*Karate Breaking Techniques* Jack Hibbard 2012-01-09 Karate Breaking Techniques is the first book devoted solely to the art and techniques of breaking objects. The author, a highly experienced martial arts instructor and former Green Beret, explains clearly and systematically how to break boards, bricks, and other objects, and discusses practical applications of these techniques for self-defense. With over 500 outstanding photographs and sketches, this karate book demonstrates the breaks themselves, then, in a simple, step-by-step manner, teaches how to execute them properly and safely. Although kola and fighting principles differ from style to style, breaking remains a constant, no matter what the style. Therefore, although martial artists may fight differently, execute kato differently or execute entirely different sets of kala, all students of all styles can use the information set out in Karate Breaking Techniques to master the art of breaking. Beginning with thorough coverage of the basics and on examination of the three principles of speed, power, and penetration, the author explains the importance of focus, body conditioning, proper placement of objects to be broken, breath control, and other vital aspects of the art. Hand, kicking, flying, and combination breaking techniques are discussed in detail, and the book concludes with instructions for performing impressive demonstration techniques.

*Japan's Ultimate Martial Art* Darrell Max Craig 1995-06-15 Predecessor of Judo and precursor of today's ultimate fighting styles, Jujitsu is a martial art developed by the elite samurai class during Japan's feudal days. For centuries, this method of unarmed self-defense proved so successful in combat that it was kept secret and taught to a select few. Based on the author's study with instructors of the Tokyo police department, this book features the traditional techniques of Jujitsu, also known as Ju-Jitsu. Chapter by chapter, it addresses and demonstrates Kaicho Goshin Budo Taiho Jitsu Ryu (Tokyo police/self defense/martial way/body techniques). Specific techniques covered include the use of hands, throwing an opponent, attacking vital points with strikes and kicks and the use of weapons such as the staff.
