book in the Maths Problem Solving
series. The books have been written
for teachers to use during the
numeracy lesson. They cover the
'solving problem' objectives from the
numeracy framework. This book
contains three chapters; Making
decisions, Reasoning about numbers or
shapes and Problems involving 'real
life', money or measures. The books
are designed in such a way that each
section has six stages of questions
to be worked through. Every stage is
split into three levels, for example
1a, 1b or 1c, based on achievement.
Each corresponding question from
these levels follow the same line of
questioning, so that when the teacher
talks about a certain question, the
solution process is the same for each
level but the complexity of the sum
varies.

New Century Maths 12 Sue Thomson 2013
The new Mathematics General syllabus describes two pathways that start in Year 11. Even though both pathways share a common Preliminary course, students taking each pathway have specific learning needs, so we have published two levels of text for both Years 11 and 12. This addition to the successful New Century Maths series has been written for the new Mathematics General course commencing in 2013 in NSW. This book caters for the Mathematics General 1 HSC course in Year 12, for students heading towards the workforce or further training after school. This content-endorsed course is not HSC - examinable, providing mathematical
