Lynette Yiadom-Boakye Andrea Schlieker 2020 Lynette Yiadom-Boakye (b.1977) is a British artist and writer acclaimed for her enigmatic portraits of fictitious people. Her paintings often allude to historic European portraiture - notably Thomas Gainsborough, Francisco de Goya, John Singer Sargent and Edouard Manet - yet in subject matter and technique her approach is decidedly contemporary. Through her focus on the depiction of imagined black characters Yiadom-Boakye's paintings raise important questions about identity and representation. This lavishly illustrated volume will accompany the first major survey of Yiadom-Boakye's work. The exhibition will bring together around eighty paintings, drawings and prints from private and public collections across Europe and the United States and will also feature new works that have never been shown before. Thematic essays will offer in-depth discussion of the development of the artist's practice since her graduation from the Royal Academy of Art, London, in 2003 and her work will be presented alongside her own writing and poetry. The publication will also seek to position Yiadom-Boakye's extraordinary creative output over the past twenty years within a wider history of portraiture and representation, with particular focus on black subjects. Yiadom-Boakye was awarded the prestigious Carnegie Prize in 2018 and was the 2012 recipient of the Pinchuk Foundation Future Generation Prize. She was shortlisted for the Turner Prize in 2013. This is the first survey of Yiadom-Boakye's work to be published and will offer the most extensive overview of the artist's work to date.

Multifunctional Oxide Heterostructures Evgeny Y. Tsybal 2012-08-30 This book is devoted to the rapidly developing field of oxide thin-films and heterostructures. Oxide materials combined with atomic-scale precision in a heterostructure exhibit an abundance of macroscopic physical properties involving the strong coupling between the electronic, spin, and structural degrees of freedom, and the interplay between magnetism, ferroelectricity, and conductivity. Recent advances in thin-film deposition and characterization techniques made possible the experimental realization of such oxide heterostructures, promising novel functionalities and device concepts. The book consists of chapters on some of the key innovations in the field over recent years, including strongly correlated oxide heterostructures, magnetoelectric coupling and multiferroic materials, thermoelectric phenomena, and two-dimensional electron gases at oxide interfaces. The book covers the core principles, describes experimental approaches to fabricate and characterize oxide heterostructures, demonstrates new functional properties of these materials, and provides an overview of novel applications.

Queer Migration and Asylum in Europe 2021 Europe is a popular destination for LGBTQ people seeking to escape discrimination and persecution. Yet, while European institutions have done much to promote the legal equality of sexual minorities and a number of states pride themselves on their acceptance of sexual diversity, the image of European tolerance and the reality faced by LGBTQ migrants and asylum seekers are often quite different. To engage with these conflicting discourses, *Queer Migration and Asylum in Europe* brings together scholars from politics, sociology, urban studies, anthropology and law to analyse how and why queer individuals migrate to or seek asylum in Europe, as well as the legal, social and political frameworks they are forced to navigate to feel at home or to regularise their status in the destination societies. The subjects covered include LGBTQ Latino migrants' relationship with queer and diasporic spaces in London; diasporic consciousness of queer Polish, Russian and

Brazilian migrants in Berlin; the role of the Council of Europe in shaping legal and policy frameworks relating to queer migration and asylum; the challenges facing bisexual asylum seekers; queer asylum and homonationalism in the Netherlands; and the role of space, faith and LGBTQ organisations in Germany, Italy, the UK and France in supporting queer asylum seekers.

The Jackaroo Owen Genty 2006-01-01 Jackaroo; n. a male station hand. That is according to the "Australian Slang Dictionary" whereas the Macquarie Dictionary gives a more realistic version. "A jack of all trades". Certainly a jackaroo is far more than 'a male station hand', which will be evident as the reader moves through this recount of the writer's five years of 'Station Management Apprenticeship"', possibly a more precise definition of the word. ('Station' being a large sheep and/or cattle property/ranch). The origin of the word 'jackaroo' has been debated as long as the word has been in existence, but the most popular belief is that early English migrants, who worked on stations in the Australian Outback, were given the name of "Jack Raw", being raw to the ways of the Australian bush. One such English migrant, whose name was Jack Carew may have had an influence on the foundation of the word. There is also the more recent female counterpart, known as a jillaroo. It is however, generally agreed that the word has no connection with the famed Australian icon, the kangaroo.

Journey Without Maps Graham Greene 2018-05-15 The British author embarks on an awe-inspiring trek through 1930s West Africa in "one of the best travel books [of the twentieth] century" (The Independent). When Graham Greene left Liverpool in 1935 for what was then an Africa unmarked by colonization, it was to leave the known transgressions of his own civilization behind for those unknown. First by cargo ship, then by train and truck through Sierra Leone, and finally on foot, Greene embarked on a dangerous and unpredictable 350-mile, four-week trek through Liberia with his cousin, and a handful of servants and bearers, into a world where few had ever seen a white man. For Greene, this odyssey became as much a trip into the primitive interiors of the writer himself as it was a physical journey into a land foreign to his experience. "No one who reads this book will question the value of Greene's experiment, or emerge unshaken by the penetration, the richness, the integrity of this moving record." --The Guardian

The Judgment Against Imperialism, Fascism and Racism Against Caliphate and Islam Khondakar Golam Mowla 2008-10 Where are Judges or Judgments with human conscious and high moral when about half of Iraqi population vanished since recent war against Iraq including millions children of Iraq for illegal sanction? Which means there is no justice for those who do not have WMD to attack or to defend own land or dollars or pounds to bribe or to buy few real Judges or Judgment with human conscious or moral. And without money you cannot buy a Judgment. Illegal Governors of present illegal Muslim or Arab client States are also responsible to host most powerful countries on earth with their army, air force and navy with deadly WMD in Muslim land, sea and air to invade Muslim land like Iraq and Afghanistan or to threaten Iran. There were no independent states like Iraq before First World War since those present illegal client States became part of Caliphate/Khilafah 1400 years ago. World Muslims never accepted those illegal Muslim or Arab client States which were created after First European War known as First World War. A policy of attacking the idea of the Caliphate by linking it with the political violence of the jihadi movement cannot eliminate its Koranic authority. The Islamic world may not totally agree with the armed method of the jihadi movement, but the Caliphate s linkage with the Koran is not in dispute. The political and non-violent aspect of the Islamic movement, considered the godfather of reviving the Caliphate idea, has deeper and wider appeal. An attack on the Caliphate is in effect considered an attack against Islam.[i] Readers also must judge on following fact prior to World War as Desert storm in 1991 and subsequent sanction against Iraq which killed millions children was wrong and it was internal matter of

destroyed Caliphate. What about genocide in Iraq since 2003 for which half of Iraqi population are gone? What about millions killed in Indonesia after Sukarno was ousted? What about coup in Iran in 1953 which ousted democratic elected Prime Minister of Iran? What about genocide in Bangladesh in 1971 by same Pakistanis Army who is now doing same genocide in Northern Pakistan at this moment? And yet in another recent book 'THE SECRET HISTORY OF SADDAM'S WAR UNHOLY BABYLON BY ADEL DARWISH AND GREGORY ALEXANDER' published by Victor Gollancz Ltd, London, it is mentioned in pg. 3-4 that 'Britain had recognized Kuwait's independence on 19th June 1961, abrogating an agreement signed in 1899 which had made the emirate a British protectorate-..... the 1899 Anglo-Kuwait agreement signed by the former Sheikh of Kuwait for 15,000 Indian rupees from the British commissioner in Abadan.., in pg. 6 it is mentioned 'Britain proceeded to establish posts and naval bases along the trade route to India via the Suez Canal, which was opened in 1866, and also signed exclusive agreements with Arab rulers

throughout the Gulf. The first was with Bahrain in 1880, prohibiting the sheikhdom from making any treaties or agreements with any state other than Britain or establishing diplomatic relations with other countries without British consent. "there have been 7,000 madrassas built ... and that's where bin Laden lives and we will go at him if we have actually (sic) intelligence."Seven thousand? Where on earth does this figure come from?It's an odd situation. Obama and Biden want to close down Iraq and re-conquer Afghanistan. The Palin College of Clich s characterised this as "a white flag of surrender in Iraq" while continuing to warn of the dangers of Iran, the name of whose loony president Ahmadinejad defeated McCain three times in last week's pseudo-debate.But it's the same old story. All we have learned in America these past two weeks, to quote Joan Littlewood's Oh! What a Lovely War, is that the war goes on.
