Judy Moody, Book Quiz Whiz Megan McDonald 2019-09-10 Books, books, books! Judy's got books on the brain as she prepares for a totally RARE trivia competition. Has reading always been this exciting? Judy Moody is in it to win it. Win the Book Quiz Blowout, that is. Judy and her brother, Stink, are two-fifths of the Virginia Dare Bookworms, and they've been reading up a storm to prepare for Saturday's face-off against second- and third-grade readers from the next town. Judy's trying out all kinds of tactics, from hanging upside down like Pippi Longstocking to teaching herself to speed read *The Princess in Black*, and Stink has fashioned a cape of book trivia sticky notes to help him remember all the penguins in *Mr. Popper's Penguins*. But when Judy, Stink, and their fellow teammates discover the other group has a fourth-grader (no lie!), they get a bit nervous. Are the Bookworms up to the challenge?

Stink Megan McDonald 2010-06-14 In honor of Judy Moody's younger "bother," the creators of the award-winning series have put themselves in a very Stink-y mood. Shrink, shrank, shrunk! Every morning, Judy Moody measures Stink and it's always the same: three feet, eight inches tall. Stink feels like even the class newt is growing faster than he is. Then, one day, the ruler reads -- can it be? -- three feet, seven and three quarters inches! Is Stink shrinking? He tries everything to look like he's growing, but wearing up-and-down stripes and spiking his hair aren't fooling anyone into thinking he's taller. If only he could ask James Madison -- Stink's hero, and the shortest person ever to serve as President of the United States. In Stink's first solo adventure, his special style comes through loud and strong -- enhanced by a series of comic strips, drawn by Stink himself, which are sprinkled throughout the book. From "The Adventures of Stink in SHRINK MONSTER" to "The Adventures of Stink in NEWT IN SHINING ARMOR," these very funny,

homespun sagas reflect the familiar voice of a kid who pictures himself with super powers to deal with the travails of everyday life -- including the occasional teasing of a bossy big sister!

How the Crayons Saved the Rainbow Monica Sweeney 2016-05-03 The Sun and the Clouds are best friends. Together they keep the world warm, the gardens growing, and the sky full of beautiful rainbows. But one day they get into a fight and refuse to be in the sky together. And that means there are no longer any rainbows. Without rainbows, the colors start disappearing until Earth was left with no color ... except for one little forgotten box of crayons in one little school desk. Determined to save the rainbows and fix the Sun and Clouds' friendship, the crayons draw rainbows all over town. Their attempts go unnoticed. Soon they realize that they're going to have to do something big to get the attention of the former friends. So, the crayons create the biggest rainbow they can and hope it's enough to bring color back to the world. *How the Crayons Saved the Rainbow* teaches the importance of teamwork and perseverance through seven crayons with unique personalities and their desire to see the world in color. Ha! Scott Weems 2014-03-04 An entertaining tour of the science of humor and laughter. Humor, like pornography, is famously difficult to define. We know it when we see it, but is there any way to figure out what we really find funny? In this fascinating investigation into the science of humor and laughter, neuroscientist Scott Weems uncovers what's happening in our heads when we giggle, guffaw, or double over with laughter. Beginning with the premise that humor arises from inner conflict in the brain, Weems explores such issues as why surprise is so important for humor, why computers are terrible at recognizing what's funny, and why cringe-worthy stereotypes make us laugh the hardest. From the role of insult jokes to the benefit of laughing for our immune system responses, **Ha!** reveals why humor is so idiosyncratic, and why how-to books alone will never help us become funnier people. Packed with the latest research, amusing anecdotes (and even a few jokes), **Ha!** is a delightful tour of why humor is so important to our daily lives.
