The Secrets of Tenet James Mottram 2020-09-08 Behind-the-scenes photos and conceptual art from Christopher Nolan's time-bending espionage thriller Tenet. Also looks at Nolan's process and creative vision; actors share their experiences working with Nolan.

The Parsifal Mosaic Robert Ludlum 2015-06-02 Michael Havelock’s world died on a moonlit beach on the Costa Brava as he watched his partner and lover, double agent Jenna Karas, efficiently gunned down by his own agency. There’s nothing left for him but to quit the game, get out. Then, in one frantic moment on a crowded railroad platform in Rome, Havelock sees Jenna. Racing around the globe in search of his beautiful betrayer, Havelock is now marked for death by both U.S. and Russian assassins, trapped in a massive mosaic of treachery created by a top-level mole with the world in his fist: Parsifal. Praise for Robert Ludlum and The Parsifal Mosaic “[Robert] Ludlum’s narrative imagination is a force of nature.”—The New York Times “As fast-paced and absorbing as any he’s written.”—Newsday “The suspense never lets up.”—The Atlanta Journal-Constitution “A crackling good yarn.”—Los Angeles Times Book Review

The Fate of Mercy Alban Wendy Webb 2013-02-05 Uncover magic and mystery in “a tale rife with dark family secrets, hidden passageways, love, intrigue, and witchcraft” (Kirkus Reviews). Grace Alban has spent more than twenty years avoiding her childhood home, the stately Alban House on the shores of Lake Superior, for reasons she would rather forget. But when her mother’s unexpected death brings Grace and her teenage daughter back, she finds more is haunting the halls and passageways of Alban House than her own personal demons. Long-buried family secrets, a packet of old love letters, and a lost manuscript plunge Grace into a decades-old mystery about a scandalous party at Alban House, when a world-famous author took his own life and Grace’s aunt disappeared without a trace. The night has been shrouded in secrecy by the powerful Alban family for all of these years. Her mother intended to tell the truth about that night to a reporter on the very day she died--could it have been murder? Or was she a victim of the supposed Alban curse? Grace soon realizes her family secrets tangle and twist as darkly as the mansion’s secret passages. With the help of the disarmingly kind--and attractive--Reverend Matthew Parker, Grace must uncover the truth about her home and its curse before she and her daughter become the next victims.

Lucian’s True History Lucian (of Samosata.) 1902 Originally written in the second century A.D., this ancient work by the Greek-speaking Syrian author Lucian of Samosata is the earliest known work to depict travels to outer space, encounters with alien life and interplanetary warfare. Though written by Lucian as a satire against his fellow ancient writers—who often mixed fantastic and mythical events with the truth--this work is also considered one of the first true science fiction tales.

This Side of Paradise F. Scott Fitzgerald 2012-03-12 Definitive novel of the “Lost Generation” focuses on the coming of age of Amory Blaine, a handsome, wealthy Princeton student. Fitzgerald’s first novel and an immediate, spectacular success. Note.

Capital in the Twenty-First Century Thomas Piketty 2017-08-14 What are the grand dynamics that drive the accumulation and distribution of capital? Questions about the long-term evolution of inequality, the concentration of wealth, and the prospects for economic growth lie at the heart of political economy. But satisfactory answers have been hard to find for lack of adequate data and clear guiding theories. In this work the author analyzes a unique collection of data from twenty countries, ranging as far back as the eighteenth century, to uncover key economic and social patterns. His findings transform debate and set the agenda for the next generation of thought about wealth and inequality. He shows that modern economic growth and the diffusion of knowledge have allowed us to avoid inequalities on the apocalyptic scale predicted by Karl Marx. But we have not modified the deep structures of capital and inequality as much as we thought in the optimistic decades following World War II. The main driver of inequality—the tendency of returns on capital to exceed the rate of economic growth--today threatens to generate extreme inequalities that stir discontent and undermine democratic values if political action is not taken. But economic trends are not acts of God. Political action has curbed dangerous inequalities in the past, the author says, and may do so again. This original work reorients our understanding of economic history and confronts us with sobering lessons for today.

The Wonders of the Invisible World Cotton Mather 1862

The Cultural Contradictions of Capitalism Daniel Bell 1996-10-18 With a new afterword by the author, this classic analysis of Western liberal capitalist society contends that capitalism—and the culture it creates—harbors the seeds of its own downfall by creating a need among successful people for personal gratification—a need that corrodes the work ethic that led to their success in the first place. With the end of the Cold War and the emergence of a new world order, this provocative manifesto is more relevant than ever.

Ulysses

The Ardennes Hugh Marshall Cole 1965

Memories, Dreams, Reflections Carl G. Jung 2011-01-26 An eye-opening biography of one of the most influential psychiatrists of the modern age, drawing from his lectures, conversations, and own writings. In the spring of 1957, when he was eighty-one years old, Carl Gustav Jung undertook the telling of his life story. Memories, Dreams, Reflections is that book, composed of conversations with his colleague and friend Aniela Jaffé, as well as chapters written in his own hand, and other materials. Jung continued to work on the final stages of the manuscript until shortly before his death on June 6, 1961, making this a uniquely comprehensive reflection on a remarkable life. Fully corrected, this edition also includes Jung’s VII Sermones ad Mortuos.

Expert Roger Kneebone 2020-08-27 ‘Roger Kneebone is a legend’ Mark Miodownik, author of Stuff Matters ‘Fascinating and inspiring’ Financial Times ‘The pandemic has made the necessity of relying on experts evident to all. . . this is a rich exploration of lifelong learning’ Guardian What could a lacemaker have in common with vascular surgeons? A Savile Row tailor with molecular scientists? A fighter pilot with jazz musicians? At first glance, very little. But Roger Kneebone is the expert on experts, having spent a lifetime finding the connections. In Expert, he combines his own experiences as a doctor with insights from extraordinary people and cutting-edge research to map out the path we’re all following - from ‘doing time’ as an Apprentice, to developing your ‘voice’ and taking on responsibility as a Journeyman, to finally becoming a Master and passing on your skills. As Kneebone shows, although each outcome is different, the journey is always the same. Whether you’re developing a new career, studying a language, learning a musical instrument or simply becoming the person you want to be, this ground-breaking book reveals the path to mastery.

Call Me by Your Name André Aciman 2008-01-22 Now a Major Motion Picture from Director Luca Guadagnino, Starring Armie Hammer and Timothée Chalamet, and Written by Three-Time Oscar™ Nominee James Ivory The Basis of the Oscar-Winning Best Adapted Screenplay A New York Times Bestseller A USA Today Bestseller A Los Angeles Times Bestseller A Vulture Book Club Pick An Instant Classic and One of the Great Love Stories of Our Time Andre Aciman’s Call Me by Your Name is the story of a sudden and powerful romance that blossoms between an adolescent boy and a summer guest at his parents’ cliffside mansion on the Italian Riviera. Each is unprepared for the consequences of their attraction, when, during the restless summer weeks, unrelenting currents of obsession, fascination, and desire intensify their passion and test the charged ground between them. Recklessly, the two verge toward the one thing both fear they may never truly find again: total intimacy. It is an instant classic and one of the great love stories of our time. Winner of the Lambda Literary Award for Ficiton A New York Times Notable Book of the Year • A Publishers Weekly and The Washington Post Best Book of the Year • A New York Magazine “Future Canon” Selection • A Chicago Tribune and Seattle Times (Michael Upchurch’s) Favorite Favorite Book of the Year

The Pursuit of Glory T. C. W. Blanning 2007 An accessible chronicle of European history from the end of the Thirty Years’ War to the Battle of Waterloo features vivid coverage of such events as the

Enlightenment period, the French Revolution, and the Napoleonic era.

The Bohemian Grove and Other Retreats G. William Domhoff 1974 The subject of this book are the retreats for the wealthy, the sociological relevance, business and political problems.

Complete Works Charles de Secondat baron de Montesquieu 1777

Paper Towns John Green 2013 Quentin Jacobson has spent a lifetime loving Margo Roth Spiegelman from afar. So when she cracks open a window and climbs into his life - dressed like a ninja and summoning him for an ingenious campaign of revenge - he follows. After their all-nighter ends, Q arrives at school to discover that Margo has disappeared.

A Single Man Christopher Isherwood 2013-11-19 Welcome to sunny suburban 1960s Southern California. George is a gay middle-aged English professor, adjusting to solitude after the tragic death of his young partner. He is determined to persist in the routines of his former life. A Single Man follows him over the course of an ordinary twenty-four hours. Behind his British reserve, tides of grief, rage, and loneliness surge—but what is revealed is a man who loves being alive despite all the everyday injustices. When Christopher Isherwood’s A Single Man first appeared, it shocked many with its frank, sympathetic, and moving portrayal of a gay man in maturity. Isherwood’s favorite of his own novels, it now stands as a classic lyric meditation on life as an outsider.

The Guest List Lucy Foley 2020-06-02 “I loved this book. It gave me the same waves of happiness I get from curling up with a classic Christie...The alternating points of view keep you guessing, and guessing wrong.” -- Alex Michaelides, #1 New York Times bestselling author of The Silent Patient “Evok[es] the great Agatha Christie classics...Pay close attention to seemingly throwaway details about the characters’ pasts. They are all clues.” -- New York Times Book Review A wedding celebration turns dark and deadly in this deliciously wicked and atmospheric thriller reminiscent of Agatha Christie from the New York Times bestselling author of The Hunting Party. The bride - The plus one - The best man - The wedding planner - The bridesmaid - The body On an island off the coast of Ireland, guests gather to celebrate two people joining their lives together as one. The groom: handsome and charming, a rising television star. The bride: smart and ambitious, a magazine publisher. It's a wedding for a magazine, or for a celebrity: the designer dress, the remote location, the luxe party favors, the boutique whiskey. The cell phone service may be spotty and the waves may be rough, but every detail has been expertly planned and will be expertly executed. But perfection is for plans, and people are all too human. As the champagne is popped and the festivities begin, resentments and petty jealousies begin to mingle with the reminiscences and well wishes. The groomsman begin the drinking game from their school days. The bridesmaid not-so-accidentally ruins her dress. The bride’s oldest (male) friend gives an uncomfortably caring toast. And then someone turns up dead. Who didn't wish the happy couple well? And perhaps more important, why?

The French Revolution Thomas Carlyle 1842

Brideshead Revisited Evelyn Waugh 2023-06-01

Children of the Flying City Jason Sheehan 2022-03-15 “Richly imagined and emotionally resonant, Children of the Flying City is a fantasy for young and old alike. This book gave my heart wings.” --Pierce Brown, #1 New York Times bestselling author of Red Rising “Children of the Flying City feels, at once, timeless and wondrously, gloriously new.” --Katie Williams, author of Tell the Machine Goodnight Brought to the flying city of Highgate when he was only five years old, orphan Milo Quick has never known another home. Now almost thirteen, Milo survives one daredevil grift at a time, relying only on his wit, speed, and best friends Jules and Dagda. A massive armada has surrounded Highgate’s crumbling armaments. Because behind locked doors—in opulent parlors and pneumatic forests and a master toymaker’s workshop—the once-great flying city protects a powerful secret, hidden away for centuries. A secret that’s about to ignite a war. One small airship, the Halcyon, has slipped through the ominous blockade on a mission to collect Milo—and the rich bounty on his head—before the fighting begins. But the members of the Halcyon’s misfit crew aren’t the only ones chasing Milo Quick. True friendship is worth any risk in this clever, heart-racing adventure from award-winning author and journalist Jason Sheehan. Sheehan weaves together wry narration and multiple points of view to craft a richly imagined tale that is dangerous and surprising, wondrous and joyful.

Metrics at Work Angèle Christin 2020-06-30 The starkly different ways that American and French online news companies respond to audience analytics and what this means for the future of news When the news moved online, journalists suddenly learned what their audiences actually liked, through algorithmic technologies that scrutinize web traffic and activity. Has this advent of audience metrics changed journalists’ work practices and professional identities? In Metrics at Work, Angèle Christin documents the ways that journalists grapple with audience data in the form of clicks, and analyzes how new forms of clickbait journalism travel across national borders. Drawing on four years of fieldwork in web newsrooms in the United States and France, including more than one hundred interviews with journalists, Christin reveals many similarities among the media groups examined—their editorial goals, technological tools, and even office furniture. Yet she uncovers crucial and paradoxical differences in how American and French journalists understand audience analytics and how these affect the news produced in each country. American journalists routinely disregard traffic numbers and primarily rely on the opinion of their peers to define journalistic quality. Meanwhile, French journalists fixate on internet traffic and view these numbers as a sign of their resonance in the public sphere. Christin offers cultural and historical explanations for these disparities, arguing that distinct journalistic traditions structure how journalists make sense of digital measurements in the two countries. Contrary to the popular belief that analytics and algorithms are globally homogenizing forces, Metrics at Work shows that computational technologies can have surprisingly divergent ramifications for work and organizations worldwide. **The Well of Loneliness** Radclyffe Hall 2015-04-23 This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. ‘The Well of Loneliness’ is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel The Unlit Lamp (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy The Forge (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel The Well of Loneliness (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

The Siegfried Line Campaign Charles Brown MacDonalD 1993

The Man in the High Castle Philip K. Dick 2011 In a classic work of alternate history, the United States is divided up and ruled by the Axis powers after the defeat of the Allies during World War II. Reissue. Winner of the Hugo Award for Best Novel.

Inherent Vice Thomas Pynchon 2012-06-13 Part noir, part psychedelic romp, all Thomas Pynchon—Private eye Doc Sportello surfaces, occasionally, out of a marijuana haze to watch the end of an era In this lively yarn, Thomas Pynchon, working in an unaccustomed genre that is at once exciting and accessible, provides a classic illustration of the principle that if you can remember the sixties, you weren't there. It's been a while since Doc Sportello has seen his ex- girlfriend. Suddenly she shows up with a story about a plot to kidnap a billionaire land developer whom she just happens to be in love with. It's the tail end of the psychedelic sixties in L.A., and Doc knows that "love" is another of those words going around at the moment, like "trip" or "groovy," except that this one usually leads to trouble. Undeniably one of the most influential writers at work today, Pynchon has penned another unforgettable book.

Letters From The Earth Mark Twain 2017-04-04 The Creator sat upon the throne, thinking. Behind him stretched the illimitable continent of heaven, steeped in a glory of light and color; before him rose the black night of Space, like a wall. His mighty bulk towered rugged and mountain-like into the zenith, and His divine head blazed there like a distant sun. At His feet stood three colossal figures, diminished

to extinction, almost, by contrast -- archangels -- their heads level with His ankle-bone. When the Creator had finished thinking, He said, "I have thought. Behold!" He lifted His hand, and from it burst a fountain-spray of fire, a million stupendous suns, which clove the blackness and soared, away and away and away, diminishing in magnitude and intensity as they pierced the far frontiers of Space, until at last they were but as diamond nailheads sparkling under the domed vast roof of the universe. At the end of an hour the Grand Council was dismissed. They left the Presence impressed and thoughtful, and retired to a private place, where they might talk with freedom. None of the three seemed to want to begin, though all wanted somebody to do it.

Loneliness as a Way of Life Thomas L. Dumm 2009-06-30 "What does it mean to be lonely?" Dumm asks. His inquiry, documented in this book, takes us beyond social circumstances and into the deeper forces that shape our very existence as modern individuals. The modern individual, Dumm suggests, is fundamentally a lonely self. This book challenges us, not to overcome our loneliness, but to learn how to re-inhabit it in a better way.

501 Grammar and Writing Questions Learning Express LLC 2006 Many of us grimace when faced with grammar exercises. But in order to communicate with others, pass tests, and get your point across in writing, using words and punctuation effectively is a necessary skill. It's a fact that in our life today, good communication skills-including writing-are essential. The good news is that grammar and writing skills can be developed with practice.

Righteous Indignation Andrew Breitbart 2011-04-15 NEW YORK TIMES BESTSELLER - now with a chapter on the "Weinergate" scandal "Brash, funny, fiery, and irreverent." - Rush Limbaugh Known for his network of conservative websites that draws millions of readers everyday, Andrew Breitbart has one main goal: to make sure the "liberally biased" major news outlets in this country cover all aspects of a story fairly. Breitbart is convinced that too many national stories are slanted by the news media in an unfair way. In RIGHTEOUS INDIGNATION, Breitbart talks about how one needs to deal with the liberal news world head on. Along the way, he details his early years, working with Matt Drudge, the Huffington Post, and how Breitbart developed his unique style of launching key websites to help get the word out to conservatives all over. A rollicking and controversial read, Breitbart will certainly raise your blood pressure, one way or another.

Jane Eyre Charlotte Bronte 2021-01-07 Primarily of the bildungsroman genre, Jane Eyre follows the emotions and experiences of its title character, including her growth to adulthood, and her love for Mr. Rochester, the byronic master of fictitious Thornfield Hall. In its internalisation of the action--the focus is on the gradual unfolding of Jane's moral and spiritual sensibility, and all the events are coloured by a heightened intensity that was previously the domain of poetry--Jane Eyre revolutionised the art of fiction. Charlotte Brontë has been called the 'first historian of the private consciousness' and the literary ancestor of writers like Joyce and Proust. The novel contains elements of social criticism, with a strong sense of morality at its core, but is nonetheless a novel many consider ahead of its time given the individualistic character of Jane and the novel's exploration of classism, sexuality, religion, and proto-feminism.

The Security Development Lifecycle Michael Howard 2006 Your customers demand and deserve better security and privacy in their software. This book is the first to detail a rigorous, proven methodology that measurably minimizes security bugs--the Security Development Lifecycle (SDL). In this long-awaited book, security experts Michael Howard and Steve Lipner from the Microsoft Security Engineering Team guide you through each stage of the SDL--from education and design to testing and post-release. You get their first-hand insights, best practices, a practical history of the SDL, and lessons to help you implement the SDL in any development organization. Discover how to: Use a streamlined risk-analysis process to find security design issues before code is committed Apply secure-coding best practices and a proven testing process Conduct a final security review before a product ships Arm customers with prescriptive guidance to configure and deploy your product more securely Establish a plan to respond to new security vulnerabilities Integrate security discipline into agile methods and processes, such as Extreme Programming and Scrum Includes a CD featuring: A six-part security class video conducted by the authors and other Microsoft security experts Sample SDL documents and fuzz testing tool PLUS--Get book updates on the Web. For customers who purchase an ebook version of this title, instructions for downloading the CD files can be found in the ebook.

David Fincher: Mind Games Adam Nayman 2021-11-23 David Fincher: Mind Games is the definitive critical and visual survey of the Academy Award- and Golden Globe-nominated works of director David Fincher. From feature films Alien 3, Se7en, The Game, Fight Club, Panic Room, Zodiac, The Curious Case of Benjamin Button, The Social Network, The Girl With the Dragon Tattoo, Gone Girl, and Mank through his MTV clips for Madonna and the Rolling Stones and the Netflix series House of Cards and Mindhunter, each chapter weaves production history with original critical analysis, as well as with behind the scenes photography, still-frames, and original illustrations from Little White Lies' international team of artists and graphic designers. Mind Games also features interviews with Fincher's frequent

collaborators, including Jeff Cronenweth, Angus Wall, Laray Mayfield, Holt McCallany, Howard Shore and Erik Messerschmidt. Grouping Fincher's work around themes of procedure, imprisonment, paranoia, prestige and relationship dynamics, Mind Games is styled as an investigation into a filmmaker obsessed with investigation, and the design will shift to echo case files within a larger psychological profile. *Into Africa* Martin Dugard 2004-04-13 What really happened to Dr. David Livingstone? The New York Times bestselling coauthor of Survivor: The Ultimate Game investigates in this thrilling account. With the utterance of a single line—"Doctor Livingstone, I presume?"—a remote meeting in the heart of Africa was transformed into one of the most famous encounters in exploration history. But the true story behind Dr. David Livingstone and journalist Henry Morton Stanley is one that has escaped telling. Into Africa is an extraordinarily researched account of a thrilling adventure—defined by alarming foolishness, intense courage, and raw human achievement. In the mid-1860s, exploration had reached a plateau. The seas and continents had been mapped, the globe circumnavigated. Yet one vexing puzzle remained unsolved: what was the source of the mighty Nile river? Aiming to settle the mystery once and for all, Great Britain called upon its legendary explorer, Dr. David Livingstone, who had spent years in Africa as a missionary. In March 1866, Livingstone steered a massive expedition into the heart of Africa. In his path lay nearly impenetrable, uncharted terrain, hostile cannibals, and deadly predators. Within weeks, the explorer had vanished without a trace. Years passed with no word. While debate raged in England over whether Livingstone could be found—or rescued—from a place as daunting as Africa, James Gordon Bennett, Jr., the brash American newspaper tycoon, hatched a plan to capitalize on the world’s fascination with the missing legend. He would send a young journalist, Henry Morton Stanley, into Africa to search for Livingstone. A drifter with great ambition, but little success to show for it, Stanley undertook his assignment with gusto, filing reports that would one day captivate readers and dominate the front page of the New York Herald. Tracing the amazing journeys of Livingstone and Stanley in alternating chapters, author Martin Dugard captures with breathtaking immediacy the perils and challenges these men faced. Woven into the narrative, Dugard tells an equally compelling story of the remarkable transformation that occurred over the course of nine years, as Stanley rose in power and prominence and Livingstone found himself alone and in mortal danger. The first book to draw on modern research and to explore the combination of adventure, politics, and larger-than-life personalities involved, Into Africa is a riveting read.

The Supreme Command Forrest C. Pogue 1996 A description of General Eisenhower's wartime command, focusing on the general, his staff, and his superiors in London and Washington and contrasting Allied and enemy command organizations.

Linux Kernel Development Robert Love 2005 An authoritative, practical guide that helps programmers better understand the Linux kernel and to write and develop kernel code.

LEAVES OF GRASS WALT WHITMAN 1892

A Study in Scarlet Illustrated Sir Arthur Conan Doyle 2020-10-13 A Study in Scarlet is an 1887 detective novel by Scottish author Arthur Conan Doyle. Written in 1886, the story marks the first appearance of Sherlock Holmes and Dr. Watson, who would become the most famous detective duo in popular fiction. The book's title derives from a speech given by Holmes, a consulting detective, to his friend and chronicler Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet" "There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it."

Singapore, the Energy Economy Weng Hoong Ng 2013-05-24 Singapore might not have survived the 1960s and prospered thereafter had it not built its economy on the foundations of oil refining, trading and support for oil and gas exploration and production. Cheap oil, sound policies and strong government combined to produce the Singapore economic miracle in its first 50 years of self-rule/independence. With the end of cheap oil, how will Singapore fare and what is the relevance of its model of development for other countries? Singapore's successful launch coincided with a golden period of cheap energy, and a pro-globalization and free trade environment. These three elements are now under threat from rising energy prices and the global financial crisis which started in 2007 that will leave a lasting impact on the world's political and economic landscape. If the Singapore model is reaching or has reached its peak, what could take its place? This book poses questions for not just for Singapore planners, but also for anyone interested in modern economics and trade beyond the current era. The book also looks into the numerous subsectors within Singapore's broad energy sector and examines the energy sector's links with the other pillars of its economy: trade, financial, offshore/marine operations, manufacturing and transportation. It considers possible threats and challenges: Singapore's rising energy intensity, its vulnerability to energy supply cut-offs, the likely impact of peak oil, terrorism and environmental / climate issues. It also looks at China's growing investment and role in Singapore's oil and gas industry. The book is a must-read for an excellent insight into Singapore's energy economy, filled with data, information, interviews and analyses previously not available to the public.
