2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing

poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' – Irish Times

the real world is, the more plausibly your marvels can be located near at hand." As the creator of one of the most famous "other worlds" of all time, C.S. Lewis was uniquely qualified to discuss their literary merit. As both a writer and a critic, Lewis explores the importance of story and wonder, elements often ignored or even frowned upon by critics of the day. His discussions of his favorite kinds of stories-- children's stories and fantasies-- includes his thoughts on his most famous works, *The Chronicles of Narnia* and the *Space Trilogy*. "A must for any collection of C. S. Lewis." --

Teaching Faith with Harry

Potter Patricia M. Lyons

2017-05-01 J. K. Rowling was less obvious than C. S. Lewis or J. R. R. Tolkien in her grounding of the Harry Potter series in deeply held Christian convictions, leaving many with a strong sense that these stories are spiritual lessons but not sure how to flesh out these theological ideas for teaching, parenting, mentoring, and forming faith. The Harry Potter series stands as one compelling narrative, rooted in Rowling's

*Of Other Worlds Essays

upload Mia p Boyle*

Anglican convictions of the communion of saints, the power of sacraments, the redemption of sacrificial love, and the defeat of death in the resurrection through grace.

Tricia Lyons identifies, clarifies, and systematizes the Christian themes J.K. Rowling uses throughout the series, so anyone can apply the Harry Potter universe in lifelong and life-wide formation. Readers will be able to use the book as a reference manual for using Harry Potter in preaching and formation, to integrate into the current theological season, or for book studies, sermons, bible studies, VBS content, youth groups, parish retreats,

True Myth James W Menzies
2015-02-26 True Myth
examines the meaning and significance of myth as understood by C.S. Lewis and Joseph Campbell and its place in the Christian faith in a technological society. C.S. Lewis defined Christianity, and being truly human, as a relationship between the personal Creator and his creation mediated through faith in his son, Jesus. The influential writer and mythologist Joseph Campbell had a different perspective, understanding

Christianity as composed of
*Of Other Worlds Essays
And Stories Pdf Pdf

mythical themes similar to those in other religious and secular myths. While accepting certain portions of the biblical record as historical, Campbell taught the theological and miraculous aspects as symbolic - as stories in which the reader discovers what it means to be human today. In contrast, Lewis presented the theological and the miraculous in a literal way. Although Lewis understood how one could see symbolism and lessons for life in miraculous events, he believed they were more than symbolic and indeed took place in human history. In True Myth, James W. Menzies skilfully balances the two

Exploring the Interior Karl S.
Guthke 2018-05-24 In this
fascinating collection of essays
Harvard Emeritus Professor
Karl S. Guthke examines the
ways in which, for European
scholars and writers of the
eighteenth and early nineteenth
century, world-wide
geographical exploration led to
an exploration of the self.

*Downloaded from
via.ramtech.uri.edu on

Guthke explains how in the age of Enlightenment and beyond intellectual developments were fuelled by excitement about what Ulrich Im Hof called "the grand opening-up of the wide world", especially of the interior of the non-European continents. This outward turn was complemented by a fascination with "the world within" as anthropology and ethnology focused on the humanity of the indigenous populations of far-away lands – an interest in human nature that suggested a way for Europeans to understand themselves, encapsulated in Gauguin's Tahitian rumination "What are we?" The essays in the first

*Of Other Worlds Essays
And Stories Pdf Pdf

half of the book discuss first- or second-hand, physical or mental encounters with the exotic lands and populations beyond the supposed cradle of civilisation. The works of literature and documents of cultural life featured in these essays bear testimony to the crossing not only of geographical, ethnological, and cultural borders but also of borders of a variety of intellectual activities and interests. The second section examines the growing interest in astronomy and the engagement with imagined worlds in the universe, again with a view to understanding homo sapiens, as compared

now to the extra-terrestrials that were confidently assumed to exist. The final group of essays focuses on the exploration of the landscape of what was called "the universe within"; featuring, among a variety of other texts, Schiller's plays *The Maid of Orleans* and *William Tell*, these essays observe and analyse what Erich Heller termed "The Artist's Journey into the Interior." This collection, which travels from the interior of continents to the interior of the mind, is itself a set of explorations that revel in the discovery of what was half-hidden in language. Written by a scholar of international repute, it is eye-opening reading for all

your attention—and your allegiance.”—Rob Hart, author of *The Warehouse* ONE OF THE BEST BOOKS OF THE YEAR—NPR, Library Journal, Book Riot Multiverse travel is finally possible, but there’s just one catch: No one can visit a world where their counterpart is still alive. Enter Cara, whose parallel selves happen to be exceptionally good at dying—from disease, turf wars, or vendettas they couldn’t outrun. Cara’s life has been cut short on 372 worlds in total. On this dystopian Earth, however, Cara has survived. Identified as an outlier and therefore a perfect candidate for multiverse travel, Cara is plucked from the

dirt of the wastelands. Now what once made her marginalized has finally become an unexpected source of power. She has a nice apartment on the lower levels of the wealthy and walled-off Wiley City. She works—and shamelessly flirts—with her enticing yet aloof handler, Dell, as the two women collect off-world data for the Eldridge Institute. She even occasionally leaves the city to visit her family in the wastes, though she struggles to feel at home in either place. So long as she can keep her head down and avoid trouble, Cara is on a sure path to citizenship and security. But trouble finds Cara when one of her eight

remaining doppelgängers dies under mysterious circumstances, plunging her into a new world with an old secret. What she discovers will connect her past and her future in ways she could have never imagined—and reveal her own role in a plot that endangers not just her world but the entire multiverse. “Clever characters, surprise twists, plenty of action, and a plot that highlights social and racial inequities in astute prose.”—Library Journal (starred review)

Jesus Is the Thesis Jeff Voth

author of *The Handmaid's Tale*. At a time when speculative fiction seems less and less far-fetched, Margaret Atwood lends her distinctive voice and singular point of view to the genre in a series of essays that brilliantly illuminates the essential truths about the modern world. This is an exploration of her relationship with the literary form we have come to know as "science fiction," a relationship that has been lifelong, stretching from her days as a child reader in the 1940s, through her time as a graduate student at Harvard, where she worked on the Victorian ancestor of the form, and continuing as a writer and

reviewer. This book brings together her three heretofore unpublished Ellmann Lectures from 2010: "Flying Rabbits," which begins with Atwood's early rabbit superhero creations, and goes on to speculate about masks, capes, weakling alter egos, and Things with Wings; "Burning Bushes," which follows her into Victorian otherlands and beyond; and "Dire Cartographies," which investigates Utopias and Dystopias. In *Other Worlds* also includes some of Atwood's key reviews and thoughts about the form. Among those writers discussed are Marge Piercy, Rider Haggard, Ursula Le Guin, Ishiguro, Bryher, Huxley, and

Jonathan Swift. She elucidates the differences (as she sees them) between "science fiction" proper, and "speculative fiction," as well as between "sword and sorcery/fantasy" and "slipstream fiction." For all readers who have loved *The Handmaid's Tale*, *Oryx and Crake*, and *The Year of the Flood*, *In Other Worlds* is a must. Note: The electronic version of this title contains over thirty additional, illuminating eBook-exclusive illustrations by the author.

Other Worlds Christopher G. White 2018-03-16 What do modern multiverse theories and spiritualist séances have in common? Not much, it would seem. One is an elaborate

*Of Other Worlds Essays
And Stories Pdf Pdf
upload Mia p Boyle*

scientific theory developed by the world's most talented physicists. The other is a spiritual practice widely thought of as backward, the product of a mystical world view fading under the modern scientific gaze. But Christopher G. White sees striking similarities. He does not claim that séances or other spiritual practices are science. Yet he points to ways that both spiritual practices and scientific speculation about multiverses and invisible dimensions are efforts to peer into the hidden elements and even the existential meaning of the universe. *Other Worlds* examines how the idea that the universe has multiple, invisible

*Downloaded from
vla.ramtech.uri.edu on
October 1, 2023 by Mia p
Boyle*

dimensions has inspired science fiction, fantasy novels, films, modern art, and all manner of spiritual thought reaching well beyond the realm of formal religion. Drawing on a range of international archives, White analyzes how writers, artists, filmmakers, televangelists, and others have used the scientific idea of invisible dimensions to make supernatural phenomena such as ghosts and miracles seem more reasonable and make spiritual beliefs possible again for themselves and others. Many regard scientific ideas as disenchanting and secularizing, but *Other Worlds* shows that these ideas—creatively

Abolishing Man in Other Worlds

Courtney Petrucci 2021-01-13

This text investigates why C. S. Lewis brings humans into outer space in order to recover a Christian worldview during a time of war. Lewis's science fiction trilogy was published throughout the WWII era, and his readers were all too familiar

with advances in technological warfare and the biological experimentation of the Nazi agenda. To recover a Christian worldview during such a tumultuous time, the first two installments of the trilogy bring humans into outer space in order to reconnect with the Cosmic Chain of Being.

Malacandra and Perelandra depict all beings coexisting in the Great Dance that Maleldil creates. In the last installment, Lewis's N.I.C.E. reflects experimentation carried out in some concentration camps during WWII. Lewis's return to Earth in the last book of the trilogy calls for readers to

acknowledge our broken Chain

Leadershift Workbook John C. Maxwell 2019-10-01 Lead-ershift [verb]: The act of nimbly adapting one's leadership in the midst of rapid change. The term leadershift may be new to you, but the climate of change that demands it is not. As a leader, you already know that it takes more than staying the course to be successful. The key to not just surviving but to continual innovation, improvement, and influence is to learn how to leadershift. In the Leadershift Workbook, based on the bestselling book of the same name, author John C. Maxwell helps leaders make the changes the current fast-paced environment demands. He

books in this delightful collection drawn from his wide body of writings. More than fifty years after his death, revered intellectual and teacher C. S. Lewis continues to speak to readers, thanks not only to his intellectual insights on Christianity but also his wondrous creative works and deep reflections on the literature that influenced his life. Beloved for his instructive novels including *The Screwtape Letters*, *The Great Divorce*, and *The Chronicles of Narnia* as well as his philosophical books that explored theology and Christian life, Lewis was a life-long writer and book lover.

essays, articles, and letters, as well as his classic works, *How to Read* provides guidance and reflections on the love and enjoyment of books. Engaging and enlightening, this well-rounded collection includes Lewis' reflections on science fiction, why children's literature is for readers of all ages, and why we should read two old books for every new one. A window into the thoughts of one of the greatest public intellectuals of our time, this collection reveals not only why Lewis loved the written word, but what it means to learn through literature from one of our wisest and most enduring teachers.

A Serious Genre Dana Percec
2016-02-29 A Serious Genre:
The Apology of Children's
Literature is a collection of
essays by scholars and
academics from Romania, the
United States and Turkey, who
investigate the value and impact
of what, since the 19th century,
has been called, using an
umbrella term, children's
literature. The volume is the
fourth in a series, which focuses
on literary genres which are
considered marginal or low-
brow, but which have a long
tradition and display remarkable
versatility and popularity.
Previous volumes in the
collection presented the
historical novel (2010), romance

(2012), and fantasy (2014). In this book, fourteen essays approach children's literature from different angles, from classical Victorian children's books to the latest film adaptation of *The Hobbit*, from adult narrators of children's stories to children narrators of adult stories. The book addresses researchers, teachers and students with an interest in literature, literary theory and genre analysis, but it will also appeal to the wider public, given the flexibility and friendly nature of children's literature.

poems, and critical essays by J.R.R. Tolkien.

Present Concerns Clive Staples

Lewis 2002 "Where God gives the gift, the 'foolishness of preaching' is still mighty. But best of all is a team of two: one to deliver the preliminary intellectual barrage, and the other to follow up with a direct attack on the heart." An

inveterate scholar, throughout his lifetime C.S. Lewis wrote on any number of topics. While his most famous essays concern his thoughts on Christianity, he was also interested in literature, masculinity, domestic life, and war. In the nineteen essays collected in *Present Concerns*,

he touches on all of these and

more. Though wide-ranging, these essays all share one thing: C.S. Lewis's characteristic pragmatism and persuasiveness. Many of the essays included were written between 1940 and 1945, and so pertinently reflect on the issues raised by World War II: democratic values, the need for a new chivalry, and the cynicism of the modern soldier, all of which remain relevant today. "Lewis gives us permission to admit our own doubts, our own angers and anguishes, and to know that they are part of the soul's growth."--Madeleine L'Engle

narratives in conversation with both contemporary Hip-Hop culture and systemic anti-Blackness, 808s & Otherworlds pieces together a speculative reality where Blackfolk are simultaneously superhuman and dehumanized. From the gut-wrenchingly real stories of young lovers unmythed by segregation or former classmates appropriating Black culture, to the fantastic settings of Hip-Hop songs and comic characters, Medlin weaves a tapestry of worlds and otherworlds while composing a love letter to family and self, told to an undeniably energetic beat.

**How to Read Like a Writer Mike

Bunn When you Read Like a Writer (RLW) you work to identify some of the choices the author made so that you can better understand how such choices might arise in your own writing. The idea is to carefully examine the things you read, looking at the writerly techniques in the text in order to decide if you might want to adopt similar (or the same) techniques in your writing. You are reading to learn about writing. Instead of reading for content or to better understand the ideas in the writing (which you will automatically do to some degree anyway), you are trying to understand how the

piece of writing was put

together by the author and what you can learn about writing by reading a particular text. As you read in this way, you think about how the choices the author made and the techniques that he/she used are influencing your own responses as a reader. What is it about the way this text is written that makes you feel and respond the way you do?

collection of small, daily wonders, again written over the course of a year, one of America’s most original voices continues his ongoing investigation of delight. For Gay, what delights us is what connects us, what gives us meaning, from the joy of hearing a nostalgic song blasting from a passing car to the pleasure of refusing the “nefarious” scannable QR code menus, from the tiny dog he fell hard for to his mother baking a dozen kinds of cookies for her grandchildren. As always, Gay revels in the natural world—sweet potatoes being harvested, a hummingbird carousing in the beebalm, a

sunflower growing out of a wall around the cemetery, the shared bounty from a neighbor's fig tree—and the trillion mysterious ways this glorious earth delights us. The Book of (More) Delights is a volume to savor and share.

Stories of Your Life and Others

Ted Chiang 2010-10-26 From the author of *Exhalation*, an award-winning short story collection that blends "absorbing storytelling with meditations on the universe, being, time and space ... raises questions about the nature of reality and what it is to be human" (The New York Times). *Stories of Your Life and Others* delivers dual delights of the very, very strange and the

heartbreakingly familiar, often presenting characters who must confront sudden change—the inevitable rise of automatons or the appearance of aliens—with some sense of normalcy. With sharp intelligence and humor, Chiang examines what it means to be alive in a world marked by uncertainty, but also by beauty and wonder. An award-winning collection from one of today's most lauded writers, *Stories of Your Life and Others* is a contemporary classic. Includes "Story of Your Life"—the basis for the major motion picture *Arrival*

Human Rights in Transnational Business Julia Ruth-Maria

investigates how human rights law can be applied to corporate entities. To date there have been insufficient international legal mechanisms to bring corporations to justice for their misconduct abroad. The book argues that rather than trying to solve the problem locally, an international approach to corporate human rights compliance needs to be sought to prevent future corporate human rights abuses.

Implementing effective and enforceable human rights compliance policies at corporate level allows businesses to prevent negative human rights impacts such as loss of revenue, high litigation costs

*Of Other Worlds Essays

and damage to reputation. By considering human rights to be an inherent part of their business strategy, corporations will be well equipped to meet national and regional business and human rights standards, which will inevitably be implemented in the next few years. This approach, in turn, also furthers the fundamental aim of international human rights law.

How Should One Read a Book?

Virginia Woolf 2020-10-12

"Where are we to begin? How are we to bring order into this multitudinous chaos and so get the deepest and widest pleasure from what we read?"

Published for the first time as a

standalone volume, Virginia Woolf's short, impassioned essay, *How Should One Read a Book?* celebrates the enduring importance of great literature. In this timeless manifesto on the written word, rediscover the joy of reading and the power of a good book to change the world. One of the most significant modernist writers of the 20th Century, Virginia Woolf and her visionary essays are as relevant today as they were nearly one hundred years ago. Features a new introduction by Sheila Heti.
