matter to them in ways that make readers care too. It emphasizes writing for discovery, not just writing what one knows. It emphasizes a strong authorial presence (voice) and a convincing point of view. Most important, it not only tells but also shows how writing true involves the poet's attention to language, the fiction writer's power of storytelling, the journalist's pursuit of fact, and the scholar's reliance on research. The first part of the book offers ten practical chapters from getting started to turning first ideas into finished work. Topics include: The Power of the Notebook, Ten Ways to a Draft, Taking Shape, Finding Voice, Twenty Ways to Talk About Writing, The Craft of Revision, The Role of Research, The Ethics of Creative Nonfiction, Workshopping a Draft, and Exploring New Media. The second part of the book is an anthology of the best nonfiction writing for aspiring

Levy and Amy Butcher). The anthology also includes "Stories of Craft," with five prominent writers, including Patricia Hampl and Sue Miller, describing the challenges and rewards of writing engaging nonfiction.

Criticism A New York Times Notable Book From Zadie Smith, one of the most beloved authors of her generation, a new collection of essays Since she burst spectacularly into view with her debut novel almost two decades ago, Zadie Smith has established herself not just as one of the world's preeminent fiction writers, but also a brilliant and singular essayist. She contributes regularly to The New Yorker and the New York Review of Books on a range of subjects, and each piece of hers is a literary event in its own right. Arranged into five sections--In the World, In the Audience, In the Gallery, On the Bookshelf, and Feel Free--this new collection poses questions we immediately recognize. What is The Social Network--and Facebook itself--really about? "It's a cruel portrait of us: 500 million sentient people entrapped in the recent careless thoughts of a

What will we tell our granddaughters about our collective failure to address global warming? "So I might say to her, look: the thing you have to appreciate is that we'd just been through a century of relativism and deconstruction, in which we were informed that most of our fondest-held principles were either uncertain or simple wishful thinking, and in many areas of our lives we had already been asked to accept that nothing is essential and everything changes--and this had taken the fight out of us somewhat." memory to learn what it would take to be the very best anorexic. When she was hospitalized at fifteen, she found herself in an existential wormhole: How can one suffer from something one has actively sought out? With attuned storytelling and unflinching introspection, Kelsey Osgood unpacks the modern myths of anorexia as she chronicles her own rehabilitation. How to Disappear Completely is a brave, candid and emotionally wrenching memoir that explores the physical, internal, and social ramifications of eating disorders.

"Osgood vividly portrays the creepy phenomenon of the 'pro-ana' movement and the claustrophobic, self-involved, achingly lonely world in which young women compete to be 'perfect' anorexics. . . . imbued with pathos and tenderness."

More specifically, this book examines how these biases have played a significant role in the mis-education, misrepresentation, and marginalization of African American, Native American, Latino and Asian students. But the analysis doesn't stop there. The author goes beyond the school walls to underscore how systemic racism, paired with colonialism, has impacted the lives of racially marginalized groups in both the United States and developing countries. This book uncovers these injustices and proposes alternative ways in which racism can be unschooled.

the reach of law or public policy. In *Ending Ageism, or How Not to Shoot Old People*, award-winning writer and cultural critic Margaret Morganroth Gullette confronts the offenders: the ways people aging past midlife are portrayed in the media, by adult offspring; the esthetics and politics of representation in photography, film, and theater; and the incitement to commit suicide for those with early signs of "dementia." In this original and important book, Gullette presents evidence of pervasive age-related assaults in contemporary societies and their chronic affects. The sudden onset of age-related shaming can occur anywhere—the shove in the street, the cold shoulder at the party, the deaf ear at the meeting, the shut-out by the personnel office or the obtuseness of a government. Not to Shoot Old People effectively and beautifully argues that overcoming ageism is the next imperative social movement of our time. About the cover image: This elegant, dignified figure—Leda Machado, a Cuban old enough to have seen the Revolution—once the center of a vast photo mural, is now a fragment on a ruined wall. Ageism tears down the structures that all humans need to age well; to end it, a symbol of resilience offers us all brisk blue-sky energy. "Leda Antonia Machado" from "Wrinkles of the City, 2012."
