Digital Forensic Investigation of Internet of Things (IoT) Devices Reza Montasari 2020-12-09 This book provides a valuable reference for digital forensics practitioners and cyber security experts operating in various fields of law enforcement, incident response and commerce. It is also aimed at researchers seeking to obtain a more profound knowledge of Digital Forensics and Cybercrime. Furthermore, the book is an exceptional advanced text for PhD and Master degree programmes in Digital Forensics and Cyber Security. Each chapter of this book is written by an internationally-renowned expert who has extensive experience in law enforcement, industry and academia. The increasing popularity in the use of IoT devices for criminal activities means that there is a maturing discipline and industry around IoT forensics. As technology becomes cheaper and easier to deploy in an increased number of discrete, everyday objects, scope for the automated creation of personalised digital footprints becomes greater. Devices

Demystifying Social Finance and Social Investment Mark Salway 2020-10-28 Social finance and social investment are not challenging concepts to grasp. They use commercial-style investment tools to create a social as well as a financial return. The application, however, is not always as straightforward. This book begins in the wider field of social finance but focuses primarily on social investment as a tool. The reader is helped to understand this from different angles: introducing social investment, discussing social investment and taking a "deep-dive" into it to bring it to life. This unique book takes the reader on a journey from first principles to detailed practical application. This book examines the policy context and asks why social investment has only recently become so popular, when in reality this is a very old concept. This is linked to the agenda of making charities more "business-like", set against the changing face of investment, as charities can no longer rely on donations and grants as guaranteed income. The work they do is more important than ever and social investment, used with care, offers a new opportunity that is further explored in this text. Mark Salway, Paul Palmer, Peter Grant and Jim Clifford will help readers understand how a small amount of borrowing, or a different business model focused away from grants and donations, could be transformational for the non-profit sector.

Collision of Power Martin Baron 2023-10-03 A monumental work of nonfiction that gives a first-row seat to the epic power struggle between politics, money, media, and tech -- for fans of Maggie Haberman's Confidence Man and Jane Mayer's Dark Money. Marty Baron took charge of The Washington Post newsroom in 2013, after nearly a dozen years leading The Boston Globe. Just seven months into his new job, Baron received explosive news: Jeff Bezos, the founder of Amazon, would buy the Post, marking a sudden end to control by the venerated family that had presided over the paper for 80 years. Just over two years later, Donald Trump won the presidency. Now, the capital's newspaper, owned by one of the world's richest men, was tasked with reporting on a president who had campaigned against the press as the "lowest form of humanity." Pressures on Baron and his colleagues were immense and unrelenting, having to meet the demands of their new owner while contending with a president who waged a war of unprecedented vitriol and vengeance against the media. In the face of Trump's unceasing attacks, Baron steadfastly managed the Post's newsroom. Their groundbreaking and award-winning coverage included stories about Trump's purported charitable giving, misconduct by the Secret Service, and Roy Moore's troubling sexual history. At the same time, Baron managed a restive staff during a period of rapidly changing societal dynamics around gender and race. In *Collision of Power*, Baron recounts this with the tenacity of a reporter and the sure hand of an experienced editor. The result is elegant and revelatory—an urgent exploration of the nature of power in the 21st century.

Digital Food Tania Lewis 2020-02-20 Tania Lewis offers the first critical account of the impact of digital information, media, and communication technologies on the topic of food. Lewis critically analyzes how our relationship to food consumption, production, and politics is being re-mediated through digitally connected electronic devices, practices and content. By drawing together the world of food and the digital, the book speaks to a number of pressing contemporary themes including the tensions around digital engagement in increasingly commercialized spaces; the changing nature of politics in a social media context; the growing naturalization of digital devices and related practices of data monitoring; and the role and impact of digitization on social relations. At the forefront of critical new research, and written with a student readership in mind, this text is essential for scholars interested in media studies, cultural studies, food studies, and cultural geography.

Routledge Handbook of Contemporary African Migration

Daniel Makina 2023-09-01 This handbook provides an authoritative multidisciplinary overview of contemporary African international migration. It endeavours to present a single source of reference on issues such as migration history, trends, migrant profiles, narratives, migration-development nexus, migration governance, diasporas, impact of the COVID-19 pandemic, among others. The handbook assembles a multidisciplinary contributor team of distinguished and upcoming Africanist scholars, practitioners, researchers, and policy experts both inside and outside Africa to contribute their perspectives on contemporary African migration. It attempts to address some of the following pertinent questions: What drives contemporary migration in Africa? How are its patterns and trends evolving? What is the architecture of migration governance in Africa? How do migration, diaspora engagement and development play out in Africa? What are the future trajectories of African migration? The handbook is a valuable resource for practitioners, politicians, researchers, university students, and academics interested in studying and understanding contemporary African migration.

How To Make Money Online Fernando Raymond At ClickDo Ltd., a digital marketing & SEO agency in London, the authors do what they love every single day and with this book they want to provide you with information and inspiration to earn a living in the online world. Fernando Raymond, the CEO of ClickDo Ltd., and Manuela Willbold, blogger & senior content writer/strategist at ClickDo Ltd., have created this guide with a mission to equip people with the knowledge and tips to start generating an income in an ever growing internet marketplace, offering endless work options online for anyone with any talent and skill. With the creative support and vision of ClickDo senior web designer Kasun Sameera, this book has come to life. "What's the worst that could happen? I encourage you to remember this often-neglected question as you begin to see the infinite possibilities outside of your current comfort zone". - Tim Ferriss (The 4-Hour Work Week). No matter where you stand at the moment you're reading this book, it is written in a way that you can start IMMEDIATELY to earn an income from online work. Most online jobs covered in chapter 2 can be executed by anyone as they're easy and require very little expertise and skill. Many people are not aware how simple it is to begin with making money online and it is the author's mission with this guide and everything else they blog and write about to spread the word. In chapter 3 they delve into more complex and advanced ways to make a living online. Fernando took this path as he identified his passion for SEO and digital marketing and set up his own online business, ClickDo Ltd., with only a few clients in the early days. Kasun joined him and together they went on the journey of building many more online businesses like web hosting company SeekaHost. Manuela felt an emerging passion for writing while working as a teacher and found ClickDo while searching for WordPress Training to start her own blog. Now, she writes content and manages various ClickDo blogs. If they can do it, so can you! If that isn't convincing you right now to get online and start earning from the comfort of your own home or your hotel, then what else can? Hopefully, this extensive make money online guide can help you visualise your future work life and encourage you to get started as soon as you're ready for the transition. It provides online money generating ideas for many different talents, skill sets, characters and personalities, so that you can see yourself in one or more of them and turn it into your very own dream career. While You Sleep Steven T. Chapman 2017-12-28 Isn't 2018 The Time to Start Living Your Dream? "This is not just another 'how to' book. From the first sentence, Steven T. Chapman connects with the reader in a blunt, honest, often hilarious way. His words entertain, and the advice is spot on regardless of your age or where you are in life. If you want to live outside the normal 9-5, this book is for you!" Casey L Are you tired of helping others build their dreams (aka, working at a j-o-b)? Maybe your employment is fulfilling enough, but you need more money to keep up with the bills? Or perhaps your goal is to be free to do what you want, where you want, but you need a new income source to fund this vision of a great life? Good news! Not only am I living a life freedom, working where I choose, I can also show you how to get there! I haven't had a brick-and-mortar j-o-b in a decade. Even better, I travel full time while working remotely. There is a world beyond traditional employment, and it's available to anyone in nearly any profession anywhere. In fact, there is an entire culture of people like me, living where we want and still making a good living. I want to share the secrets of how you can break free and create the life you desire and deserve. Doesn't that sound more fulfilling than helping a company reach their goals while you delay achieving your own? I'm living my dream. I travel, explore, indulge myself, and have plenty of money to enjoy what I want when I want. Oh, and I work in sweatpants (or shorts, if living on the beach). Let me show you how to do the same. Do I have some magical wand? Is this a get-rich-quick scheme? No and No. Working remotely, whether for a company or yourself, is still work. It takes effort and discipline. And money won't flood into your bank account overnight. But, it's no more difficult than what you're currently doing. In fact, the process is pretty simple. In this book, you'll hear a bit about how I came to be a full-time traveler. You'll also learn 16 proven, practical ideas to generate income no matter where you live. The best part of this book? It's jammed-packed with hundreds of resources and links for you to begin your journey. Do you want to remain in the corporate world, but desire to work, full time from home? My book has 111 companies seeking remote employees just like you. You'll also find 91 job boards specifically for those who want to work from home. I'll even also show you 4 great ways to make money while you're sleeping! Each chapter goes straight to the point: What is the home business idea? Is the market growing? How much can you make each year? How do you start this business or job? What training or tools are necessary? Where can you find the resources necessary to get started today? In other words, you'll get the exact information you need to begin living the life you deserve, without a bunch of fluff and filler content. I'm nothing special, yet I travel the globe, earn a nice living, exist as I choose, and have freedom. If I can do it, you sure as heck can. And I'll show you how. It boils down to a simple question. What kind of life do you want? Will you be happy to continue waking up every morning and crawling through traffic to a j-o-b that, at best, you tolerate? Or do you desire to wake up in the location of your choosing, ready to make money while enjoying the life you've always imagined? How do you start? Buy the book, Break the Chains! How to Work from Home, Make Money Online, & Profit While You Sleep. I'm confident this small purchase will be one of the best things you've ever done. keywords: work from home, home based business, make money, make money from home, make money online, online business, small business, start a business,

Earning Money While You Sleep Anthony Geraci 2018-05-18 Non-Conventional Lending: Changing Investors' Status Quo There's a well-kept secret in the investment world, one with an upside that's so up, it's hard to believe that more investors--many, many more investors--aren't involved. If you're an investor, relying on a volatile investment like securities for needs such as income after retirement doesn't make sense. You need a more stable source of income. The answer is non-conventional lending. This is an investment that pays off in good times and bad. It's appropriate for investors with \$15,000 to invest, as well as those with \$150,000 or \$1.5 million to invest. It takes advantage of one of the best cash flow owing asset classes in the world--real estate--while providing the stability of fixed-income bonds. And it allows the investor to be in control of the investment. In *Earning Money While You Sleep*, author Anthony Geraci takes you through his own investments to show you how, with non-conventional lending, things can go wrong, and mainly, how things usually go right. As a lawyer and as someone who has done non-conventional lending for his own personal investment for years, and he will teach you how these investments are too good to be ignored and how to protect yourself if the worst should happen.

Disruption and Digital Journalism John V. Pavlik 2021-10-06 This book offers a timely insight into how the news media have adapted to the digital transformation of public communication infrastructure. Providing a conceptual roadmap to understanding the disruptive, innovative impact of digital networked journalism in the 21st century, the author critically examines how and to what extent news media around the world have engaged in digital adaptation. Making use of data from news media content production and distribution both off- and online, as well as user and financial data from the U.S. and internationally, the book traces how the news media embraced and reacted to key developments such as the invention of the World Wide Web in 1989 and the launch of Google in 1998, Facebook in 2004, and the Apple iPhone in 2009. The author also highlights innovative organizations that have sought to reimagine news media that are optimized for digital, online, and mobile media of the 21st century, demonstrating how these groups have been able to stay better engaged with the public. *Disruption and Digital Journalism* is recommended reading for all academics and scholars with an interest in media, digital journalism studies, and technological innovation.

Sociology in Our Times: The Essentials Diana Kendall
2020-06-12 Kendall's SOCIOLOGY IN OUR TIMES: THE ESSENTIALS, 12th edition, introduces you to the study of sociology through real-life stories, told by the people who have lived them, as well as timely topics such as the relationship between suicide, bullying and social media. The author humanizes sociology, showing you how it is at work in society and can be applied to everyday life and the pressing social issues we face. You'll learn how you can make a difference in your community -- and the world. You'll also examine issues making headlines, such as the war on gun control and policies to help prevent military suicides. Photos and videos complement the text's main themes of diversity, the application of sociology to everyday life, global

comparisons, media and social change, particularly as it relates to social media and other forms of technology that are spurring new ways of living and interacting. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
