**Japanese Familiarization & Short-term Training** 1988

*The MIT Encyclopedia of the Japanese Economy* Robert C. Hsu 1999 The MIT Encyclopedia of the Japanese Economy was the first English-language encyclopedia to cover all major aspects of Japan's postwar economy. The second edition has been fully revised and expanded, and includes previously unpublished data as well as coverage of recent developments in the economy. The definitional entries concisely explain major economic concepts and include translations of Japanese economic terms and

cross references to the longer topical essays. The 180 topical essays cover banks, financial systems, major industries, corporate groups, management practices, labor unions, international trade and investments, government economic policies, and more. They also include comprehensive statistics, American and Japanese views on economic relations between the two countries, and suggestions for further reading. A new index contains names of major companies.

With language tools in your back pocket, you can truly get to the heart of wherever you go, so begin your journey now!

**Convenience Store Woman** Sayaka Murata 2018-06-12 The English-language debut of one of Japan's most talented contemporary writers, selling over 650,000 copies there, *Convenience Store Woman* is the heartwarming and surprising story of thirty-six-year-old Tokyo resident Keiko Furukura. Keiko has never fit in, neither in her family, nor in school, but when at the age of eighteen she begins working at the Hiromachi branch of "Smile Mart," she finds peace and purpose in her life. In the store, unlike anywhere else, she understands the rules of social interaction—many are laid out line by line in the store's manual—and she does her best to copy the dress, mannerisms, and speech of her colleagues, playing the part of a "normal" person excellently, more or less. Managers come and go, but Keiko stays at the store for eighteen years. It's almost hard to tell where the store ends and she begins. Keiko is very happy, but the people close to her, from her family to her coworkers,

increasingly pressure her to find a husband, and to start a proper career, prompting her to take desperate action... A brilliant depiction of an unusual psyche and a world hidden from view, Convenience Store Woman is an ironic and sharp-eyed look at contemporary work culture and the pressures to conform, as well as a charming and completely fresh portrait of an unforgettable heroine.

*Essential Japanese* Periplus Editors, 2013-02-05 This portable, user-friendly Japanese language guide, phrasebook and dictionary is the cheapest and easiest way to learn Japanese before and during your trip. If you only want to purchase one Japanese language book—Essential Japanese is the way to go. Part of Tuttle Publishing's Essential Series, it is a great first introduction and beginner guide to the language of Japan and is also designed as a Japanese phrasebook, making it the most versatile Japanese language learning tool on the market. Perfect for business people or tourist traveling to Japan or for students who want to supplement their learning, this book's easy indexing feature allows it to act as a Japanese phrase book or as an English-Japanese Dictionary. A clever "point to" feature allows you to simply point to a phrase translated in Japanese without the need to say a word. You will soon find yourself turning to Essential Japanese again and again when visiting Japan and working or interacting with Japanese speakers. In this book you will find: Over 1500 practical sentences for everyday use. A glossary of over 200 terms and expressions. Latest Japanese vocabulary and Japanese phrases for smart phones, social media and more. Japanese characters (kana and kanji) as well as Latin script (romanji). Extensive information about Chinese grammar and pronunciation. This beginner Japanese book will help you

to quickly and easily learn Japanese. Your ability to read Japanese, write Japanese, speak Japanese, and comprehend Japanese will be vastly improved without having to take an entire Japanese language class. Other titles in this bestselling series of phrasebooks include: Essential Japanese, Essential Chinese, Essential Korean, Essential Tagalog, and Essential Arabic.

**A Handbook of Common Japanese Phrases** 日本語 (日本語, 日本, Japan) 2002 This guide offers an introduction to Japanese social rules and business etiquette and advice on using the appropriate phrase in any social or business situation. All phrases and variants are introduced in English first, then standard Japanese and finally the romanized Japanese equivalent. Words don't exist as independent units, to be inserted into grammatical slots by a speaker exercising absolute authority over their placement. Rather, they tend to come in neatly bound packages - in fixed phrases or entire sentences - ready to communicate an idea that

**Nocturne of Remembrance** Shichiri Nakayama 2016-08-23 Move over, garden-variety anti-heroes, and make way for a villain-hero, darker than the darkest knight: a lawyer with a faulty conscience graces us with his unsolicited presence. Not only does Mikoshiha have no qualms about taking on guilty-as-hell clients provided they can pay his exorbitant fees, but his own past seems mired in inextinguishable sin. Yet the cynical attorney, whose legal acumen, at least, is impeccable, mysteriously seeks to defend a thirtysomething woman with limited means and below-average looks who has murdered her deadbeat husband. A sordid case if there ever was one, it makes veteran prosecutor Misaki wonder what the bastard is really after. What unfolds is one of the best courtroom

dramas ever to come out of Japan.

**Japanese** Shoichi Iwasaki 2013-01-23 Japanese ranks as the ninth most widely spoken language of the world with more than 127 million speakers in the island state of Japan. Its genetic relation has been a topic of heated discussion, but Altaic and Austronesian languages appear to have contributed to the early formation of this language. Japanese has a long written tradition, which goes back to texts from the eighth century CE. The modern writing system employs a mixture of Chinese characters and two sets of syllabary indigenously developed based on the Chinese characters. This book consists of sixteen chapters covering the phonology, morphology, writing system, tense and aspect systems, basic argument structure, grammatical constructions, and discourse and pragmatic phenomena of Japanese. It provides researchers with a useful typological reference and students of Japanese with a theory-neutral introduction to current linguistic research issues.

**Handbook of Japanese Phonetics and Phonology** Haruo Kubozono 2015-03-10 This volume is the first

comprehensive handbook of Japanese phonetics and phonology describing the basic phonetic and phonological structures of modern Japanese with main focus on standard Tokyo Japanese. Its primary goal is to provide a comprehensive overview and descriptive generalizations of major phonetic and phonological phenomena in modern Japanese by reviewing important studies in the fields over the past century. It also presents a summary of interesting questions that remain unsolved in the literature. The volume consists of eighteen chapters in addition to an introduction to the whole volume. In addition to providing descriptive generalizations of empirical phonetic/phonological facts, this volume also aims to give an overview of major phonological theories including, but not restricted to, traditional generative phonology, lexical phonology, prosodic morphology, intonational phonology, and the more recent Optimality Theory. It also touches on theories of speech perception and production. This book serves as a comprehensive guide to Japanese phonetics and phonology for all interested in linguistics and speech sciences.
