Kill 'Em and Leave James McBride 2016-04-05 "You won't leave this hypnotic book without feeling that James Brown is still out there, howling."—The Boston Globe From the New York Times bestselling author of *The Good Lord Bird*, winner of the 2013 National Book Award for Fiction, Deacon King Kong, and *Five-Seven Soul* *Kill 'Em and Leave* is more than a book about James Brown. Brown embodied the contradictions of American life: He was an unsettling symbol of the tensions between North and South, black and white, rich and poor. After receiving a tip that promises to uncover the man behind the myth, James McBride goes in search of the "real" James Brown. McBride's travels take him to forgotten corners of Brown's never-before-revealed history, illuminating not only our understanding of the immensely troubled, misunderstood, and complicated Godfather of Soul, but the ways in which our cultural heritage has been shaped by Brown's enduring legacy. Praise for *Kill 'Em and Leave* "A tour de force of cultural reportage."—The Seattle Times "Thoughtful and probing."—The New York Times Book Review "Masterly . . . powerful."—Los Angeles Review

of Books “McBride provides something lacking in most of the books about James Brown: an intimate feeling for the musician, a voracious if inchoate sense of what it was like to be touched by him. . . . It may be as close [to ‘the real James Brown’] as we’ll ever get.”—David Hajdu, *The Nation* “A feat of intrepid journalistic fortitude.”—USA Today “[McBride is] the biographer of James Brown we’ve all been waiting for. . . . McBride’s true subject is race and poverty in a country that doesn’t want to hear about it, unless compelled by a voice that demands to be heard.”—Boris Kachka, *New York* “Illuminating . . . engaging.”—The Washington Post “A gorgeously written piece of reportage that gives us glimpses of Brown’s genius and contradictions.”—O: The Oprah Magazine

The Gift of the Magi (Illustrated) O. Henry 2022-04-27 "The Gift of the Magi" is a short story by O. Henry first published in 1905. The story tells of a young husband and wife and how they deal with the challenge of buying secret Christmas gifts for each other with very little money. The main idea of "The Gift of the Magi" is that the value of a gift is in the giver, rather than the gift itself. Jim and Della, out of their love for each other, purchased a gift that required them to sacrifice something that was precious to them.

The Color of Water James McBride 2012-03-01 From the New York Times bestselling author of *Deacon King Kong* and *The Good Lord Bird*, winner of the National Book Award for Fiction: The modern classic that Oprah.com calls one of the best memoirs of a generation and that launched James McBride's literary career. More than two years on The New York Times bestseller list. As a boy in Brooklyn's Red Hook projects, James McBride knew his mother was different. But when he asked her about it, she'd simply say 'I'm light-skinned.' Later he wondered if he was different too, and asked his mother if he was black or white. 'You're a human being! Educate yourself or you'll be a nobody!' she snapped back. And when James asked about God, she told him 'God is the color of water.' This is the remarkable story of an eccentric and determined woman: a rabbi's daughter, born in Poland and raised in the Deep South who fled to Harlem, married a black preacher, founded a Baptist church and put twelve children through college. A celebration of resilience, faith and forgiveness, *The Color of Water* is an eloquent exploration of what family really means.

The Color of Water James McBride 2006-02-07 From the bestselling author of *Deacon King Kong* and the National Book Award-winning *The Good Lord Bird*: The modern classic that spent more than two years on The New York Times bestseller list and that Oprah.com calls one of the best memoirs of a generation. Who is Ruth McBride Jordan? A self-declared "light-skinned" woman evasive about her ethnicity, yet steadfast in her love for her twelve black children. James McBride, journalist, musician, and son, explores his mother's past, as well as his own upbringing and heritage, in a poignant and powerful debut, *The Color of Water: A Black Man's Tribute to His White Mother*. The son of a black minister and a woman who would not admit she was white, James McBride grew up in "orchestrated chaos" with his eleven siblings in the poor, all-black projects of Red Hook, Brooklyn. "Mommy," a fiercely protective woman with "dark eyes full of pep and fire," herded her brood to Manhattan's free cultural events, sent them off on buses to the best (and mainly Jewish) schools, demanded good grades, and commanded respect. As a young man, McBride saw his mother as a source of embarrassment, worry, and confusion—and reached thirty before he began to discover the truth about her early life and long-buried pain. In *The Color of Water*, McBride retraces his mother's footsteps and,

through her searing and spirited voice, recreates her remarkable story. The daughter of a failed itinerant Orthodox rabbi, she was born Rachel Shilsky (actually Ruchel Dwara Zylska) in Poland on April 1, 1921. Fleeing pogroms, her family emigrated to America and ultimately settled in Suffolk, Virginia, a small town where anti-Semitism and racial tensions ran high. With candor and immediacy, Ruth describes her parents' loveless marriage; her fragile, handicapped mother; her cruel, sexually-abusive father; and the rest of the family and life she abandoned. At seventeen, after fleeing Virginia and settling in New York City, Ruth married a black minister and founded the all-black New Brown Memorial Baptist Church in her Red Hook living room. "God is the color of water," Ruth McBride taught her children, firmly convinced that life's blessings and life's values transcend race. Twice widowed, and continually confronting overwhelming adversity and racism, Ruth's determination, drive and discipline saw her dozen children through college—and most through graduate school. At age 65, she herself received a degree in social work from Temple University. Interspersed throughout his mother's compelling narrative, McBride shares candid recollections of his own experiences as a mixed-race child of poverty, his flirtations with drugs and violence, and his eventual self-realization and professional success. *The Color of Water* touches readers of all colors as a vivid portrait of growing up, a haunting meditation on race and identity, and a lyrical valentine to a mother from her son.

Song Yet Sung James McBride 2008 A tale set against a backdrop of slave rights conflicts in the nineteenth-century Chesapeake Bay region finds young runaway Liz Spocott inadvertently inspiring a slave breakout from the attic prison of a notorious slave thief who vengefully calls slave catcher Denwood Long out of retirement. 100,000 first printing. *Standard Methods for the Examination of Water and Wastewater* American Public Health Association

The Color of Law: A Forgotten History of How Our Government Segregated America Richard Rothstein 2017-05-02 New York Times Bestseller • Notable Book of the Year • Editors' Choice Selection One of Bill Gates' "Amazing Books" of the Year One of Publishers Weekly's 10 Best Books of the Year Longlisted for the National Book Award for Nonfiction An NPR Best Book of the Year Winner of the Hillman Prize for Nonfiction Gold Winner • California Book Award (Nonfiction) Finalist • Los Angeles Times Book Prize (History) Finalist • Brooklyn Public Library Literary Prize This “powerful and disturbing history” exposes how American governments deliberately imposed racial segregation on metropolitan areas nationwide (*New York Times Book Review*). Widely heralded as a “masterful” (*Washington Post*) and “essential” (*Slate*) history of the modern American metropolis, Richard Rothstein’s *The Color of Law* offers “the most forceful argument ever published on how federal, state, and local governments gave rise to and reinforced neighborhood segregation” (*William Julius Wilson*). Exploding the myth of de facto segregation arising from private prejudice or the unintended consequences of economic forces, Rothstein describes how the American government systematically imposed residential segregation: with undisguised racial zoning; public housing that purposefully segregated previously mixed communities; subsidies for builders to create whites-only suburbs; tax exemptions for institutions that enforced segregation; and support for violent resistance to African Americans in white neighborhoods. A groundbreaking, “virtually indispensable” study that has already transformed our understanding of twentieth-century urban history (*Chicago Daily Observer*), *The Color of Law* forces us to face the

obligation to remedy our unconstitutional past.

Bastards: A Memoir Mary Anna King 2015-06-22 "Searing . . . explores how identity forms love, and love, identity. Written in engrossing, intimate prose, it makes us rethink how blood's deep connections relate to the attachments of proximity."—Andrew Solomon, author of *Far from the Tree* In the early 1980s, Mary Hall is a little girl growing up in poverty in Camden, New Jersey, with her older brother Jacob and parents who, in her words, were "great at making babies, but not so great at holding on to them." After her father leaves the family, she is raised among a commune of mothers in a low-income housing complex. Then, no longer able to care for the only daughter she has left at home, Mary's mother sends Mary away to Oklahoma to live with her maternal grandparents, who have also been raising her younger sister, Rebecca. When Mary is legally adopted by her grandparents, the result is a family story like no other. Because Mary was adopted by her grandparents, Mary's mother, Peggy, is legally her sister, while her brother, Jacob, is legally her nephew. Living in Oklahoma with her maternal grandfather, Mary gets a new name and a new life. But she's haunted by the past: by the baby girls she's sure will come looking for her someday, by the mother she left behind, by the father who left her. Mary is a college student when her sisters start to get back in touch. With each subsequent reunion, her family becomes closer to whole again. Moving, haunting, and at times wickedly funny, *Bastards* is about finding one's family and oneself.

Water Quality Claude E. Boyd 2019-09-12 This volume is of great importance to humans and other living organisms. The study of water quality draws information from a variety of disciplines including chemistry, biology, mathematics, physics, engineering, and resource management. University training in water quality is often limited to specialized courses in engineering, ecology, and fisheries curricula. This book also offers a basic understanding of water quality to professionals who are not formally trained in the subject. The revised third edition updates and expands the discussion, and incorporates additional figures and illustrative problems. Improvements include a new chapter on basic chemistry, a more comprehensive chapter on hydrology, and an updated chapter on regulations and standards. Because it employs only first-year college-level chemistry and very basic physics, the book is well-suited as the foundation for a general introductory course in water quality. It is equally useful as a guide for self-study and an in-depth resource for general readers.

Life on the Color Line Gregory Howard Williams 1996-02-01 "Heartbreaking and uplifting... a searing book about race and prejudice in America... brims with insights that only someone who has lived on both sides of the racial divide could gain."—Cleveland Plain Dealer "A triumph of storytelling as well as a triumph of spirit."—Alex Kotlowitz, award-winning author of *There Are No Children Here* As a child in 1950s segregated Virginia, Gregory Howard Williams grew up believing he was white. But when the family business failed and his parents' marriage fell apart, Williams discovered that his dark-skinned father, who had been passing as Italian-American, was half black. The family split up, and Greg, his younger brother, and their father moved to Muncie, Indiana, where the young boys learned the truth about their heritage. Overnight, Greg Williams became black. In this extraordinary and powerful memoir, Williams recounts his remarkable journey along the color line and illuminates the contrasts between the black and white worlds: one of privilege, opportunity and comfort, the other of deprivation, repression, and struggle. He tells of the hostility and prejudice he encountered all too often, from both blacks and whites, and the surprising moments of encouragement and acceptance he found from each. *Life on the Color Line* is a uniquely important book. It is a wonderfully inspiring testament of purpose, perseverance, and human triumph. Winner of the Los Angeles Times Book Prize

Hot Lights, Cold Steel Dr. Michael J. Collins 2007-04-01 When Michael

Collins decides to become a surgeon, he is totally unprepared for the chaotic life of a resident at a major hospital. A natural overachiever, Collins' success, in college and medical school led to a surgical residency at one of the most respected medical centers in the world, the famed Mayo Clinic. But compared to his fellow residents Collins feels inadequate and unprepared. All too soon, the euphoria of beginning his career as an orthopedic resident gives way to the feeling he is a counterfeit, an imposter who has infiltrated a society of brilliant surgeons. This story of Collins' four-year surgical residency traces his rise from an eager but clueless first-year resident to accomplished Chief Resident in his final year. With unparalleled humor, he recounts the disparity between people's perceptions of a doctor's glamorous life and the real thing: a succession of run down cars that are towed to the junk yard, long weekends moonlighting at rural hospitals, a family that grows larger every year, and a laughable income. Collins' good nature helps him over some of the rough spots but cannot spare him the harsh reality of a doctor's life. Every day he is confronted with decisions that will change people's lives-or end them-forever. A young boy's leg is mangled by a tractor: risk the boy's life to save his leg, or amputate immediately? A woman diagnosed with bone cancer injures her hip: go through a painful hip operation even though she has only months to live? Like a jolt to the system, he is faced with the reality of suffering and death as he struggles to reconcile his idealism and aspiration to heal with the recognition of his own limitations and imperfections. Unflinching and deeply engaging, *Hot Lights, Cold Steel* is a humane and passionate reminder that doctors are people too. This is a gripping memoir, at times devastating, others triumphant, but always compulsively readable.

Invisible Man Ralph Ellison 2016-08-18 *Invisible Man* is a milestone in American literature, a book that has continued to engage readers since its appearance in 1952. A first novel by an unknown writer, it remained on the bestseller list for sixteen weeks, won the National Book Award for fiction, and established Ralph Ellison as one of the key writers of the century. The nameless narrator of the novel describes growing up in a black community in the South, attending a Negro college from which he is expelled, moving to New York and becoming the chief spokesman of the Harlem branch of "the Brotherhood", and retreating amid violence and confusion to the basement lair of the Invisible Man he imagines himself to be. The book is a passionate and witty tour de force of style, strongly influenced by T.S. Eliot's *The Waste Land*, Joyce, and Dostoevsky.

Everything I Never Told You Celeste Ng 2014-06-26 The acclaimed debut novel by the author of *Little Fires Everywhere* and *Our Missing Hearts* "A taut tale of ever deepening and quickening suspense." —O, the Oprah Magazine "Explosive . . . The Road Cormac McCarthy 2007-03-20 WINNER OF THE PULITZER PRIZE • NATIONAL BESTSELLER • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). • From the bestselling author of *The Passenger* A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves

against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.
