SANACS Journal 2012-2013 Young Lee Hertig, Editor 2019

The Many Faces of a Himalayan Goddess Ehud Halperin 2019-10-15 Hadimba is a primary village goddess in the Kullu Valley of the West Indian Himalayan state of Himachal Pradesh, a rural area known as the Land of Gods. As the book shows, Hadimba is a goddess whose vitality reveals itself in her devotees' rapidly changing encounters with local and far from local players, powers, and ideas. These include invading royal forces, colonial forms of knowledge, and more recently the onslaught of modernity, capitalism, tourism, and ecological change. Hadimba has provided her worshipers with discursive, ritual, and ideological arenas within which they reflect on, debate, give meaning to, and sometimes resist these changing realities, and she herself has been transformed in the process. Drawing on diverse ethnographic and textual materials gathered in the region from 2009 to 2017, *The Many Faces of a Himalayan Goddess* is rich with myths and tales, accounts of dramatic rituals and festivals, and descriptions of everyday life in the celebrated but remote Kullu Valley. The book employs an interdisciplinary approach to tell the story of Hadimba from the ground up, or rather, from the center out, portraying the goddess in

varying contexts that radiate outward from her temple to local, regional, national, and indeed global spheres. The result is an important contribution to the study of Indian village goddesses, lived Hinduism, Himalayan Hinduism, and the rapidly growing field of religion and ecology.

The Guru Chronicles 2011 Anyone on the spiritual path knows it's rare that the illumined lives of yogis and gurus are laid before us. We have but a handful: *Autobiography of a Yogi*; *Milarepa: Tibet's Great Yogi*; *Ramakrishna and His Disciples* and a few of others. Now comes an amazing book, *The Guru Chronicles*, filled with the magical and highly mystical stories of Satguru Sivaya Subramuniaswami, his Sri Lankan guru Siva Yogaswami and five preceding masters, who all held truth in the palm of their hand and inspired slumbering souls to "Know thy Self."

North Korea Journal Michael Palin 2019-11-05 In this beautifully illustrated journal based on a TV documentary, writer, comedian and world traveller Michael Palin journeys to North Korea, offering a glimpse of life inside the world's most secretive country, uncovering surprises and making friends along the way. In May 2018,

former Monty Python stalwart and intrepid globetrotter Michael Palin ventured into the Democratic People's Republic of Korea, camera crew in tow, to gain a glimpse of life in the most notoriously secretive and cut-off nation on earth. His resulting two-part documentary for Channel 5 fascinated millions and won universal plaudits. Now he shares the journal he meticulously kept during his trip, in which he describes his experiences in a country wholly unlike any other he has ever visited: a country where you will find the Tallest Unoccupied Building in the World; where the residents of Pyongyang awake every morning to the strains of 'Where Are You, Dear General?', broadcast from speakers across the city; and where there are fifteen approved styles of haircut. He chronicles a journey of stark contrasts that takes in a gleamingly modern capital complete with triumphal statues and arches one day, and a countryside that has barely changed in decades on another. He travels to the heavily fortified Demilitarized Zone, to a centuries-old Confucian academy, and to the heart of North Korea's exquisitely beautiful mountains and lakes. He recounts conversations with official guides, teachers, propaganda artists, farmers and soldiers in which mutual incomprehension and shared humanity are constantly intermingled. And he muses on what makes people tick under a regime that to outsiders seems so utterly alien and so grimly authoritarian. Written with Palin's trademark warmth and wit, and illustrated with beautiful colour photographs throughout, Palin's journal offers a rare insight into the North Korea behind the headlines.

BEING A BUDDHIST NUN Kim Gutschow 2009-06-30 They may shave their heads, don simple robes, and renounce materialism and worldly desires. But the women seeking enlightenment in a Buddhist nunnery high in the folds of Himalayan Kashmir invariably find themselves subject to the tyrannies of subsistence, subordination, and sexuality.

Ultimately, Buddhist monasticism reflects the very world it is supposed to renounce. Butter and barley prove to be as critical to monastic life as merit and meditation. Kim Gutschow lived for more than three years among these women, collecting their stories, observing their ways, studying their lives. Her book offers the first ethnography of Tibetan Buddhist society from the perspective of its nuns. Gutschow depicts a gender hierarchy where nuns serve and monks direct, where monks bless the fields and kitchens while nuns toil in them. Monasteries may retain historical endowments and significant political and social power, yet global flows of capitalism, tourism, and feminism have begun to erode the balance of power between monks and nuns. Despite the obstacles of being considered impure and inferior, nuns engage in everyday forms of resistance to pursue their ascetic and personal goals. A richly textured picture of the little known culture of a Buddhist nunnery, the book offers moving narratives of nuns struggling with the Buddhist discipline of detachment. Its analysis of the way in which gender and sexuality construct ritual and social power provides valuable insight into the relationship between women and religion in South Asia today.

The Sacred Life of Modernist Literature Allan Kilner-Johnson 2022-06-16 Probing the relationship between modernist literary experimentation and several key strands of occult practice which emerged in Europe from roughly 1894 to 1944, this book sets the work of leading modernist writers alongside lesser known female writers and writers in languages other than English to more fully portray the aesthetic and philosophical connections between modernism and the occult. Although the early decades of the twentieth century—the era of cocktails, motorcars, bobbed hair, and war—are often described as a period of newness and innovation, many writers of the time found inspiration and visionary brilliance by turning to the mysterious occult past. This book's principle intervention is to reimagine the contours and boundaries of literary modernism by welcoming into the conversation a number of significant female writers and writers in languages other than English who are often still relegated to the

fringes of modernist studies. Well-remembered poets and novelists such as Ezra Pound, W.B. Yeats, and Aleister Crowley were tied to occult beliefs, and this book sets these leading figures alongside less well-remembered but equally splendid modernists including Paul Brunton, Mary Butts, Alexandra David-Neel, Florence Farr, Dion Fortune, Hermann Hesse, and Rudolf Steiner. From the little magazines where occultism and Fabianism were comfortable companions, to consulting rooms of psychoanalysts where archetypes were revealed to be both mystical and mundane, to the forbidden mountain trails that led to formidable spiritual teachers, the conditions of modernism were invariably those conditions which inspired a return to the occult traditions that many thinkers believed had long evaporated. Indeed, in many ways these traditions were the making of the modern world. By uncovering hidden hopes and anxieties that faced a newly modern Western Europe, this book demonstrates how literary modernists understood occultism as a universal form of cultural expression which has inspired creative exuberance since the dawn of civilisation.

A Search in Secret Egypt Paul Brunton
2015-11-24 In this book, philosopher Paul Brunton (1898-1981) encounters the mysteries and magic of Egypt in the 1930s, including an eerie yet illuminating night spent alone inside the Great Pyramid. Alongside his explorations of ancient Egypt's monuments and gods, Brunton encounters a variety of occultists, fakirs, and dervishes, and even manages to become initiated into the deadly art of snake charming. His frank interviews with Muslim leaders remain relevant today, and his description of the Hajj reflects the beauty and inspiring faith of Mohammad's true followers. Brunton's journey to discover the furthest reaches of what the mind and body are capable of--and to distinguish various forms of yoga and magic from true spirituality--lead him to the myth of Osiris and to the mystery that is the Sphinx itself. In the end, Brunton turns his attention to his own spiritual path, connecting all of his experiences into a

A Search in Secret India Paul Brunton
2018-08-09 *A Search in Secret India* is the story of Paul Brunton's journey around India, living among yogis, mystics and gurus, some of whom he found convincing, others not. He finally finds the peace and tranquility which come with self-knowledge when he meets and studies with the great sage Sri Ramana Maharishi. Paul Brunton was a British philosopher, mystic, traveler, and guru. He left a journalistic career to live among yogis, mystics, and holy men, and studied Eastern and Western esoteric teachings. Dedicating his life to an inward and spiritual quest, Brunton felt charged to communicate his experiences about what he learned in the East to others. His works had a major influence on the spread of Eastern mysticism to the West. Taking pains to express his thoughts in layperson's terms, Brunton was able to present what he learned from the Orient and from ancient tradition as a living wisdom. His writings express his view that meditation and the inward quest are not exclusively for monks and hermits, but will also support those living normal, active lives in the Western world.

The Secret Path Paul Brunton 2011-08-31 'The treasure-trove of the real self is within us, but it can be lifted only when the mind is still.' Paul Brunton was one of the 20th century's greatest explorers of, and writers on, the spiritual traditions of the East. He travelled widely throughout India (in particular) and met gurus and teachers who enriched his life immeasurably. By passing on to us the wisdom he learned directly from these holy men, he is widely credited as having introduced yoga and meditation to the West. In *The Secret Path*, Paul Brunton explains in simple language how to meditate, and how this will transform your everyday existence. He also describes the remarkable experiences and understandings he himself gained from meditation and how, by making this ancient practice a part of your life, you will be able to experience a valuable kind of freedom and a deep inner peace. The classic work - which has been reprinted many times - is a very special pointer towards your inner world, and one written by a most unusual and adventurous man of insight.

The Hidden Teaching Beyond Yoga Paul Brunton 2015-05-05 Inspired by his time spent with wise sages in Asia in the 1930s, Paul Brunton (1898-1981) wrote *The Hidden Teaching Beyond Yoga* (and its companion volume *The Wisdom of the Overself*) at the request of these remarkable teachers, who recognized that he had a significant role to play in the transmission of Hindu Vedanta and Buddhism to the West.

Brunton's books are a profound re-creation of the teachings of those two philosophical schools of thought, informed by the insights of deep meditation. Clearly written without the specialized vocabulary found in those traditions, the books speak directly to the contemporary spiritual seeker. *The Hidden Teaching Beyond Yoga* is a step-by-step guide to actually experiencing the spiritual truth that reality is formed within our consciousness rather than outside us in the world of material things.

Brunton's expert analysis of perception, grounded in science, is designed to awaken us to our sacred foundation and to transform our personality into a mirror of that reality. Brunton prepares us for this journey by describing the attitudes, mental disciplines, and character traits that are beneficial for success in this quest. This new edition has been updated to incorporate the author's final revisions and includes an introduction by the Paul Brunton Philosophic Foundation. A Hermit in the Himalayas Paul Brunton 1969

A Hermit in the Himalayas Paul Brunton 2016-12-15 'The introductory account of Mr. Brunton's pony-back journey up the

mountainside has real charm. One of his most interesting chapters gives a practical-minded consideration to the probable future of Tibet.' New York Times Paul Brunton was one of a very small number of his generation to travel in India and Tibet so extensively at a time when very few were doing so with such insight and discernment. His journalistic skills produced magnificent descriptions of the snowy peaks and high-desert landscapes of the Himalayan region, but it was the lessons he learned from the holy men he met on his journey that transformed him into one of the great interpreters of the East. In this magnificent spirituality classic, he explains that we all need 'oases of calm in a world of storm', no matter what era we are living in, and that to retreat from our everyday lives for a while is not weakness but strength. By taking the trouble to discover the deep silence within us we will find the benefits of being linked to an 'infinite power, an infinite wisdom, an infinite goodness'. A Hermit In The Himalayas is a fascinating blend of travel writing and profound spiritual experience. As we accompany the author on his journey through the vast Himalayas ranges towards Mount Kailas in Tibet, he also shows us an even more remarkable - and timeless - inner path which will help us cope with the ups and downs of our contemporary world.

Himalaya Michael Palin 2010-05-27 Michael Palin tackles the full length of the Himalaya in this terrific number one bestseller. Having risen to the challenge of seas, poles, dhows and deserts, the highest mountains in the world were a natural target for Michael Palin. In a journey rarely, if ever, attempted before, in 6 months of hard travelling Palin takes on the full length of the Himalaya including the Khyber Pass, the hidden valleys of the Hindu Kush, ancient cities like Peshawar and Lahore, the mighty peaks of K2, Annapurna and Everest, the gorges of the Yangtze, the tribal lands of the Indo-Burmese border and the vast Brahmaputra delta in Bangladesh. Facing altitudes as high as 17,500 feet as well as some of the world's deepest gorges, Palin also passed through political flashpoints like Pakistan's remote north-west frontier, terrorist-torn Kashmir and the mountains of Nagaland, only recently open to visitors.

Nine-Headed Dragon River Peter Matthiessen 1998-04-28 In August 1968, naturalist-explorer Peter Matthiessen returned from Africa to his home in Sagaponack, Long Island, to find three Zen masters in his driveway—guests of his wife, a new student of Zen. Thirteen years later, Matthiessen was ordained a Buddhist monk. Written in the same format as his best-selling *The Snow Leopard*, *Nine-Headed Dragon River* reveals Matthiessen's most daring adventure of all: the quest for his spiritual roots.

Renunciation and Longing Annabella Pitkin 2022-05-20 "In the early twentieth century, Khunu Lama wandered like a beggar across Tibet and India, meeting Buddhist masters and living, so his students say, on cold porridge and water. Yet this ragged beggar-yogi became a revered teacher of the current Fourteenth Dalai Lama. At his death in 1977, he was mourned by Himalayan nuns, Tibetan lamas, and American meditators alike. The myriad surviving stories about Khunu Lama reveal unexpected forms of Tibetan Buddhism, shedding new light on questions of secularism, religion, and what it means to be modern. In *Beggar Modern*, Annabella Pitkin explores the emotionally charged Tibetan Buddhist imaginaries of renunciation, devotion, and the teacher-student lineage relationship as resources for Tibetan Buddhist approaches to modernity. By examining narrative accounts of the life of a remarkable twentieth-century Himalayan Buddhist and focusing on his remembered identity as a renunciant bodhisattva, Pitkin illuminates Tibetan and Himalayan practices of memory, reinvention, and mourning. Refuting longstanding caricatures of Tibetan Buddhist communities as unable to be modern because of their religious commitments, Pitkin shows instead how twentieth- and twenty-first-century Tibetan Buddhists have used precisely the cultural resources that connect them to their past as vital tools for creating new futures"--

The Wisdom of the Overself Paul Brunton

2015-05-26 Inspired by Paul Brunton's years spent with sages in Asia, *The Wisdom of the Overself* and its companion volume *The Hidden Teaching Beyond Yoga* were written at the request of these remarkable teachers, who recognized that Brunton had a significant role to play in the transmission of traditional wisdom to the West. Here is a profound re-creation of these teachings, brought to life and made accessible by Brunton's insights. In print since the 1940s, Brunton's works are considered to be among the most comprehensive, clear, and practical guides on the path to enlightenment. Brunton unfolds the grand vision for human development by investigating consciousness as the source of all experience; how to move from ego-centered life to the transcendent reality; the interplay of karma, free will, and grace; the nature of evil and suffering; how to awaken intuition and penetrative insight; the passage through death to rebirth; and psychic experiences and mystic visions. He also provides seven ultramystic exercises to open the door to higher consciousness, including a healing meditation on the sun; practices for transforming the future, dream, and sleep; and a meditation on the timeless self. These techniques lead to the deepest spiritual realizations—to the true "Wisdom of the Overself." This new edition has been updated to incorporate Brunton's final revisions. Himalayan Hermitess Kurtis R. Schaeffer 2004

Orgyan Chokyi (1675-1729) spent her life in Dolpo, the highest inhabited region of the Nepal Himalayas. Illiterate and expressly forbidden by her master to write her own life story, Orgyan Chokyi received divine inspiration to compose one of the most forthright and engaging spiritual autobiographies of the Tibetan literary tradition. Her life story is the oldest of only four Tibetan autobiographies authored by women. It is also a rare example of writing by a pre-modern Buddhist woman, and thus holds a unique place in Buddhist literature as a whole. Translator Kurtis Schaeffer prefaces the text with an illuminating study of the life and times of Orgyan Chokyi and an extended analysis of the hermitess's view of the relation between gender, suffering, and liberation. Based almost entirely on primary Tibetan documents never before translated, this fascinating book will be of interest to those studying Buddhism, gender and religion, and the culture of the Tibetan world.

Beyond the Sky and the Earth Jamie Zeppa

2011-01-28 In the tradition of *Iron and Silk* and *Touch the Dragon*, Jamie Zeppa's memoir of her years in Bhutan is the story of a young woman's self-discovery in a foreign land. It is also the exciting debut of a new voice in travel writing. When she left for the Himalayan kingdom of Bhutan in 1988, Zeppa was committing herself to two years of teaching and a daunting new experience. A week on a Caribbean beach had been her only previous trip outside Canada; Bhutan was on the other side of the world, one of the most isolated countries in the world known as the last Shangri-La, where little had changed in centuries and visits by foreigners were restricted. Clinging to her bags full of chocolate, hair conditioner and Immodium, she began the biggest challenge of her life, with no idea she would fall in love with the country and with a Bhutanese man, end up spending nine years in Bhutan, and begin a literary career with her

account of this transformative journey. At her first posting in a remote village of eastern Bhutan, she is plunged into an overwhelmingly different culture with squalid Third World conditions and an impossible language. Her house has rats and fleas and she refuses to eat the local food, fearing the rampant deadly infections her overly protective grandfather warned her about. Gradually, however, her fear vanishes. She adjusts, begins to laugh, and is captivated by the pristine mountain scenery and the kind students in her grade 2 class. She also begins to discover for herself the spiritual serenity of Buddhism. A transfer to the government college of Sherubtse, where the housing conditions are comparatively luxurious and the students closer to her own age, gives her a deeper awareness of Bhutan's challenges: the lack of personal privacy, the pressure to conform, and the political tensions. However, her connection to Bhutan intensifies when she falls in love with a student, Tshewang, and finds herself pregnant. After a brief sojourn in Canada to give birth to her son, Pema Dorji, she marries Tshewang and makes Bhutan her home for another four years. Zeppa's personal essay about her culture shock on arriving in Bhutan won the 1996 CBC/Saturday Night literary competition and appeared in the magazine. She flew home to accept the prize, where people encouraged her to pursue her writing. Her letters from Bhutan also featured on CBC's Morningside. The book that grew out of this has been published in Canada and the United States to ecstatic reviews, followed by British, German, Dutch, Italian and Spanish editions. Although cultural

differences finally separated Jamie and Tshewang in 1997 while she was writing the book and she returned to Canada, she will always feel at home in Bhutan. Zeppa shares her compelling insights into this land and culture, but *Beyond the Sky and the Earth* is more than a travel book. With rich, spellbinding prose and bright humour, it describes a personal journey in which Zeppa acquires a deeper understanding of what it means to leave one's home behind, and undergoes a spiritual transformation.
