**Civilized to Death** Christopher Ryan 2020-08-11

The New York Times bestselling coauthor of *Sex at Dawn* explores the ways in which “progress” has perverted the way we live—how we eat, learn, feel, mate, parent, communicate, work, and die—in this “engaging, extensively documented, well-organized, and thought-provoking” (Booklist) book. Most of us have instinctive evidence the world is ending—balmy December days, face-to-face conversation replaced with heads-to-screens zomboidism, a world at constant war, a political system in disarray. We hear some myths and lies so frequently that they feel like truths: Civilization is humankind’s greatest accomplishment. Progress is undeniable. Count your blessings. You’re lucky to be alive here and now. Well, maybe we are and maybe we aren’t. Civilized to

Death counters the idea that progress is inherently good, arguing that the “progress” defining our age is analogous to an advancing disease. Prehistoric life, of course, was not without serious dangers and disadvantages. Many babies died in infancy. A broken bone, infected wound, snakebite, or difficult pregnancy could be life-threatening. But ultimately, Christopher Ryan questions, were these pre-civilized dangers more murderous than modern scourges, such as car accidents, cancers, cardiovascular disease, and a technologically prolonged dying process? *Civilized to Death* “will make you see our so-called progress in a whole new light” (Book Riot) and adds to the timely conversation that “the way we have been living is no longer sustainable, at least as long as we want the earth to outlive us” (Psychology Today). Ryan makes the claim that

we should start looking backwards to find our way into a better future.

**Developing Ecological Consciousness** Christopher Uhl 2003 A second edition of this textbook is now available. *Developing Ecological Consciousness* offers an ecology-based, wonder-filled initiation to the Universe and the Planet Earth. It examines the ways in which humans are damaging the Earth and their own bodies and spirits. The book presents paradigms, values, and tools essential for both planetary and personal transformation.

*The Fifth Sacred Thing* Starhawk 2011-08-10 An epic tale of freedom and slavery, love and war, and the potential futures of humankind tells of a twenty-first century California clan caught between two clashing worlds, one based on tolerance, the other on repression. *Declaration of the Four Sacred Things* The earth is a living, conscious being. In company with cultures of many different times and places, we name these things as sacred: air, fire, water, and earth.

Whether we see them as the breath, energy, blood, and body of the Mother, or as the blessed gifts of a Creator, or as symbols of the interconnected systems that sustain life, we know that nothing can live without them. To call these things sacred is to say that they have a value beyond their usefulness for human ends, that they themselves became the standards by which our acts, our economics, our laws, and our purposes must be judged. no one has the right to

appropriate them or profit from them at the expense of others. Any government that fails to protect them forfeits its legitimacy. All people, all living things, are part of the earth life, and so are sacred. No one of us stands higher or lower than any other. Only justice can assure balance: only ecological balance can sustain freedom. Only in freedom can that fifth sacred thing we call spirit flourish in its full diversity. To honor the sacred is to create conditions in which nourishment, sustenance, habitat, knowledge, freedom, and beauty can thrive. To honor the sacred is to make love possible. To this we dedicate our curiosity, our will, our courage, our silences, and our voices. To this we dedicate our lives. Praise for *The Fifth Sacred Thing* “This is wisdom wrapped in drama.”—Tom Hayden, California state senator “Starhawk makes the jump to fiction quite smoothly with this memorable first novel.”—Locus “Totally captivating . . . a vision of the paradigm shift that is essential for our very survival as a species on this planet.”—Elinor Gadon, author of *The Once and Future Goddess* “This strong debut fits well against feminist futuristic, utopic, and dystopic works by the likes of Charlotte Perkins Gilman, Ursula LeGuin, and Margaret Atwood.”—Library Journal *Ishmael* Daniel Quinn 1995-05-01 One of the most beloved and bestselling novels of spiritual adventure ever published, *Ishmael* has earned a passionate following. This special twenty-fifth

anniversary edition features a new foreword and afterword by the author. “A thoughtful, fearlessly low-key novel about the role of our species on the planet . . . laid out for us with an originality and a clarity that few would deny.”—The New York Times Book Review Teacher Seeks Pupil. Must have an earnest desire to save the world. Apply in person. It was just a three-line ad in the personals section, but it launched the adventure of a lifetime. So begins an utterly unique and captivating novel. It is the story of a man who embarks on a highly provocative intellectual adventure with a gorilla—a journey of the mind and spirit that changes forever the way he sees the world and humankind’s place in it. In *Ishmael*, which received the Turner Tomorrow Fellowship for the best work of fiction offering positive solutions to global problems, Daniel Quinn parses humanity’s origins and its relationship with nature, in search of an answer to this challenging question: How can we save the world from ourselves? Explore Daniel Quinn’s spiritual *Ishmael* trilogy: *ISHMAEL* • *MY ISHMAEL* • *THE STORY OF B* Praise for *Ishmael* “As suspenseful, inventive, and socially urgent as any fiction or nonfiction you are likely to read this or any other year.”—The Austin Chronicle “Before we’re halfway through this slim book . . . we’re in [Daniel Quinn’s] grip, we want *Ishmael* to teach us how to save the planet from ourselves. We want to change our lives.”—The Washington Post

“Arthur Koestler, in an essay in which he wondered whether mankind would go the way of the dinosaur, formulated what he called the Dinosaur’s Prayer: ‘Lord, a little more time!’ *Ishmael* does its bit to answer that prayer and may just possibly have bought us all a little more time.”—Los Angeles Times

*The Thom Hartmann Reader* Thom Hartmann  
2011 It’s hard to pigeonhole Thom Hartmann. He has a unique synthesis of qualities not often found in one person: a scholar’s love of history, a scientist’s zeal for facts, a visionary’s seeking after truth, an explorer’s appetite for adventure and novelty. In addition to being the nation’s number one progressive radio host, he’s been an ad man, a psychotherapist, a private detective, and a homeopath. His writings encompass politics, history, ecology, psychology, and spirituality, among other subjects. Even Hartmann’s millions of loyal listeners and readers will be amazed at the breadth of his thought as evidenced by *The Thom Hartmann Reader*. Editor Tai Moses has pulled together Hartmann’s writings from a dozen books and other sources to present a comprehensive picture of where Hartmann’s wide-ranging intellect has led him over the past thirty years. Hartmann is perhaps best known as a political thinker, and essays throughout this book express—in his characteristic impassioned and lucid style—his fierce commitment to Jeffersonian democracy and his

virulent opposition to the corporatization of America. But you'll also discover his Older and Younger Cultures hypothesis, which identifies the root cause of so many of our social and environmental ills and points the way to a solution. You'll hear from Hartmann on how to keep our schools from treating children like assembly line products, why attention deficit disorder is not an affliction, and what cloudy Germany can teach us about solar energy. You'll meet the remarkable Gottfried Müller, Hartmann's mentor and the founder of the humanitarian organization Salem International. You'll join Hartmann on fact-finding trips to Uganda, Russia, and four-thousand-year-old ruins in Peru. As fascinating as these and other topics in The Hartmann Reader are, Hartmann's deepest aspiration has always been that his audience do more than just listen or read, that they become active, awakened agents of change. These essays are meant to inspire and motivate, to spur you to take some kind of action. As Hartmann says at the end of every radio program, "Get out there, get active! Tag, you're it!"

*The River Why* David James Duncan 2015-09-08  
The classic novel of fly fishing and spirituality republished with a new Afterword by the author. Since its publication in 1983, *The River Why* has become a classic. David James Duncan's sweeping novel is a coming-of-age comedy about love, nature, and the quest for self-discovery,

written in a voice as distinct and powerful as any in American letters. Gus Orviston is a young fly fisherman who leaves behind his comically schizoid family to find his own path. Taking refuge in a remote cabin, he sets out in pursuit of the Pacific Northwest's elusive steelhead. But what begins as a physical quarry becomes a spiritual one as his quest for self-knowledge batters him with unforeseeable experiences. Profoundly reflective about our connection to nature and to one another, *The River Why* is also a comedic rollercoaster. Like Gus, the reader emerges utterly changed, stripped bare by the journey Duncan so expertly navigates.

*The Big Trivia Quiz Book* DK 2020-08-04 Put your general knowledge to the test, and impress your family and friends with your astonishing brainpower and trivia genius. An addictive quiz ebook for all the family featuring 10,000 questions, *The Big Trivia Quiz Book* has something for everyone. With 10 different general knowledge categories - from Science & Technology, Art & Literature, and Natural History, to Food & Drink, Film & TV, and Sport & Leisure - and three increasing levels of difficulty, it offers a fresh and up-to-the-minute quizzing experience that will educate and entertain all the family. Bursting with fascinating facts to boost your trivia knowledge, whatever your specialist subject or your nemesis topic, *The Big Trivia Quiz Book* is perfect for home entertainment and virtual pub

quizzes. You won't be able to put it down!

**Ghosts from Our Past** Erin Gilbert 2016-06-28 As seen in the Sony Pictures 2016 film

Ghostbusters, the ultimate guide to identifying, understanding, and engaging with any paranormal activity that plagues you Years before they made headlines with the Ghostbusters, Erin Gilbert and Abby L. Yates published the groundbreaking study of the paranormal, Ghosts from Our Past.

Once lost to history, this criminally underappreciated book is now updated for the new century. According to Gilbert and Yates, “extraordinary claims require extraordinary evidence,” and whether you're a believer or a skeptic, you'll find the information you're seeking right here in this extraordinary book, including:

- The childhood experiences that inspired Erin and Abby's lifelong passion for the scientific study of the paranormal
- The history of ghosts and other supernatural entities, the science that explains their existence, and profiles of the groundbreaking paranormal researchers who have investigated them
- An illustrated guide to Class I through Class VII ghosts
- Helpful sidebars like “A Ghost by Any Other Name” and “Ectoplasm Cleanup Tips”
- Updates including “The Ghostbusters' Arsenal” by Jillian Holtzmann and “Haunted History” by Patty Tolan
- A new Ghostbusting Resources appendix, featuring the “Paranormal Quickstart Guide”, “Is It a Ghost? A Handy Quiz”, “A Supernatural Stakeout Journal”, “The

Devil's Dictionary: Paraterminology You Need to Know” With this helpful—and hilarious—official Ghostbusters guide in hand, you'll be prepared for almost any spirit, spook, or spectre that comes your way. As for the rest, you know who to call.

**The Story of B** Daniel Quinn 1997-11-03 From the author of the critically acclaimed, award-winning bestseller Ishmael and its sequel, My Ishmael, comes a powerful novel with one of the most profound spiritual testaments of our time “A compelling ‘humantale’ that will unglue, stun, shock, and rearrange everything you've learned and assume about Western civilization and our future.”—Paul Hawken, author of The Ecology of Commerce Father Jared Osborne has received an extraordinary assignment from his superiors: Investigate an itinerant preacher stirring up deep trouble in central Europe. His followers call him B, but his enemies say he's something else: the Antichrist. However, the man Osborne tracks across a landscape of bars, cabarets, and seedy meeting halls is no blasphemous monster—though an earlier era would undoubtedly have rushed him to the burning stake. For B claims to be enunciating a gospel written not on any stone or parchment but in our very genes, opening up a spiritual direction for humanity that would have been unimaginable to any of the prophets or saviors of traditional religion. Pressed by his superiors for a judgement, Osborne is driven to penetrate B's inner circle, where he soon finds

himself an anguished collaborator in the dismantling of his own religious foundations. More than a masterful novel of adventure and suspense, *The Story of B* is a rich source of compelling ideas from an author who challenges us to rethink our most cherished beliefs. Explore Daniel Quinn's spiritual Ishmael trilogy: ISHMAEL

• MY ISHMAEL • THE STORY OF B

The Spiritual Path Gregory David Roberts

2021-03-19 The author of international bestseller, *Shantaram*, takes us on a gripping personal journey of wonder and insight into science, belief, faith and devotion. Drawing on common-sense logic, sacred traditions, inspirations from the natural world and the iconoclastic instruction of his spiritual teacher, Roberts describes the step by step path he followed in search of spiritual connection, one that anyone, of any belief or none, can apply in their own lives. This gripping personal account of the Leap of Faith is a compellingly fresh, new addition to such enduring, spiritually inspiring works as *Zen and The Art of Motorcycle Maintenance*, *The Road Less Travelled* and *The Celestine Prophecy*. From the Author: "The Spiritual Path is for anyone searching for meaning and connection, for more answers than questions, and for practical help in resetting the spiritual compass." Gregory David Roberts

**Computers Take Flight: A History of NASA's**

**Pioneering Digital Fly-By-Wire Project** James E.

Tomayko 2000

*If They Give You Lined Paper, Write Sideways.*

Daniel Quinn 2011-03-01 In *Ishmael*, Daniel Quinn offered new ways of seeing and understanding human history, and our collective future. His message was transformative for millions of people, and *Ishmael* continues to attract tens of thousands of new readers each year. Subsequent works, such as *The Story of B* and *My Ishmael*, expanded upon his insights and teachings, but only now does he finally tackle the one question he has been asked hundreds of times but has never taken on: "How do you do what you do?" In *If They Give You Lined Paper, Write Sideways* Quinn elucidates for readers the methods behind his own thought processes, challenging and ultimately empowering them to view the world for themselves in creative, perhaps even revolutionary ways. *If They Give You Lines Paper, Write Sideways* also includes Quinn's never-before-published essays "The New Renaissance" and "Our Religions." There is a scientific consensus that global warming is approaching a tipping point beyond no return faster than had previously been predicted. Quinn has long portrayed humans as "a species of beings, which, while supposedly rational, are destroying the very planet they live on." So what are we to do? There has never been a plan for the future - and there never will be. But something extraordinary will happen in the next

two or three decades; the people of our culture will learn to live sustainably - or not. Either way, it will be extraordinary. The sooner we understand this reality, the greater the chances that human society will transform itself so that the human race might have a future. From the Trade Paperback edition.

Desperate to Touch W. Winters 2019-10-08 From USA Today bestselling author Willow Winters comes a heart-wrenching, edge-of-your-seat gripping, romantic suspense. I ran from him, even though my heart knew better. Love was one thing, but survival another. He chose a life of crime. I never wanted any of it; I only wanted him. I left when the danger bled into my life, taking more than I was willing to sacrifice. I should have known he'd come for me. Men like him always get what they want. The temptation in his eyes, the heat of his touch . . . it's all still there, but his gaze is harsher now and his grasp unrelenting. He's not the boy I fell in love with, although pieces of what we once had are still there. I can feel it. I know what he wants from me, and I know it comes with a steep price. I'll pay it though, if for no other reason than to touch him again. Just once more. I'll close my eyes and forget about the risks that come with this life and with him. I only hope he doesn't do the same. Desperate to Touch is book 2 in a series. Hard to Love must be read first. Topics include: mafia romances, dark romance, dark romance mafia,

alpha business man book, billionaire romance, billionaire romance series, possessive alpha romance, willow winters books, w. winters books, contemporary romance, contemporary, romance novels, survival romance, the best romance series ever, bestselling series, captive romance. *Call Me Ishmael* Charles Olson 2018-12-05 First published in 1947, this acknowledged classic of American literary criticism explores the influences—especially Shakespearean ones—on Melville's writing of *Moby-Dick*. One of the first Melvilleans to advance what has since become known as the "theory of the two *Moby-Dicks*," Olson argues that there were two versions of *Moby-Dick*, and that Melville's reading *King Lear* for the first time in between the first and second versions of the book had a profound impact on his conception of the saga: "the first book did not contain Ahab," writes Olson, and "it may not, except incidentally, have contained *Moby-Dick*." If literary critics and reviewers at the time responded with varying degrees of skepticism to the "theory of the two *Moby-Dicks*," it was the experimental style and organization of the book that generated the most controversy. Passionate in his poetry, Olson was no less passionate in his reading of Melville. Impatient with what he regarded as traditional forms of literary criticism, Olson engaged his own creativity to write a book as robust, original, and compelling as Melville's masterpiece. "Not only important, but

apocalyptic.”—New York Herald Tribune “One of the most stimulating essays ever written on Moby-Dick, and for that matter on any piece of literature, and the forces behind it.”—San Francisco Chronicle “Olson has been a tireless student of Melville and every Melville lover owes him a debt for his Scotland Yard pertinacity in getting on the trail of Melville’s dispersed library.”—Lewis Mumford, New York Times “Records, often brilliantly, one way of taking the most extraordinary of American books.”—W. E. Bezanson, New England Quarterly “The most important contribution to Melville criticism since Raymond Weaver’s pioneering contribution in 1921.”—George Mayberry, New Republic

**Dreamer** Daniel Quinn 2013-01-12 Greg has just fallen in love with Ginny Winters when the dreams begin--nightmares of chasing Ginny through a strange, deserted city. Then Greg wakes up and discovers that he's Richard, an emotionally-disturbed man committed to a sanitarium--and married to Ginny. **Dreamer** foreshadows the complexity of Quinn's Turner Award-winning book *Ishmael*.

**Sustaining the Earth** G. Tyler Miller 2014-01-01 SUSTAINING THE EARTH provides the basic scientific tools for understanding and thinking critically about the environmental problems we face. About half the price of other environmental science texts, this 14-chapter, one-color core book offers an integrated approach that

emphasizes how environmental and resource problems and solutions are related. The new edition of SUSTAINING THE EARTH is fully updated with the latest statistics and reports of important scientific studies. New Connections boxes show surprising but important connections between environmental problems and aspects of daily life. In addition, new Thinking About boxes help students apply the concepts of the book to their own lives. Sustainability is the integrating theme of this current and thought-provoking book. The concept-centered approach transforms complex environmental topics and issues into key concepts that students will understand and remember. By framing the concepts with goals for more sustainable lifestyles and human communities, students see how promising the future can be. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Environmental Ethics** Robert Elliot 1995 This volume features a selection of articles concerning ethics and the environment. It offers an introduction to the main debates in the area, and deals with such issues as the duty to future generations, resource conservation, species and wilderness prese

**An Invitation to Environmental Sociology** Michael Mayerfeld Bell 2015-07-01 “This is not only the best environmental sociology text I’ve used, but it

is the best text of any type I've used in college-level teaching." –Dr. Cliff Brown, University of New Hampshire Join author Mike Bell and new co-author Loka Ashwood as they explore "the biggest community of all" and bring out the sociology of environmental possibility. The highly-anticipated Fifth Edition of *An Invitation to Environmental Sociology* delves into this rapidly changing and growing field in a clear and artful manner. Written in a lively, engaging style, this book explores the broad range of topics in environmental sociology with a personal passion rarely seen in sociology books. The Fifth Edition contains new chapters entitled "Money and Markets," "Technology and Science," and "Living in An Ecological Society." In addition, this edition brings in fresh material on extraction between core and periphery countries, the industrialization of agriculture, the hazards of fossil fuel production, environmental security, and making environmentalism normal.

**Humankind** Peter Farb 1978

**After Dachau** Daniel Quinn 2011-03-01 Daniel Quinn, well known for *Ishmael* – a life-changing book for readers the world over – once again turns the tables and creates an otherworld that is very like our own, yet fascinating beyond words. Imagine that Nazi Germany was the first to develop an atomic bomb and the Allies surrendered. America was never bombed, occupied, or even invaded, but was nonetheless

forced to recognize Nazi world dominance. The Nazis continued to press their campaign to rid the planet of "mongrel races" until eventually the world – from Capetown to Tokyo – was populated by only white faces. Two thousand years in the future people don't remember, or much care, about this distant past. The reality is that to be human is to be Caucasian, and what came before was literally ancient history having nothing to do with those then living. Now imagine that reincarnation is real, that souls migrate over time from one living creature to another, and that a soul that once animated an American black woman living at the time of World War II now animates an Aryan in Quinn's new world, and that due to a traumatic accident memories of this earlier incarnation assert themselves. Compared by readers and critics alike to *1984* and *Brave New World*, *After Dachau* is a new dystopian classic with much to say about our own time, and the dynamics of human history.

Presence Peter Senge 2011-01-11 Radical and hopeful -- Presence synthesises cutting-edge thinking, firsthand knowledge and ancient wisdom Presence: Human Purpose and the Field of the Future gives the reader an intimate look at the development of a new theory about change and learning. A book built around a series of wide-ranging conversations over a year and a half, Senge, Scharmer, Jaworski, and Flowers explore their own experiences and those of one hundred

and fifty scientists and social and business entrepreneurs in an effort to explain how profound collective change occurs. Their journey of discovery articulates a new way of seeing the world, and of understanding our part in creating it -- as it is and as it might be. Presence explores the living fields that connect us to one another, to life more broadly, and, potentially, to what is "seeking to emerge." Seven capacities underlie our ability to see, sense, and realize new possibilities. Developing these capacities accesses a deeper level of learning that is the key to creating change that services the whole -- ourselves, our organizations and the communities of which we are a part.

**The Last Girl** Nadia Murad 2018-10-16 WINNER OF THE NOBEL PEACE PRIZE • In this "courageous" (The Washington Post) memoir of survival, a former captive of the Islamic State tells her harrowing and ultimately inspiring story. Nadia Murad was born and raised in Kocho, a small village of farmers and shepherds in northern Iraq. A member of the Yazidi community, she and her brothers and sisters lived a quiet life. Nadia had dreams of becoming a history teacher or opening her own beauty salon. On August 15th, 2014, when Nadia was just twenty-one years old, this life ended. Islamic State militants massacred the people of her village, executing men who refused to convert to Islam and women too old to become sex slaves. Six of Nadia's brothers were killed,

and her mother soon after, their bodies swept into mass graves. Nadia was taken to Mosul and forced, along with thousands of other Yazidi girls, into the ISIS slave trade. Nadia would be held captive by several militants and repeatedly raped and beaten. Finally, she managed a narrow escape through the streets of Mosul, finding shelter in the home of a Sunni Muslim family whose eldest son risked his life to smuggle her to safety. Today, Nadia's story—as a witness to the Islamic State's brutality, a survivor of rape, a refugee, a Yazidi—has forced the world to pay attention to an ongoing genocide. It is a call to action, a testament to the human will to survive, and a love letter to a lost country, a fragile community, and a family torn apart by war.

**Character Strengths and Virtues** Christopher Peterson 2004-04-08 "Character" has become a front-and-center topic in contemporary discourse, but this term does not have a fixed meaning. Character may be simply defined by what someone does not do, but a more active and thorough definition is necessary, one that addresses certain vital questions. Is character a singular characteristic of an individual, or is it composed of different aspects? Does character-- however we define it--exist in degrees, or is it simply something one happens to have? How can character be developed? Can it be learned? Relatedly, can it be taught, and who might be the most effective teacher? What roles are played by

family, schools, the media, religion, and the larger culture? This groundbreaking handbook of character strengths and virtues is the first progress report from a prestigious group of researchers who have undertaken the systematic classification and measurement of widely valued positive traits. They approach good character in terms of separate strengths—authenticity, persistence, kindness, gratitude, hope, humor, and so on—each of which exists in degrees. *Character Strengths and Virtues* classifies twenty-four specific strengths under six broad virtues that consistently emerge across history and culture: wisdom, courage, humanity, justice, temperance, and transcendence. Each strength is thoroughly examined in its own chapter, with special attention to its meaning, explanation, measurement, causes, correlates, consequences, and development across the life span, as well as to strategies for its deliberate cultivation. This book demands the attention of anyone interested in psychology and what it can teach about the good life.

Beyond Civilization Daniel Quinn 2009-02-04 In *Beyond Civilization*, Daniel Quinn thinks the unthinkable. We all know there's no one right way to build a bicycle, no one right way to design an automobile, no one right way to make a pair of shoes, but we're convinced that there must be only one right way to live -- and the one we have is it, no matter what. *Beyond Civilization* makes

practical sense of the vision of Daniel Quinn's best-selling novel *Ishmael*. Examining ancient civilizations such as the Maya and the Olmec, as well as modern-day microcosms of alternative living like circus societies, Quinn guides us on a quest for a new model for society, one that is forward-thinking and encourages diversity instead of suppressing it. *Beyond Civilization* is not about a "New World Order" but a "New Personal World Order" that would allow people to assert control over their own destiny and grant them the freedom to create their own way of life right now - - not in some distant utopian future.

**The Most Successful Small Business in The World**  
Michael E. Gerber 2009-12-15 A unique guide for the crucial start-up phase of a business So much attention goes to business practice and operation, yet the majority of ventures still fail. One area often overlooked is preparation. Too few entrepreneurs ask themselves, what are you supposed to do before you start your start-up? *The Most Successful Small Business in The World* gives you Michael E. Gerber's unique approach to thinking about the meaning of your company by applying his ten critical steps; a process you must go through long before you ever open your door. With these simple principles, based on expert Michael Gerber's years spent helping countless entrepreneurs, you'll take the essential first steps to lay the groundwork for building what Michael E. Gerber

calls *The Most Successful Small Business In the World!* Author Michael Gerber has coached, taught, or trained more than 60,000 small businesses in 145 countries

**Free Webinar with Gerber for book purchasers**

**Gerber's Ten Principles** cover everything from defining the meaning of your company, teaching you how to think about systems, the importance of differentiation, perfecting the people within your business, acquiring clients, and more

If you're ready to make your business dream more than just a reality, and resolve to do something bigger than you ever imagined, *The Most Successful Small Business In The World* will provide you with a stunningly original process for thinking yourself through it. Yes, you too can create *The Most Successful Small Business In The World*...Michael E. Gerber will show you exactly how to do it.

**Learning React** Alex Banks 2017-04-27 If you want to learn how to build efficient user interfaces with React, this is your book. Authors Alex Banks and Eve Porcello show you how to create UIs with this small JavaScript library that can deftly display data changes on large-scale, data-driven websites without page reloads. Along the way, you'll learn how to work with functional programming and the latest ECMAScript features. Developed by Facebook, and used by companies including Netflix, Walmart, and The New York Times for large parts of their web interfaces, React is quickly growing in use. By learning how

to build React components with this hands-on guide, you'll fully understand how useful React can be in your organization. Learn key functional programming concepts with **JavaScript Peek under the hood** to understand how React runs in the browser

**Create application presentation layers** by mounting and composing React components

Use component trees to manage data and reduce the time you spend debugging applications

Explore React's component lifecycle and use it to load data and improve UI performance

Use a routing solution for browser history, bookmarks, and other features of single-page applications

Learn how to structure React applications with servers in mind

**Don't Call Me Ishmael** Michael Bauer 2012-01-01

By the time ninth grade begins, Ishmael Leseur knows it won't be long before Barry Bagsley, the class bully, says, "Ishmael? What kind of wussy-crap name is that?" Ishmael's perfected the art of making himself virtually invisible. But all that changes when James Scobie joins the class. Unlike Ishmael, James has no sense of fear - he claims it was removed during an operation. Now nothing will stop James and Ishmael from taking on bullies, bugs and Moby Dick, in the toughest, weirdest, most embarrassingly awful - and the best - year of their lives.

**Combinatorics and Graph Theory** John Harris 2009-04-03 These notes were first used in an introductory course team taught by the authors at

Appalachian State University to advanced undergraduates and beginning graduates. The text was written with four pedagogical goals in mind: offer a variety of topics in one course, get to the main themes and tools as efficiently as possible, show the relationships between the different topics, and include recent results to convince students that mathematics is a living discipline.

**My Ishmael Daniel Quinn 1998-10-06** An extraordinary and startlingly original sequel to Ishmael “Enthralling, shocking, hope-filled, and utterly fearless, Daniel Quinn leads us deeper and deeper into the human heart, history, and spirit. In My Ishmael, Quinn strikes out into entirely new territory, posing questions that will rock you on your heels, and providing tantalizing possibilities for a truly new world vision.”—Susan Chernak McElroy, author of *Animals as Teachers & Healers* When Ishmael places an advertisement for pupils with “an earnest desire to save the world,” he does not expect a child to answer him. But twelve-year-old Julie Gerchak is undaunted by Ishmael’s reluctance to teach someone so young, and convinces him to take her on as his next student. Ishmael knows he can’t apply the same strategies with Julie that he used with his first pupil, Alan Lomax—nor can he hope for the same outcome. But young Julie proves that she is ready to forge her own spiritual path and arrive at her own destination. And when the time comes to

choose a pupil to carry out his greatest mission yet, Ishmael makes a daring decision—a choice that just might change the world. Explore Daniel Quinn’s spiritual Ishmael trilogy: **ISHMAEL • MY ISHMAEL • THE STORY OF B**

The Holy Daniel Quinn 2011-03-01 They knew us before we began to walk upright. Shamans called them guardians, mythmakers called them tricksters, pagans called them gods, churchmen called them demons, folklorists called them shape-shifters. They’ve obligingly taken any role we’ve assigned them, and, while needing nothing from us, have accepted whatever we thought was their due – love, hate, fear, worship, condemnation, neglect, oblivion. Even in modern times, when their existence is doubted or denied, they continue to extend invitations to those who would travel a different road, a road not found on any of our cultural maps. But now, perceiving us as a threat to life itself, they issue their invitations with a dark purpose of their own. In this dazzling metaphysical thriller, four who put themselves in the hands of these all-but-forgotten Others venture across a sinister American landscape hidden from normal view, finding their way to interlocking destinies of death, terror, transcendental rapture, and shattering enlightenment. From the Trade Paperback edition.

Way of the Peaceful Warrior Dan Millman 2000 A world champion athlete visits "other worlds" with

the help of an old warrior named "Socrates."

**Tales of Adam** Daniel Quinn 2011-03-01 Ever since the publication of *Ishmael* in 1992, readers have yearned for a glimpse into a dimension of spiritual revelation the author only hinted at in that and later books. Now at long last they have it in seven profound but delightfully simple tales that illuminate the world in which humans became humans. This is a world seen through animist eyes: as friendly to human life as it was to the life of gazelles, lions, lizards, mosquitos, jellyfish, and seals – not a world in which humans lived like trespassers who must conquer and subdue an alien territory. It's a world in which humans have a place in the community of life – not as rulers but as equals – with the paths of all held together in the hand of god. This is not an ancient world or a lost world. It exists as surely today as it ever did – for those who have eyes to see it. *Tales of Adam*, delightfully illustrated by Michael McCurdy, is a book that will come to be shelved alongside *The Prophet*, *Jonathan Livingston Seagull*, and *The Alchemist*.

***Murder at the Margin*** Marshall Jevons 2014-09-22 Cinnamon Bay Plantation was the ideal Caribbean island getaway—or so it seemed. But for distinguished Harvard economist Henry Spearman it offered diversion of a decidedly different sort and one he'd hardly anticipated: murder. While the island police force is mired in an investigation that leads everywhere and

nowhere, the diminutive, balding Spearman, who likes nothing better than to train his curiosity on human behavior, conducts an investigation of his own, one governed by rather different laws—those of economics. Theorizing and hypothesizing, Spearman sets himself on the killer's trail as it twists from the postcard-perfect beaches and manicured lawns of a resort to the bustling old port of Charlotte Amalie to densely forested hiking trails with perilous drops to a barren offshore cay.

***Flight to Canada*** Ishmael Reed 1998-06-02 Brilliantly portrayed by a novelist with "a talent for hyperbole and downright yarning unequalled since Mark Twain", (SATURDAY REVIEW), this slave's-eye view of the Civil War exposes America's racial foibles of the past and present with uninhibited humor and panache. "A book that reinvents the particulars of slavery in America with comic rage".--THE NEW YORK TIMES BOOK REVIEW.

***A Thousand Splendid Suns*** Khaled Hosseini 2008-09-18 A riveting and powerful story of an unforgiving time, an unlikely friendship and an indestructible love

***Jackson Pollock*** Jackson Pollock 1999 Published to accompany the exhibition Jackson Pollock held at the Museum of Modern Art, New York, from 1 November 1998 to 2 February 1999.

***Boomeritis*** Ken Wilber 2003-09-09 Ken Wilber's latest book is a daring departure from his previous writings—a highly original work of fiction

that combines brilliant scholarship with tongue-in-cheek storytelling to present the integral approach to human development that he expounded in more conventional terms in his recent *A Theory of Everything*. The story of a naïve young grad student in computer science and his quest for meaning in a fragmented world provides the setting in which Wilber contrasts the alienated "flatland" of scientific materialism with the integral vision, which embraces body, mind, soul, and spirit in self, culture, and nature. The book especially targets one of the most stubborn obstacles to realizing the integral vision: a disease of egocentrism and narcissism that Wilber calls "boomeritis" because it seems to plague the baby-boomer generation most of all. Through a series of sparkling seminar-lectures skillfully interwoven with the hero's misadventures in the realms of sex, drugs, and popular culture, all of the major tenets of extreme postmodernism are criticized—and exemplified—including the author's having a bad case of boomeritis himself. Parody, intellectual slapstick, and a mind-twisting surprise ending unite to produce a highly entertaining summary of the work of cutting-edge theorists in human development from around the world.

*The Teachings* Daniel Quinn 2014-10-02 My novel *Ishmael* was a slow starter. In its early years it had only a few thousand readers. But those thousands told tens of thousands, the tens

of thousands told hundreds of thousands, and the hundreds of thousands told millions. *Ishmael* was just the first course, however. The rest of the meal was still to come -- in *Providence*, *The Story of B*, *My Ishmael*, and *Beyond Civilization*. But, though I didn't stop with *Ishmael*, most of my readers did. Very few of them went on to sample any of the later courses. That's why I decided to put this book together. It's a collection of appetizers, generous samples of all the books that followed *Ishmael* -- and of the books that came BEFORE *Ishmael*. Reading here, you'll see that in earlier writings -- *Tales of Adam* and *The Book of the Damned* -- I accomplished some things that I never managed to surpass in any of the later books (including *Ishmael*).

[The Sacred Balance](#) David Suzuki 2009-05-01 In this extensively revised and enlarged edition of his best-selling book, David Suzuki reflects on the increasingly radical changes in nature and science – from global warming to the science behind mother/baby interactions – and examines what they mean for humankind's place in the world. The book begins by presenting the concept of people as creatures of the Earth who depend on its gifts of air, water, soil, and sun energy. The author explains how people are genetically programmed to crave the company of other species, and how people suffer enormously when they fail to live in harmony with them. Suzuki analyzes those deep spiritual needs, rooted in

nature, that are a crucial component of a loving world. Drawing on his own experiences and those of others who have put their beliefs into action, *The Sacred Balance* is a powerful, passionate book with concrete suggestions for creating an ecologically sustainable, satisfying, and fair future by rediscovering and addressing humanity's basic needs.

**Providence** Daniel Quinn 2009-12-30 *Providence* is Quinn's fascinating memoir of his life-long spiritual voyage. His journey takes him from a childhood dream in Omaha setting him on a search for fulfillment, to his time as a postulant in the Trappist order under the guidance of eminent

theologian Thomas Merton. Later, his quest took him through the deep self-discovery of psychoanalysis, through a failed marriage during the turbulent and exciting 60s, to finding fulfillment with his wife Rennie and a career as a writer. In *Providence* Quinn also details his rejection of organized religion and his personal rediscovery of what he says is humankind's first and only universal religion, the theology that forms the basis for Ishmael. *Providence* is an insightful book that address issues of education, psychology, religion, science, marriage, and self-understanding, and will give insight to anyone who has ever struggled to forge and enact a personal spirituality.
