[Behind the Lodge Door](#) Paul A. Fisher 1994 A probing analysis of Freemasonry in the U.S. in general, but especially relative to religious education, opposition to the Catholic Church, directing national social policy and how Masons attract members. Thoroughly documented. Immensely revealing. Covers the birth and rise of Freemasonry, the Catholic Church's early condemnation of it, etc. Essential to understanding the forces behind the scenes.

Moorish Circle 7 Keith Moore 32 2005-05-04 This book is based on the theory that the black Muslim movement was created from the knowledge of the Masonic order. In the early decades of the 20th century, noble drew ali established a political and religious organization known today as the Moorish Science Temple of America. It was this organization that exposed black to something other than the normal Christian influences of that day. Ali a high degree freemason, incorporated various Masonic teachings from an auxiliary group. Known as the AEAONMS ancient Egyptian Arabic order of noble of the mystic shrine A pseudo Islamic/Arabic oriental organization that served as a wake up call to a lost knowledge. A knowledge that was taken away from Africans during the slave trades. The theory behind this book is that the majority of the slaves that were taken from the west coast of Africa were practicing Muslims, and these Muslims were forced to convert to Christianity under the strong oppression of slavery. At one time Afro-Americans were the biggest minority in the American society. About 90% of the todays population of blacks are descendants of slaves that were brought to America for working on plantations since the 16th century. At the beginning of the 19th century most of the so-called Negroes lived in the plantation areas of the Southern States. After the Civil War and the abolition of slavery it wasnt until the early 1920s and 30s that blacks were beginning to experiment with other faiths. Of all the faiths Islam became the fastest growing religion and the most popular. This book by far is in no way a research into black history, instead it covers a more deeper aspect of history in which I call the history behind the history. It explores the true Asiatic origins of the ancient religions of Hinduism, Buddhism well as the Islamic faith. Finally It explores the Masonic symbolisms of alis Moorish science dogma digging deeper into the esoteric side of his Aquarian/Masonic teaching explaining their origins and discovering an age old wisdom that had been kept hidden from the human eye. One would think that Africans in the Americas would have rejected the religious tradition of their European oppressors taking into consideration that African religions are far older & they possess more sources of knowledge & spiritual salvation. Yet there are those who have turned away from traditional Christian dominated environments in order to find a greater understanding of themselves and the world in which they live. One alternative has been to seek knowledge in the various religious groups that arose in the 20th century.

The Lost Pillars of Enoch Tobias Churton 2020-12-29 Explores the unified science-religion of early humanity and the impact of Hermetic philosophy on religion and spirituality • Investigates the Jewish and Egyptian origins of Josephus's famous story that Seth's descendants inscribed knowledge on two pillars to save it from global catastrophe • Reveals how this original knowledge has influenced civilization through Hermetic, Gnostic, Kabbalistic, Masonic, Hindu, and Islamic mystical knowledge • Examines how "Enoch's Pillars" relate to the origins of Hermeticism, Freemasonry, Newtonian science, William Blake, and Theosophy Esoteric tradition has long maintained that at the dawn of human civilization there existed a unified science-religion, a spiritual grasp of the universe and our place in it. The biblical Enoch--also known as Hermes Trismegistus, Thoth, or Idris--was seen as the guardian of this sacred knowledge, which was inscribed on pillars known as Enoch's or Seth's pillars. Examining the idea of the lost pillars of pure knowledge, the sacred science behind Hermetic philosophy, Tobias Churton investigates the controversial Jewish and Egyptian origins of Josephus's famous story that Seth's descendants inscribed knowledge on two pillars to save it from global catastrophe. He traces the fragments of this sacred knowledge as it descended through the ages into initiated circles, influencing civilization

through Hermetic, Gnostic, Kabbalistic, Masonic, Hindu, and Islamic mystical knowledge. He follows the path of the pillars' fragments through Egyptian alchemy and the Gnostic Sethites, the Kabbalah, and medieval mystic Ramon Llull. He explores the arrival of the Hermetic manuscripts in Renaissance Florence, the philosophy of Copernicus, Pico della Mirandola, Giordano Bruno, and the origins of Freemasonry, including the "revival" of Enoch in Masonry's Scottish Rite. He reveals the centrality of primal knowledge to Isaac Newton, William Stukeley, John Dee, and William Blake, resurfacing as the tradition of Martinism, Theosophy, and Thelema. Churton also unravels what Josephus meant when he asserted one Sethite pillar still stood in the "Seiriadic" land: land of Sirius worshippers. Showing how the lost pillars stand as a twenty-first century symbol for reattaining our heritage, Churton ultimately reveals how the esoteric strands of all religions unite in a gnosis that could offer a basis for reuniting religion and science. [The Fall of America](#) Elijah Muhammad 1973 This title deals with many prophetic and well as historical aspects of Elijah Muhammad's teaching. It chronologically cites various aspects of American history, its actions pertaining to the establishment and treatment of its once slaves, which is shown to be a significant cause of America's fall.

The Secrets of Solomon's Temple Kevin L Gest 2007-04-01 Discover the hidden secret that lies at the heart of Freemasonry The Secrets of Solomon's Temple explores the background of Freemasonry and presents it in a new and fascinating context as it relates to our modern world. It also reveals the true identity of King Solomon and shows his Temple in a way it's never been explored before.

The Book of the Master Walter Marsham Adams 1898

Apollyon Rising 2012 Thomas R. Horn 2009 What even the best researchers of the Illuminati and veiled fraternities such as the Freemasons were never able to fully decipher is spelled out herein for the first time. The power at work behind global affairs and why current planetary powers are hurriedly aligning for a New Order from Chaos is exposed. Perhaps most incredibly, one learns how ancient prophets actually foresaw and forewarned of this time.

[Freemasonry, Ancient Egypt and the Islamic Destiny](#) Mustafa ElAmin 1994

Masonic Light from Ancient Africa Keith Moore 32; 2018-01-30 This book explores the critical thinking that Freemasons of African descent have towards the understanding of the Bible as well as the impact of Christianity in African American culture. To the Mason, the Bible is the guide of faith for it gives us God's holy instructions. It also has within it a secret knowledge that many of our traditional churches refused to tap into. Therefore this knowledge is esoteric in nature and this is what masonry thrives on. This book will examine not only the contributions by ancient Kemet (Egypt) To religion but the entire content of Africa which has a conglomerate of religions all are pointing to one divine creator.

When Scotland Was Jewish Elizabeth Caldwell Hirschman 2015-05-07 The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

Development of Muslim Theology, Jurisprudence, and Constitutional Theory Duncan Black MacDonald 2022-09-04 DigiCat Publishing presents to you this special edition of "Development of Muslim Theology, Jurisprudence, and Constitutional Theory" by

Duncan Black MacDonald. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

[A Prince Hall Masonic Quiz Book](#) Joseph A. Walkes 1989

The Secrets of Freemasonry Elijah Muhammad 2008 This is a powerful and easy to read insight into one of the world's oldest secret societies or organizations. Elijah Muhammad makes a strong case with irrefutable evidence that their symbolism points directly to the American Blackman and woman's slavery, mental death and eventual "mental resurrection" (being raised).

Abraham's Legacy Mustafa El-Amin 1988 Abraham's Legacy: Ancient Wisdom and Modern Reality by Mustafa El-Amin, shows the progression of Prophet Abraham's faith in Allah. The author points out to the fact that man should not give blind allegiance to any concepts. Man should consult his reasoning and ponder on those things that may not clear to him. Al-Islam should not feel that they can see their way through this religion solely on the basis of blind faith, rather that we should see our way through this religion by the use of intellect.

The Lost-Found Nation of Islam in America Clifton E. Marsh 2000-03-22 This book sheds light on The Nation of Islam and Minister Louis Farrakhan, from the ideological splits in the Nation of Islam during the 1970s, to the growth and expanding influence in the 1990s.

Book of the Master W Marsham Adams 2019-11-03 This book, which followed "The House of the Hidden Places", was and still is one of the deepest insights into the real meaning of the Pyramids and their significance as places of initiation for the ancient religion of Egypt. "And I have confined my efforts", says the author, "to attempting to express in a clear and popular form, which all may easily follow, an outline of those deeply veiled doctrines of which I may have caught a glimpse; and thus to present such an account of the earliest recorded religion as may afford to all some conception of its transcendent majesty and supernal beauty.

From Akhenaten to Moses Jan Assmann 2014 The shift from polytheism to monotheism changed the world radically. Akhenaten and Moses—a figure of history and a figure of tradition—symbolize this shift in its incipient, revolutionary stages and represent two civilizations that were brought into the closest connection as early as the Book of Exodus, where Egypt stands for the old world to be rejected and abandoned in order to enter the new one. The seven chapters of this seminal study shed light on the great transformation from different angles. Between Egypt in the first chapter and monotheism in the last, five chapters deal in various ways with the transition from one to the other, analyzing the Exodus myth, understanding the shift in terms of evolution and revolution, confronting Akhenaten and Moses in a new way, discussing Karl Jaspers' theory of the Axial Age, and dealing with the eighteenth-century view of the Egyptian mysteries as a cultural model.

Freemasonry of the Ancient Egyptians Manly Palmer Hall 1937 Interprets the Freemasonry of the ancient Egyptians as set forth in the teachings of the State Mysteries. Among the subjects discussed are Egyptian magic, the Osirian cycle, the secret doctrine of Egypt, and the initiation of Plato. The appendix is The Crata Repoa, a restoration of the ancient Egyptian mysteries, describing the initiation ceremonies which took place in the old Egyptian temples. This has been translated into English by Dr. John Yarker from the French edition of 1778.

Sacred Commerce Ayman Sawaf 2012-05-15 Sacred Commerce is a groundbreaking book which explores the past and the future of commerce. It tells of the Merchant Priests of ancient Egypt who practiced it and the skill of emotional alchemy they mastered in their pursuit of beauty goodness and truth. This book completes Ayman's work on the map of Emotional Intelligence and its four cornerstone model as explored in his international best seller "Executive EQ: Emotional Intelligence in Leadership and Organizations", co-authored with Dr. Robert Cooper.

History in Black Yaacov Shavit 2013-11-12 The development of Afrocentric historical writing is explored in this study which traces this recording of history from the Hellenistic-Roman period to the 19th century. Afrocentric writers are depicted as searching for the unique primary source of "culture" from one period to the next. Such passing on of cultural traits from the "ancient model" from the classical period to the origin of culture in Egypt and Africa is shown as being a product purely of creative history.

The Meaning Of Masonry (Annotated Edition) W. L. Wilmshurst 2013-10-17 This most interesting and illuminative work is worthy a place on every Mason's bookshelf. "It seems taken for granted," says the author, "that reception into the Order will automatically be accompanied by an ability to appreciate forthwith and at its full value all that one there finds. The contrary is the case, for Masonry is a veiled and cryptic expression of the difficult science of spiritual life, and the understanding of it calls for special and informed guidance on the one hand, and on the other a genuine and earnest desire for knowledge and no small capacity for spiritual perception on the part of those seeking to be instructed." In Freemasonry, as in all phases of life, many are called but few are chosen. Masonry is not a mere formalism but a life to be lived. If you do not live the life you cannot know the doctrine. Masonry is an effort to perpetuate the essential doctrines of the Ancient Mysteries, but, alas, it does so in a very perfunctory manner. So veiled are its allegories and symbols that it is almost impossible to penetrate into the Holy of Holies.

Secret Practices of the Sufi Freemasons Baron Rudolf von Sebottendorff 2013-01-17 Reveals the secret spiritual exercises of the Bektashi Order of Sufis • Shows how this order, also known as Oriental Freemasonry, preserves the ancient spiritual doctrines forgotten by modern Freemasonry • Explains how to transform the soul into the alchemical Magnum Opus by combining Masonic grips and the abbreviated letters of the Qur'an • Includes a detailed biography of Baron von Sebottendorff Originally published in Germany in 1924, this rare book by Baron Rudolf von Sebottendorff reveals the secret spiritual exercises of the Bektashi Order of Sufis as well as how this order, also known as Oriental Freemasonry, preserves the ancient spiritual doctrines forgotten by modern Freemasonry. Sebottendorff explains how the mysterious abbreviated letters found in the Qur'an represent formulas for perfecting the spirit of the individual. When combined with Masonic hand signs and grips and conducted accordingly to a precise schedule, these formulas incorporate spiritual power into the body and transform the soul from its base state into a noble, godlike state: the Magnum Opus of the medieval alchemists. Laying out the complete program of spiritual exercises, Sebottendorff explains each abbreviated word-formula in the Qur'an, the hand gestures that go with them, and the exact order and duration for each exercise. Including a detailed biography of Sebottendorff and an examination of alchemy's Islamic heritage, this book shows how the traditions of Oriental Freemasonry can ennoble the self and lead to higher knowledge.

Conflicted Antiquities Elliott Colla 2008-01-11 Conflicted Antiquities is a rich cultural history of European and Egyptian interest in ancient Egypt and its material culture, from the early nineteenth century until the mid-twentieth. Consulting the relevant Arabic archives, Elliott Colla demonstrates that the emergence of Egyptology—the study of ancient Egypt and its material legacy—was as consequential for modern Egyptians as it was for Europeans. The values and practices introduced by the new science of archaeology played a key role in the formation of a new colonial regime in Egypt. This fact was not lost on Egyptian nationalists, who challenged colonial archaeologists with the claim that they were the direct heirs of the Pharaohs, and therefore the rightful owners and administrators of ancient Egypt's historical sites and artifacts. As this dispute developed, nationalists invented the political and expressive culture of "Pharaonism"—Egypt's response to Europe's Egyptomania. In the process, a significant body of modern, Pharaonist poetry, sculpture, architecture, and film was created by artists and authors who looked to the ancient past for inspiration. Colla draws on medieval and modern Arabic poetry, novels, and travel accounts; British and French travel writing; the history of archaeology; and the history of European and Egyptian museums and exhibits. The struggle over the ownership of Pharaonic Egypt did not simply pit Egyptian nationalists against European colonial administrators. Egyptian elites found arguments about the appreciation and preservation of ancient objects useful for exerting new forms of control over rural populations and for mobilizing new political parties. Finally, just as the political and expressive culture of Pharaonism proved critical to the formation of new concepts of nationalist identity, it also fueled Islamist opposition to the Egyptian state.

History of the Arabic Written Tradition Supplement Volume 3 - i Carl Brockelmann 2018-07-10 The present English translation reproduces the original German of Carl Brockelmann's Geschichte der Arabischen Litteratur (GAL) as accurately as

Freemasonry Ancient Egypt And The Islamic Destiny Pdf Pdf upload Donald a Grant

possible. In the interest of user-friendliness the following emendations have been made in the translation: Personal names are written out in full, except b. for ibn; Brockelmann's transliteration of Arabic has been adapted to comply with modern standards for English-language publications; modern English equivalents are given for place names, e.g. Damascus, Cairo, Jerusalem, etc.; several erroneous dates have been corrected, and the page references to the two German editions have been retained in the margin, except in the Supplement volumes, where new references to the first two English volumes have been inserted.

History of the Nation of Islam Elijah Muhammad 2008-11-06 This book is an interview of Elijah Muhammad explaining his initial encounter with his teacher, Master Fard Muhammad and how his messengership came about. The subjects discussed are Master Fard Muhammad's whereabouts, the races and what makes a devil and satan. He answers questions dealing the concept of divine and how ideas are perfected. More basic subjects include Malcolm X, Noble Drew Ali, C. Eric Lincoln, Udom, and a comprehensive range of information.

The Religion of Islam and the Nation of Islam Mustafa El-Amin 1990 This book makes it clear it is essential for the American people in general to know and realize that there are very clear differences in the teachings of the Universal Religion of Islam and the teachings of the Nation of Islam. In order for people to make an accurate and clear judgement or decision about anyone or anything it is always best for them to have as much correct information as possible. AUTHORBIO: Mustafa El-Amin holds a B.A. Degree in Community Development and a Masters Degree in Public Administration from Rutgers University. Mustafa is the author of five books, including: Freemasonry Ancient Egypt and the Islaamic Destiny, African American Freemasons: Why they should accept Al-Islam, etc.

Dungeon, Fire and Sword John J. Robinson 1992-01-15 Dungeon, Fire and Sword is a good book for all who enjoy a well-written, well-researched story of stupidity, greed, barbarity, unspeakable cruelty, deception, fraud, treachery and sanctimony... John J. Robinson has written a fascinating history of an incredible time.

Al-Islam, Christianity, & Freemasonry Mustafa El-Amin 1985 "Mustafa El-Amin was born in Newark, N.J. in 1957. He was introduced to, and accepted the teachings of the Nation of Islam, under the leadership of the Hon. Elijah Muhammad, in 1972. Upon the death of Hon. Elijah Muhammad in 1975, Mustafa made a smooth transition of accepting the leadership of Imam Warith Deen Mohammed, and the pure teachings of Al-Islam based upon the Holy Qur'an and the Sunnah of Prophet Muhammad Ibn Abdullah."--Back cover.

The Secret History of Freemasonry Paul Naudon 2005-03-28 Explores the hidden history of Freemasonry from ancient Rome, through the Middle Ages, to the present • Shows the close connection between medieval masons and the Knights Templar • Illustrates the sacred nature of Roman and medieval trade associations • Reveals the missing link that connects the lodges of modern Freemasonry to the medieval brotherhoods of builders Historians often make a sharp distinction between the operative Masonry of the Middle Ages and the speculative Masonry of modern times, emphasizing that there is no direct bridge connecting the two. Modern historians also have scoffed at Masonic claims concerning the close relationship between the Lodge and the Temple. Using medieval archives housed throughout Europe, historian Paul Naudon reveals that there was in fact a very intimate connection between the Masons and the Knights Templar. Church records of medieval Paris show that most, if not all, the Masons of that time were residents of the Templar censive, which allowed them to enjoy great exemptions and liberties from both church and state as a result of the protection afforded them by this powerful order. Naudon shows that the origins of Freemasonry can be traced back to the collegia of ancient Rome. He traces the evolution of organizations such as the Comacine Masters, the Arab turuqs, and the brotherhoods of builders created under the aegis of the Benedictines and the Knights Templar, all of which provide the vehicle for the transmission of a sacred tradition from pre-Christian times to the modern era. This tradition is the source of Masonic ritual and symbolism, and it provides the missing link in the transformation of the operative Masonry of the medieval cathedral builders to the spiritual principles of modern speculative Masonry.

Freemasonry and the Orient. Esotericisms Between the East and the West Barbara De Poli 2019

Signs and Symbols Adrian Frutiger 1998 Discusses the elements of a sign, and looks at pictograms, alphabets, calligraphy, monograms, text type, numerical signs, symbols, and trademarks.

The Dispersion of Egyptian Jewry Joel Beinin 2005 Egypt's indigenous Jewish population comprised Arabic-speaking Rabbanite and Karaite Jews, some of whom had been in the country since the early Islamic era. Jews expelled from Spain in 1492 took refuge in Egypt, and their numbers were augmented in the mid-nineteenth century by Sephardic immigrants. Originally welcomed elsewhere in the Ottoman Empire, these Spanish Jews came to Egypt seeking economic opportunity in the era of Suez Canal construction and the cotton boom. The late nineteenth century brought Ashkenazi Jews fleeing persecution in Eastern Europe. The different groups formed a heterogeneous community of cosmopolitan hybrids, which was both an element of strength and a factor in its eventual demise. The Dispersion of Egyptian Jewry examines the history of the Egyptian Jewish community after 1948, focusing on three major areas: the life of the majority of the community, which remained in Egypt from the 1948 Arab-Israeli War until the aftermath of the 1956 Suez/Sinai War; the dispersion and reestablishment of Egyptian Jewish communities in the United States, France, and Israel; and contested memories of Jewish life in Egypt since President Anwar al-Sadat's visit to Jerusalem in 1977. Beinin argues that the experiences of Egyptian Jews cannot be adequately accounted for by either Egyptian nationalist or Zionist narratives. Fusing history, ethnography, literary analysis, and autobiography, Joel Beinin conducts an interdisciplinary investigation into identity, dispersion, and the retrieval of identity that is relevant for anyone interested in Egypt, the Jewish diaspora, or the formation of cultures and identities.

Freemasonry, Ancient Egypt, and the Islamic Destiny Mustafa El-Amin 1988 Mustafa El-Amin, author of bestseller Al-Islam, Christianity, and Freemasonry, now examines what it is about Freemasonry that made most of the founding fathers of America feel the need to embrace it; why is it that so many people of influence (members of Congress, the Supreme Court, judges, politicians)--past and present--have joined and studied the teachings of Freemasonry.

Politics and the Occult Gary Lachman 2012-12-16 The gritty business of politics is not something we usually associate with the occult. But esoteric beliefs have influenced the destiny of nations since the time of ancient Egypt and China, when decisions of state were based on portents and astrology, to today, when presidents and prime ministers privately consult self-proclaimed seers. Politics and the Occult offers a lively history of this enduring phenomenon. Author and cultural pundit Gary Lachman provocatively questions whether the separation of church and state so dear to modern political philosophy should be maintained. A few of his fascinating topics include the fate of the Knights Templar and the medieval Gnostic Cathars, the occult roots of America and the French Revolution in Freemasonry, Gurdjieff and the swastika, Soviet interest in UFOs, the CIA and LSD, the Age of Aquarius, the millenarian politics that inform the struggle with Islamic terrorism, fundamentalism, and more.

Freemasonry Martin L. Wagner 2014-03 This Is A New Release Of The Original 1912 Edition.

The Supreme Wisdom Elijah Muhammad 2008-11-10 This title is the first of two volumes of a comprehensive overview of the Nation of Islam's policies, positions and practices.

The Encyclopaedia Britannica 1911

Lemurian Scrolls Satguru Sivaya Subramuniyaswami 2006-07 Imagine reading a book written millions of years ago from within great, walled Lemurian monasteries where narrators look back and forward at the same time, chronicling mankind's journey to Earth from the Pleiades and other planets in the pursuit of unfolding into the ultimate attainment, realization of the timeless, formless, spaceless Self within. Lemurian Scrolls is just that book. This ancient manuscript was not found etched on a cave wall or buried in forgotten ruins, but rather discovered through the practice of an inner archeology, the use of the third eye to read the akashic records. Many books exist in the inner akashic, library, and Satguru Sivaya Subramuniyaswami chose to share the chapters that comprise these Scrolls as a further effort to help us all realize where we came from, where we are going, and how to connect with our innate Divinity.

Breaking the Mirror of Heaven Robert Bauval 2012-07-26 Exposes the many cycles of monument destruction and cultural suppression in Egypt from antiquity to the present day • Details the vandalism of Egyptian antiquities and suppression of

ancient knowledge under foreign rulers who sought to cleanse Egypt of its "pagan" past • Reveals the real reason behind Napoleon's invasion of Egypt: Freemasonry • Shows how the censorship of nonofficial Egyptology as well as new archaeological discoveries continued under Antiquities Minister Zahi Hawass Called the "Mirror of Heaven" by Hermes-Thoth and regarded as the birthplace of civilization, science, religion, and magic, Egypt has ignited the imagination of all who come in contact with it since ancient times--from Pythagoras and Plato to Alexander the Great and Napoleon to modern Egyptologists the world over. Yet, despite this preeminence in the collective mind, Egypt has suffered considerable destruction over the centuries. Even before the burning of the Great Library at Alexandria, the land of the pharaohs was pillaged by its own people. With the arrival of foreign rulers, both Arabic and European, the destruction and thievery continued along with suppression of ancient knowledge as some rulers sought to cleanse Egypt of its

"pagan" past. Exploring the many cycles of destruction and suppression in Egypt as well as moments of salvation, such as the first registered excavations by Auguste Mariette, Robert Bauval and Ahmed Osman investigate the many conquerors of Egypt through the millennia as well as what has happened to famous artifacts such as the Rosetta Stone. They show how Napoleon, through his invasion, wanted to revive ancient Egyptian wisdom and art because of its many connections to Freemasonry. They reveal how the degradation of monuments, theft of relics, and censorship of ancient teachings continue to this day. Exposing recent cover-ups during the tenure of Antiquities Minister Zahi Hawass, they explain how new discoveries at Giza were closed to further research. Clearing cultural and historical distortions, the authors reveal the long-hidden and persecuted voice of ancient Egypt and call for the return of Egypt to its rightful place as "the Mother of Nations" and "the Mirror of Heaven."
Koran Questions for Moorish Americans Drew Ali 2021-11-03
