The Old Service P. R. Newman 1993-12-15 Newman examines why this high profile group of Royalists took the risks they did and explores how their role in the Civil Wars is an important key to our understanding of the wider questions of Royalist ideology and allegiance.

A Brief History of the English Civil Wars John Miller 2013-02-07 Miller provides a clear and comprehensible narrative, a coherent and accurate synthesis, intended as a guide for students and the general reader to an extremely complex period in British history. His aim is to help readers avoid getting lost in a maze of detail and rather to maintain a grasp of the big picture. Although the English Civil War is usually seen, in England at least, as a conflict between two sides, it involved the Scots, the Irish and the army and the people of England, especially London. At some points, events occurred and perspectives changed with such disorienting rapidity that even those who lived through these events were confused as to where they stood in relation to one another. As the 1640s wore on, events unfolded in ways which the participants had not expected and in many cases did not want. Hindsight might suggest that everything led logically to the trial and execution of the king, but these were in fact highly improbable outcomes. Since the 1980s, a 'three kingdoms' approach has become almost compulsory, but Miller's focus is unashamedly on England. Events in Scotland and Ireland are covered only insofar as they had an impact on events in England.

Arms and Armour of the English Civil Wars David Blackmore 2003-11-01 This book uses the magnificent collections of arms and armour from the Royal Armouries, augmented by the unique Civil War Armoury at Littlecote House, and others, to show the weapons and armours used by the Englishmen who fought for King or Parliament during the Civil War. The arms and armour of each different type of soldier is described in detail, and their use and effectiveness in battle is fully discussed, with many fascinating quotations from contemporary manuals and memoirs.

The Impact of the English Civil War on the Economy of London, 1642-50 Ben Coates 2017-03-02 When the English Civil War broke out, London's economy was diverse and dynamic, closely connected through commercial networks with the rest of England and with Europe, Asia and North America. As such it was uniquely vulnerable to hostile acts by supporters of the king, both those at large in the country and those within the capital. Yet despite numerous difficulties, the capital remained the economic powerhouse of the nation and was arguably the single most important element in Parliament's eventual victory. For London's wealth enabled Parliament to take up arms in 1642 and sustained it through the difficult first year and a half of the war, without which Parliament's ultimate victory would not have been possible. In this book the various sectors of London's economy are examined and compared, as the war progressed. It also looks closely at the impact of war on the major pillars of the London economy, namely London's role in external and internal trade, and manufacturing in London. The impact of the increasing burden of taxation on the capital is another key area that is studied and which yields surprising conclusions. The Civil War caused a major economic crisis in the capital, not only because of the interrelationship between its economy and that of the rest of England, but also because of its function as the hub of the social and economic networks of the kingdom and of the rest of the world. The crisis was managed, however, and one of the strengths of this study is its revelation of the means by which the city's government sought to understand and ameliorate the unique economic circumstances which afflicted it.

History of the Great Civil War, 1642-1649 Samuel Rawson Gardiner 2018-03-02 This

work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. History of the Great Civil War, 1642-1649: 1644-1647 Samuel Rawson Gardiner 1889

The Civil War in Worcestershire, 1642-1646, and the Scotch Invasion of 1651 John William Willis Bund 1905

The English Civil War Nick Lipscombe 2020-09-22 A lavishly presented atlas of the English Civil Wars, the conflicts that ravaged the countryside of England, Scotland, Wales, and Ireland from 1639 to 1651. The English Civil Wars (1638-51) comprised the deadliest conflict in history fought on British soil, in which brother took up arms against brother, father fought against son, and towns, cities, and villages fortified themselves in the cause of Royalists or Parliamentarians. Although much historical attention has focused on the events in England and the key battles of Edgehill, Marston Moor, and Naseby, this was a conflict that engulfed the entirety of the Three Kingdoms and led to a trial and execution that profoundly shaped the British monarchy and Parliament. This beautifully presented atlas tells the whole story of Britain's revolutionary civil war, from the earliest skirmishes of the Bishops Wars in 1639-40 through to 1651, when Charles II's defeat at Worcester crushed the Royalist cause, leading to two decades of Stuart exile. Each map is supported by a detailed text, providing a complete explanation of the complex and fluctuating conflict that ultimately meant that the Crown would always be answerable to Parliament.

The English Civil War Peter Young 1974 Edgehill; Oxford; Marston Moor; Lostwithiel; Newbury; Naseby.

All the King's Armies Stuart Reid 2007-08-01 On 23 September 1642 Prince Rupert's cavalry triumphed outside Worcester in the first major clash on the English Civil War. Almost precisely nine years later, on 3 September 1651, that war was won by Oliver Cromwell's famous Ironsides outside the same city and in part upon the same ground. Stuart Reid provides a detailed yet readable new military history - the first to be published for over twenty years - of the three conflicts between 1642 and 1651 known as the English Civil War. Prince Rupert, Oliver Cromwell Patrick Ruthven, Alexander Leslie and Sir Thomas Fairfax all play their parts in this fast-moving narrative. At the heart of the book are fresh interpretations, not only of the key battles such as Marston Moor in 1644, but also of the technical and economic factors which helped shape strategy and tactics, making this a truly comprehensive study of one of the most famous conflicts in British history. This book is a must for all historians and enthusiasts of seventeenth-century English history.

History of the Great Civil War, 1642-1649 Samuel Rawson Gardiner 2023-07-18 This two-volume history of the English Civil War is a definitive account of one of the

most tumultuous periods in British history. With exhaustive research and masterful prose, Samuel Rawson Gardiner tells the story of the war from its origins to its conclusion. With detailed accounts of battles, political intrigues, and social upheaval, this history is a must-read for anyone interested in British history. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. Reactions to the English Civil War, 1642-49 J. S. Morrill 1982-11-04

The English Civil War Peter Gaunt 2001-03-05 This book brings together twelve of the most influential articles on the English Civil War, including coverage of all the major debates on this key period in British history.

The English Civil Wars, 1642-1651 Peter Gaunt 2003 "The period 1642-1651, one of the most turbulent in the history of mainland Britain, saw the country torn by civil wars. Focusing on the English and Welsh wars this book examines the causes, course and consequences of the conflicts. While offering a concise military account that assesses the wars in their national, regional and local contexts, Dr Gaunt provides a full appraisal of the severity of the wars and the true extent of the impact on civilian life, highlighting areas of continued historical debate. The personal experiences and biographies of key players are also included in this comprehensive and fascinating account."--Bloomsbury Publishing.

The English Civil Wars Blair Worden 2009-11-19 A brilliant appraisal of the Civil War and its long-term consequences, by an acclaimed historian. The political upheaval of the mid-seventeenth century has no parallel in English history. Other events have changed the occupancy and the powers of the throne, but the conflict of 1640-60 was more dramatic: the monarchy and the House of Lords were abolished, to be replaced by a republic and military rule. In this wonderfully readable account, Blair Worden explores the events of this period and their origins - the war between King and Parliament, the execution of Charles I, Cromwell's rule and the Restoration - while aiming to reveal something more elusive: the motivations of contemporaries on both sides and the concerns of later generations.

Battle for Britain Peter Dennis 2016 In this series renowned historical illustrator Peter Dennis breathes life into the 19th Century paper soldier and invites the reader to re-fight the wars that surged across the nation of Britain. All the artwork needed to make historically- accurate armies is presented in a source-book format, copyright free for personal use. In this first title, the Horse, Foot and Dragoons of King and Parliament, along with period buildings can be made, using traditional skills with scissors and glue. Simple 'one sheet' rules by veteran wargamer Andy Callan enable the maker to stage battles limited only by the size of the player's available table-space.

The English Civil War and after, 1642-1658 R.H. Parry 1970-06-04

The Great Civil War in Lancashire (1642-1651) Ernest Broxap 1910

The English Civil War 1640-1649 Martyn Bennett 2014-05-12 The English Civil War (1642-53) is one of the most crucial periods in British history. Martyn Bennett introduces the reader to the main debates surrounding the Civil War which continue to be debated by historians. He considers the repercussions both on government and religion, of Parliament's failure to secure stability after the Royalist defeat in 1646, and argues that this opened the way for far more radical reforms. The book deals with the military campaigns in all four nations, placing the war in its full British and Irish context.

Going to the Wars Charles Carlton 1992 Combining extensive research in primary sources with the work of the new military historians such as John Keegan and Richard Holmes, Charles Carlton provides a fresh look at the event once described by G.M. Trevelyan as the most important happening in our history

The English Civil War Day by Day Wilfrid Emberton 1995 A day-by-day account of the English Civil War, which recounts each day's developments as they happened and includes examinations of major battles and important personalities.

The English Civil Wars 1642-1651 Peter Gaunt 2003-08-20 The period 1642-1651, one of the most turbulent in the history of mainland Britain, saw the country torn by civil wars. Focusing on the English and Welsh wars this book examines the causes, course and consequences of the conflicts. While offering a concise military account that assesses the wars in their national, regional and local contexts, Dr Gaunt provides a full appraisal of the severity of the wars and the true extent of the impact on civilian life, highlighting areas of continued historical debate. The personal experiences and biographies of key players are also included in this comprehensive and fascinating account.

The Civil War in the Midlands, 1642-1651 Roy Edward Sherwood 1992 No part of England suffered more, or for so long, as the Midlands during the English Civil War. Owing to its strategic position and divided allegiance, the Midlands became the debatable land on which the main field armies of the contending parties clashed in the struggle for national supremacy, and over which Royalist and Parliamentarian fought for local predominance. This book vividly records the military action which took place in, and the part played by, the Midlands during the Civil War. Combining careful analysis with eyewitness accounts, it also describes some of the burdens that the war placed on the civilian population, many of whom were totally indifferent to the cause of either side and wished only to be left in peace. This thoroughly researched volume was highly acclaimed upon its first publication. This new edition, illustrated with over thirty photographs and six maps, is essential reading for everyone with an interest in this dramatic period of the region's history.

History of the Great Civil War, 1642-1649 Samuel Rawson Gardiner 1898

The English Civil War, 1642-1651 Philip J. Haythornthwaite 1983

The English Civil War Peter Gaunt 2014-05-09 'Sir, God hath taken away your eldest son by a cannon shot. It brake his leg. We were necessitated to have it cut off, whereof he died.' In one of the most famous and moving letters of the Civil War, Oliver Cromwell told his brother-in-law that on 2 July 1644 Parliament had won an emphatic victory over a Royalist army commanded by King Charles I's nephew, Prince Rupert, on rolling moorland west of York. But that battle, Marston Moor, had also slain his own nephew, the recipient's firstborn. In this vividly narrated history of the deadly conflict that engulfed the nation during the 1640s, Peter Gaunt shows that, with the exception of World War I, the death-rate was higher than any other contest in which Britain has participated. Numerous towns and villages were garrisoned, attacked, damaged or wrecked. The landscape was profoundly altered. Yet amidst all the blood and killing, the fighting was also a catalyst for profound social change and innovation. Charting major battles, raids and engagements, the author uses rich contemporary accounts to explore the life-changing experience of war for those involved, whether musketeers at Cheriton, dragoons at Edgehill or Cromwell's disciplined Ironsides at Naseby (1645).

History of the Great Civil War, 1642-1649: 1647-1649 Samuel Rawson Gardiner 1891

The Royalist War Effort 1642-1646 Ronald Hutton 2012-10-12 The English Civil War remains the most prolonged and traumatic example of internal violence in the history of the state. The Royalist War Effort, 1642-1646 shows the build up to the outbreak of the war, detailing how the war was fought, and how, ultimately, it was won and lost. In his new introduction to this second edition, Ronald Hutton places his vivid account of the Royalist war effort into modern historical context, bringing the reader up-to-date with recent developments in the study of the English civil war. He analyses the influences which affected his own interpretation of events, ensuring that The Royalist War Effort, 1642-1646 remains the most informative and compelling account of the Royalist experience in the English civil war.

A Military History of the English Civil War Malcolm Wanklyn 2014-07-10 A Military History of the English Civil War examines how the civil war was won, who fought for whom, and why it ended. With a straightforward style and clear chronology that

enables readers to make their own judgements and pursue their own interests further, this original history provides a thorough critique of the reasons that have been cited for Parliament's victory and the King's defeat in 1645/46. It discusses the strategic options of the Parliamentary and Royalist commanders and councils of war and analyses the decisions they made, arguing that the King's faulty command structure was more responsible for his defeat than Sir Thomas Fairfax's strategic flair. It also argues that the way that resources were used, rather than the resources themselves, explain why the war ended when it did.

History of the Great Civil War, 1642-1649 Samuel Rawson Gardiner 1901

History of the Great Civil War, 1642-1649 Gardiner 1965

A Military History of the English Civil War, 1642-1646 Malcolm Wanklyn 2005 In the process many traditional ideas are challenged and others defended. Its revisionist approach is aimed at bringing scholarship in the operational aspects of the Civil War to the level it has attained in other aspects of seventeenth-century studies."--Jacket.

History of the Great Civil War 1642-1649: 1642-1644 Samuel Rawson Gardiner 1644

The English Civil War and After, 1642-1658 Robert Ashton 1970-07 All but one of the essays were originally delivered as lectures at Eton College. Includes bibliographies.

The English Civil Wars Bob Carruthers 2000 The years 1642 to 1651 were one of the bloodiest and most important periods in British history, as a series of civil wars brought backers of monarchy into death-struggle against supporters of a parliament. More than 300 photos, 100 in color. "Well-done general survey...provides finely drawn portraits of the key players, including Cromwell,

Thomas Wentworth, and Charles I...While Carruthers emphasizes the military aspects of the conflicts, he also provides excellent insights into the political and social forces that fostered the conflicts."--"Booklist."

Reactions to the English Civil War (1642-1649). John Stephen Morrill 1989

English Civil War Hourly History 2016-10-24 English Civil War In 1642, King Charles I and the elected Parliament of England went to war over the future of the Stuart kingdom. Over the next nine years three Civil Wars would be fought, devastating the populations of England, Scotland and Ireland and claiming a death toll of an estimated 800,000 people, including King Charles I himself. Inside you will read about... - Reasons to go to War - The First English Civil War: Choose Your Side - The First English Civil War: The War Begins - The First English Civil War: The War Spreads - The First English Civil War: A New Model Army - The Second Civil War - The Third Civil War With the authority of the monarchy, the freedom of Parliament and the power of religion at stake, the English Civil Wars decided the future of the Great Britain and influenced the future of politics around the world.

The English Civil War Peter Gaunt 2001-02-14 This book brings together twelve of the most influential articles on the English Civil War, including coverage of all the major debates on this key period in British history.

Edgehill 1642 John Tincey 2005 This book tells how on 23 October 1642 the Royalist and Parliamentary Armies met at Edgehill for their first major engagement. The battle did not prove decisive and the stage was set for a prolonged and bloody civil war.

English Civil War, 1642-1651 Philip John Haythornthwaite 1995
