**A History of Autobiography in Antiquity** Georg Misch 1950 First Published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

**Metaphors of Self** James Olney 2017-03-14 James Olney examines the writings of seven men--Montaigne, Jung, George Fox, Darwin, Newman, Mills, and Eliot--and traces the essential and unique autobiographical impulse, and in a real sense makes it live. Originally published in 1972. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**Modern Italian Grammar** Anna Proudfoot 2005 This new edition of the Modern Italian Grammar is an innovative reference guide to Italian, combining traditional and function-based grammar in a single volume. With a strong emphasis on contemporary usage, all grammar points and functions are richly illustrated with examples. Implementing feedback from users of the first edition, this text includes clearer explanations, as well as a greater emphasis on areas of particular difficulty for learners of Italian. Divided into two sections, the book covers: traditional grammatical categories such as word order, nouns, verbs and adjectives language functions and notions such as giving and seeking information, describing processes and results, and expressing likes, dislikes and preferences. This is the ideal reference grammar for learners of Italian at all levels, from beginner to advanced. No prior knowledge of grammatical terminology is needed and a glossary of grammatical terms is provided. This Grammar is complemented by the Modern Italian Grammar Workbook Second Edition which features related exercises and activities.

**Italian Pocket Dictionary in Two Parts** Giuspanio Graglia 1857

*The Value of Worthless Lives* Ilaria Serra 2007 Publisher description

*The Piranhas* Roberto Saviano 2018-09-04 In Gomorrah, a New York Times Book Review Notable Book of the Year, Roberto Saviano revealed a true, devastating portrait of Naples, Italy under the rule of the Camorra, a crime organization more powerful and violent than the Mafia. In *The Piranhas*, the international bestselling author returns to his home city with a novel of gang warfare and a young man's dark desire to rise to the top of Naples's underworld. Nicolas Fiorillo is a brilliant and ambitious fifteen-year-old from the slums of Naples, eager to make his mark and to acquire power and the money that comes with it. With nine friends, he sets out to create a new paranza, or gang. Together they roam the streets on their motorscooters, learning how to break into the network of small-time hoodlums that controls drug-dealing and petty crime in the city. They learn to cheat and to steal, to shoot semiautomatic pistols and AK-47s. Slowly they begin to wrest control of the neighborhoods from enemy gangs while making alliances with failing old bosses. Nicolas's strategic brilliance is prodigious, and his cohorts' rapid rise and envelopment in the ensuing maelstrom of violence and death is riveting and impossible to turn away from. In *The Piranhas*, Roberto Saviano imagines the lurid glamour of Nicolas's story with all the vividness and insight that made Gomorrah a worldwide sensation. "With the openhearted rashness that belongs to every true writer, Saviano returns to tell the story of the fierce and grieving heart of Naples." —Elena Ferrante

**Philip Roth** Blake Bailey 2021-05-26 "I don't want you to rehabilitate me," Philip Roth said to his only authorized biographer, Blake Bailey. "Just make me interesting." Granted complete independence and access, Bailey spent almost ten years poring over Roth's personal archive, interviewing his friends, lovers, and colleagues, and listening to Roth's own breathtakingly candid confessions. Cynthia Ozick, in her front-page rave for the New York Times Book Review, described Bailey's monumental biography as "a narrative masterwork ... As in a novel, what is seen at first to be casual chance is revealed at last to be a steady and powerfully demanding drive. ... under Bailey's strong light what remains on the page is one writer's life as it was lived, and—almost—as it was felt." Though Roth is generally considered an autobiographical novelist—his alter-egos include not only the Roth-like writer Nathan Zuckerman, but also a recurring character named Philip Roth—relatively little is known about the actual life on which so vast an oeuvre was supposedly based. Bailey reveals a man who, by design, led a highly compartmentalized life: a tireless champion of dissident writers behind the Iron Curtain on the one hand, Roth was also the Mickey Sabbath-like roué who pursued scandalous love affairs and aspired "[t]o affront and affront and affront till there was

no one on earth unaffronted"—the man who was pilloried by his second wife, the actress Claire Bloom, in her 1996 memoir, *Leaving a Doll's House*. Towering above it all was Roth's achievement: thirty-one books that give us "the truest picture we have of the way we live now," as the poet Mark Strand put it in his remarks for Roth's Gold Medal at the 2001 American Academy of Arts and Letters ceremonial. Tracing Roth's path from realism to farce to metafiction to the tragic masterpieces of the American Trilogy, Bailey explores Roth's engagement with nearly every aspect of postwar American culture.

**The Epidemiology of Aging** Anne Newman 2012-12-12 The average age of the world's population is increasing at an unprecedented rate and this increase is changing the world. This "Silver tsunami" emphasizes the need to provide advanced training in epidemiology and increase the cadre of experts in the study of aging. This book is designed to summarize unique methodological issues relevant to the study of aging, biomarkers of aging and the biology/physiology of aging and in-depth discussions of the etiology and epidemiology of common geriatric syndromes and diseases. Contributing authors in the book represent many disciplines, not only epidemiology and clinical geriatrics, but also demography, health services, research, cardiovascular disease, diabetes, psychiatry, neurology, social services, musculoskeletal diseases and cancer. The aim of the book is to provide a broad multidisciplinary background for any student/researcher interested in aging. The material in the book is organized and comprehensive. It represents the most up-to-date information on the scientific issues in aging research written by academics who specialize in research and training in the broad field of aging. The structure and organization of the book reflects our course series in the Epidemiology of Aging starting with the broad issues of demography and methodology, and then addressing specific health conditions and geriatric conditions common to older persons.

**Colloquial Italian** Sylvia Lymbery 2015-08-14 Colloquial Italian: The Complete Course for Beginners has been carefully developed by an experienced teacher to provide a step-by-step course to Italian as it is written and spoken today. Combining a clear, practical and accessible style with a methodical and thorough treatment of the language, it equips learners with the essential skills needed to communicate confidently and effectively in Italian in a broad range of situations. No prior knowledge of the language is required. Colloquial Italian is exceptional; each unit presents a wealth of grammatical points that are reinforced with a wide range of exercises for regular practice. A full answer key, a grammar summary, bilingual glossaries and English translations of dialogues can be found at the back as well as useful vocabulary lists throughout. Key features include: A clear, user-friendly format designed to help learners progressively build up their speaking, listening, reading and writing skills Jargon-free, succinct and clearly structured explanations of grammar An extensive range of focused and dynamic supportive exercises Realistic and entertaining dialogues covering a broad variety of narrative situations Helpful cultural points An overview of the sounds of Italian Balanced, comprehensive and rewarding, Colloquial Italian is an indispensable resource both for independent learners and students taking courses in Italian. Audio material to accompany the course is available to download free in MP3 format from [www.routledge.com/cw/colloquials](http://www.routledge.com/cw/colloquials). Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

**A Sounding of Women** Martha Coonfield Ward 1998 KEY BENEFIT: So often it is difficult to find a collection of autobiographical stories from uniquely different women of varied cultures. Generally, women's stories are untold, unheard, or unrecorded; however, no more elegant tool exists to describe the human condition than narrative. Written by an anthropologist who designed the first official Women's Studies course in Louisiana, this book has been fueled by the explosion of fascinating research on women since the 1970s. Collected Wisdom explores and validates the experiences of women around the world through the autobiographical stories of seven women from different cultures. The author has taken each of these stories, put them into perspective, and related them to larger themes and issues. Fascinating autobiographies of interest to: anthropologists, psychologists, sociologists, and women from all walks of life.

**The Italian Language Today** Anna Laura Lepschy 2013-11-05 First Published in 1988. Routledge is an

imprint of Taylor & Francis, an informa company.

**Il Mondo del latte** 2006

**Da capo** Antonio Morena 2010-01-01 This Seventh Edition of the best-selling intermediate Italian text, DA CAPO, reviews and expands upon all aspects of Italian grammar while providing authentic learning experiences (including new song and video activities) that provide students with engaging ways to connect with Italians and Italian culture. Following the guidelines established by the National Standards for Foreign Language Learning, DA CAPO develops Italian language proficiency through varied features that accommodate a variety of teaching styles and goals. The Seventh Edition emphasizes a well-rounded approach to intermediate Italian, focusing on balanced acquisition of the four language skills within an updated cultural framework. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Parliamo Italiano Workbook and Lab Manual** Brancifort 1997-08 "This combined Workbook/Laboratory Manual is an integrated part of the Parliamo italiano! program. It is designed to reinforce the new material in each textbook unit and to provide practice in the skills you will need to communicate effectively in Italian.

*Innovation Contested* Benoît Godin 2015-01-09 Innovation is everywhere. In the world of goods (technology), but also in the world of words: innovation is discussed in the scientific and technical literature, but also in the social sciences and humanities. Innovation is also a central idea in the popular imaginary, in the media and in public policy. Innovation has become the emblem of the modern society and a panacea for resolving many problems. Today, innovation is spontaneously understood as technological innovation because of its contribution to economic "progress". Yet for 2,500 years, innovation had nothing to do with economics in a positive sense. Innovation was pejorative and political. It was a contested idea in philosophy, religion, politics and social affairs. Innovation only got de-contested in the last century. This occurred gradually beginning after the French revolution. Innovation shifted from a vice to a virtue. Innovation became an instrument for achieving political and social goals. In this book, Benoît Godin lucidly examines the representations and meaning(s) of innovation over time, its diverse uses, and the contexts in which the concept emerged and changed. This history is organized around three periods or episteme: the prohibition episteme, the instrument episteme, and the value episteme.

**Italian Verbs** Vincent Luciani 2012-04-01 Verbs and verb conjugations are the basic building blocks when learning a foreign language. Light, compact, and easy to carry wherever students go, books in this series offer approximately 300 frequently-used verbs that are presented in easy-to-read verb conjugation tables. Each verb includes its English equivalent, sample sentences, and related words and expressions. These books also include general instruction in verb usage. Titles in Barron's Verbs series are shorter versions of Barron's 501 Verbs books. This smaller-format book is a handy reference sources for students taking Italian, as well as for Italian language teachers, and translators.

*Socially Symbolic Acts* Joseph Francese 2006 This book discusses issues of broad cultural consequence by examining the work of three of Italy's most prominent living novelists, Umberto Eco, Vincenzo Consolo, and Antonio Tabucchi. The introductory chapter continues a discussion of some of the topics already broached in the author's *Narrating Postmodern Time and Space* (1997). It uses an approach that is both historicist and psychoanalytic to critically address topics in cultural studies and Italian studies. The book deals with fictions of very recent publication, many of which have been published after the turn of the millennium, filling important gaps in the critical bibliography. Close readings relate texts to their historical and cultural contexts, critiquing their ideology while preserving their Utopian moments.

*Partisan Wedding* Renata Vigano 1999 World War II stories on Italian women in the Resistance as heroines and traitors, and the way they exploited their femininity. In *Red Flag*, a woman hides guns by covering them with a soiled sanitary napkin.

**The Complete Idiot's Guide to Learning Italian, 3rd Edition** Gabrielle Euvino 2004-09-07 Learn the language of la dolce vita! For anyone who wants to learn and enjoy the most expressive and romantic of languages, the third edition of 'The Complete Idiot's Guide to Learning Italian' is the first choice for a whole new generation of enthusiastic students of Italian. This updated edition includes two new quick references on verbs, grammar, and sentence structure; two new appendixes on Italian synonyms and popular idiomatic phrases; and updated business and money sections. First two editions have sold extraordinarily well. Italian is the fourth most popular language in the United States.

**The Architecture of Pica Ciamarra Associati** Antonietta Iolanda Lima 2019-04 Since 1970, based in an isolated building situated on the peninsula of Posillipo, Pica Ciamarra Associati ([www.pcaint.eu](http://www.pcaint.eu)) has acted as a laboratory of architectural and urban design which has gradually incorporated new members and new energies over the time: using a multidisciplinary approach, the roots of the architectural practice lie in the intensive theoretical and practical work begun in the early 1960s by Massimo Pica Ciamarra. Since then the practice has been marked by a continuous relationship with Le Carré Bleu Feuille internationale d'architecture and leading members of the cultural milieu of Team 10: this has led to constant attention to everything that lies beyond form, to the relation ship with contexts that also include non-spatial contexts, and to high levels of integration and dialectical discussion. According to Pica Ciamarra Associati, a design transcends the approaches of a single sector, providing simultaneous solutions to contradictory requirements, combining utopia and practicality. The poetics of the fragment: it mediates between architecture and the urban dimension; some designs also have the aim of becoming absorbed within a context as 'informed fragments'. This monograph is the result of an intensive period of work and consists of two interacting parts. It stems from research into the archive of the studio Pica Ciamarra and conversation with the members of the architectural practice. Organised diachronically, the book tells the long story, unfolding over a period of over fifty years of a team of Neapolitan architects and designers, who have maintained the lively spirit of the practice which is still geared towards the future. The textual and iconographic account tells a story and offers an interpretation that highlight the vibrant atmosphere of the studio, based on a consistency of thought and action, and fuelled by an interest in many different forms of knowledge. The contextualisation of the events related to the studio, as they unfolded over time, is wide-ranging, coherent and connotative. Antonietta Iolanda Lima, professor of history of architecture at the University of Palermo, has always tried, through theory, teaching and design, to disseminate the importance of history which can embracing innovation and tradition to an equal degree, forming a new architectural language. According to her view of architecture, history and design are closely connected, a 'single entity' as is reflected by her career. Since the 1980s, her academic work has gained increasing importance, a way of avoiding narrow sectoral approaches in the training of future architects, offering a holistic stance of the history of architecture and an architecture that contributes to shaping critical thought and a thriving cultural life.

*A New Language, A New World* Nancy C. Carnevale 2010-10-01 An examination of Italian immigrants and their children in the early twentieth century, *A New Language, A New World* is the first full-length historical case study of one immigrant group's experience with language in America. Incorporating the interdisciplinary literature on language within a historical framework, Nancy C. Carnevale illustrates the complexity of the topic of language in American immigrant life. By looking at language from the perspectives of both immigrants and the dominant culture as well as their interaction, this book reveals the role of language in the formation of ethnic identity and the often coercive context within which immigrants must negotiate this process.

**Italian Grammar** Anna Proudfoot 2003-04 Take the frustration out of learning new grammar. . The Teach Yourself Language Grammar series brings the languages of the world within the reach of any beginning student. Prepared by experts in the language, each course begins with the basics and gradually elevates the student to a level of confident communication. Enjoyable and user-friendly, the new editions and titles feature improved page designs and even clearer explanations..

*Routledge Intensive Italian Course* Anna Proudfoot 2013-04-15 This intensive foundation course in Italian is designed for students with no previous knowledge of the language. Accompanying audio material containing dialogues, listening exercises and pronunciation practice is available to purchase separately in CD format. These two audio CDs are designed to work alongside the accompanying book. Students using the Routledge Intensive Italian Course will practise the four key skills of language learning - reading, writing, speaking, and listening - and will acquire a thorough working knowledge of the structures of Italian. The Routledge Intensive Italian Course takes students from beginner to intermediate level in one year.

*Wop!* Salvatore John LaGumina 1999 Nonfiction. Italian American Studies. Italians have been subject to some of the most blatant, brutal, and course forms of discrimination to affect any people. This volume investigates anti-Italian discrimination in the USA.

**Principle, Practice, and the Politics of Educational Reform in Meiji Japan** Mark Elwood Lincicome 1995-01-01 Scholars of modern Japan agree that education played a crucial role in that country's rapid modernization during the Meiji period (1868-1912). With few exceptions, however, Western approaches to the subject treat education as an instrument of change controlled by the Meiji political and intellectual

elite. Principle, Praxis, and the Politics of Educational Reform in Meiji Japan offers a corrective to this view. By introducing primary source materials (including teaching manuals, educational periodicals, and primary school textbooks) missing from most English-language works, Mark Lincicome examines an early case of resistance to government control that developed within the community of professional educators. He focuses on what began, in 1872, as an attempt by the newly established Ministry of Education to train a corps of professional teachers that could "civilize and enlighten" the masses in compulsory primary schools. Through the Tokyo Normal School and other new teacher training schools sponsored by the government, the ministry began what it thought was a straightforward "technology transfer" of the latest teaching methods and materials from the United States and Europe. Little did the ministry realize that it was planting the seeds of broader reform that would challenge not only its underlying doctrine of education, but its very authority over education. The reform movement centered around efforts to explicate and disseminate the doctrine of *kaihatsushugi* (developmental education). Hailed as a modern, scientific approach to child education, it rejected rote memorization and passive learning, elements of the so-called method of "pouring in" (*chunyu*) knowledge practiced during the preceding Tokugawa period, and sought instead to cultivate the unique, innate abilities of each child. Orthodox ideas of "education," "knowledge," and the process by which children learn were challenged. The position and responsibilities of the teacher were enhanced, consequently providing educators with a claim to professional authority and autonomy - at a time when the Meiji state was attempting to control every facet of the Japanese school system. Principle, Praxis, and the Politics of Educational Reform in Meiji Japan analyzes a key element to understanding Meiji development and modern Japan as a whole.

*Breve diccionario etimologico de la lengua espanola* Guido Gómez de Silva 1985 The main purpose of this etymological dictionary is to trace each Spanish word as far back as possible in order to acquaint the reader with the history of the evolution of the Spanish language; another of its aims is to help students learn vocabulary, e.g., the English word 'sky' does not help English speaking persons learn the Spanish work 'cielo' but the English word 'celestial' does. Etymology is the history of words, and, as words stand for things, it is also the history of things, and therefore of civilisation. The words analyzed in this dictionary cover every area of human endeavor, including science and technology; in addition to words, the book contains certain phrases, and many affixes. Although some Spanish words are not of Indo-European origin, most of them are. In view of the proportion of words with similar etymologies in certain languages, this Spanish etymological dictionary can also be used to find the origin of thousands of English, French, Italian and Portuguese words as well as that of many words from other languages. Many Indo-European roots are represented in Spanish words and therefore this dictionary forms a complete picture of Indo-European etymology. This etymological dictionary is of great value to all those working with, or interested in, the Spanish language. As a reference work it should be on the shelves of school, university and general public libraries as well as other appropriate reference libraries. It is of particular value to students and teachers of Spanish and to translators and conference interpreters.

**Marianne Burkhalter + Christian Sumi** Lynnette Widder 1999 "Swiss architects Marianne Burkhalter and Christian Sumi are dedicated to an exploration of the nature of materials and construction. In the last fifteen years, they have built a series of remarkable buildings in wood and stone in Germany, Austria, and Switzerland. Their work is a thoughtful pursuit of the fundamentals of architectural construction—a style that, like that of Zumthor's buildings, might be called Alpine minimalism. Their interest in simple forms and shapes, in luminous color, in the natural grain patterns of wood, and in the opportunities afforded by joinery and other forms of craftsmanship are evident in every aspect of their built work. This comprehensive monograph includes an in-depth look at 25 of Burkhalter and Sumi's projects, including their most famous built work, the Hotel Zurichberg. Essays by Eugene Asse, Detlef Mertins, Steven Spier, and Lynnette Widder, based respectively in Moscow, Toronto, London, and New York, explore their unique style and demonstrate the growing international acknowledgement of their practice." -- Publisher description.

**Colloquial Italian 2** Sylvia Lymbery 2015-09-17 Do you know Italian already and want to go a stage further? If you're planning a visit to Italy, need to brush up your Italian for work, or are simply doing a course, *Colloquial Italian 2* is the ideal way to refresh your knowledge of the language and to extend your skills. *Colloquial Italian 2* is designed to help those involved in self-study; structured to give you the opportunity to listen to and read lots of modern, everyday Italian, it has also been developed to work systematically on reinforcing and extending your grasp of Italian grammar and vocabulary. Key features of *Colloquial Italian 2* include: Revision material to help consolidate and build up your basics A wide range of contemporary authentic documents, both written and audio Lots of spoken and written exercises in each unit Highlighted key structures and phrases, a Grammar reference and detailed answer keys A broad range of situations, focusing on day to day life in Italy. Audio material to accompany the course is available to download free in MP3 format from [www.routledge.com/cw/colloquials](http://www.routledge.com/cw/colloquials). Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

**Design and Truth in Autobiography** Roy Pascal 2015-08-20 Originally published in 1960. Is there an art of autobiography? What are its origins and how has it come to acquire the form we know today? For what does the autobiographer seek, and why should it be so popular? This study suggests some of the answers to these questions. It takes the view that autobiography is one of the dominant and characteristic forms of literary self-expression and deserves examination for its own sake. This book outlines a definition of the form and traces its historical origins and development, analyses its 'truth' and talks about what sort of self-knowledge it investigates.

**Using Italian** J. J. Kinder 2004-07 This 2002 book is a guide to Italian usage for students who have already acquired the basics of the language and wish to extend their knowledge. Unlike conventional grammars, it gives special attention to those areas of vocabulary and grammar which cause most difficulty to English-speakers. Careful consideration is given throughout to questions of style, register, and politeness which are essential to achieving an appropriate level of formality or informality in writing and speech. It surveys the contemporary linguistic scene in Italy and gives ample space to the new varieties of Italian that are emerging in modern Italy. The influence of the dialects in shaping the development of Italian is also acknowledged. Clear, readable and easy to consult via its two indexes, this is an essential reference for learners seeking access to the finer nuances of the Italian language.

**Theory of Restoration** Cesare Brandi 2005

**Globalizing the student rebellion in the long '68** Andrés Payà Rico, 2018-09-28 This volume brings us closer to the dynamics of the educational world, especially students, from a wide range of national and regional scenarios, with a special focus on Europe and Latin America. In this way, a plural panorama is shown, in which the stories centered on the usual protagonists of the 1968 processes are accompanied by other scenarios, often considered secondary, but which this volume inserts in a more general story that helps us understand how the processes of the 60s were not concrete or national, but got an absolute regional and global significance. We see a complex process of transnational demand that ranged from Eastern Europe, included in the Soviet bloc, to the very heart of the Western Hemisphere, with the United States as the main axis, passing through the politically varied Western Europe, submitted to the same processes and cultural influences. In this sense, to the works that deal with the United States and France, are added others focused on Italy, Spain and Brazil, as priority focus areas, together with other European and Latin American landscapes: Great Britain, Portugal, Greece, Slovakia, Hungary, Chile, Uruguay and Mexico, without missing, in addition, the case of one of the most unique actors on the international scene: the State of Israel. With this volume, we want to continue advancing in the knowledge of the educational world of the second half of the 20th century. Great are the challenges of this world at the beginning of the 21st century and many of them were already evident in 1968. Others have materialized as a result of those events. To confront both of them, we must first identify and analyze them, as well as being aware of their magnitude. We hope that all this work can contribute to this aim.

**Learn Italian: Must-Know Italian Slang Words & Phrases** Innovative Language Learning 2019-04-29 Do you want to learn Italian the fast, fun and easy way? And do you want to master daily conversations and speak like a native? Then this is the book for you. *Learn Italian: Must-Know Italian Slang Words & Phrases* by ItalianPod101 is designed for Beginner-level learners. You learn the top 100 must-know slang words and phrases that are used in everyday speech. All were hand-picked by our team of Italian teachers and experts. Here's how the lessons work: • Every Lesson is Based on a Theme • You Learn Slang Words or Phrases Related to That Theme • Check the Translation & Explanation on How to Use Each One And by the end, you will have mastered 100+ Italian Slang Words & phrases!

**A Reference Grammar of Modern Italian** Professor Martin Maiden 2014-02-04 This Italian reference grammar provides students, teachers and others interested in the Italian language with a comprehensive, accessible and jargon-free guide to the forms and structure of Italian. Whatever their level of knowledge of the language, learners of Italian will find this book indispensable: it gives clear and detailed explanations of everything from the most elementary facts such as the relation between spelling and pronunciation, or the

forms of the article, to more advanced points such as the various nuances of the subjunctive. Formal or archaic discourse is distinguished from informal, everyday usage, and regionalisms are also indicated where appropriate. The authors have taken care to make it an easy and illuminating reference tool: extensive cross-referencing enables readers to quickly find the information they require, and also stimulates them to discover new, related facts.

*The Unvarnished Truth* Ann Fabian 2000-01-03 The practice of selling one's tale of woe to make a buck has long been a part of American culture. *The Unvarnished Truth: Personal Narratives in Nineteenth-Century America* is a powerful cultural history of how ordinary Americans crafted and sold their stories of hardship and calamity during the nineteenth century. Ann Fabian examines the tales of beggars, convicts, ex-slaves, prisoners of the Confederacy, and others to explore cultural authority, truth-telling, and the nature of print media as the country was shifting to a market economy. This well-crafted book describes the fascinating controversies surrounding these little-read tales and returns them to the social worlds where they were produced. Drawing on an enormous number of personal narratives—accounts of mostly poor, suffering, and often uneducated Americans—*The Unvarnished Truth* analyzes a long-ignored tradition in popular literature. Historians have treated the spread of literacy and the growth of print culture as a chapter in the democratization of refinement, but these tales suggest that this was not always the case. Producing stories that purported to be the plain, unvarnished truth, poor men and women edged their way onto the cultural stage, using storytelling strategies far older than those relying on a Renaissance sense of refinement and polish. This book introduces a unique collection of tales to explore the nature of truth, authenticity, and representation.

*Futu. Re* Dmitry Glukhovskiy 2015-10-05 'A worthy successor to '1984' and 'Brave New World' - PLAYBOY

What would I do for eternal life? Discoveries made within our lifetime will allow people to remain young forever. There is no more death. Our children will never die. Welcome to a world inhabited by people who are perfectly healthy, beautiful and eternally young. Every utopia has its shadowy backstreets. Someone has to make sure that overpopulation doesn't bring the wonderful world of the future crashing down. Someone has to make people forget their animal instincts and live in a fitting way for immortals. Maybe that someone is me? The utopia "FUTURE" is the first novel after five years' silence from Dmitry Glukhovskiy, author of the cult novel "METRO 2033". The author's books have been translated into dozens of foreign languages, selling in millions of copies, and have been adapted for the big screen in Hollywood - but none of them will grip you like "FUTURE".

**People and Profits?** Joshua Daniel Margolis 2001-04-01 What is the relationship between the social performance of companies and their financial performance? More colloquially, can a firm effectively attend to both people and profits as it conducts its business? This question has been investigated in no fewer than 95 empirical studies published since 1972. The authors have assembled a compendium of this research to give researchers and practitioners alike a broad overview of these 95 studies and a systematic database detailing the content of each one. This book provides a comprehensive portrait of this research literature. It begins with a broad orientation to the literature, exploring why the link between social and financial performance has been subject to continual inquiry and often heated debate. The authors then present an integrated overview of the 95 studies. Through the charts and tables, the authors illuminate the nature of the studies conducted; the data samples selected for investigation; the ways in which financial and social performance have been measured; and the overall tally of results.
