The Eyelid S. D. Chrostowska 2020-04-14 In Greater America, with sleep under siege, this lucid and prophetic novel of ideas depicts the end of human reverie. An unnamed, unemployed, dream-prone narrator finds himself following Chevauchet, diplomat of Onirica, a foreign republic of dreams, to resist a prohibition on sleep in near-future Greater America. On a mission to combat the state-sponsored drugging of citizens with uppers for greater productivity, they traverse an eerie landscape in an everlasting autumn, able to see inside other people's nightmares and dreams. As Comprehensive Illusion - a social media-like entity that hijacks creativity - overtakes the masses, Chevauchet, the old radical, weakens and disappears, leaving our narrator to take up Chevauchet's dictum that "daydreaming is directly subversive" and forge ahead on his own. In slippery, exhilarating, and erudite prose, The Eyelid revels in the camaraderie of free thinking that can only happen on the lam, aiming to rescue a species that can no longer dream. "A slight but quick-witted and thoughtful philosophical parable that falls somewhere between Camus and Gaiman's Sandman universe." —Kirkus Reviews "S. D. Chrostowska's The Eyelid is a brilliant, visionary satire on the digital mindscape of twenty-first-century late capitalism embodied in the new global state of

Greater America. Insomnia is in; dreams are seditious; sleep is outlawed. Lulled by false fantasies projected by Artificial Intelligence (AI in the book), video games, and media collaborators, humans drug themselves to stay awake so they can slave through the now standard twenty-hour work days. Witty, oracular, Surreal, trenchant, politically astute, and often hilarious, The Eyelid is a throwback to the classics of the genre, Jonathan Swift's Gulliver's Travels and Samuel Butler's Erewhon. We are turning into a race of sleep-deprived automatons, Chrostowska warns, increasingly unable to mount political opposition or even dream a different future." —Douglas Glover

[That Little Square Box](#) Arthur Conan Doyle 2020-09-28 Mr. Hammond is on his way to America when he hears two passengers discussing a suspicious plan that was going to be executed at 10 o'clock in the evening. The two unknown passengers got aboard in the very last minute. Their baggage was not searched. And their plan consisted of some mysterious box. What do you think happened in the evening? Did Mr. Hammond try to warn the rest of the crew or he escaped with a life boat? Can all be a big misunderstanding or the American steamer will be blown up? Sir Arthur Conan Doyle (1859-1930) was born in Scotland and studied medicine at the University of Edinburgh. After his studies, he worked as a ship's surgeon on various boats. During the Second Boer War, he was an army doctor in South Africa. When he came back to the United Kingdom, he opened his own practice and started writing crime books. He is best known for

his thrilling stories about the adventures of Sherlock Holmes. He published four novels and more than 50 short-stories starring the detective and Dr Watson, and they play an important role in the history of crime fiction. Other than the Sherlock Holmes series, Doyle wrote around thirty more books, in genres such as science-fiction, fantasy, historical novels, but also poetry, plays, and non-fiction.

Getting the Girl Markus Zusak 2013-05-28 In the final novel of the acclaimed Wolfe Brothers Trilogy, Cameron Wolfe goes looking for love as he attempts to escape his brother's shadow. Cameron Wolfe is a loser. He knows it. He's the quiet one, not a soccer star like his brother Steve or a charming fighter with a new girl every week like his brother Rube. Cam would give anything to be near one of those girls, to love her and treat her right. He especially likes Rube's latest, Octavia, with her brilliant ideas and bright green eyes. But what woman like that would want a loser like him? Maybe Octavia would, Cam discovers. Maybe he has talents and passions just waiting to be discovered. And those maybes are about to change everything: winning, loving, losing, the Wolfe brothers, and Cameron himself. *A Shadow Intelligence* Oliver Harris 2020 A modern but classically styled spy novel in the spirit of John Le Carré and Chris Pavone, *A Shadow Intelligence* follows a mercurial MI6 agent, Elliot Kane, as he goes off script to find his lover, who went missing while embroiled in a dangerous scheme in Kazakhstan.

No-Signal Area Robert Perisic 2020-05-05 Oleg and Nikola—hustlers, entrepreneurs, ambassadors of capitalism—have come to the town of N to build an obsolete turbine, never mind why. Enlisting the help of former engineer Sobotka, they reopen the old turbine factory, preaching the gospel of “self-organization” and bringing new life to the depressed post-communist town. But as the project spins out of control, Oleg and Nikola find themselves increasingly entangled with the locals, for whom this return to past prosperity brings bitter reckonings and reunions. At once a savage sendup of our current political moment and a rueful elegy for what might have been, this sprawling novel blends tragedy and comedy in its portrayal of ordinary people wondering where it all went wrong, and whether it could have gone

any other way.

My Biggest Lie Luke Brown 2013-12-05 'There was a time not long ago when I thought that lying was the most natural thing in the world. It was fun. It was addictive. In front of him glitters a superb career and a life with the woman he loved from the moment he saw her. But on a feverish night out he loses his job, his home and his girlfriend. He is lucky to escape with his life. Trying to leave his shame behind in London he flees to Argentina to live honestly, and to write the world's longest and truest love letter. But Buenos Aires is the most sensual, most duplicitous, city in the world. How will Liam prevent his lies from running away with him? *My Biggest Lie* is a wickedly entertaining novel about father figures, second chances and deciding when it's time to tell the truth.

Hammer to Fall John Lawton 2020-03-10 British agent Joe Wilderness returns in "Lawton's ongoing recreation of Cold War chicanery . . . one of the great pleasures of modern spy fiction" (Mick Herron, award-winning author of the Slough House series). It's London, the swinging sixties, and by all rights, MI6 spy Joe Wilderness should be having as good a time as James Bond. But alas, his postings are more grim than glamorous. In the wake of an embarrassing disaster for MI6 in a divided Berlin, Wilderness is reprimanded with a posting to remote northern Finland under the guise of a cultural exchange program to promote Britain abroad. Bored by his work, with nothing to spy on, Wilderness strikes a deal with his old KGB pal Kostya to smuggle vodka into the USSR. But there is something fishy about why Kostya has suddenly turned up in Finland—and MI6 intelligence from London points to a connection with cobalt mining in the region, a critical component in the casing of the atomic bomb. Wilderness's posting is getting more interesting by the minute, but more dangerous too. Moving from the no-man's-land of Cold War Finland to the wild days of the Prague Spring, and populated by old friends—including Inspector Troy—and old enemies alike, *Hammer to Fall* is a gripping tale of deception and skullduggery, of art and politics—a page-turning story of the

always-riveting life of the British spy. "Lawton scores another hit." —Publishers Weekly (starred review) "A jaw-dropping finale that will leave readers palpitating for more." —Booklist (starred review) "A terrific thriller: fun, satisfying, and humane."—Kirkus Reviews (starred review) **Boys without Names** Kashmiri Sheth 2011-05-24 Trapped. The boys are forbidden to talk or even to call one another by their real names. Locked away in a rundown building, Gopal despairs of ever seeing his family again. But late one night, when Gopal decides to share kahanis, or stories, he realizes that storytelling might be the boys' key to survival. If he can make them feel more like brothers than enemies, their lives will be more bearable in the shop—and they might even find a way to escape.

Mahatma and Other Poems Humayun Kabir 1956 **Man of My Time** Dalia Sofer 2020-04-14 One of The New York Times's 100 Notable Books of 2020. A New York Times Book Review Editors' Choice. "Finely wrought, a master class in the layering of time and contradiction that gives us a deeply imagined, and deeply human, soul." -- Rebecca Makkai, The New York Times Book Review From the bestselling author of *The Septembers of Shiraz*, the story of an Iranian man reckoning with his capacity for love and evil Set in Iran and New York City, *Man of My Time* tells the story of Hamid Mozaffarian, who is as alienated from himself as he is from the world around him. After decades of ambivalent work as an interrogator with the Iranian regime, Hamid travels on a diplomatic mission to New York, where he encounters his estranged family and retrieves the ashes of his father, whose dying wish was to be buried in Iran. Tucked in his pocket throughout the trip, the ashes propel him into a first-person excavation—full of mordant wit and bitter memory—of a lifetime of betrayal, and prompt him to trace his own evolution from a

perceptive boy in love with marbles to a man who, on seeing his own reflection, is startled to encounter someone he no longer recognizes. As he reconnects with his brother and others living in exile, Hamid is forced to reckon with his past, with the insidious nature of violence, and with his entrenchment in a system that for decades ensnared him. Politically complex and emotionally compelling, *Man of My Time* explores variations of loss—of people, places, ideals, time, and self. This is a novel not only about family and memory but about the interdependence of captor and captive, of citizen and country, of an individual and his or her heritage. With sensitivity and strength, Dalia Sofer conjures the interior lives of the “generation that had borne and inflicted what could not be undone.”

Bran Nue Dae Jimmy Chi 2020-02 On the way to a Bran Nue Dae Magabala Books is pleased to announce the long-awaited New Edition of *Bran Nue Dae*, the script and musical score of the trail-blazing musical written by the late Jimmy Chi and musicians from the Broome band, Kuckles. *Bran Nue Dae* took Australia by storm when it premiered at the Perth International Arts Festival in 1990 -- national tours followed. It won the prestigious Sidney Myer Performing Arts Award and was highly commended in the Human Rights awards the same year. In 1991, the book won the Special Award in the WA Premier's Book Awards. A film adaptation was released in 2009. *The Story Set in the 1960s* -- the era of assimilation, the Vietnam war, Land Rights, the White Australia policy and the 1967 Referendum -- it is a partly autobiographical story, one shared by many of Chi's era. Homesick Willy is expelled from his Catholic boarding school in Perth and embarks on the long road-trip home to Broome and Djarindjin, with a crew of irreverent, larger-than-life characters. He is in search of identity, love and belonging. On the surface a simple story, *Bran Nue Dae* explores darker truths of the era from an Aboriginal perspective. As Jimmy Chi once said, 'The naked truth is ugly, but when he's dressed in the fine clothes of the parable, then he becomes acceptable.' Includes original script and musical score photographic record of cast

Marrow and Bone Walter Kempowski 2020-03-24 A moving, darkly funny road trip novel about World War II, returning to one's birthplace, and coming to terms with tragedy. West Germany, 1988, just before the fall of the Berlin Wall: Jonathan Fabrizius, a middle-aged erstwhile journalist, has a comfortable existence in Hamburg, bankrolled by his furniture-manufacturing uncle. He lives with his girlfriend Ulla in a grand, decrepit prewar house that just by chance escaped annihilation by the Allied bombers. One day Jonathan receives a package in the mail from the Santubara Company, a luxury car company, commissioning him to travel in their newest V8 model through the People's Republic of Poland and to write about the route for a car rally. Little does the company know that their choice location is Jonathan's birthplace, for Jonathan is a war orphan from former East Prussia, whose mother breathed her last fleeing the Russians and whose father, a Nazi soldier, was killed on the Baltic coast. At first Jonathan has no interest in the job, or in dredging up ancient family history, but as his relationship with Ulla starts to wane, the idea of a return to his birthplace, and the money to be made from the gig, becomes more appealing. What follows is a darkly comic road trip, a queasy misadventure of West German tourists in Communist Poland, and a reckoning that is by turns subtle, satiric, and genuine. *Marrow and Bone* is an uncomfortably funny and revelatory odyssey by one of the most talented and nuanced writers of postwar Germany.

of *The Nix* In 1897, Odd Einar Eide returns home from a near-death experience in the Arctic only to discover his own funeral underway. His wife, Inger, stunned to see him alive, is slow to warm back up to him, having spent many sleepless nights convinced she had lost both him and their daughter, Thea, who traveled to America two years earlier but has yet to send even a single letter back to them in Hammerfest, their small Norwegian town at the top of the earth. More than a century later, Greta Nansen has finally begun to admit to herself that her marriage is over. Desperately unhappy and unfulfilled, she makes the decision to follow her husband from their home in Minnesota to Oslo, where he has traveled for work, to end it once and for all. But on impulse, she diverts her travels to Hammerfest: the town of her ancestors, the town where her great-great-grandmother Thea was born—and for some reason never returned to. Braiding together two remarkable stories of love and survival, *Northernmost* wades into the darkest recesses of the human heart and celebrates the remarkable ability of humans to endure nearly unimaginable trials.

The King of Nothing Much Jesse Edward Johnson

2020-04-07 "Hilarious, incisive, and uncomfortably familiar."—Jonathan Evison, author of *The Revised Fundamentals of Caregiving: A Novel* "Johnson perfectly captures both the ennui and elation of parenthood and the mundanity and magic of marriage . . . I love this little book."—T. Greenwood, author of *Rust & Stardust* *The King of Nothing Much* is a story about parenthood in a time of transition. Weldon Tines, 41, is a stay-at-home dad who has outlived his usefulness in the role. The twins—Danny and Reese—have just started kindergarten, his older daughter Presley wants nothing to do with him, and his wife Deb makes enough money for the family to live on. Newly rudderless, Weldon struggles to understand his purpose on this earth. Who is it that can tell him who he is? When Weldon slides gleefully down an inflatable slide

at a child's birthday party, only to come crashing into the birthday boy, he thinks he's just made a mistake that will lead only to hassle and headache. Instead, it kick-starts a quest for personal discovery that culminates in a dramatic flourishing of Weldon's deep-seated heroism. Witty and original, *The King of Nothing Much* speaks to what it means to be a father and a husband in the age of toxic masculinity.

Our Riches Kaouther Adimi 2020-04-28 The powerful English debut of a rising young French star, *Our Riches* is a marvelous, surprising, hybrid novel about a beloved Algerian bookshop A Library Journal Best Book of the Year Finalist for the PEN Translation Prize Winner of the French American Foundation Prize *Our Riches* celebrates quixotic devotion and the love of books in the person of Edmond Charlot, who at the age of twenty founded *Les Vraies Richesses* (Our True Wealth), the famous Algerian bookstore/publishing house/lending library. He more than fulfilled its motto "by the young, for the young," discovering the twenty-four-year-old Albert Camus in 1937. His entire archive was twice destroyed by the French colonial forces, but despite financial difficulties (he was hopelessly generous) and the vicissitudes of wars and revolutions, Charlot (often compared to the legendary bookseller Sylvia Beach) carried forward *Les Vraies Richesses* as a cultural hub of Algiers. *Our Riches* interweaves Charlot's story with that of another twenty-year-old, Ryad (dispatched in 2017 to empty the old shop and repaint it). Ryad's no booklover, but old Abdallah, the bookshop's self-appointed, nearly illiterate guardian, opens the young man's mind. Cutting brilliantly from Charlot to Ryad, from the 1930s to current times, from WWII to the bloody 1961 Free Algeria demonstrations in Paris, Adimi delicately packs a monumental history of intense political drama into her swift and poignant novel. But most of all, it's a hymn to the book and to the love of books.

The Night Train at Deoli Ruskin Bond 2016-04-01 An enchanting collection of stories from the heartland of India Ruskin Bond's simple characters, living amidst the lush forests of the Himalayan foothills, are remarkable for their quiet heroism, courage and grace, and age-old values of honesty and fidelity. Residents of nondescript villages and towns, they lead lives that are touched by natural beauty as well as suffering—the loss of a loved parent, unfulfilled dreams, natural calamities, ghostly visitations, a respected teacher turned crooked, strangers who make a nuisance of themselves—which only reinforces their abiding faith in God, family and neighbour. Told in Bond's distinctive style, these stories are a magnificent evocation of an India that may be fast disappearing.

Supernormal Meg Jay 2017-11-14 Clinical psychologist and author of *The Defining Decade*, Meg Jay takes us into the world of the supernatural: those who soar to unexpected heights after childhood adversity. Whether it is the loss of a parent to death or divorce; bullying; alcoholism or drug abuse in the home; mental illness in a parent or a sibling; neglect; emotional, physical or sexual abuse; having a parent in jail; or growing up alongside domestic violence, nearly 75% of us experience adversity by the age of 20. But these experiences are often kept secret, as are our courageous battles to overcome them. Drawing on nearly two decades of work with clients and students, Jay tells the tale of ordinary people made extraordinary by these all-too-common experiences, everyday superheroes who have made a life out of dodging bullets and leaping over obstacles, even as they hide in plain sight as doctors, artists, entrepreneurs, lawyers, parents, activists, teachers, students and readers. She gives a voice to the supernormals among us as they reveal not

only "How do they do it?" but also "How does it feel?" These powerful stories, and those of public figures from Andre Agassi to Jay Z, will show supernormals they are not alone but are, in fact, in good company. Marvelously researched and compassionately written, this exceptional book narrates the continuing saga that is resilience as it challenges us to consider whether -- and how -- the good wins out in the end.

St. Ivo Joanna Hershon 2020-04-14 "Hershon maintains a quiet terror throughout this slim, eccentric novel. . . Fiction full of complexity, devoted to reality. And in the end, a larger sense of purpose crashes down in a satisfying burst." -- Danya Kukafka, *The New York Times Book Review* Over the course of a weekend, two couples reckon with the long-hidden secrets that have shaped their families, in a charged, poignant novel of motherhood and friendship *It's the end of summer when we meet Sarah, the end of summer and the middle of her life, the middle of her career (she hopes it's not the end), the middle of her marriage (recently repaired). And despite the years that have passed since she last saw her daughter, she is still very much in the middle of figuring out what happened to Leda, what role she played, and how she will let that loss affect the rest of her life. Enter a mysterious stranger on a train, an older man taking the subway to Brooklyn who sees right into her. Then a mugging, her phone stolen, and with it any last connection to Leda. And then an invitation, friends from the past and a weekend in the country with their new, unexpected baby. Over the course of three hot September days, the two couples try to reconnect. Events that have been set in motion, circumstances and feelings kept hidden, rise to the surface, forcing each to ask not just how they ended up where they are, but how they ended up who they are. Unwinding like a suspense novel, Joanna Hershon's *St. Ivo* is a powerful investigation into the meaning of choice and family, whether we ever know the people closest to us, and how, when someone goes missing from our lives, we can ever let them go. *Starling Days* Rowan Hisayo Buchanan 2021-02-18 Een jong Japans-Amerikaans stel verkast naar Londen in de hoop dat de verandering van locatie een gunstige uitwerking zal hebben op de depressieve gevoelens van de*

"mesmerizing" re-imagination of the final months of World War II (Kate Quinn, author of *The Alice Network*), *Hannah's War* is an unforgettable love story about an exceptional woman and the dangerous power of her greatest discovery.

Berlin, 1938. Groundbreaking physicist Dr.

Hannah Weiss is on the verge of the greatest discovery of the 20th century: splitting the atom. She understands that the energy released by her discovery can power entire cities or destroy them. Hannah believes the weapon's creation will secure an end to future wars, but as a Jewish woman living under the harsh rule of the Third Reich, her research is belittled, overlooked, and eventually stolen by her German colleagues.

Faced with an impossible choice, Hannah must decide what she is willing to sacrifice in pursuit of science's greatest achievement. New Mexico, 1945. Returning wounded and battered from the liberation of Paris, Major Jack Delaney arrives in the New Mexican desert with a mission: to catch a spy. Someone in the top-secret nuclear lab at Los Alamos has been leaking encoded equations to Hitler's scientists. Chief among Jack's suspects is the brilliant and mysterious Hannah Weiss, an exiled physicist lending her talent to J. Robert Oppenheimer's mission. All signs point to Hannah as the traitor, but over three days of interrogation that separate her lies from the truth, Jack will realize they have more in common than either one bargained for. *Hannah's War* is a thrilling wartime story of loyalty, truth, and the unforeseeable fallout of a single choice.

I, John Kennedy Toole Kent Carroll 2020-05-05 A rich new novel that explores the true story of *A Confederacy of Dunces* and the remarkable life of its author, John Kennedy Toole. *I, John Kennedy Toole* is the novelized story of the funny, tragic, riveting narrative behind the making of an American masterpiece. The book traces Toole's life in New Orleans through his adolescence, his stay at Columbia University in New York, his attempts to escape the burden of his demanding mother and his weak father, his retreat into a world of his own creation, and

finally the invention of astonishing characters that came to living reality for both readers (and the author himself) in his prize-winning *A Confederacy of Dunces*. The other fascinating (and mostly unknown) part of the story is how after a decade of rebuke and dismissal the novel came to a brilliant author, Walker Percy, and a young publisher, Kent Carroll, who separately rescued the book, then published it with verve and devotion. The novel that almost never came to be went on to win a Pulitzer Prize and continues to sell at a satisfying rate as it winds its way to the 2 million mark. That audience is the happy ending for this brilliant, unrepentant writer, whose only reward before his untimely death was his unending belief in his work and his characters.

And How Are You, Dr. Sacks? Lawrence Weschler 2019-08-13 The untold story of Dr. Oliver Sacks, his own most singular patient "[An] engrossing biographical memoir. This is Sacks at full blast: on endless ward rounds, observing his post-encephalitic patients . . . exulting over horseshoe crabs and chunks of Iceland spar." —Barbara Kiser, *Nature* The author Lawrence Weschler began spending time with Oliver Sacks in the early 1980s, when he set out to profile the neurologist for his own new employer, *The New Yorker*. Almost a decade earlier, Dr. Sacks had published his masterpiece *Awakenings*—the account of his long-dormant patients' miraculous but troubling return to life in a Bronx hospital ward. But the book had hardly been an immediate success, and the ruffled clinician was still largely unknown. Over the ensuing four years, the two men worked closely together until, for wracking personal reasons, Sacks asked Weschler to abandon the profile, a request to which Weschler acceded. The two remained close friends, however, across the next thirty years and then, just as Sacks was dying, he urged Weschler to take up the project once again. This book is the result of that entreaty. Weschler sets Sacks's brilliant table talk and extravagant personality in vivid relief, casting himself as a beanpole Sancho to Sacks's capacious Quixote. We see Sacks rowing and ranting and caring deeply; composing the essays that would form *The Man Who Mistook His Wife for a Hat*; recalling his turbulent drug-fueled younger days; helping his patients and exhausting his friends; and waging intellectual

war against a medical and scientific establishment that failed to address his greatest concern: the spontaneous specificity of the individual human soul. And all the while he is pouring out a stream of glorious, ribald, hilarious, and often profound conversation that establishes him as one of the great talkers of the age. Here is the definitive portrait of Sacks as our preeminent romantic scientist, a self-described "clinical ontologist" whose entire practice revolved around the single fundamental question he effectively asked each of his patients: How are you? Which is to say, How do you be? A question

which Weschler, with this book, turns back on the good doctor himself.
