Stone by Stone Robert Thorson 2009-05-26 There once may have been 250,000 miles of stone walls in America's Northeast, stretching farther than the distance to the moon. They took three billion man-hours to build. And even though most are crumbling today, they contain a magnificent scientific and cultural story-about the geothermal forces that formed their stones, the tectonic movements that brought them to the surface, the glacial tide that broke them apart, the earth that held them for so long, and about the humans who built them. Stone walls layer time like Russian dolls, their smallest elements reflecting the longest spans, and Thorson urges us to study them, for each stone has its own story. Linking geological history to the early American experience, Stone by Stone presents a fascinating picture of the land the Pilgrims settled, allowing us to see and understand it with new eyes.

Children of the Stone Sandy Tolani 2015-04-07 It is an unlikely story. Ramzi Hussein Aburedwan, a child from a Palestinian refugee camp, confronts an occupying army, gets an education, masters an instrument, dreams of something much bigger than himself, and then, through his charisma and persistence, inspires others to work with him to make that dream real. The dream: a school to transform the lives of thousands of children--as Ramzi's life was transformed--through music. Musicians from all over the world came to help. A violist left the London Symphony Orchestra, in part to work with Ramzi at his new school. Daniel Barenboim, the eminent Israeli conductor, invited Ramzi to join his West Eastern Divan Orchestra, which he founded with the late Palestinian intellectual, Edward Said. Since then the two have played together frequently. Children of the Stone chronicles Ramzi's journey--from stone thrower to music student to school founder--and shows how through his love of music he created something lasting and beautiful in a land torn by violence and war. This is a story about the power of music, but also about

freedom and conflict, determination and vision. It's a vivid portrait of life amid checkpoints and military occupation, a growing movement of nonviolent resistance, the prospects of musical collaboration across the Israeli-Palestinian divide, and the potential of music to help children everywhere see new possibilities for their lives.

House Of Stone Anthony Shadid 2012-02-28 "Wonderful . . . One of the finest memoirs I've read." – Philip Caputo, Washington Post In the summer of 2006, racing through Lebanon to report on the Israeli invasion, Anthony Shadid found himself in his family's ancestral hometown of Marjayoun. There, he discovered his great-

grandfather's once magnificent estate in near ruins, devastated by war. One year later, Shadid returned to Marjayoun, not to chronicle the violence, but to rebuild in its wake. So begins the story of a battle-scarred home and a journalist's wounded spirit, and of how reconstructing the one came to fortify the other. In this bittersweet and resonant memoir, Shadid creates a mosaic of past and present, tracing the house's renewal alongside the history of his family's flight from Lebanon and resettlement in America around the turn of the twentieth century. In the process, he memorializes a lost world and provides profound insights into a shifting Middle East. This paperback edition includes an afterword by the journalist Nada Bakri, Anthony Shadid's wife, reflecting on his legacy. "A poignant dedication to family, to home, and to history . . . Breathtaking." – San Francisco Chronicle "Entertaining, informative, and deeply moving . . . House of Stone will stand a long time, for those fortunate enough to read it." – Telegraph (London)
