Short-answer review questions for each body region test your knowledge and help you learn to interpret anatomic information. Coverage of musculoskeletal information is not only accurate, but also streamlined for manual therapy students so unnecessary information

is eliminated. A student-friendly layout is clean and uncluttered – consisting of a 2-page layout for each muscle/muscle group – to help

students learn about aspects of the individual muscle and then look immediately at how it corresponds to the entire surrounding group of muscles. Thank You.
