From Cradle to Preschool - What to Expect & What to Do U.S. Department of Education 2017-02-17 Scientists who study how the brain works have shown that children learn earlier—and learn more—than we once thought possible. From birth through age 5, children are developing the language, thinking, physical, emotional and social skills that they will need for the rest of their lives. This book is for families and caregivers who want to help their preschool children to learn and to develop the skills necessary for success in school—and in life. It begins with information that will help you prepare your child to learn and to get ready for school. The major portion are simple activities that you can use with your child. These activities are only a starting point. We hope that you and your child will enjoy them enough to create and try many more on your own. In addition, the text provides suggestions for how to monitor your child's TV viewing and to choose good TV programs and videos and how to choose suitable child care. It also provides a checklist to guide you as you prepare your child to enter kindergarten. As a parent, you can help your child want to learn in a way no one else can. That desire to learn is a key to your child's later success. Enjoyment is important!

It Looked so Good in the Window Sid Cooper 2008-11-03 One night while we were performing at the club, Tommy Dorsey himself came in with an entourage of his people. When Tommy's group went thru the room we were deep into an arrangement of mine, of a popular war song called, "On a Wing and a Prayer." they all slowed down a moment to hear what we were doing I was excited. Upon returning to our hotel, I found a note in my box. I just about fainted. It said "please come by the stage door to see me," signed Lou Zito ? manager of the T.D. Orchestra. Can you imagine the excitement in my brain? Wow! It was like an explosion. He told me that Tommy wanted to see me about joining the band. I was totally tongue tied. He took me to Tommy's dressing room. There he was as big as life and he asked me to join his band. There you go that dream Ethel had came true. And so my journey in the wonderful world of big bands really began.
