The Warrior Prince Snow Morningstar 2021-09-08 I hate to say I'm right. Aliens exist. I'm not crazy. I'm also not fooled by this artificial camouflage. My name is Brittany Kekoa. I've been studying the sky for years.

I'm the last one working at the Mauna Kea observatory in Hawaii. My best friend June thinks I'm spending too much time alone staring at the sky all night repeatedly. She's right about that. But when she tells me I captured pictures of random floating 'space junk', I laugh out loud. They are some sort of space ships. I can almost see the faces behind the windshield. I try selling the pictures to the tabloid's. And made some aliens really mad. So mad, they came for me. There is something 'off' to say the least about me hero. He looks like a clean cut baby face military guy. He's supposed to be saving me from these bad lizard alien jerks that are looking for me and my research. Instead, we are hiding in a closet, and kissing, They are breaking down doors trying to find us. Something falls off the shelf and my world goes black, but not before seeing a big blue naked alien. With huge horns. Might I also mention add he has rippling stomach muscles for days. And a V that leads directly to his rock hard you-know-what. Some might find him terrifying, I think he's sexy. I wake up in a hospital. No one will tell me where I am. I want to know the truth. I want to see that big blue hunk again, I'm disappointed when he doesn't show up. Did I suffer a head injury and imagine the whole thing? Once I get all the answers I need, I refuse to go home. I'm a missing person on Earth now. Everything that happens next is all my fault. My hero, his best friend and I are all held against our will on the elder's ship, more accurately, a floating city. I watch the alien version of news. A prince has been arrested for the same crimes as my hero. Except he isn't a prince. Is he? You think I would notice he is the highest crown prince. This small female human is smart. I was lead to believe humans were unsophisticated and barbaic I don't want to be the king. I want nothing more then to be the commander of my surveillance ship. Palaxians vowed to protect Earth. My mother has tried several times to marry me off, so she can step down as queen. It's not happening. When I get a call from the intergalactic council that a human lab was under attack, and there's one female alone on the premises, I know it's my job to protect her. What I didn't know is, Brittany is smart and cunning, She's a scientist, a skywatcher. I'm the crown prince. She think's I'm a human, but I'm not. Something about this human female is driving me mad. I must try to contain myself. A Palaxian and a human relationship would never work out. This is a standalone romance. No cliffhangers, no cheating, HEA happily-ever-after ending included. This is a forbidden love romance. Steamy scenes Included.

The Quantum Thief Hannu Rajaniemi 2011-05-10 The Quantum Thief is a Kirkus Reviews Best of 2011 Science Fiction & Fantasy title. One of Library Journal's Best SF/Fantasy Books of 2011 Jean le Flambeur is a post-human criminal, mind burglar, confidence artist, and trickster. His origins are shrouded in mystery, but his exploits are known throughout the Heterarchy- from breaking into the vast Zeusbrains of the Inner System to stealing rare Earth antiques from the aristocrats of Mars. Now he's confined inside the Dilemma Prison, where every day he has to get up and kill himself before his other self can kill him. Rescued by the mysterious Mieli and her flirtatious spacecraft, Jean is taken to the Oubliette, the Moving City of Mars, where time is currency, memories are treasures, and a moon-turned-singularity lights the night. What Mieli offers is the chance to win back his freedom and the powers of his old self-in exchange for finishing the one heist he never quite managed. As Jean undertakes a series of capers on behalf of Mieli and her mysterious masters, elsewhere in the Oubliette investigator Isidore Beautrelet is called in to investigate the murder of a chocolatier, and finds himself on the trail of an arch-criminal, a man named le Flambeur.... Hannu Rajaniemi's *The Quantum Thief* is a crazy joyride through the solar system several centuries hence, a world of marching cities, ubiquitous public-key encryption, people communicating by sharing memories, and a race of hyper-advanced humans who originated as MMORPG guild members. But for all its wonders, it is also a story powered by very human motives of betrayal, revenge, and jealousy. It is a stunning debut. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A Wrinkle in Time Madeleine L'Engle 2010-04-01 Madeleine L'Engle's ground-breaking science fiction and fantasy classic, now a major motion picture. It was a dark and stormy night; Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem. *A Wrinkle in Time* is the winner of the 1963 Newbery Medal. It is the first book in *The Time Quintet*, which consists of *A Wrinkle in Time*, *A Wind in the Door*, *A Swiftly Tilting Planet*, *Many Waters*, and *An Acceptable Time*. *A Wrinkle in Time* is now a movie from Disney, directed by Ava DuVernay, starring Storm Reid, Oprah Winfrey, Reese Witherspoon and Mindy Kaling.
