter 12 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license available at <http://www.taylorfrancis.com/books/e/9781003015222>

International and Transnational Criminal Law David Luban 2010

The International Criminal Court and Positive Complementarity. Legal and Institutional Framework Milton Owuor 2018-06-11 Academic Paper from the year 2017 in the subject Law - Comparative Legal Systems, Comparative Law, grade: 1.0, University of Pretoria, language: English, abstract: This study seeks to establish how the legal and institutional framework for positive complementarity may be effectively implemented. It is argued that the existing legal and institutional framework in respect of the effective combatting of impunity is largely unsatisfactory. The evolution of the principle of complementarity, in the context of the Rome Statute, is explored with emphasis on the theoretical constraints on the principle which, in turn, raise practical challenges. The analysis provides a theoretical background to the conceptualisation of positive complementarity. The study traces the evolution and development of the concept of positive complementarity, examining its characteristic features and attributes, and the possibilities and opportunities the concept presents for the effective combatting of impunity. It examines the various scholarly arguments and propositions advanced to explain the

concept of positive complementarity, and analyses the attendant challenges and limitations. It is noted that there is no fixed and universally acceptable definition of positive complementarity. It is therefore argued that there is a need for the establishment of a coherent legal and institutional framework for positive complementarity. In this light, appropriate policy alternatives and considerations both domestically and internationally, are considered. On the international level limitations characterising the current institutional framework of the Secretariat of the Assembly of States Parties (ASP Secretariat) are identified. It is argued that a fundamental restructuring of the ASP Secretariat is essential and measures to restructure the ASP Secretariat in order to reinforce its effectiveness in fulfilling its mandate on positive complementarity are identified. At the domestic level, the various asp

International Humanitarian Law: Origins John Carey 2003-04-04 In three distinct volumes the editors bring together a distinguished group of contributors whose essays chart the history, practice, and future of international humanitarian law. At a time when the war crimes of recent decades are being examined in the International Criminal Tribunals for Former Yugoslavia and Rwanda and a new International Criminal Court is being created as a permanent venue to try such crimes, the role of international humanitarian law is seminal to the functioning of such attempts to establish a just world order. **Q&A Criminal Law 2011-2012** Norman Baird 2013-03-07 Routledge Q&As give you the ideal opportunity to practice and refine your exam technique, helping you to apply your knowledge most effectively in an exam situation. Each book contains approximately fifty essay and problem-based questions on topics commonly found on exam papers, complete with answer plans and fully worked model answers. **US Attorney General's Department of Justice Policy on Cyprus Doctrine in Federal Courts of the United States** Milton Owuor 2018-06-07 Academic Paper from the year 2018 in the subject Law - Comparative Legal Systems, Comparative Law, language: English, abstract: The paper addresses the US Attorney-General's Department of Justice policy on the application of Cy Pres doctrine in the federal courts of the United States of America. The primary objective of this study is to establish the frequency with which Cy Pres occurs at the state level. Within the framework of the primary objective, this research seeks: (a) to identify and analyze the statutes, regulations, or policies in each state that provide for or prohibit Cy Pres; and (b) to identify and discuss the significant case law dealing with Cy Pres, that exists in each state.

The Nuremberg Trials: International Criminal Law Since 1945 Herbert R. Reginbogin 2011-11-30 60 years after the trials of the main German war criminals, the articles in this book attempt to assess the Nuremberg Trials from a historical and legal point of view, and to illustrate connections, contradictions and consequences. In view of constantly reoccurring reports of mass crimes from all over the world, we have only reached the halfway point in the quest for an effective system of international criminal justice. With the legacy of Nuremberg in mind, this volume is a contribution to the search for answers to questions of how the law can be applied effectively and those committing crimes against humanity be brought to justice for their actions.

The Cambridge Companion to International Criminal Law William A. Schabas 2016-01-07 This comprehensive introduction to international criminal law addresses the big issues in the subject from an interdisciplinary perspective. Expert contributors include international lawyers, judges, prosecutors, criminologists and historians, as well as the last surviving prosecutor of the Nuremberg Trials. Serving as a foundation for deeper study, each chapter explores key academic debates and provides guidelines for further reading. The book is organised around several themes, including institutions, crimes and trials. Purposes and principles place the discipline within a broader context, covering the relationship with human rights law, transitional justice, punishment and the imperatives of peace. Several tribunals are explored in depth, as are many emblematic trials. The book concludes with perspectives on the future.

Core Concepts in Criminal Law and Criminal Justice Kai Ambos 2022-02-17 Volume two of a comparative study of the concepts that underpin different domestic systems of criminal law and justice.

Non-Traditional Security in Asia Mely Caballero-Anthony 2013 Non-Traditional Security in Asia examines the critical security challenges faced by states and societies in Asia including health, food, water, natural disasters, internal conflict, forced migration, energy, transnational crime, and cyber security. Through the development of a comprehensive analytical framework that establishes the key ingredients to policy evaluation, the editors draw on a wide variety of experts to collaborate in investigating these crucial issues. This inclusive framework ...

Criminal Law William Wilson 2013

Criminology, Civilisation and the New World Order Wayne Morrison 2013-10-18 Expertly authored by the co-editor of the best-selling text Cultural Criminology Unleashed, this book re-examines criminology in a global context. Wide-ranging and up-to-date, it covers the topics of colonialism and post-colonialism, genocide, state control, the impact of September 11th and the post-9/11 world. Exploring the relationship between a modern discipline and modernity, it reworks the history and composition of criminology in light of September 11th and the prevalence of genocide in modernity. Analyzing statistics, anthropology and the everyday assumptions of criminology's history, this text addresses the political and scholarly grip on the territorial state and the absence of a global criminology. Rejecting the prevalent belief that September 11th and the responses it evoked were exceptions that either destroyed or revealed the absence of global legal order, the author argues that, in fact, they confirm the nature of the world order of modernity. A compelling and topical volume, this is a must read for anyone interested or studying in the areas of criminology and criminal justice.

Blackstone's International Criminal Practice Lomine 2021-03-15 The definitive practitioners' guide to international criminal law and practice, Blackstone's International Criminal Practice provides comprehensive coverage of all major international and internationalised criminal courts. The book's primary focus is the International Criminal Court but also covers war crimes tribunals and domestic practice.

Criminal Law eBook PDF William Wilson 2017-06-01 Written by a leading academic in this field, Criminal Law combines coverage of the core legal principles with discussion of the theories and academic

debates which underpin the subject. A range of hypothetical examples to illustrate problematic case scenarios and further reading suggestions are also included throughout the book making Criminal Law the ideal companion to support you in your study.

The Role of International Environmental Law in Disaster Risk Reduction Jacqueline Peel 2016-04-21 Located at the intersection of international environmental and disaster law, this edited volume explores how environmental law approaches might be employed to reduce disaster risk, and how evolving policy tools for natural disasters influence environmental regimes focused on manmade risks.

Offending Youth Kerry Carrington 2009 Rates of female delinquency, especially for violent crimes, are increasing in most common law countries. At the same time the growth in cyber-bullying, especially among girls, appears to be a related global phenomenon.While the gender gap in delinquency is narrowing in Australia, United States, Canada and the United Kingdom, boys continue to dominate the youth who commit crime and have a virtual monopoly over sexually violent crimes. Indigenous youth continue to be vastly over-represented in the juvenile justice system in every Australian jurisdiction. The Indigenisation of delinquency is a persistent problem in other countries such as Canada and New Zealand.Young people who gather in public places are susceptible to being perceived as somehow threatening or riotous, attracting more than their share of public order policing. Professional football has been marred by repeated scandals involving sexual assault, violence and drunkenness. Given the cultural significance of footballers as role models to thousands, if not millions, of young men around the world, it is vitally important to address this problem. Offending Youth explores these key contemporary patterns of delinquency, the response to these by the juvenile justice agencies and moreover what can be done to address these problems.The book also analyses the major policy and legislative changes from the nineteenth to twenty first centuries, chiefly the shift the penal welfarism to diversion and restorative justice. Using original cases studied by Carrington twenty years ago, Offending Youth illustrates how penal welfarism criminalised young people from socially marginal backgrounds, especially Aboriginal children, children from single parent families, family-less children, state wards and young people living in poverty or in housing commission estates. A number of inquiries in Australia and the United Kingdom have since established that children committed to these institutions, supposedly for their own good, experienced systemic physical, sexual and psychological abuse during their institutionalisation. The book is dedicated to the survivors of these institutions who only now are receiving official recognition of the injustices they suffered.The underlying philosophy of juvenile justice has fundamentally shifted away from penal welfarism to embrace positive policy responses to juvenile crime, such as youth conferencing, cautions, warnings, restorative justice, circle sentencing and diversion examined in the concluding chapter.Offending Youth is aimed at a broad readership including policy makers, juvenile justice professionals, youth workers, families, teachers, politicians as well as students and academics in criminology, policing, gender studies, masculinity studies, Indigenous studies, justice studies, youth studies and the sociology of youth and deviance more generally.

Q&A Criminal Law 2013-2014 Norman Baird 2013-04-18 Routledge Q&As give you the tools to practice and refine your exam technique, showing you how to apply your knowledge to maximum effect in an exam situation. Each book contains up to fifty essay and problem-based questions on the most commonly examined topics, complete with expert guidance and fully worked model answers. These new editions for 2013-2014 will provide you with the skills you need for your exams by: Helping you to be prepared: each title in the series has an introduction presenting carefully tailored advice on how to approach assessment for your subject Showing you what examiners are looking for: each question is annotated with both a short overview on how to approach your answer, as well as footnoted commentary that demonstrate how model ?answers meet marking criteria Offering pointers on how to gain marks, as well as what common errors could lose them: 'Aim Higher' and 'Common Pitfalls' offer crucial guidance throughout Helping you to understand and remember the law: diagrams for each answer work to illuminate difficult legal principles and provide overviews of how model answers are structured Books in the series are also supported by a Companion Website that offers online essay-writing tutorials, podcasts, bonus Q&As and multiple-choice questions to help you focus your revision more effectively.

Regulating Deviance Bernadette McSherry 2008-12-12 The criminal attacks that occurred in the United States on 11 September 2001 have profoundly altered and reshaped the priorities of criminal justice systems around the world. Domestic criminal law has become a vehicle for criminalising 'new' terrorist offences and other transnational forms of criminality. 'Preventative' detention regimes have come to the fore, balancing the scales in favour of security rather than individual liberty. These moves complement already existing shifts in criminal justice policies and ideologies brought about by adjusting to globalisation, economic neo-liberalism and the shift away from the post-war liberal welfare settlement. This collection of essays by leading scholars in the fields of criminal law and procedure, criminology, legal history, law and psychology and the sociology of law, focuses on the future directions for the criminal law in the light of current concerns with state security and regulating 'deviant' behaviour.

Loss of Control and Diminished Responsibility Alan Reed 2016-04-22 This book provides a leading point of reference in the field of partial defences to murder and with respect to the mental condition defences of loss of control and diminished responsibility in general. The work includes contributions from leading specialists from different jurisdictions. Divided into two parts, the first provides an analysis from the perspective of the UK, looking at particular concerns such as domestic violence, revenge and mixed motive killings, mistaken beliefs. The second part presents a comparative and international view to provide a wider background of how alternative systems treat issues of human frailty short of full insanity (loss of control, diminished responsibility) in the context of the criminal law.

Research Handbook on International Refugee Law Satvinder Singh Juss 2019 In an age of ethnic nationalism and anti-immigrant rhetoric, the study of refugees can help develop a new outlook on social justice, just as the post-war international order ends. The global financial crisis, the rise of populist leaders like Trump, Putin, and Erdogan, not to mention the arrival of anti-EU parties, raises the need to interrogate the refugee, migrant, citizen, stateless, legal, and illegal as concepts. This insightful Research Handbook is a timely contribution to that debate.

A Guide to International Law Careers Anneke Smit 2009 The experience of many students studying public international law at a university is: "This is fascinating, but what can I do with it?" This practical and focused guide explores the options available to law graduates, beyond the traditional or domestic law career paths. The range of possible careers is vast - from human rights to investment law and from the courtroom or boardroom to the refugee camp. A Guide to International Law Careers will help with considering whether and how to pursue a career in one of these areas. The essential message is that international law jobs are out there and attainable if approached strategically and with perseverance. The text - written as a series of questions and answers - is supplemented by practitioners' views and experiences, and the appendices contain concrete information on the most useful internships, short courses, and Master's programs. This practical guide to careers in international law is written primarily for recent law school graduates and students who wish to seek a career in the UK, as well as other Commonwealth countries - Canada, Australia, and New Zealand in particular. A couple of English language career guides have been published in the past, but they tend to be US focused. Also, uniquely, this guide provides a coherent, step-by-step approach.

The Psychology of Restorative Justice Theo Gavrielides 2016-02-24 This ground-breaking collection dares to take the next step in the advancement of an autonomous, inter-disciplinary restorative justice field of study. It brings together criminology, social psychology, legal theory, neuroscience, affect-script psychology, sociology, forensic mental health, political sciences, psychology and positive psychology to articulate for the first time a psychological concept of restorative justice. To this end, the book studies the power structures of the restorative justice movement, the very psychology, motivations and emotions of the practitioners who implement it as well as the drivers of its theoreticians and researchers. Furthermore, it examines the strengths and weakness of our own societies and the communities that are called to participate as parties in restorative justice. Their own biases, hunger for power and control, fears and hopes are investigated. The psychology and dynamics between those it aims to reach as well as those who are funding it, including policy makers and politicians, are looked into. All these questions lead to creating an understanding of the psychology of restorative justice. The book is essential reading for academics, researchers, policymakers, practitioners and campaigners.

Christianity and Criminal Law Mark Hill QC 2020-05-28 This collection, by leading legal scholars, judges and practitioners, together with theologians and church historians, presents historical, theological, philosophical and legal perspectives on Christianity and criminal law. Following a Preface by Lord Judge, formerly Lord Chief Justice of England and Wales, and an introductory chapter, the book is divided into four thematic sections. Part I addresses the historical contributions of Christianity to criminal law drawing on biblical sources, early church fathers and canonists, as far as the Enlightenment. Part II, titled Christianity and the principles of criminal law, compares crime and sin, examines concepts of mens rea and intention, and considers the virtue of due process within criminal justice. Part III looks at Christianity and criminal offences, considering their Christian origins and continuing relevance for several basic crimes that every legal system prohibits. Finally, in Part IV, the authors consider Christianity and the enforcement of criminal law, looking at defences, punishment and forgiveness. The book will be an invaluable resource for students and academics working in the areas of Law and Religion, Legal Philosophy and Theology.

Criminal Law in China Shizhou Wang 2017-11-20 Derived from the renowned multi-volume International Encyclopaedia of Laws, this book provides a practical analysis of criminal law in China. An introduction presents the necessary background information about the framework and sources of the criminal justice system, and then proceeds to a detailed examination of the grounds for criminal liability, the justification of criminal offences, the defences that diminish or excuse criminal liability, the classification of criminal offences, and the sanctions system. Coverage of criminal procedure focuses on the organization of investigations, pre-trial proceedings, trial stage, and legal remedies. A final part describes the execution of sentences and orders, the prison system, and the extinction of custodial

sanctions or sentences. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable resource for criminal lawyers, prosecutors, law enforcement officers, and criminal court judges handling cases connected with China. Academics and researchers, as well as the various international organizations in the field, will welcome this very useful guide, and will appreciate its value in the study of comparative criminal law.

Research Handbook on International Criminal Law Bartram S. Brown 2011-01-01 'This timely, valuable and thought-provoking contribution to our understanding of the vibrant new subject that is international criminal law, is a great addition to the literature and to our understanding. Professor Bart Brown deserves real appreciation for bringing it together.' - Philippe Sands QC, University College London and Matrix Chambers, UK 'The Research Handbook is a comprehensive up-to-date guide to one of the youngest yet most dynamic areas of international law. It tackles the pertinent challenges and opportunities, starting with the classical issues like categories of international crimes and complementarity, going on to address the problems ahead including the Guantánamo regime, crimes against women and the status of private security contractors. The Handbook will be a valuable source for both general and advanced international criminal law research.' - James Crawford, Cambridge University, UK This carefully regarded and well-structured handbook covers the broad range of norms, practices, policies, processes and institutional mechanisms of international criminal law, exploring how they operate and continue to develop in a variety of contexts. Leading scholars in the field and experienced practitioners have brought together their expertise and perspectives in a clear and concise fashion to create an authoritative resource, which will be useful and accessible even to those without legal training. The Research Handbook on International Criminal Law will appeal to practitioners who may want to defend, or prosecute, international criminal law cases, and academics researching and writing on international criminal law. Graduate students studying international criminal law, international human rights or international humanitarian law as well as those studying international justice, international politics, international organization or public policy analysis, will also find this book invaluable.

Research Handbook on International Financial Crime Barry Rider 2015-11-27 A significant proportion of serious crime is economically motivated. Almost all financial crimes will be either motivated by greed, or the desire to cover up misconduct. This Handbook addresses financial crimes such as fraud, corruption and money laundering, and highlights both the risks presented by these crimes, as well as their impact on the economy. The contributors cover the practical issues on the topic on a transnational level, both in terms of the crimes and the steps taken to control them. They place an emphasis on the prevention, disruption and control of financial crime. They discuss, in eight parts, the nature and characteristics of economic and financial crime, The enterprise of crime, business crime, the financial sector at risk, fraud, corruption, The proceeds of financial and economic crime, and enforcement and control. Academics interested in criminology, law, as well as business and legal studies students will find this book to be an invaluable resource. Practitioners, including lawyers, compliance and risk managements, law enforcement officers, and policy makers will also find the points raised to be of use.

Research Handbook on Transnational Crime Valsamis Mitsilegas 2019-12-27 This Research Handbook on Transnational Crime is an interdisciplinary, up-to-date guide to this growing field, written by an international cohort of leading scholars and experts. It covers all the major areas of transnational crime, providing a well-rounded, detailed discussion of each topic, and includes chapters focusing on responses to transnational crime in specific regions.

United States Law and Policy on Transitional Justice Zachary Daniel Kaufman 2016 In United States Law and Policy on Transitional Justice: Principles, Politics, and Pragmatics, Zachary D. Kaufman explores the U.S. government's support for, or opposition to, certain transitional justice institutions. By first presenting an overview of possible responses to atrocities (such as war crimes tribunals) and then analyzing six historical case studies, Kaufman evaluates why and how the United States has pursued particular transitional justice options since World War II. This book challenges the "legalist" paradigm, which postulates that liberal states pursue war crimes tribunals because their decision-makers hold a principled commitment to the rule of law. Kaufman develops an alternative theory-"prudentialism"-which contends that any state (liberal or illiberal) may support bona fide war crimes tribunals. More generally, prudentialism proposes that states pursue transitional justice options, not out of strict adherence to certain principles, but as a result of a case-specific balancing of politics, pragmatics, and normative beliefs. Kaufman tests these two competing theories through the U.S. experience in six contexts: Germany and Japan after World War II, the 1988 bombing of Pan Am flight 103, the 1990-1991 Iraqi offenses against Kuwaitis, the atrocities in the former Yugoslavia in the 1990s, and the 1994 Rwandan genocide. Kaufman demonstrates that political and pragmatic factors featured as or more prominently in U.S. transitional justice policy than did U.S. government officials' normative beliefs. Kaufman thus concludes that, at least for the United States, prudentialism is superior to legalism as an explanatory theory in transitional justice policymaking.

International Criminal Law Douglas Guilfoyle 2016 This volume clearly sets out the international criminal law framework, featuring tools to consider and assess the current status of the law and encourage critical analysis of the latest debates affecting the subject area.

International Rule of Law and Professional Ethics Vesselin Popovski 2016-05-23 This book examines an interesting and relatively understudied area of the evolution of the international rule of law and the role of professional ethics. The rule of law has been gradually developed and promoted at the national level over centuries, however at the international level it has only recently received (more in rhetoric than in implementation) support from a macro perspective - developments of international rules and institutions, and from a micro perspective - ethical codes, independence and un-bias of professionals, working in international organizations and tribunals. The book offers analysis and recommends policies to strengthen the rule of law at international level to meet a major global governance demand in ensuring equity, justice, stability and consistency in international affairs.

Criminal Law 2009-2010 Norman Baird 2009-03-10 Routledge-Cavendish Q&As - your path to exam success! Has the thought of facing your law exams left you feeling completely overwhelmed? Are you staring at the mountain of revision in front of you and wondering where to start? Routledge-Cavendish Q&As will help guide you through the revision maze, providing essential exam practice and helping you polish your essay-writing technique. Each Routledge-Cavendish Q&A contains 50 essay and problem-based questions on topics commonly found on exam papers, complete with answer plans and fully worked model answers. The titles are written by lecturers who are also examiners, so you can recognise exactly what examiners are looking for in an answer. Key cases and legislation are highlighted within the text for ease of reference Boxed answer plans after each question outline the major points you should be aiming to convey within your answer The books in this series are supported by a companion web offering you bonus q&as; advice on preparing for your exams; revision checklists; discussion forums and more. But don't just take our word for it! "The book was an answer to my prayers... I've been begging tutors to give us ready-made answers so we get a structure as to what we should be including and revising and the Q&As do exactly that!" Azmina Thanda, 2nd year LLB "The Routledge-Cavendish Q&As are very well designed and helpful, giving a good indication of what comes up in exams." Deaglan McArdle, 3rd year LLB

International and Comparative Criminal Justice Mark J. Findlay 2013-06-19 International criminal justice is in transition. This book explores the growing internationalisation of criminal justice as a phenomenon of global governance. It provides students with a critical understanding of the international institutions for regulating transnational crime, the development of alternative justice processes across the globe, and international and supra-national co-operation criminal justice policies and practices. Key topics covered include: The historical development of International Criminal Justice institutions and traditions International Restorative Justice Victim communities and collaborative justice The relationship between crime and war International Human Rights The 'War on Terror' The globalisation of crime and control Developments in global governance, communitarian justice and accountability This text will familiarize students with the literature and debates surrounding international criminal justice and enable them to critically appreciate their theoretical and policy context. In doing so, it encourages students to assess the strengths and weaknesses of different approaches to the study of global justice and the analysis of comparative policy convergence and research. It will also help students to reflect on, and communicate in an informed and critical way theoretical accounts and empirical studies within the field of international criminal justice. This book will be essential reading for upper level undergraduate students taking courses in criminal law, international relations and governance and postgraduates engaged in international criminal justice, international law, regulation and governance and human rights.

International Criminal Procedure Göran Sluiter 2013-03-21 International Criminal Procedure: Principles and Rules is a comprehensive study of international criminal proceedings written by over forty leading experts in the field. The book offers a systematic overview and detailed comparison of the standards governing the conduct of proceedings in all major international and internationalized criminal courts from the Nuremberg and Tokyo Tribunals to the recently established Cambodian Extraordinary Chambers and the Special Tribunal for Lebanon. Based on a major research project, the study covers all procedural phases from the initiation of investigation to the appeals process. It pays special attention to the crosscutting themes which shape the contemporary discourse on international criminal justice, including the law of evidence, the defence issues, the procedural role of victims, and negotiated dismissal of international crime cases. The book not only takes stock of the procedural legacy of the UN ad hoc Tribunals for the former Yugoslavia and Rwanda and the International Criminal Court, but also reflects on the future directions of international criminal procedure. Investigating the tribunals' procedural law and practice through the prism of human rights law, domestic legal traditions, and tribunals' special objectives, the expert group puts forth proposals on how the challenges facing international criminal jurisdictions can best be met. International Criminal Procedure will be an indispensable work for practitioners involved in the adjudication of serious crimes on both national and international level, as well as international law students and academics.
