was written. The contributors explore sources that illuminate the social, psychological, aesthetic, ideological and symbolic meanings of clothing. The topics covered range from the relationship between clothing, kingship and power, to the symbolic significance of the high priestly regalia and the concept of garments as deception and defiance, while also considering the tendency to omit or ignore descriptions of YHWH's clothing. Following a historical sequence, the essays cross-reference with each other to create a milestone in biblical sartorial study.

A Precious Fountain is a work of liturgical ethnography that probes the rich liturgical life of one worshipping community whose roots and practices are at once Black and Catholic, using music as a primary lens through which to explore the community's liturgy and embodied theology. Our Lady of Lourdes community in San Francisco is part of a larger event in the American church: the emergence of a new paradigm of Catholic worship, one that is "authentically Black and truly Catholic." Mary E. McGann, RSCJ, describes how the music worship of Our Lady of Lourdes in San Francisco not only enriches that community but also is an example of how a theology of music is practiced in that parish. She offers this new genre of liturgical literature that brings to light how God's Spirit is working in the churches through the idioms, perceptions, and insights of specific ethno-cultural communities in this time of massive cultural change

Beware the Evil Eye John H Elliott 2016-04-28 In the Sermon on the Mount, Jesus of Nazareth makes reference to one of the oldest beliefs in the ancient world - the malignity of an Evil Eye. The Holy Scriptures in their original languages contain no less than twenty-four references to the Evil Eye, although this is obscured by most modern Bible translations. John H. Elliott's *Beware the Evil Eye* describes this belief and associated practices, its history, its voluminous appearances in ancient cultures, and the extensive research devoted to it over the centuries in order to unravel this enigma for readers who have never heard of the Evil Eye and its presence in the Bible. This is the first of a four-volume work on the Evil Eye.

Throughout the Bible, divine interaction with humanity is portrayed in almost embarrassingly human terms. God sees, hears, thinks, feels, runs, rides chariots, laughs, wields weapons, gives birth, and even repents. Many of these descriptions, taken at face value, seem to run afoul of classical thought about God's qualities of divine simplicity, transcendence, omniscience, omnipotence, omnipresence, and, especially, immutability.

Traditionally, such representations have been seen

as accommodations to human intellectual and moral limitations. They allowed God to be more comprehensible but did not actually describe any real part of His character, being, or interaction with humanity. References to God seeing or hearing, for example, are not deemed to represent real acts, as God is all-knowing. This view is largely based on the Aristotelian conception of metaphors: they are rhetorical devices and should not be taken literally. Since the 1970s, our understanding of the ways in which metaphors convey meaning has become much more sophisticated. We are better able to unlock the function of human acts of God within the Bible. This book aims to explore the biblical metaphor of divine sight in Genesis and how current conceptions of metaphorical function can enrich our reading of the text and its theology.
