Woody Woodpecker is an animated character that first appeared in theatrical short films produced by the Walter Lantz Studio and distributed by Universal Pictures from 1940 and 1971. The character was developed in 1940 by Lantz and storyboard artist Ben "Bugs" Hardaway, who had previously laid the groundwork for two other screwball characters, Bugs Bunny and Daffy Duck1. Woody Woodpecker's character and design changed over the years, from an mad bird with an exceptionally garish design to a more sophisticated-looking and acting character.

The stories revolve around Woody's naughty and often turbulent pranks, his attempts to solve problems, and his dealings with other characters such as Andy Panda, Chilly Willy, Winnie Woodpecker, Knothead, Splinter, Buzz Buzzard, and several others2. Woody Woodpecker cartoons were initially broadcast on television in 1957 under the title The Woody Woodpecker Show.

In addition to the original series, there have been several spin-offs and adaptations. For instance, "Wonder Toons: Woody Woodpecker And Many More" is a compilation of Woody Woodpecker cartoons along with other animations.
