Brave Thinking Mary Morrissey 2015-01-20 BRAVE THINKING is the culmination of more than 40 years of study, and 30 years of teaching this technology of transformation. People struggle with relationships. They struggle with money. They struggle with health. I've been coaching first as a minister, then for the last decade as a trainer outside the church world. But teaching, studying, and working in this laboratory called life. I've been both a student, and I've been a trainer in this laboratory, helping people unlock what it is they would love to have, be, do, give in their life. And helping them understand their capacity to do this. To use brave thinking and tap into the field of infinite possibility, potentiality, and work with a particular dream vision for their lives, so they can begin to see the pattern. Because once you see the pattern of how thoughts become things and how you can take what looks like very little and translate it into something much more – it's as different as moving from simple addition to squaring in math. When you are working with simple addition, the only way to get to 25 is you must amass 25 ones. When you learn to multiply you find that you only need two 5's to get to that same result. It takes way less effort and you have way more results. And when you move up the ladder of awareness a little bit further, you see you only need one 5. Brave Thinking will help people recognize that they have everything they need to live a life they love living, and a life that really has meaning and purpose and substance and significance. And I know how to do that. I know how to help them. BRAVE THINKING provides the code to a very different kind of thinking. Either one opens the doors to a potential that is something we are in love with, or something we fear. The purpose of this book is to provide very concrete direct clear simple understandings. Such as the world was flat or other kinds of commonplace thinking and help them recognize how much of that has governed their lives or the lives of people they know. It will show examples of people who dared to think beyond the boundaries of ordinary thinking and who dared to learn a new system of thinking. Rather than being condition based in a way of living life, they began to live a life that is vision-driven. And they came from a vision rather than living from circumstance. Most people think that when the circumstances change, §then I can make a new decision, "then I can have something" "then I can be something," "then I can do something." What if it's just the opposite? When you watch your television, and there are other common examples we'll use, when you turn on a TV, the picture you are seeing comes from the frequency that your tuner is tuned to. And when you go to a movie theater, the dancing images on the screen are simply reflections of the light passing through the film that's held before the projector.

Think Like a Breadwinner Jennifer Barrett 2021-04-06 A new kind of manifesto for the working woman, with tips on building wealth and finding balance, as well as inspiration for harnessing the freedom and power that comes from a breadwinning mindset. Nearly half of working women in the United States are now their household's main breadwinner. And yet, the majority of women still aren't being brought up to think like breadwinners. In fact, they're actually discouraged—by institutional bias and subconscious beliefs—from building their own wealth, pursuing their full earning potential, and providing for themselves and others financially. The result is that women earn less, owe more, and have significantly less money saved and invested for the future than men do. And if women do end up the main breadwinners, they've been conditioned to feel reluctant and unprepared to manage the role. In *Think Like a Breadwinner*, financial expert Jennifer Barrett reframes what it really means to be a breadwinner. By dismantling the narrative that women don't—and shouldn't—take full financial responsibility to create the lives they want, she reveals not only the importance of women building their own wealth, but also the freedom and power that comes with it. With concrete practical tools, as well as examples from her own journey, Barrett encourages women to reclaim, rejoice in, and aspire to the role of breadwinner like never before.

Therapist as Life Coach: An Introduction for Counselors and Other Helping Professionals (Revised and Expanded) Patrick Williams 2007-10-17 In 2006, U.S. News and World Report listed coaching as one of the 10 top growing professions. The first edition of *Therapist as Life Coach*, published in 2002, anticipated this trend, and since

its publication it has become a standard for therapists who wish to transition or expand their practices into life coaching. Pat Williams and Deborah C. Davis have finally revised their classic practice-building book for today's therapists and future coaches. Every chapter in this second edition has been updated and rewritten, reflecting the growth of the coaching field and its increasing appeal to not only therapists, but all helping professionals. The book begins by exploring the history of the coaching movement and shows how society is hungry for life coaches. The second part of the book explains in detail the differences and similarities between coaching and therapy, discusses the coaching relationship, and considers some of the skills therapists will need to learn and unlearn in order to reclaim their joyfulness about their work. Professional transition tools such as developing and marketing your practice and honing your coaching skills are discussed at length in Part Three. The final section moves beyond basic life coaching to introduce coaching specialties such as corporate coaching, offers self-care strategies for life coaches, and peeks into the future of life coaching. There is new material throughout, including an overview of recent coaching developments, updated liability concerns, new business opportunities, and a new section on the research about coaching. Coaching gives practitioners the opportunity to break free of managed care and excessive reliance on the insurance industry and to work with a wide range of clients—specifically, those who are not suffering from mental illness but, rather, seeking to maximize their life potential. This book will help you enter this lucrative and personally enriching world with the skills and knowledge you need to build a successful coaching practice.

Group Life Coaching Blueprint Joel A. Rivera M. Ed 2019-10-26 Being a life coach is a fulfilling way to make money doing what you love, while making a difference! But, the truth is that not all life coaches are successful. Some never learn the skills they need to create a thriving business, and others get stuck because they're only able to reach a certain level of success, and income, by meeting one-on-one with clients. There is only so much time in a day, some of which is spent on marketing and other business-related-stuff. Once a coach fills their schedule with clients, they reach the ceiling of their growth. Their only option is to raise their rates, but this isn't always easy or even appropriate, depending on the population they serve. The good news is that there is a way to serve more people and increase revenue at the same time. The secret to creating a successful life coaching business is offering group life coaching programs. Think about it, much of what you do with each client is exactly the same. If you say the same thing 10 times to 10 different people, why not say it to all of them at once? If you develop a program out of your coaching process, you can walk a group of people through the same coaching activities and steps, together. By creating a group coaching business, you can: 1) reach more people in less time, 2) offer an easy-to-sell low-cost option, 3) upsell your favorite clients to one-on-one coaching, 4) create a more predictable schedule and income, and 5) increase your per-hour revenue (\$50 x 10 is greater than \$150 x 1). In this book, you will find the exact blueprint that thousands of our life coaching students have used to create their own group life coaching programs. You'll learn everything you need to: 1) turn the process you use with your clients into a complete group coaching curriculum, 2) learn professional communication and facilitation skills so you can effectively manage and lead your group, and 3) structure your offer, set your price, and create marketing campaigns that fill your groups.

Rachel Rodgers 2021-05-04 Are you ready to fill your life with more peace, power, and joy? We Should All Be Millionaires details a realistic, achievable, step-by-step path to creating the support, confidence, and plan you need to own your success and become the millionaire the world needs you to be. Only 10 percent of the world's millionaires are women, making it difficult for women to wield the economic power that will create lasting equality. Whatever is stopping you from having seven figures in the bank—whether it's shaky confidence, knowledge gaps when it comes to wealth building tactics, impostor syndrome, a janky mindset about money (it's okay, we've all been there!), or simply not knowing where to begin—this book shows you how to clear every obstacle in your way, show up, and glow up. We Should All Be Millionaires will forever change the way you think about money and your ability to earn it. In this book, Rachel Rodgers—a Black woman, mother of four, attorney, business owner, and self-made millionaire—shares the lessons she's learned both in her own journey to wealth and in coaching hundreds of women through their own journeys to seven figures. Inside, you'll learn: Why earning more money is not "selfish" or "greedy" but in fact, a revolutionary act that brings the economy into balance and creates a better world for all. Why most of the financial advice you've heard in the past (like "skip your daily latte to save money") is absolute, patriarchal nonsense. An eye-opening history lesson on how women and people of color have been shut out of the ability to build wealth for centuries—and how we can fix this. How to stop making broke-ass decisions that leave you feeling emotionally and financially depleted and start making million-dollar decisions instead. Why aiming to earn \$100K per year is not enough, and why you need to be setting your goals much higher. Strategies to bring more money in the door and fatten your bank account immediately. (Including Rodgers's \$10K in 10 Days Challenge which hundreds of women have completed—with incredible results.) It's time to construct an entirely new attitude about money, claim your power, and build the financial security that you need and deserve — so you can stop just surviving, and start thriving. Let's begin.
