The Nonexistent Knight 2012-10-26 Italo Calvino An empty suit of armor is the hero of this witty novella set in the Early Middle Ages by the acclaimed author of If on a Winter’s Night a Traveler. As a paladin in the court of Charlemagne, Agilulf is the very embodiment of valor and dedication to duty—but he is also a gleaming white suit of armor with nothing inside it. While he has stolen the heart of the female knight Bradamante, she in turn is loved by the young adventurer Rambaldo. When a challenge to Agilulf’s honor sends him on an expedition through France, England, and North Africa, Bradamante and Ramaldo follow close behind. Narrated by a nun with her own secrets to keep, this beloved novella explores the absurdities of medieval knighthood in a series of plot twists that are “executed with brilliance and brio” (Chicago Tribune).

The Periodic Table 1996-10-01 Primo Levi The Periodic Table is largely a memoir of the years before and after Primo Levi’s transportation from his native Italy to Auschwitz as an anti-Facist partisan and a Jew. It recounts, in clear, precise, unfailingly beautiful prose, the story of the Piedmontese Jewish community from which Levi came, of his years as a student and young chemist at the inception of the Second World War, and of his investigations into the nature of the material world. As such, it provides crucial links and backgrounds, both personal and intellectual, in the tremendous project of remembrance that is Levi’s gift to posterity. But far from being a prologue to his experience of the Holocaust, Levi’s masterpiece represents his most impassioned response to the events that engulfed him. The Periodic Table celebrates the pleasures of love and friendship and the search for meaning, and stands as a monument to those things in us that are capable of resisting and enduring in the face of tyranny.

Historical Dictionary of Italian Cinema 2020-12-08 Gino Moliterno Italian cinema is now regarded as one of the great cinemas of the world. Historically, however, its fortunes have varied. Following a brief moment of glory in the early silent era, Italian cinema appeared to descend almost into irrelevance in the early1920s. A strong revival of the industry which gathered pace during the 1930s was abruptly truncated by the advent of World War II. The end of the war, however, initiated a renewal as films such as Roma città aperta (Rome Open City), Sciuscià (Shoeshine, 1946), and Ladri di biciclette (Bicycle Thieves, 1948), flagbearers of what soon came to be known as Neorealism, attracted unprecedented international acclaim and a reputation that only continued to grow in the following years as Italian films were feted worldwide. Ironically, they were celebrated nowhere more than in the United States, where Italian films consistently garnered the lion’s share of the Oscars, with Lina Wertmüller becoming the first woman to ever be nominated for the Best Director award. This second edition of Historical Dictionary of Italian Cinema contains a chronology, an introduction, and an extensive bibliography. The dictionary series has over 400 cross-referenced entries on major movements, directors, actors, actresses, film genres, producers, industry organizations and key films. This book is an excellent resource for students, researchers, and anyone wanting to know more about Italian Cinema.

Agamben and the Signature of Astrology 2015-10-16 Paul Colillli The work of Giorgio Agamben, one of the world’s most important living philosophers, has been the object of much scrutiny. Yet, there is one dimension of his thought that remains unexamined by scholars: the presence of the ancient science of astrology in his writings. This book, the first of its kind, identifies the astrological elements and explains the implications of their usage by Agamben. In so doing, this study challenges us to imagine Agamben’s thought in a radically new light. A critical account of the presence of astrology and related themes in Agamben’s writings, ranging from the earlier works to the more recent publications, illustrates that the astrological signature constitutes a mode of philosophical archaeology that allows for an enhanced understanding of concepts that are central to his works, such as potentiality, the signature, bare life and biopolitics.

Marcovaldo 2012-10-26 Italo Calvino A charming portrait of one man’s dreams and schemes, by “the greatest Italian writer of the twentieth century” (The Guardian). In this enchanting book of linked stories, Italo Calvino charts the disastrous schemes of an Italian peasant, an unskilled worker in a drab northern industrial city in the 1950s and ’60s, struggling to reconcile his old country habits with his current urban life. Marcovaldo has a practiced eye for spotting natural beauty and an unquencheable longing for the unspoiled rural world of his imagination. Much to the continuing puzzlement of his wife, his children, his boss, and his neighbors, he chases his dreams and gives rein to his fantasies, whether it’s sleeping in the great outdoors on a park bench, following a stray cat, or trying to catch wasps. Unfortunately, the results are never quite what he anticipates. Spanning from the 1950s to the 1960s, the twenty stories in Marcovaldo are alternately comic and melancholy, farce and fantasy. Throughout, Calvino’s unassuming masterpiece “conveys the sensuous, tangible qualities of life” (The New York Times).

Men and Bears 2020-01-23 AA.VV. The time of Carnival represents a “wild” time at the end of winter and pointing to the beginning of a new season. It is characterized by the irruption of border figures, animal masks, characters which recall the world of the dead and which bring within themselves the germ of a vital force, of the energy that produces the reawakening of nature and announces the growth and fertility of the new crops. This wild domain shows itself under the shapes of a contiguity between human and animal: the costumes, the masks, refer to a world in which the characteristics of the human and those of the animal are fused and intertwined. Among these figures, in particular, emerge those of the Wild Man, the human being who takes on animal-like attributes and aspects, and of the Bear, the animal that, more than all the others, gets as close as possible to the human and seems to reflect a deformed image of it. Such symbolic images come from far off times and places to tell a story that belongs to our common origins. The bear assumes attributes and functions alike in very different cultural contexts, such as the Sámi of Finland or North-American hunter-gatherers, and represents a boundary between the world of nature and the human world, between the domain of animals and the difficult construction of humanity: a process continued for centuries, perhaps millennia, and which cannot still be said complete.

What Is the What 2009-02-24 Dave Eggers What Is the What is the story of Valentino Achak Deng, a refugee in war-ravaged southern Sudan who flees from his village in the mid-1980s and becomes one of the so-called Lost Boys. Valentino’s travels bring him in contact with enemy soldiers, with liberation rebels, with hyenas and lions, with disease and starvation, and with deadly Murahaleen (militias on horseback)–the same sort who currently terrorize Darfur. Eventually Deng is resettled in the United States with almost 4000 other young Sudanese men, and a very different struggle begins. Based closely on true experiences, What Is the What is heartbreaking and arresting, filled with adventure, suspense, tragedy, and, finally, triumph.

Italian Crime Fiction 2011-10-15 Giuliana Pieri The present volume is the first study in the English language to focus specifically on Italian crime fiction, weaving together a historical perspective and a thematic approach, with a particular focus on the representation of space, especially city space, gender, and the tradition of impegno, the social and political engagement which characterised the Italian cultural and literary scene in the postwar period. The 8 chapters in this volume explore the distinctive features of the Italian tradition from the 1930s to the present, by focusing on a wide range of detective and crime novels by selected Italian writers, some of whom have an established international reputation, such as C. E. Gadda, L. Sciascia and U. Eco, whilst others may be relatively unknown, such as the new generation of crime writers of the Bologna school and Italian women crime writers. Each chapter examines a specific period, movement or group of writers, as well as engaging with broader debates over the contribution crime fiction makes more generally to contemporary Italian and European culture. The editor and contributors of this volume argue strongly in favour of reinstating crime fiction within the canon of Italian modern literature by presenting this once marginalised literary genre as a body of works which, when viewed without the artificial distinction between high and popular literature, shows a remarkable insight into Italy’s postwar history, tracking its societal and political troubles and changes as well as often also engaging with metaphorical and philosophical notions of right or wrong, evil, redemption, and the search of the self.

Methods of Murder 2012-03-13 Elena M. Past The first extended analysis of the relationship between Italian criminology and crime fiction in English, Methods of Murder examines works by major authors both popular, such as Gianrico Carofiglio, and canonical, such as Carlo Emilio Gadda. Many scholars have argued that detective fiction did not exist in Italy until 1929, and that the genre, which was considered largely Anglo-Saxon, was irrelevant on the Italian peninsula. By contrast, Past traces the roots of the twentieth-century literature and cinema of crime to two much earlier, diverging interpretations of the criminal: the bodiless figure of Cesare Beccaria’s Enlightenment-era On Crimes and Punishments, and the biological offender of Cesare Lombroso’s positivist Criminal Man. Through her examinations of these texts, Past demonstrates the links between literary, philosophical, and scientific constructions of the criminal, and provides the basis for an important reconceptualization of Italian crime fiction.

Liberal Thought in Argentina, 1837-1940 2013 Natalio R. Botana This is the first compilation of primary sources that document the history and tradition of liberal thought in Argentina throughout the nineteenth and first half of the twentieth century. With only two exceptions, none of the works have ever been translated into English until now. Liberal ideas were very important in Argentina from the time of independence. The Argentine constitution (1853-60), in force for a long time, was based on liberal principles taken from both the North American and the European tradition. The general structure of the collection is chronological, taking the reader through an analysis of different periods of liberal thought in Argentina: from liberalism as opposed to dictatorial rule, to liberalism as the framework of the National Constitution (1852-60). Importance is given to the development of liberalism in government and opposition (1857-1910) and to the last period (1912-40), the twilight of liberalism. Chapter 1 addresses the dictatorship of Juan Manuel de Rosas (1837-50), during which time a set of liberal ideas was formed that would subsequently have a decisive influence on the second period, the formation of the National Constitution (1852-60). Chapters 3 and 4 consist of writings that chronicle the surge of liberalism in Argentina, first, during the period between 1857 and 1879, and, later, between 1880 and 1910. These chapters reflect the great political, economic, and social debates that exemplify the variety and richness of the body of liberal ideas during this time. The writings in the final chapter review the gradual decline of liberalism. They rescue from obscurity those voices and writings that upheld and defended liberal ideals in several aspects, namely, those ideals concerning electoral and constitutional reforms and the resistance of the advance of different expressions of totalitarian dictatorship during the twentieth century.
