**Law and Policy for China's Market Socialism** John Garrick 2012-05-04 This edited volume presents fresh empirical research on the emerging outcomes of China's law reforms. The chapters examine China's 'going out' policy by addressing the ways in which the underpinning legal reforms enable China to pursue its core interests and broad international responsibilities as a rising power. The contributors consider China's civil and commercial law reforms against the economic backdrop of an outflow of Chinese capital into strategic assets outside her own borders. This movement of capital has become an intriguing phenomenon for both ongoing economic reform and its largely unheralded underpinning law reforms. The contributors ask probing questions about doing business with China and highlight the astonishing escalation of China's outbound foreign direct investment (OFDI). *Law and Policy for China's Market Socialism* includes contributions from leading China-law scholars and specialist practitioners from the People's Republic of China, Hong Kong, the United States, the United Kingdom and other countries who all extend the examination of powerful influences on China's law reforms into new areas. Given the forecast for the growth of China's domestic market, those wishing to gain a better understanding and seeking success in the world's most dynamic marketplace will benefit greatly from reading this book. This book is essential reading for anyone interested in Chinese economics and business, Chinese Law, Chinese politics and commercial law.

**The Emotions of Justice** Jisoo M. Kim 2016-01-27 The

Choson state (1392–1910) is typically portrayed as a rigid society because of its hereditary status system, slavery, and Confucian gender norms. However, *The Emotions of Justice* reveals a surprisingly complex picture of a judicial system that operated in a contradictory fashion by discriminating against subjects while simultaneously minimizing such discrimination. Jisoo Kim contends that the state's recognition of *won*, or the sense of being wronged, permitted subjects of different genders or statuses to interact in the legal realm and in doing so illuminates the intersection of law, emotions, and gender in premodern Korea.

**True Crimes in Eighteenth-Century China** Robert E. Hegel 2011-12-01 The little-examined genre of legal case narratives is represented in this fascinating volume, the first collection translated into English of criminal cases - most involving homicide - from late imperial China. These true stories of crimes of passion, family conflict, neighborhood feuds, gang violence, and sedition are a treasure trove of information about social relations and legal procedure. Each narrative describes circumstances leading up to a crime and its discovery, the appearance of the crime scene and the body, the apparent cause of death, speculation about motives and premeditation, and whether self-defense was involved. Detailed testimony is included from the accused and from witnesses, family members, and neighbors, as well as summaries and opinions from local magistrates, their coroners, and other officials higher up the chain of judicial review. Officials explain which law in the Qing dynasty legal code was violated, which

corresponding punishment was appropriate, and whether the sentence was eligible for reduction. These records began as reports from magistrates on homicide cases within their jurisdiction that were required by law to be tried first at the county level, then reviewed by judicial officials at the prefectural, provincial, and national levels, with each administrator adding his own observations to the file. Each case was decided finally in Beijing, in the name of the emperor if not by the monarch himself, before sentences could be carried out and the records permanently filed. All of the cases translated here are from the Qing imperial copies, most of which are now housed in the First Historical Archives, Beijing.

Midnight in Peking Paul French 2012-04-24 Winner of the both the Edgar Award for Best Fact Crime and the CWA Non-Fiction Dagger from the author of *City of Devils* Chronicling an incredible unsolved murder, *Midnight in Peking* captures the aftermath of the brutal killing of a British schoolgirl in January 1937. The mutilated body of Pamela Werner was found at the base of the Fox Tower, which, according to local superstition, is home to the maliciously seductive fox spirits. As British detective Dennis and Chinese detective Han investigate, the mystery only deepens and, in a city on the verge of invasion, rumor and superstition run rampant. Based on seven years of research by historian and China expert Paul French, this true-crime thriller presents readers with a rare and unique portrait of the last days of colonial Peking.

**Comparative Criminal Justice Systems** Shahid M. Shahidullah 2012 Written for students of criminal justice, *Comparative Criminal Justice Systems: Global and Local Perspectives* examines the nature of crime and

justice in varying countries and cultures in North America, Europe, Asia, Africa, and Latin America. Using a topical approach, it compares different systems of crime and justice in terms of their differences from, and similarities to, the laws and institutions of modern criminal justice, focusing on the United States as a standard of comparison. By examining different criminal justice systems in terms of their local peculiarities and understanding their change and continuity, readers will gain a well-rounded international perspective of the world's varying systems of criminal justice. Key Features: -Explores the rise of modern criminology and the criminal justice system in the nineteenth century. It is critical for students to understand the history of modern systems to fully comprehend the varying nature of today's main legal systems, focusing on the United States as a standard of comparison. -Employs a topical approach to examine the criminal justice systems in varying countries in Europe, Asia, Africa, and Latin America, including comparative views on law enforcement, judicial systems, corrections, due process of law, and search and seizures. -Includes discussions on comparative processes of criminalization and decriminalization on such issues as domestic violence, child abuse, homosexuality, and sexual harassment. - Discusses new global crimes and their impact on modern and traditional criminal justice systems, including human smuggling, global sex trade, global illegal drug trade, illegal trafficking of conventional military weapons, money laundering, cybercrime, and global terrorism. -Discussion questions ensure that student's grasp the core theoretical concepts.

*A History of World Societies, Combined Volume* John P. McKay 2011-10-05 *A History of World Societies* introduces

students to the global past through social history and the stories and voices of the people who lived it. The book's regional and comparative approach helps students understand the connections of global history while providing a manageable organization. With global connections and comparisons, documents, features and activities that teach historical analysis.

**Heaven Has Eyes** Xiaoqun Xu 2020-08-03 Heaven Has Eyes is a comprehensive but concise history of Chinese law and justice from the imperial era to the post-Mao era. Never before has a single book treated the traditional Chinese law and judicial practices and their modern counterparts as a coherent history, addressing both criminal and civil justice. This book fills this void. Xiaoqun Xu addresses the evolution and function of law codes and judicial practices throughout China's long history, and examines the transition from traditional laws and practices to modern ones in the twentieth century. To the Chinese of the imperial era, justice was an alignment of heavenly reason (tianli), state law (guofa), and human relations (renqing). Such a conception did not change until the turn of the twentieth century, when Western-derived notions--natural rights, legal equality, the rule of law, judicial independence, and due process--came to replace the Confucian moral code of right and wrong. The legal-judicial reform agendas that emerged in the beginning of the twentieth century (and are still ongoing today) stemmed from this change in Chinese moral and legal thinking, but to materialize the said principles in everyday practices is a very different order of things, and the past century was fraught with legal dramas and tragedies. Heaven Has Eyes lays out how and why that is the case.

*A History of World Societies, Volume 2: Since 1450* John P. McKay 2011-10-05 A History of World Societies introduces students to the global past through social history and the stories and voices of the people who lived it. Now published by Bedford/St. Martin's, and informed by the latest scholarship, the book has been thoroughly revised with students in mind to meet the needs of the evolving course. Proven to work in the classroom, the book's regional and comparative approach helps students understand the connections of global history while providing a manageable organization. With more global connections and comparisons, more documents, special features and activities that teach historical analysis, and an entirely new look, the ninth edition is the most teachable and accessible edition yet. Test drive a chapter today. Find out how.

**Law's Political Foundations** John O. Haley 2016-06-24 Law's Political Foundations explains the development of the two basic systems of public and private law and their historical transformations. Examining the historical development of law in China, Japan, Western Europe, and Hispanic America, Haley argues that law is a product, rather than a constitutive element, of political systems.

*China's Bloody Century* R. J. Rummel 2017-07-12 Except for Soviet citizens, no people in this century have endured so much mass killing as have the Chinese. They have been murdered by rebels conniving with their own rulers, and then, after the defeat in war of the imperial dynasty, by soldiers of other lands. They have been killed by warlords who ruled one part of China or another. They have been executed by Nationalists or Communists because they had the wrong beliefs or attitudes or were simply in the wrong place at the wrong

time. In China's Bloody Century, R.J. Rummel's careful estimate of the total number of killings exceeds 5 million. How do we explain such killings, crossing ideological bounds and political conditions? According to Rummel, the one constant factor in all the Chinese mass murder, as it was in the Soviet Union and Nazi Germany, is arbitrary power. It was the factor that united warlords, Nationalists, Communists, and foreign armies. The author argues that whenever such undisciplined power is centralized and unchecked, the possibility exists that it will be used at the whim of dictators to kill for their own ends, whether the aim is ethnic-racial purity, national unity, development, or utopia. The book presents successive periods in modern Chinese history, with each chapter divided into three parts. Rummel first relates the history of the period within which the nature and the amount of killings are presented. He then provides a detailed statistical table giving the basic estimates with their sources and qualifications. The final part offers an appendix that explains and elaborates the statistical computations and estimates. While estimates are available in the literature on the number of Chinese killed in Communist land reform, or in Tibet, or by the Nationalists in one military campaign or another, until this book no one has tried to systematically accumulate, organize, add up, and analyze these diverse killings for all of China's governments in this century. For

**Imperial China, 1350–1900** Jonathan Porter 2016-02-04 This clear and engaging book provides a concise overview of the Ming-Qing epoch (1368–1912), China's last imperial age. Beginning with the end of the Mongol domination of China in 1368, this five-century period was remarkable for its continuity and stability until

its downfall in the Revolution of 1911. Viewing the Ming and Qing dynasties as a coherent era characterized by the fruition of diverse developments from earliest times, Jonathan Porter traces the growth of imperial autocracy, the role of the educated Confucian elite as custodians of cultural authority, the significance of ritual as the grounding of political and social order, the tension between monarchy and bureaucracy in political discourse, the evolution of Chinese cultural identity, and the perception of the "barbarian" and other views of the world beyond China. As the climax of traditional Chinese history and the harbinger of modern China in the twentieth century, Porter argues that imperial China must be explored for its own sake as well as for the essential foundation it provides in understanding contemporary China, and indeed world history writ large.

**Civil Society in China** Karla W. Simon 2013-03-22 This is the definitive book on the legal and fiscal framework for civil society organizations (CSOs) in China from earliest times to the present day. Civil Society in China traces the ways in which laws and regulations have shaped civil society over the 5,000 years of China's history and looks at ways in which social and economic history have affected the legal changes that have occurred over the millennia. This book provides an historical and current analysis of the legal framework for civil society and citizen participation in China, focusing not merely on legal analysis, but also on the ways in which the legal framework influenced and was influenced in turn by social and economic developments. The principal emphasis is on ways in which the Chinese people - as opposed to high-ranking officials or cadres -- have been able to play a part in the social and

economic development of China through the associations in which they participate. Civil Society in China sums up this rather complex journey through Chinese legal, social, and political history by assessing the ways in which social, economic, and legal system reforms in today's China are bound to have an impact on civil society. The changes that have occurred in China's civil society since the late 1980's and, most especially, since the late 1990's, are nothing short of remarkable. This volume is an essential guide for lawyers and scholars seeking an in depth understanding of social life in China written by one of its leading experts.

Dee Goong An (Three Murder Cases Solved) 2023-02-22

First published in the eighteenth century, Dee Goong An chronicles three of Judge Dee's celebrated cases, woven together into a novel. A double murder among merchants, the fatal poisoning of a new bride, and an unsolved murder in a small town – these crimes launch Judge Dee down the great silk routes and even into graveyards to consult the spirits of the dead. With his keen analytical wit, can he discover the killers? First of the Judge Dee books, translated by Robert van Gulik.

**Wrongful Deaths** 2014-02-01 This collection presents and analyzes inquest records that tell the stories of ordinary Korean people under the Choson court (1392-1910). Extending the study of this period, usually limited to elites, into the realm of everyday life, each inquest record includes a detailed postmortem examination and features testimony from everyone directly or indirectly related to the incident. The result is an amazingly vivid, colloquial account of the vibrant, multifaceted sociocultural and legal culture of early modern Korea.

**Powerful Arguments** 2020-03-02 The essays in Powerful

Arguments reconstruct the standards of validity underlying argumentative practices in a wide array of late imperial Chinese discourses, ranging from historiography, philosophy, law and religion to natural studies, literature, and the civil examination system. The Shang Pirate Legacy Jerry Ardolino 2007-10-01 A NEW RELEASE! From the Author whose First Book---a Non-Fiction---was Shown and Quoted in the Editorial Section of PLAYBOY, comes the Historical-based, Action/Thriller Fiction THE SHANG PIRATE LEGACY The FIRST Novel ever written about the real Chinese Pirate ship Ning Po and her Triad Pirate crew whose descendents are 21st Century, Asian Triad Gangsters. If you love Pirates; High-Tech Suspense; Realistic Action and a Complex, Thrilling Plot along with subplots, twists and turns---you'll love THE SHANG PIRATE LEGACY! THE SHANG PIRATE LEGACY is in the permanent library collections of The Catalina Island Museum; The Los Angeles Maritime Museum; Newport Harbor Nautical Museum and in the J. Porter Shaw Library collection at The San Francisco Maritime National Park. FROM THE CRITICS: "Jerry Ardolino...articulate...intense...His new novel, The Shang Pirate Legacy is a crime thriller that ranges from Oriental antiquity to the 21st century." ----LAS VEGAS WEEKLY "THE SHANG PIRATE LEGACY...Jerry Ardolino knows violence first hand and writes it well. You'll find this an exciting read." ----Jerry Ahern----GUN WORLD MAGAZINE BOOK SUMMARY: Steven Shang---Chinese-American software company CEO has inherited the leadership sword of the 333 year-old Yellow Dragon Ning Po Triad based in Hong Kong; hard-edged 21st Century gangsters whose secret brotherhood is descended from the pirates of the Historical 18th Century Chinese Junk Ning Po. Steven doesn't want to be the boss and is forced to defend

people he loves and his gentle way of living. With help from the Russian Mafiya; U.S. Army and Navy Intelligence; high-ranking members from the triad itself; and a deep courage he has to reach for from within; he goes full force against the triad's "Red Pole" Enforcer: Tommy Teng!

PREFACE This is a fact-based work of fiction. It is based on many actual facts and truths that exist in the multi-ethnic world of organized crime both now as well as hundreds of years ago. It specifically addresses the Chinese part of that world: the Triads. It covers not only 20th and 21st century triad activities but, also covers their crimes during the 18th and 19th centuries; when triads were pirates. And it is the first book ever written about the Chinese Junk pirate ship: Ning Po. The story also touches upon another criminal group based near mainland China but, whose roots are now entrenched in almost every country: The Russian Mafiya. Facts in this story are taken from personal firsthand knowledge that I've acquired over a thirty year span. What they relate to and what methods were used for my research are gone into in my "Author's Note" herein. During my law enforcement days as a Chicago Police Officer in the 1970s, I frequented Chicago's Chinatown: the mysterious shops, sinister nightclubs and illegal gambling dens run by the triad gangs there. Even though I was an "outsider"; people there could sense that I was a "real player." And those who knew or could sense that I was a cop; weren't bothered by it. They sensed that I was a wild cop that liked the "hard, sharp edge": different from all of the others they had encountered. And because of that, I, an outsider, was welcomed and made privy to facts by insiders in the Chinese underworld that nobody else but the insiders knew; "the real ways." The Chinese Junk

Ning Po referred to in the story was a real ship a real Pirate Ship. The island of Cheung Chau, the location of the headquarters of the fictional Yellow Dragon Ning Po Triad in this story, is, in reality; an island with a pirate and smuggling history dating back 2500 years. And that "industry" became very active in the 16th century. Some details in this story regarding the Nin

The Invention of Murder Judith Flanders 2013-07-23  
"Superb... Flanders's convincing and smart synthesis of the evolution of an official police force, fictional detectives, and real-life cause célèbres will appeal to devotees of true crime and detective fiction alike." - Publishers Weekly, starred review In this fascinating exploration of murder in nineteenth century England, Judith Flanders examines some of the most gripping cases that captivated the Victorians and gave rise to the first detective fiction Murder in the nineteenth century was rare. But murder as sensation and entertainment became ubiquitous, with cold-blooded killings transformed into novels, broadsides, ballads, opera, and melodrama-even into puppet shows and performing dog-acts. Detective fiction and the new police force developed in parallel, each imitating the other-the founders of Scotland Yard gave rise to Dickens's Inspector Bucket, the first fictional police detective, who in turn influenced Sherlock Holmes and, ultimately, even P.D. James and Patricia Cornwell. In this meticulously researched and engrossing book, Judith Flanders retells the gruesome stories of many different types of murder in Great Britain, both famous and obscure: from Greenacre, who transported his dismembered fiancée around town by omnibus, to Burke and Hare's bodysnatching business in Edinburgh; from the crimes (and myths) of Sweeney Todd and Jack the Ripper, to the

contributed to the formation of a new legal culture that included the free flow of accurate information, the rise of nonofficial legal experts, a large law-savvy population, and a high litigation rate. Comparing different official and commercial editions of the Qing Code, popular handbooks for amateur legal practitioners, and manuals for community legal lectures, Ting Zhang demonstrates how the dissemination of legal information transformed Chinese law, judicial authority, and popular legal consciousness.

*Inside China's Legal System* Chang Wang 2013-10-31

China's legal system is vast and complex, and robust scholarship on the subject is difficult to obtain. *Inside China's Legal System* provides readers with a comprehensive look at the system including how it works in practice, theoretical and historical underpinnings, and how it might evolve. The first section of the book explains the Communist Party's utilitarian approach to law: rule by law. The second section discusses Confucian and Legalist views on morality, law and punishment, and the influence such traditional Chinese thinking has on contemporary Chinese law. The third section focuses on the roles of key players (including judges, prosecutors, lawyers, and legal academics) in the Chinese legal system. The fourth section offers Chinese legal case studies in civil, criminal, administrative, and international law. The book concludes with a comparison of China's fundamental governing and legal principles with those of the United States, in such areas as checks and balances, separation of powers, and due process. Uses extensive legal materials and historical documents generally unavailable to Western based academics Gives insider knowledge, including first-hand experience teaching law, and close involvement with judges,

attorneys, and law professors in China Analyses legal issues from historical and cultural perspectives holistically

Stan Lee Sue L. Hamilton 2006-08-15 Discusses the life of Stan Lee and what inspired him to come up with the characters he writes about.

**Text, Performance, and Gender in Chinese Literature and Music** Maghiel van Crevel 2009-11-27 Bringing together new research on Chinese literature and music by twenty-two scholars, on topics ranging from Tang poetry to women's writing and the internet, this collection pays tribute to Wilt Idema as a leading scholar in a field of tremendous scope and diversity.

*The Peking Gazette* Lane J. Harris 2018-05-07 In *The Peking Gazette: A Reader in Nineteenth-Century Chinese History*, Lane J. Harris introduces an extraordinary collection of primary sources covering China's long nineteenth century (1793-1912) that allows readers to understand how the Manchu emperors and the multiethnic subjects of the Great Qing Empire experienced this tumultuous period.

*Chinese (Taiwan) Yearbook of International Law and Affairs, Volume 33 (2015)* Ying-jeou Ma 2017-07-27 The *Chinese (Taiwan) Yearbook of International Law and Affairs* includes articles and international law materials relating to the Asia-Pacific and the Republic of China on Taiwan.

**China's Changing Legal System** Thomas W. Simon 2016-04-29 While much international attention has been focused on China's developing economy, dramatic changes are also taking place in its legal system. This book is a groundbreaking, comprehensive introduction to China's legal system, covering the major areas of both civil and criminal law. The authors present fascinating cases and

balanced accounts of controversial issues, from copyright law to punishment. By letting Chinese lawyers and judges speak for themselves, the authors also allow readers a surprisingly candid insider's view of real life legal practice.

*Chinese Criminal Trials* Ni He 2013-10-12 This book provides a unique empirical study of criminal trials in China. Western observers such as the media, politicians and the legal scholars alike, have rarely had the exposure to the vast majority of the ordinary criminal trials in China. A number of legal reforms have been implemented in Chinese criminal courts in recent years, but there has been little research on whether these reforms have been effective. This book fills that gap, by unveiling the day-to-day reality of criminal cases tried by the lowest level courts in China. The data used in this study include hundreds of criminal trial observations, complete criminal case dossiers, and a comprehensive questionnaire survey of criminal justice practitioners from one large province located in China's Southeast coast. These data were collected over a two-year period, with a generous research grant from the John D. and Catherine T. MacArthur Foundation, by scholars already working in the Chinese legal system. The work opens with a historical framework of the Chinese criminal justice system, both Western and Chinese interpretations, and an overview of the current state of the system. It will provide unique analysis of how criminal trials are being carried out in China, with a useful context for scholars with varying levels of familiarity with the current system. The research framework for gathering data discussed in this book will also provide a useful basis for studying the criminal justice system in other regions. □

*Persistent Piracy* S. Amirel 2014-06-03 Spanning from the Caribbean to East Asia and covering almost 3,000 years of history, from Classical Antiquity to the eve of the twenty-first century, *Persistent Piracy* is an important contribution to the history of the state formation as well as the history of violence at sea.

**A Certain Justice** Haiyan Lee 2023-06-05 A much-needed account of the hierarchy of justice that defines China's unique political-legal culture. To many outsiders, China has an image as a realm of Oriental despotism where law is at best window dressing and at worst an instrument of coercion and tyranny. In this highly original contribution to the interdisciplinary field of law and humanities, Haiyan Lee contends that this image arises from a skewed understanding of China's political-legal culture, particularly the failure to distinguish what she calls high justice and low justice. In the Chinese legal imagination, Lee shows, justice is a vertical concept, with low justice between individuals firmly subordinated to the high justice of the state. China's political-legal culture is marked by a mistrust of law's powers, and as a result, it privileges substantive over procedural justice. Calling on a wide array of narratives—stories of crime and punishment, subterfuge and exposé, guilt and redemption—*A Certain Justice* helps us recognize the fight for justice outside the familiar arenas of liberal democracy and the rule of law.

**Cultural Property Crime** Joris Kila 2014-10-16 In *Cultural Property Crime*, experts from a wide range of disciplines provide analytical insights into classical and contemporary criminal acts that affect our cultural heritage worldwide, both in peace and wartime.

*Unveiling Desire* Devaleena Das 2018-01-16 In *Unveiling Desire*, Devaleena Das and Colette Morrow show that the

duality of the fallen/saved woman is as prevalent in Eastern culture as it is in the West, specifically in literature and films. Using examples from the Middle to Far East, including Iran, India, Pakistan, Bangladesh, Thailand, Japan, and China, this anthology challenges the fascination with Eastern women as passive, abject, or sexually exotic, but also resists the temptation to then focus on the veil, geisha, sati, or Muslim women's oppression without exploring Eastern women's sexuality beyond these contexts. The chapters cover instead mind/body sexual politics, patriarchal cultural constructs, the anatomy of sex and power in relation to myth and culture, denigration of female anatomy, and gender performativity. From Persepolis to Bollywood, and from fairy tales to crime fiction, the contributors to *Unveiling Desire* show how the struggle for women's liberation is truly global.

**The Cultural Revolution on Trial** Alexander C. Cook  
2016-11-07 Introduction -- Indictment -- Monsters --

Inspector Chen and the Private Kitchen Murder Qiu Xiaolong 2021-09-01 Chen Cao has been removed from his chief inspector role, but that doesn't stop him investigating a 'private kitchen' murder that has similarities to a Judge Dee story. No longer a chief inspector, Chen Cao finds himself as director of the Shanghai Judicial System Reform Office. To outsiders it's a promotion, but Chen knows he's being removed from the spotlight as he's immediately placed on involuntary 'convalescence leave' to stop him interfering with any cases. However, with various high-profile crimes making headlines and fears escalating over vigilante reprisals, Chen's superiors know he must at least appear active.

One case revolves around Min Lihau, a mingyuan, who runs a 'private kitchen' for powerful figures in Shanghai. Min's accused of murdering her assistant, yet Chen is struck by its similarities to a historic case involving the famous Judge Dee. When an acquaintance of his is murdered in connection with Min, Chen knows he can't stand idly by . . . but he must act in secret, under the cover of writing a Judge Dee novel.

*The Compensations of Plunder* Justin M. Jacobs 2020-07-06  
From the 1790s until World War I, Western museums filled their shelves with art and antiquities from around the world. These objects are now widely regarded as stolen from their countries of origin, and demands for their repatriation grow louder by the day. In *The Compensations of Plunder*, Justin M. Jacobs brings to light the historical context of the exodus of cultural treasures from northwestern China. Based on a close analysis of previously neglected archives in English, French, and Chinese, Jacobs finds that many local elites in China acquiesced to the removal of art and antiquities abroad, understanding their trade as currency for a cosmopolitan elite. In the decades after the 1911 Revolution, however, these antiquities went from being "diplomatic capital" to disputed icons of the emerging nation-state. A new generation of Chinese scholars began to criminalize the prior activities of archaeologists, erasing all memory of the pragmatic barter relationship that once existed in China. Recovering the voices of those local officials, scholars, and laborers who shaped the global trade in antiquities, *The Compensations of Plunder* brings historical grounding to a highly contentious topic in modern Chinese history and informs heated debates over cultural restitution throughout the world.

**Idle Talk under the Bean Arbor** Aina the Layman  
2017-04-03 Written around 1660, the unique Chinese short story collection *Idle Talk under the Bean Arbor* (Doupeng xianhua), by the author known only as Aina the Layman, uses the seemingly innocuous setting of neighbors swapping yarns on hot summer days under a shady arbor to create a series of stories that embody deep disillusionment with traditional values. The tales, ostensibly told by different narrators, parody heroic legends and explore issues that contributed to the fall of the Ming dynasty a couple of decades before this collection was written, including self-centeredness and social violence. These stories speak to all troubled times, demanding that readers confront the pretense that may lurk behind moralistic stances. *Idle Talk under the Bean Arbor* presents all twelve stories in English translation along with notes from the original commentator, as well as a helpful introduction and analysis of individual stories.

**Law, State, and Society in Early Imperial China (2 vols)**  
Anthony J. Barbieri-Low 2015-11-02 In *Law, State, and*

*Society in Early Imperial China*, Anthony J. Barbieri-Low and Robin D.S. Yates offer the first detailed study and translation into English of two important early Chinese legal texts from the Han dynasty (206 BCE-220 CE).  
*Jena System, 1804-5* John W. Burbidge 1986-04-01 As he worked on the Jena system, Hegel's understanding of the nature of logic and its connection with metaphysics underwent changes crucial to his later system. As a result, logic acquired a new and expanded significance for him. This text is thus the key to an understanding of the works of Hegel's maturity, and to their relation to the major works of Schelling and Fichte that preceded them. Scholars from the universities of Guelph, Lethbridge, McGill, McMaster, Toronto, Trent, and York have prepared this translation, a work of critical analysis in its own right. The introduction by H.S. Harris adds a concrete dimension to Hegel's abstract categories, showing how, in developing these categories, Hegel was even at this early date thinking deeply about the structure and life of society.
