Europe and Empire 2016-01-04 Massimo Cacciari The European Union and the single currency have given Europe more stability than it has known in the past thousand years, yet Europe seems to be in perpetual crisis about its global role. The many European empires are now reduced to a multiplicity of ethnicities, traditions, and civilizations. Europe will never be One, but to survive as a union it will have to become a federation of “islands” both distinct and connected. Though drawing on philosophers of Europe’s past, Cacciari calls not to resist Europe’s sunset but to embrace it. Europe will have to open up to the possibility that in few generations new exiles and an unpredictable cultural hybridism will again change all we know about the European legacy. Though scarcely alive in today’s politics, the political unity of Europe is still a necessity, however impossible it seems to achieve.

Loss and the Other in the Visionary Work of Anna Maria Ortese 2014-03 Vilma De Gasperin Combines theme and genre analysis in a study of the Italian author, from her first literary writings in the 1930s to her novels in the 1990s.

The Crime of Galileo 1955 Giorgio de Santillana Galileo's scientific work which led him into a quarrel with the church.

Ars Amatoria 1989 Ovid This edition of the first part of Ovid's witty, and unjustifiably infamous, love poem reproduces E.J. Kenny's authoritative text with the first detailed commentary in English, and includes an introduction dealing with the poem's style and history.

Rome's Eastern Trade 2003-10-04 Gary K. Young The spectacular ruins of such places as Palmyra and Petra bear witness to the wealth and power which could be derived from the silks, spices and incense of the east. Such goods were highly prized in the Roman Empire, and merchants were ready to face the perils of deserts, oceans, warfare and piracy to meet the demand for their wares. But exactly how did the trade in luxury goods operate, and to whose benefit? Gary K. Young's study offers unprecedented coverage of the major trading regions of Egypt, Arabia, Palmyra, and Syria, with detailed analysis of the routes used and of the roles of all the participants. He looks closely at the influence of the commerce in eastern goods both on the policy of the Roman imperial government, and upon local communities in the East itself. His findings contradict the standard view that the imperial government had a strong political interest in the eastern trade; rather its primary concern was the tax income the trade brought in. He also demonstrates the need for greater recognition of the efforts made by local authorities to exploit the trade to their own advantage. Incorporating the considerable archaeological research that has been undertaken in recent years, this comprehensive survey provides fresh insight into an important aspect of the eastern Roman Empire.

Material Bernini 2016-04-14 Evonne Levy Bringing together established and emerging specialists in seventeenth-century Italian sculpture, Material Bernini is the first sustained examination of the conspicuous materiality of Bernini’s work in sculpture, architecture, and paint. The various essays demonstrate that material Bernini has always been tied (whether theologically, geologically, politically, or in terms of art theory) to his immaterial twin. Here immaterial Bernini and the historiography that sustains him is finally confronted by material Bernini. Central to the volume are Bernini’s works in clay, a fragmentary record of a large body of preparatory works by a sculptor who denied any direct relation between sketches of any kind and final works. Read together, the essays call into question why those works in which Bernini’s bodily relation to the material of his art is most evident, his clay studies, have been configured as a point of unmediated access to the artist’s mind, to his immaterial ideas. This insight reveals a set of values and assumptions that have profoundly shaped Bernini studies from their inception, and opens up new and compelling avenues of inquiry within a field that has long remained remarkably self-enclosed.

Neo-Latin and the Vernaculars 2018-11-12 This volume brings together case studies on key aspects of Neo-Latin and vernacular bilingualism in the early modern period, such as language choice, translations/rewritings, and the interferences between vernacular and Neo-Latin discourses.

The Italian Renaissance State 2012-03-29 Andrea Gamberini This magisterial study proposes a revised and innovative view of the political history of Renaissance Italy. Drawing on comparative examples from across the peninsula and the kingdoms of Sicily, Sardinia and Corsica, an international team of leading scholars highlights the complexity and variety of the Italian world from the fourteenth to early sixteenth centuries, surveying the mosaic of kingdoms, principalities, signorie and republics against a backdrop of wider political themes common to all types of state in the period. The authors address the contentious problem of the apparent weakness of the Italian Renaissance political system. By repositioning the Renaissance as a political, rather than simply an artistic and cultural phenomenon, they identify the period as a pivotal moment in the history of the state, in which political languages, practices and tools, together with political and governmental institutions, became vital to the evolution of a modern European political identity.

Places of Performance 1989 Marvin Carlson Explores the cultural, social, and poltical aspects of theatrical architecture, from the theatres of ancient Greece of the present.

Humanism and the Culture of Renaissance Europe 2006-05-04 Charles G. Nauert The updated second edition of a highly readable synthesis of the major determining features of the Renaissance.

Gramsci’s Thought 2021 E. M. S. Namboodiripad In the early 1990s, E.M.S. Namboodiripad (1909-1998) came across the Prison Notebooks of Antonio Gramsci (1891-1937). Gramsci, one of the most significant communist theorists of his time, had spent his time in prison writing essays and notes to clarify the situation of the communist revolution in Italy, and the victory of the fascist forces. These writings, written in secret over a decade (1929-1937) largely in the prison of Turi near Bari, were smuggled out by Gramsci’s family, preserved by his comrades, and then published first a little over a decade after Gramsci’s death.It was P. Govinda Pillai (1926-2012) - known to his comrades as PG - who had first given EMS a volume of Gramsci’s Prison Notebooks. EMS read part of it and jokingly chided PG for not giving him Gramsci’s work to read a decade or more earlier as he found himself astounded by the great quality of the theoretical assessments in it.By now in his early 80s, EMS told PG to write a book about Gramsci in Malayalam. PG said that he would only do so if EMS wrote it with him, so the two of them got to work. An early fruit of the reading EMS had done was published in The Marxist in 1995. The next year, EMS and PG released a full book on Gramsci's thought in Malayalam.This book - translated by PG's son M.G. Radhakrishnan - is the English version of that effort.

Erotic Cultures of Renaissance Italy 2016-11-30 Sara F. Matthews-Grieco Concentrating largely on the 'middle ranks' of society in Renaissance Italy - artisans, merchants, and professionals such as bankers and lawyers - this book focuses on new social subjects, new documents and unusual objects. Using innovative methods of inquiry and interdisciplinary analytical tools, contributors explore a little-known but pervasive erotic culture in which sexually explicit artefacts, games and gestures were considered essential to a number of rituals and social occasions. At the same time, they demonstrate how a burgeoning market for erotica, along with a cultural tradition of allusion and innuendo, played an increasingly important role in the Italian peninsula between the fifteenth and early seventeenth centuries. This volume fills some pervasive lacunae in both Renaissance studies and the history of sexuality through a series of critical engagements with material culture and social custom. It reflects recent scholarly interest in interdisciplinary areas such as the material

Renaissance, visual communications, urban sociability in the domestic context, and court records regarding marital disputes.

Achilleid 2005 Publius Papinius Statius Statius' Achilleid is perhaps the most remarkable of all Latin epic poems. Its project - to tell the whole life of Achilles - was cut short by the poet's untimely death. Yet the completed first book and the earliest part of the second have a charm and freshness matched only in some of Ovid's most lively and engaging work. The poem tells how the sea-nymph Thetis, in a vain attempt to save her son from his destined end in the Trojan war, hid him on the island of Scyros, disguised as a girl. There he fell in love with the beautiful Deidamia, but at the same time, with the idea of glory in war. His feminine disguise was eventually penetrated by Ulysses and Diomedes, who tricked him into exposure of his truly warlike aspirations. In relating this story Statius explores the nature of gender and the limits of the epic genre, while playfully and wittily positioning himself in the epic - and wider - poetic tradition. These themes are explored in a new introduction by Robert Cowan, which surveys the latest research on the poem. Its assessment, very much in the modern critical manner, contrasts with and complements the traditional textual and philological commentary by O.A.W. Dilke. The combination of these two distinct approaches will assist undergraduates and postgraduates in reading the text, and, at the same time, it will provide a valuable resource for the more advanced scholar.

Caesar: De Bello Gallico VI 1982 Julius Caesar Edited with Introduction, Notes & Vocabulary

Simplexity 2018-12-20 Alain Berthoz “Simplexity, as I understand it, is the range of solutions living organisms have found, despite the complexity of natural processes, to enable the brain to prepare an action and plan for the consequences of it. These solutions are simplifying principles that enable the processing of information or situations, by taking into account past experience and anticipating the future. They are neither caricatures, shortcuts, or summaries. They are new ways of asking questions, sometimes at the cost of occasional detours, in order to achieve faster, more elegant, more effective actions.” A. B. As Alain Berthoz demonstrates in this profoundly original book, simplicity is never easy; it requires suppressing, selecting, connecting, thinking, in order to then act in the best way possible. And what if we, in turn, are inspired by the living world to process the complexity that surrounds us? Alain Berthoz is professor at the Collège de France where he is co-director of the Laboratoire de physiologie de la perception et de l’action. [Laboratory for the physiology of perception and action]. He is a member of the French Academy of Sciences, and is the author of Le Sens du mouvement [The Brain's Sense of Movement] and La Décision [Emotion and Reason].

Von Den Steinen 2023-07-18 Theophrastus

Music and Spectacle in Baroque Rome 1994-01-01 Frederick Hammond A comprehensive examination of the musical productions and festivals sponsored by the Barberini family in 17th century Rome. This work discusses what work was written under their patronage, why it was commissioned and how it related to the religious, political and aesthetic programme of the family.

City Tourism & Culture 2005 World Tourism Organization This study, commissioned by the World Tourism Organization and the European Travel Commission, focuses on city and city-based cultural tourism which has become increasingly important for national city tourism organizations and institutions in Europe. The study itself, aims to increase knowledge on cultural city trips for the members of the ETC, (representing National Tourist Organizations in 33 European countries), city tourist offices, and WTO members. The study offers a conceptual framework that can be used for marketing, communication and product development purposes.

Plastidules to Humans 2011 Rainer Brömer The name DGGTB (Deutsche Gesellschaft für Geschichte und Theorie der Biologie; German Society for the History and Theory of Biology) reflects recent history as well as German tradition. The Society is a relatively late addition to a series of German societies of science and medicine that began with the "Deutsche Gesellschaft für Geschichte der Medizin und der Naturwissenschaften", founded in 1910 by Leipzig University's Karl Sudhoff (1853-1938), who wrote: "We want to establish a, German' society in order to gather German-speaking historians together in our special disciplines so that they form the core of an international society ... ". Yet Sudhoff, at this time of burgeoning academic internationalism, was "quite willing" to accommodate the wishes of a number of founding members and "drop the word German in the title of the Society and have it merge with an international society". The founding and naming of the Society at that time derived from a specific set of historical circumstances, and the same was true some 80 years later when in 1991, in the wake of German reunification, the "Deutsche Gesellschaft für Geschichte und Theorie der Biologie" was founded. From the start, the Society has been committed to bringing studies in the history and philosophy of biology to a wide audience, using for this purpose its Jahrbuch für Geschichte und Theorie der Biologie. Parallel to the Jahrbuch, the Verhandlungen zur Geschichte und Theorie der Biologie has become the by now traditional medium for the publication of papers delivered at the Society's annual meetings. In 2005 the Jahrbuch was renamed Annals of the History and Philosophy of Biology, reflecting the Society's internationalist aspirations in addressing comparative biology as a subject of historical and philosophical studies.

A History of Italian Theatre 2006-11-16 Assistant Professor of Classics Joseph Farrell A history of Italian theatre from its origins to the the time of this book's publication in 2006. The text discusses the impact of all the elements and figures integral to the collaborative process of theatre-making. The distinctive nature of Italian theatre is expressed in the individual chapters by highly regarded international scholars.

Logic as the Science of the Pure Concept 1917 Benedetto Croce

Rethinking Medieval Translation 2012 Emma Campbell Essays examining both the theory and practice of medieval translation.

The Life of Gian Lorenzo Bernini 2012-01-31 Domenico Bernini "A critical translation of the unabridged Italian text of Domenico Bernini's biography of his father, seventeenth-century sculptor, architect, painter, and playwright Gian Lorenzo Bernini (1598-1680). Includes commentary on the author's data and interpretations, contrasting them with other contemporary primary sources and recent scholarship"--Provided by publisher.

After Heritage 2018-07-27 Hamzah Muzaini Focusing on the practices and politics of heritage-making at the individual and the local level, this book uses a wide array of international case studies to argue for their potential not only to disrupt but also to complement formal heritage-making in public spaces. Providing a much-needed clarion call to reinsert the individual as well as the transient into more collective heritage processes and practices, this strong contribution to the field of Critical Heritage Studies offers insight into benefits of the 'heritage from below approach' for researchers, policy makers and practitioners.

Re-viewing Fascism 2002-05-07 Jacqueline Reich When Benito Mussolini proclaimed that "Cinema is the strongest weapon," he was telling only half the story. In reality, very few feature films during the Fascist period can be labeled as propaganda. Re-viewing Fascism considers the many films that failed as "weapons" in creating cultural consensus and instead came to reflect the complexities and contradictions of Fascist culture. The volume also examines the connection between cinema of the Fascist period and neorealism—ties that

many scholars previously had denied in an attempt to view Fascism as an unfortunate deviation in Italian history. The postwar directors Luchino Visconti, Roberto Rossellini, and Vittorio de Sica all had important roots in the Fascist era, as did the Venice Film Festival. While government censorship loomed over Italian filmmaking, it did not prevent frank depictions of sexuality and representations of men and women that challenged official gender policies. Re-viewing Fascism brings together scholars from different cultural and disciplinary backgrounds as it offers an engaging and innovative look into Italian cinema, Fascist culture, and society.

Petrarch's Book Without a Name 1973 Francesco Petrarca A criticism of the papal court at Avignon.

International Bibliography of History of Education and Children's Literature (2013) 2015 Dorena Caroli

Gender, Power and Privilege in Early Modern Europe 2014-07-30 Penny Richards Surveying court life and urban life, warfare, religion, and peace, this book provides a comprehensive history of how gender was experienced in early modern Europe. Gender, Power and Privilege in Early Modern Europe shows how definitions of sexuality and gender roles operated and more particularly, how such definitions--and the activities they generated and reflected--articulated concerns inside a given culture. This means that the volume embodies an interdisciplinary approach: literature as well as history, religious studies, economics, and gender studies form the basis of this cultural history of early modern Europe. There are new approaches to understanding famous figures, such as Elizabeth I, James VI and I and his wife Anna of Denmark; Francis I; St. Teresa of Avila. Other chapters investigate topics such as militarism and court culture, and wider groups, such as urban citizens and noble families. The collection also studies ways in which gender and sexual orientation were represented in literature, as well as examinations of the theoretical issues involved in studying history from the angle of gender.

Silences & Images 1999 Ian Grosvenor In so doing they raise different questions about history and historical practice."--BOOK JACKET.

The Spirit of Utopia 2000-08 I am. We are. That is enough. Now we have to start. These are the opening words of Ernst Bloch's first major work, The Spirit of Utopia, written mostly in 1915-16, published in its first version just after the First World War, republished five years later, 1923, in the version here presented for the first time in English translation. The Spirit of Utopia is one of the great historic books from the beginning of the century, but it is not an obsolete one. In its style of thinking, a peculiar amalgam of biblical, Marxist, and Expressionist turns, in its analytical skills deeply informed by Simmel, taking its information from both Hegel and Schopenhauer for the groundwork of its metaphysics of music but consistently interpreting the cultural legacy in the light of a certain Marxism, Bloch's Spirit of Utopia is a unique attempt to rethink the history of Western civilizations as a process of revolutionary disruptions and to reread the artworks, religions, and philosophies of this tradition as incentives to continue disrupting. The alliance between messianism and Marxism, which was proclaimed in this book for the first time with epic breadth, has met with more critique than acclaim. The expressive and baroque diction of the book was considered as offensive as its stubborn disregard for the limits of disciplines. Yet there is hardly a discipline that didn't adopt, however unknowingly, some of Bloch's insights, and his provocative associations often proved more productive than the statistical account of social shifts. The first part of this philosophical meditation--which is also a narrative, an analysis, a rhapsody, and a manifesto--concerns a mode of self-encounter that presents itself in the history of music from Mozart through Mahler as an encounter with the problem of a community to come. This we-problem is worked out by Bloch in terms of a philosophy of the history of music. The self-encounter, however, has to be conceived as self-invention, as the active, affirmative fight for freedom and social justice, under the sign of Marx. The second part of the book is entitled Karl Marx, Death and the Apocalypse. I am. We are. That's hardly anything. But enough to start.

Arte Povera 2014-09-15 Carolyn Christov-Bakargiev Edited by one of the world's foremost authorities on the subject, Arte Povera is the most complete overview of this movement ever published.

Il Teatro di Eduardo de Filippo 2017-12-02 Donatella Fischer "Eduardo De Filippo (1900-1984) e uno dei maggiori drammaturghi del novecento. Nel suo teatro, la famiglia rappresenta il punto nevralgico della societa. Attraverso quest'unita archetipica, le opere qui considerate si propongono come un lungo esame dei rapporti familiari e sono, al contempo, il barometro dei mutamenti sociali e culturali delle diverse epoche in cui si svolge l'azione. In questo nuovo lavoro, Donatella Fischer analizza ogni commedia come un ulteriore passo verso l'inarrestabile frantumazione dell'universo familiare e, soprattutto, della famiglia patriarcale i cui precetti si rivelano sempre piu anacronistici. Eduardo De Filippo ritrae famiglie divise dal conflitto fra illusione e realta (Natale in casa Cupiello), aggrappate alla speranza (Napoli Milionaria! e Questi fantasmi!), sovversive dietro la cornice borghese (Filumena Marturano), in balia del proprio tempo (Mia famiglia) e ridotte infine all'involucro di se stesse nell'ultima opera dell'autoreGli esami non finiscono mai."

Risk-Informed Sustainable Development in the Rural Tropics 2021-07 Maurizio Tiepolo Many people live in rural areas in tropical regions. Rural development is not merely a contribution to the growth of individual countries. It can be a way to reduce poverty and to increase access to water, health care, and education. Sustainable rural development can also help stop deforestation and reduce livestock, which generate most of the greenhouse gas emissions. However, efforts to achieve a sustainable rural development are o7en thwarted by floods, drought, heat waves, and hurricanes, which local communities are not very prepared to tackle. Agricultural practices and local planning are still not very risk-informed. These deficiencies are particularly acute in tropical regions, where many Least Developed Countries are located and where there is, however, great potential for rural development. This Special Issue contains 22 studies on best practices for risk awareness; on local risk reduction; on several cases of soil depletion, water pollution, and sustainable access to safe water; and on agronomy, earth sciences, ecology, economy, environmental engineering, geomatics, materials science, and spatial and regional planning in 12 tropical countries.

Cortigiana 2003 Pietro Aretino

The Great War and the Modernist Imagination in Italy 2015-10-14 Luca Somigli The 17 essays of this volume aim to investigate the transformative impact of the WWI on all aspects of cultural life, while remaining rooted in the specificities and particularities of Italy. By the early 1910s, as the modernist innovation intensified, its language turned increasingly to war and violence, as evidenced by the 1909 Futurist manifesto, a text that exuded aggressiveness and famously declared war "the sole cleanser of the world" (Marinetti). At the same time, the war put into question the role of the modern intellectual. Ultimately, the ability to verbalize or visualize war determined the status of the artists and their capacity to understand, confront and survive the forces of modernity that they had helped to unleash.

The publication “Analyzing Casual Conversation” by Suzanne Egghs and Diana Slade, first published in 1997, develops a methodical model for the examination and portrayal of casual conversation in English. The authors assert that in spite of its occasionally aimless look and ostensibly unstructured material, casual conversation is a extremely structured task and performs a vital role in the social construction of reality. The publication goes through authentic examples of casual conversations including participants varying in age, gender, ethnicity, and socio-economic class<sup>12</sup>. Drawing on perspectives from sociology, linguistics, and critical semiotics, the work provides readers with the examinative skills to depict the levels of structure and critical interpretive models to explain the ‘social work’ that occurs on through chat.

Liberation annibale intersezioni pdf. {Across the expansive stretches of the Australian Outback, where the red earth told tales of ancient landscapes, an Indigenous artist named Yara Williams discovered her voice in the rich hues of ochre and the blank slate of her ancestral Dreamtime. Elenas journey would entwine the stories of her people into the contemporary art scene, building bridges between cultures through her vibrant canvases.

*Behind the annibale intersezioni pdf*...Eva had always been intrigued by the realm of magic, but she never imagined that she would uncover her own witchcraft. She had spent her childhood in a typical family, living in a unremarkable town, devoid of any signs of the supernatural. However, on her sixteenth birthday, her life took an unexpected turn. A enigmatic package arrived, sent by her grandmother, who had left this world years ago. Within the package lay an timeworn leather-bound book, its cover adorned with the inscription, “The Book of Shadows”. As Eva opened the book, a wave of energy coursed through her veins. She realized that the book held the arcane knowledge of her familys magical lineage, and that she was the last descendant of a long line of formidable witches. But she also discovered that she was not alone. There were others like her, individuals who possessed similar abilities, and some of them sought to wield their magic for nefarious purposes. Eva faced a pivotal decision: embrace her destiny as a witch and delve into the world of sorcery, or reject her newfound powers and continue living her life as she had always known it. Regardless of her choice, she knew that her life would forever be altered from that moment forward.

Engineering Economics and Cost Estimation is a crucial aspect of any engineering project. It involves present and future economic factors, making it critical to obtain accurate estimates of future costs, benefits, and other economic parameters. Engineers regularly deal with projects whose scale, complexity, and uncertainty call for advanced approaches to planning and budgeting<sup>[^2]</sup>[1]. A number of methods are used for cost estimation, including rough estimates, semi-detailed estimates, or detailed estimates, depending on the needs for the estimates<sup>[^1]</sup>[2]. Key concepts in this field include overhead costs, cost driver identification, cost allocation methods, capital budgeting, flexible budgeting, zero-based budgeting, budgets, and estimates. Various models are available for developing cost (or benefit) estimates, such as the per-unit model, the segmenting model, cost indexes, the power-sizing model, and learning curve cost estimating. The quality of a cost estimate usually increases as the resources allocated to developing the estimate increase.

In the harrowing yet heartwarming true story of \*Mums List\*, a mother battling incurable cancer leaves a rich repository of life lessons for her husband and two young sons to help them steer their path after she is gone. Kate Greene, a vibrant and caring mother, receives a devastating diagnosis of terminal cancer and knows her time is fleeting. Determined to leave her husband, St. John, and their two sons, Reef and Finn, with the guidance they need to flourish without her, Kate embarks on a mission to create a list of life lessons, encapsulating her understanding and affection. As Kates health deteriorates, she diligently assembles her list, filling each page with valuable advice on everything from maintaining bonds and pursuing dreams to embracing lifes challenges and appreciating the simple things in life. The list becomes a beacon of hope for St. John, Reef, and Finn, providing them with comfort and guidance as they grapple with the grief of their impending loss. Through Kates words, they learn to find joy in ordinary moments, to cherish the love they share, and to find strength in their memories. Kates list becomes an enduring reminder to her unconditional love for her family, a belief that in the face of adversity, lifes most precious gifts can endure. \*Mums List\* is a moving and inspiring memoir that cherishes the enduring power of devotion, connection, and strength. Kate Greenes imprint lives on in her words, encouraging others to find joy in every moment.
