[The Murdoch Method: Observations on Rupert Murdoch's Management of a Media Empire](#)
 Irwin Stelzer 2018-05-01 Following Murdoch's journey from a small-town newspaperman to a globe-dominating media mogul, a clear-eyed examination of Rupert Murdoch's business philosophies and management techniques, from a key advisor of thirty-five years. After having worked closely with the legendary media titan for thirty-five years, Irwin Stelzer is uniquely positioned to evaluate Murdoch's media empire through periods of rapid expansion and acquisitions, times of financial and regulatory stress, and political battles in Britain and America. Stelzer helped plan important company conclaves and assisted with Murdoch's speeches, at least one of which was responsible for having News Corp barred by the Chinese regime from doing business in that country. Here are the philosophies on how Rupert approaches and values deals, whether stalking the Wall Street Journal for decades before pouncing, or "over-paying" for everything from Fox Studios to NFL rights; how he copes with regulatory constraints; how he wins some and loses some, must notably MySpace. The Murdoch Method is the sum total of the management techniques that grew out of Rupert's attitudes and conceptions, taking him from a struggling newspaper in an out-of-the-way town in Australia to running a globe-dominating media enterprise.
From Tree to Table Alan Garbers 2021-01-25 Discover how to build rustic furniture from cut

timber in this comprehensive guide for woodworkers. Award-winning outdoor writer and photographer Alan Garbers shows how to use raw logs to make stylish eco-friendly pieces. Alan provides detailed, practical information on procuring and processing logs, with sage troubleshooting advice based on years of experience. Learn which species look best with the bark on, and which work better with the bark off. Find out why wood may shrink, warp, or crack, and how to deal with rot, decay, and insects. Get expert guidance on all the woodworking techniques you need to know, from steam bending and joinery to sanding, gluing, and finishing. *From Tree to Table* offers instructions for making charming cabin-style beds, tables, benches, lamps, coat racks, kiva ladders, and more.

The Encyclopedia of Country Music

2012-02-01 Immediately upon publication in 1998, the Encyclopedia of Country Music became a much-loved reference source, prized for the wealth of information it contained on that most American of musical genres. Countless fans have used it as the source for answers to questions about everything from country's first commercially successful recording, to the genre's pioneering music videos, to what conjunto music is. This thoroughly revised new edition includes more than 1,200 A-Z entries covering nine decades of history and artistry, from the Carter Family recordings of the 1920s to the reign of Taylor Swift in the first decade of the twenty-first century. Compiled by a team of

experts at the Country Music Hall of Fame and Museum, the encyclopedia has been brought completely up-to-date, with new entries on the artists who have profoundly influenced country music in recent years, such as the Dixie Chicks and Keith Urban. The new edition also explores the latest and most critical trends within the industry, shedding light on such topics as the digital revolution, the shifting politics of country music, and the impact of American Idol (reflected in the stardom of Carrie Underwood). Other essays cover the literature of country music, the importance of Nashville as a music center, and the colorful outfits that have long been a staple of the genre. The volume features hundreds of images, including a photo essay of album covers; a foreword by country music superstar Vince Gill (the winner of twenty Grammy Awards); and twelve fascinating appendices, ranging from lists of awards to the best-selling country albums of all time. Winner of the Best Reference Award from the Popular Culture Association "Any serious country music fan will treasure this authoritative book." --The Seattle Times "A long-awaited, major accomplishment, which educators, historians and students, broadcasters and music writers, artists and fans alike, will welcome and enjoy." --The Nashville Musician "Should prove a valuable resource to those who work in the country music business. But it's also an entertaining read for the music's true fans." --Houston Chronicle "This big, handsome volume spans the history of country music, listing not only artists and groups but also important individuals and institutions." -San Francisco Examiner "Promises to be the definitive historical and biographical work on the past eight decades of country music. Well written and heavily illustrated an unparalleled work, worth its price and highly recommended." --Library Journal

Folklife and Museums C. Kurt Dewhurst
2016-12-15 This cutting-edge new book is the replacement for *Folklife and Museums: Selected Readings* which was published nearly thirty years ago in 1987. The editors of that volume, Patricia Hall and Charlie Seemann, are now joined by C. Kurt Dewhurst as a third editor, for this book which includes updates to the still-relevant and classic essays and articles from the earlier text and features new pioneering pieces

by some of today's most outstanding scholars and practitioners, to provide a more current overview of the field and addressing contemporary issues. *Folklife and Museums: Twenty-First Century Perspectives* is a brand new collection of cutting-edge essays that combine theoretical insights, practical applications, topical case studies (focusing on particular subject matter areas and specific cultural groups), accompanied by up-to-date "resources" and "suggested readings" sections. Each essay is preceded by an explanatory headnote contextualizing the essay and includes illustrative photographs.

Liberty, Individuality, and Democracy in

Jorge Luis Borges Alejandra M. Salinas
2016-10-26 This book analyzes Borges's works through a political rather than a literary or cultural lens. It explores how Borges's politically inspired works make the case for individual liberty against political oppression, militarism, and populism and examines the evolution of Borges's democratic sensitivity by relating it to salient historical events.

Sir Gawain and the Green Knight 2007

Following in the tradition of Seamus Heaney's reworking of "Beowulf," Armitage, one of England's leading poets, has produced a virtuoso new translation of the 600-year-old Arthurian story with both clarity and verve.

Edward Abbey James M. Cahalan 2022-08-30
"The best biography ever about Ed. Cahalan's meticulous research and thoughtful interviews have made this book the authoritative source for Abbey scholars and fans alike." —Doug Peacock, author, environmentalist activist and explorer, and the inspiration for Hayduke in *The Monkey Wrench Gang* He was a hero to environmentalists and the patron saint of monkeywrenchers, a man in love with desert solitude. A supposed misogynist, ornery and contentious, he nevertheless counted women among his closest friends and admirers. He attracted a cult following, but he was often uncomfortable with it. He was a writer who wandered far from Home without really starting out there. James Cahalan has written a definitive biography of a contemporary literary icon whose life was a web of contradictions. *Edward Abbey: A Life* sets the record straight on "Cactus Ed," giving readers a fuller, more human Abbey than

most have ever known. It separates fact from fiction, showing that much of the myth surrounding Abbey—such as his birth in Home, Pennsylvania, and later residence in Oracle, Arizona—was self-created and self-perpetuated. It also shows that Abbey cultivated a persona both in his books and as a public speaker that contradicted his true nature: publicly racy and sardonic, he was privately reserved and somber. Cahalan studied all of Abbey's works and private papers and interviewed many people who knew him—including the models for characters in *The Brave Cowboy* and *The Monkey Wrench Gang*—to create the most complete picture to date of the writer's life. He examines Abbey's childhood roots in the East and his love affair with the West, his personal relationships and tempestuous marriages, and his myriad jobs in continually shifting locations—including sixteen national parks and forests. He also explores Abbey's writing process, his broad intellectual interests, and the philosophical roots of his politics. For Abbey fans who assume that his "honest novel," *The Fool's Progress*, was factual or that his public statements were entirely off the cuff, Cahalan's evenhanded treatment will be an eye-opener. More than a biography, *Edward Abbey: A Life* is a corrective that shows that he was neither simply a countercultural cowboy hero nor an unprincipled troublemaker, but instead a complex and multifaceted person whose legacy has only begun to be appreciated. The book contains 30 photographs, capturing scenes ranging from Abbey's childhood to his burial site.

Rape Loot Pillage Sara Meger 2016 'Rape Loot Pillage' offers a new framework for understanding conflict-related sexual violence based on feminist international political economy. By looking at patterns of contemporary conflict this book proposes a new typology of wartime sexual violence that ties the 'value' of this violence to the politico-economic objectives of the perpetrators in different conflict contexts.

January Moon Jerome A. Greene 2020-04-16 Historian Jerome A. Greene is renowned for his memorable chronicles of egregious events involving American Indians and the U.S. military, including Sand Creek, Washita, and Wounded Knee. Now, in *January Moon*, Greene

draws from extensive research and fieldwork to explore a signal—and appallingly brutal—event in American history: the desperate flight of Chief Dull Knife's Northern Cheyenne Indians from imprisonment at Fort Robinson, Nebraska. In the wake of the Great Sioux War of 1876–77, the U.S. government expelled most Northern Cheyennes from their northern plains homeland to Indian Territory, in present-day Oklahoma. Following mounting hardships, many of those people, under Chiefs Dull Knife and Little Wolf, broke away, seeking to return north. While Little Wolf's band managed initially to elude pursuing U.S. troops, Dull Knife's people were captured in 1878 and ushered into a makeshift barrack prison at Camp (later Fort) Robinson, where they spent months waiting for government officials to decide their fate. It is here that Greene's riveting narrative edges toward its climax. On the night of January 9, 1879, in a bloody struggle with troops, Dull Knife's people staged a massive breakout from their barrack prison in a last-ditch bid for freedom. Greene paints a vivid picture of their frantic escape, which took place under an unusually brilliant moon that doomed many of those fleeing by silhouetting them against the snow. A climactic engagement at Antelope Creek proved especially devastating, and the helpless people were nearly annihilated. In gripping detail, Greene follows the survivors' dreadful experiences into their aftermath, including creation of the Northern Cheyenne Reservation. Carrying the story to the present day, he describes Cheyenne tribal events commemorating the breakout—all designed to ensure that the injustices of nineteenth-century U.S. government policy will never be forgotten.

Stone Age Spear and Arrow Points of the Southwestern United States Noel D. Justice 2002-05-23 The American Southwest is the focus for this volume in Noel Justice's series of reference works that survey, describe, and categorize the projectile point and cutting tools used in prehistory by Native American peoples. Written for archaeologists and amateur collectors alike, the book describes over 50 types of stone arrowhead and spear points according to period, culture, and region. With the knowledge of someone trained to fashion projectile points with techniques used by the

Indians, Justice describes how the points were made, used, and re-sharpened. His detailed drawings illustrate the way the Indians shaped their tools, what styles were peculiar to which regions, and how the various types can best be identified. There are hundreds of drawings, organized by type cluster and other identifying characteristics. The book also includes distribution maps and color plates that will further aid the researcher or collector in identifying specific periods, cultures, and projectile types.

King of the Cowboys, Queen of the West

Raymond E. White 2005 And in a series of exhaustive appendixes, he documents their contributions to each medium they worked in. Testifying to both the breadth and the longevity of their careers, the book includes radio logs, discographies, filmographies, and comicographies that will delight historians and collectors alike."--Jacket.

World Guide to Special Libraries Marlies Janson 2007-01-01 The World Guide to Special Libraries lists about 35,000 libraries world wide categorized by more than 800 key words - including libraries of departments, institutes, hospitals, schools, companies, administrative bodies, foundations, associations and religious communities. It provides complete details of the libraries and their holdings, and alphabetical indexes of subjects and institutions.

Golden Age Western Comics Steven Brower 2012 Restored, full-color complete scans of over 40 Western stories created between 1948 and 1956.

Dentro la bestia Massimo Martino 2017-10-01 Scott Edward è un giornalista inglese che si occupa di reportage da zone di guerra. Inviato a Istanbul, la porta d'Oriente, città avvolgente e misteriosa prende vita il progetto di scrivere di guerra, antica e moderna. Troade e Kurdistan. Ieri e oggi. Un'idea arrivata all'improvviso, che conferma il suo interesse per Troia e per i protagonisti che ne decretarono la leggenda. Sulla scia di uno studio antropologico forense che ritiene di avere individuato i resti di Ettore durante uno scavo recente, Edwards, stimolato dalla lettura di Troilo e Cressida di Shakespeare, si interroga sulla fine di Ettore e sul destino di Elena. Tra oggi e ieri, tra passato e presente, tra leggenda e finzione, è Menelao ad assumere il

comando della seconda campagna troiana. Insoddisfatto dei resoconti che i vincitori, di cui egli fa parte, tramandano, ossessionato dal bisogno di sapere, con puntigliosa insistenza, tornato in patria, sollecita la lega greca a investigare e ottiene, nonostante le resistenze, pieno mandato per la nomina di uomini giusti ai quali affidare il compito di indagare. E un testimone viene rintracciato, è un sopravvissuto troiano: Glauco racconta dei tempi dell'assedio, di quando era il custode del dio Apaliunas. Un romanzo breve, appassionato e intenso che ci restituisce una storia di Troia lontana dalle spire del mito, se possibile ancora più immortale.

The Country Gentleman 1916

Obituaries on File 1979

It's Complicated Danah Boyd 2014-02-25 Surveys the online social habits of American teens and analyzes the role technology and social media plays in their lives, examining common misconceptions about such topics as identity, privacy, danger, and bullying.

Rock Music in American Popular Culture III

Frank Hoffmann 2014-02-04 Rock Music in American Popular Culture III: More Rock 'n'Roll Resources explores the fascinating world of rock music and examines how this medium functions as an expression of cultural and social identity. This nostalgic guide explores the meanings and messages behind some of the most popular rock 'n'roll songs that captured the American spirit, mirrored society, and reflected events in our history. Arranged by themes, Rock Music in American Popular Culture III examines a variety of social and cultural topics with related songs, such as: sex and censorship--"Only the Good Die Young" by Billy Joel and "Night Moves" by Bob Seger and The Silver Bullet Band holiday songs--"Rockin'Around the Christmas Tree" by Brenda Lee and "The Christmas Song" by Nat King Cole death--"Leader of the Pack" by The Shangri-Las and "The Unknown Soldier" by The Doors foolish behavior--"When a Man Loves a Woman" by Percy Sledge and "What Kind of Fool" by Barbra Streisand and Barry Gibb jobs and the workplace--"Don't Stand So Close to Me" by The Police and "Dirty Laundry" by Don Henley military involvements--"Boogie Woogie Bugle Boy" by the Andrews Sisters and "War" by Edwin Starr novelty recordings--"The Purple People Eater" by Sheb Wooley and "Eat It" by

Weird Al Yankovic letters and postal images--"P. S. I Love You" by The Beatles and "Return to Sender" by Elvis Presely In addition, a discography and a bibliography after each section give further examples of the themes and resources being discussed, as do extensive lists of print references at the end of the text.

Encyclopedia of American Folklife Simon J Bronner 2015-03-04 American folklife is steeped in world cultures, or invented as new culture, always evolving, yet often practiced as it was created many years or even centuries ago. This fascinating encyclopedia explores the rich and varied cultural traditions of folklife in America - from barn raisings to the Internet, tattoos, and Zydeco - through expressions that include ritual, custom, crafts, architecture, food, clothing, and art. Featuring more than 350 A-Z entries, "Encyclopedia of American Folklife" is wide-ranging and inclusive. Entries cover major cities and urban centers; new and established immigrant groups as well as native Americans; American territories, such as Guam and Samoa; major issues, such as education and intellectual property; and expressions of material culture, such as homes, dress, food, and crafts. This encyclopedia covers notable folklife areas as well as general regional categories. It addresses religious groups (reflecting diversity within groups such as the Amish and the Jews), age groups (both old age and youth gangs), and contemporary folk groups (skateboarders and psychobillies) - placing all of them in the vivid tapestry of folklife in America. In addition, this resource offers useful insights on folklife concepts through entries such as "community and group" and "tradition and culture." The set also features complete indexes in each volume, as well as a bibliography for further research.

American Dude Ranch Lynn Downey 2022-03-03 Viewers of films and television shows might imagine the dude ranch as something not quite legitimate, a place where city dwellers pretend to be cowboys in amusingly inauthentic fashion. But the tradition of the dude ranch, America's original western vacation, is much more interesting and deeply connected with the culture and history of the American West. In *American Dude Ranch*, Lynn Downey opens new perspectives on this buckaroo getaway, with all its implications for deciphering the American

imagination. Dude ranching began in the 1880s when cattle ranches ruled the West. Men, and a few women, left the comforts of their eastern lives to experience the world of the cowboy. But by the end of the century, the cattleman's West was fading, and many ranchers turned to wrangling dudes instead of livestock. What began as a way for ranching to survive became a new industry, and as the twentieth century progressed, the dude ranch wove its way into American life and culture. Wyoming dude ranches hosted silent picture shoots, superstars such as Gene Autry were featured in dude film plots, fashion designers and companies like Levi Strauss & Co. replicated the films' western styles, and novelists Zane Grey and Mary Roberts Rinehart moved dude ranching into popular literature. Downey follows dude ranching across the years, tracing its influence on everything from clothing to cooking and showing how ranchers adapted to changing times and vacation trends. Her book also offers a rare look at women's place in this story, as they found personal and professional satisfaction in running their own dude ranches. However contested and complicated, western history is one of America's national origin stories that we turn to in times of cultural upheaval. Dude ranches provide a tangible link from the real to the imagined past, and their persistence and popularity demonstrate how significant this link remains. This book tells their story—in all its familiar, eccentric, and often surprising detail.

Jack A. M. Homes 2010-09-01T06:00:00+02:00 Jack è un adolescente americano. Ama il basket. Il suo migliore amico è Max. Vive solo con la madre, e con i suoi amanti di turno, da quando i genitori hanno divorziato. È passato del tempo da allora, ma i suoi ancora non riescono ad andare d'accordo e quando il padre lo viene a prendere si ferma sempre con la macchina in mezzo alla strada per mantenere una certa distanza dalla sua ex casa. Ma fin qui niente di troppo traumatico, una realtà talvolta penosa con cui però Jack può fare i conti. Tutto cambia invece quando il padre un giorno, all'improvviso, gli confessa la vera ragione per cui ha lasciato la moglie: vive con un altro uomo, ci dorme assieme, insomma è gay. Questo è troppo per Jack, non riesce proprio ad accettarlo, teme che lo stigma e la riprovazione sociale ricadano su di

lui. Dapprima rifiuta anche solo di rivedere il padre, poi pian piano comincia a scardinare i propri pregiudizi, la sua idea di famiglia e il suo criterio di normalità. A.M. Homes, in questo suo romanzo d'esordio, si mette nei panni del teenager alle prese con una realtà più grande di lui e, narrando in prima persona la vicenda, ne segue l'ambivalente alternarsi di emozioni e la conflittuale maturazione con ironia, acume e freschezza. Ne esce un originale romanzo di formazione, commovente e divertente insieme, profondamente autentico nel cogliere gli stati d'animo dell'adolescenza.

Ghetto Cowboy G. Neri 2011-08-09 A street-smart tale about a displaced teen who learns to defend what's right-the Cowboy Way. When Cole's mom dumps him in the mean streets of Philadelphia to live with the dad he's never met, the last thing Cole expects to see is a horse, let alone a stable full of them. He may not know much about cowboys, but what he knows for sure is that cowboys aren't black, and they don't live in the inner city. But in his dad's 'hood, horses are a way of life, and soon Cole's days of skipping school and getting in trouble in Detroit have been replaced by shoveling muck and trying not to get stomped on. At first, all Cole can think about is how to ditch these ghetto cowboys and get home. But when the City threatens to shut down the stables-- and take away the horse Cole has come to think of as his own-- he knows that it's time to step up and fight back. Inspired by the little-known urban riders of Philly and Brooklyn, this compelling tale of latter-day cowboy justice champions a world where your friends always have your back, especially when the chips are down.

Il Lontano West Aurelio Nicolazzo 2017-06-09 Si impara dalla Storia, anche se si ripresenta in forme diverse. Questo bel racconto western, sempre filtrato dalla visione cinematografica dell'autore, esprime la lotta per la vita, la crescita di un ragazzo, un mondo violento e disperato, dove chi va avanti, perde qualcosa, ma ritrova se stesso.

[The Lotus Dickey Songbook](#) Lotus Dickey 2005 Long-awaited new edition of the songs of a legendary Hoosier musician, including a CD.

Black Cowboys in the American West Bruce A. Glasrud 2016-09-28 Who were the black cowboys? They were drovers, foremen, fiddlers,

cowpunchers, cattle rustlers, cooks, and singers. They worked as wranglers, riders, ropers, bulldoggers, and bronc busters. They came from varied backgrounds—some grew up in slavery, while free blacks often got their start in Texas and Mexico. Most who joined the long trail drives were men, but black women also rode and worked on western ranches and farms. The first overview of the subject in more than fifty years, *Black Cowboys in the American West* surveys the life and work of these cattle drivers from the years before the Civil War through the turn of the twentieth century. Including both classic, previously published articles and exciting new research, this collection also features select accounts of twentieth-century rodeos, music, people, and films. Arranged in three sections—"Cowboys on the Range," "Performing Cowboys," and "Outriders of the Black Cowboys"—the thirteen chapters illuminate the great diversity of the black cowboy experience. Like all ranch hands and riders, African American cowboys lived hard, dangerous lives. But black drovers were expected to do the roughest, most dangerous work—and to do it without complaint. They faced discrimination out west, albeit less than in the South, which many had left in search of autonomy and freedom. As cowboys, they could escape the brutal violence visited on African Americans in many southern communities and northern cities. Black cowhands remain an integral part of life in the West, the descendants of African Americans who ventured west and helped settle and establish black communities. This long-overdue examination of nineteenth- and twentieth-century black cowboys ensures that they, and their many stories and experiences, will continue to be known and told.

Organizational Research David M. Boje 2018-09-03 'Organizational research methods' (ORM) are making an ontological turn by studying the nature of Being, becoming, and the meaning of existence in the world. For example, without ontology, there is no 'ground' and no 'theory' in Grounded Theory (GT). This book explores ten ways to develop fourth wave GT that is grounded and theory. 1st wave GT commits inductive fallacy inference, 2nd wave GT bandaids it with positivistic content coding. 3rd wave GT turns to social constructivism, but

this leaves out the materiality and ecology of existence. The first three waves do not address falsification or verification. There is another theme. Qualitative research methods is a discipline craft, not mere science or something that automated text analysis software can displace. Quantitative narrative analysis (QNA) is one more way to colonize and marginalize indigenous ways of knowing (IWOK). Without an ontological turn, it's the death of storytelling predicted by Walter Benjamin and Gertrude Stein predicted. The good news is Western Empirical Science is beginning to listen to IWOK-Native Science experiential living story method of relations not only to other humans but to other animals, plants, to living air, water, and earth in living ecosystem of an enchanted world. There is a gap in the qualitative research methodology practices and comprehensive advanced approaches causing a split between practice and theory. So called Grounded Theory (inductive positivism). Organizational Research: Storytelling in Action is about how to conduct ten kinds of ontological Research Methods and conduct their interpretative analyses, for organization studies, in an ethically answerable way. It is aimed at people who want a more 'advanced' treatment than available in so-called Grounded Theory or automated narrative analysis books.

The American West in Bronze, 1850-1925
Thayer Tolles 2013-01-14 "'The American West in Bronze, 1850-1925' is the first full-scale exhibition to explore the aesthetic and cultural impulses behind the creation of statuettes with American western themes, which have been so popular with audiences then and now. Both the exhibition and this accompanying catalogue offer a fresh look at the multifaceted roles played by these sculptors in creating three-dimensional interpretations of western life, whether based on historical fact, mythologized fiction, or most often, something in-between. Examples by such archetypal representatives of the West as Frederic Remington and Charles M. Russell are complemented by the work of sculptors such as James Earle Fraser and Paulanship, who contributed to the popularity of the American bronze statuette even though their western subjects were less frequent." -- Publisher's description.

Marilyn Monroe **Ciro Ascione** 1996
Focus On: 100 Most Popular African-American Players of American Football Wikipedia contributors

Music in the Westward Expansion Laura Dean 2022-05-26 Over 400,000 people moved their families in search of a better life in the American West during the Westward Expansion. The pioneers made room for musical instruments with their guns, food, and tools, while taking only the minimal necessities that would fit into modest wagons. During what seemed like an interminable dusty journey, music was often the sole source of light and happiness for these exhausted travelers. This book examines the roles of music in the Westward Expansion and the diverse cultural landscape of the Old West, including northern Cheyenne courtship flute makers, fiddle-playing explorers, dancing fur trappers, hymn-singing missionaries, frontier flutists, girls with guitars, wagon-driving balladeers, poetic cowboys, singing farmers, musical miners, and preaching songsters.

Mad Cowboy Howard F. Lyman 2001-07-07 Told by the man who kicked off the infamous lawsuit between Oprah and the cattlemen, Mad Cowboy is an impassioned account of the highly dangerous practices of the cattle and dairy industries. Howard Lyman's testimony on The Oprah Winfrey Show revealed the deadly impact of the livestock industry on our well-being. It not only led to Oprah's declaration that she'd never eat a burger again, it sent shock waves through a concerned and vulnerable public. A fourth-generation Montana rancher, Lyman investigated the use of chemicals in agriculture after developing a spinal tumor that nearly paralyzed him. Now a vegetarian, he blasts through the propaganda of beef and dairy interests—and the government agencies that protect them—to expose an animal-based diet as the primary cause of cancer, heart disease, and obesity in this country. He warns that the livestock industry is repeating the mistakes that led to Mad Cow disease in England while simultaneously causing serious damage to the environment. Persuasive, straightforward, and full of the down-home good humor and optimism of a son of the soil, Mad Cowboy is both an inspirational story of personal transformation and a convincing call to action for a plant-based

diet—for the good of the planet and the health of us all.

Yodel-Ay-Ee-Oooo Bart Plantenga 2013-09-13
First Published in 2004. Routledge is an imprint of Taylor & Francis, an informa company.

The Cattle Kings Lewis Atherton 2019-02-01
“The new image of the cattle country that emerges from Atherton’s pages is no less romantic than the prior stereotype; he writes vividly.” —Chicago Tribune
Cowboys, gunslingers, and superpowered marshals dominate fictionalized accounts of the American West, but they were minor figures in the true history of the region. In *The Cattle Kings*, Lewis Atherton restores the leading role to the cattlemen—the genuine adventurers who opened the plains, built empires, and brought prosperity, law, and order to the West. This classic history of the West tells the true stories of rugged cattlemen like Charles Goodnight, Shanghai Pierce, the Lang family, the Marquis de Mores, and Richard King, who were attracted by the challenge of the frontier and the astounding economic opportunities it offered. Self-reliant and progressive, these young individualists revolutionized ranching. The new industry transformed the West, bringing law and order to infamous sin towns like Abilene and Dodge City and leaving an indelible mark on America’s national history and character. Atherton dramatically recreates the realities and economics of everyday life on the ranches, including the role of women, attitudes toward education and religion, and the philosophy of the cattle region. Now with an updated foreword by Western historian Timothy Lehman, this new edition of a beloved classic reveals the true heroes of the legendary cattle kingdoms that created the West. “Containing little glamour and much neglected history, this excellent book will appeal to students of the West, Old and New, and to addicts of history who prefer fact to fireworks; it belongs in all comprehensive collections of Western Americana.” —Kirkus Reviews

LGBT Health K. Bryant Smalley, Ph.D., Psy.D. 2017-10-28
LGBT Health: Meeting the Needs of Gender and Sexual Minorities offers a first-of-its-kind, comprehensive view of mental, medical, and public health conditions within the LGBT community. This book examines the health

outcomes and risk factors that gender and sexual minority groups face while simultaneously providing evidence-based clinical recommendations and resources for meeting their health needs. Drawing from leading scholars and practitioners of LGBT health, this holistic, centralized text synthesizes epidemiologic, medical, psychological, sociological, and public health research related to the origins of, current state of, and ways to improve LGBT health. The award-winning editors have assembled LGBT health experts who have conducted extensive research into diverse areas of LGBT health. Sections guide the reader through the entire spectrum of LGBT health, from the historical roots of LGBT health research all the way to modern, emerging lines of inquiry to improve health among diverse gender and sexual minority groups. Specific groundbreaking coverage includes such populations as LGBT veterans; reproductive health and parenting; sexual minority persons living with chronic illness and disability, and more. This encompassing volume serves as a go-to reference, a call to action, and a guide for anyone involved in researching and improving the health of LGBT populations. Key Features
Synthesizes research from the psychological, sociological, medical, and public health fields into a comprehensive discussion of LGBT health
Covers the continuum of health from antecedents and sociocultural determinants through specific evidence-based approaches for improving outcomes
Includes specific focus on a wide range of health outcomes, including topics often neglected in the field such as reproductive health and parenting, intimate partner violence, cancer, and other chronic diseases
Specifically investigates a variety of LGBT subgroups and their unique health needs including for LGBT veterans, transgender men and women, and racial and ethnic minorities who are LGBT

The Indian in the Cupboard Lynne Reid Banks 2010-02-09
Full of magic and appealing characters, this classic novel takes readers on a remarkable adventure. It's Omri's birthday, but all he gets from his best friend, Patrick, is a little plastic Indian toy. Trying to hide his disappointment, Omri puts the Indian in a metal cupboard and locks the door with a mysterious skeleton key that once belonged to his great-

grandmother. Little does Omri know that by turning the key, he will transform his ordinary plastic Indian into a real live man from an altogether different time and place! Omri and the tiny warrior called Little Bear could hardly be more different, yet soon the two forge a very special friendship. Will Omri be able to keep Little Bear without anyone finding out and taking his precious Indian from him?

Tropical Cowboys Ch. Didier Gondola
2016-04-10 "An innovative and original study that sheds light on masculinity, youth culture, performative violence, and the circuit of global imagery." —Stephan F. Miescher, author of *Making Men in Ghana During the 1950s and 60s* in the Congo city of Kinshasa, there emerged young urban male gangs known as "Bills" or "Yankees." Modeling themselves on the images of the iconic American cowboy from Hollywood film, the Bills sought to negotiate lives lived under oppressive economic, social, and political conditions. They developed their own style, subculture, and slang and as Ch. Didier Gondola shows, engaged in a quest for manhood through bodybuilding, marijuana, violent sexual behavior, and other transgressive acts. Gondola argues that this street culture became a backdrop for Congo-Zaire's emergence as an independent nation and continues to exert

powerful influence on the country's urban youth culture today. "Aligns social banditry with popular cultural formations and subcultures. This has been a longstanding feature of Didier Gondola's scholarship that is of great interest." —Peter J. Bloom, University of California, Santa Barbara "Its approach in terms of poverty and unemployment combined with a subtle interest in performance and the creation of an original culture makes this book an eye-opener. Both the dramatic subject and the author's vivid style make it a pleasure to read and also food for thought regarding issues that haunt not only Africa but also the world at large." —American Historical Review

Thomas Register of American Manufacturers and Thomas Register Catalog File 1997 Vols. for 1970-71 includes manufacturers catalogs.

Songs of the Cowboys N. Howard Thorp 1989
This was the first cowboy song book published in America, and Thorp's lyrics were the beginning of the popularization of the American cowboy. This book lists 24 songs that can be learned and sung today.

The Cowboy Encyclopedia Richard W. Slatta
1994-06-30 Presents the people, places, historical events, equipment and dress, terminology, and cultural imagery surrounding the cowboys of both North and South America.
