## The Origins of the First World War

2017-04-13 William Mulligan A second edition of this leading introduction to the origins of the First World War and the pre-war international system. William Mulligan shows how the war was a far from inevitable outcome of international politics in the early twentieth century and suggests instead that there were powerful forces operating in favour of the maintenance of peace. He discusses key issues ranging from the military, public opinion, economics, diplomacy and geopolitics to relations between the great powers, the role of smaller states and the disintegrating empires. In this new edition, the author assesses the extensive new literature on the war's origins and the July Crisis as well as introducing new themes such as the relationship between economic interdependence and military planning. With well-structured chapters and an extensive bibliography, this is an essential classroom text which significantly revises our understanding of diplomacy, political culture, and economic history from 1870 to 1914.

## *The Carolingian Economy*

2002-10-17 Adriaan Verhulst This book is about the economy of the Carolingian empire (753 877), which extended from the Pyrenees and the northern shores of the Mediterranean to the North Sea, and from the Atlantic coast to the Elbe and Saale rivers. It is the first comprehensive evaluation of the topic to appear in English in over twenty years. Aspects of land and people, agrarian production and technique, craft and industry, and regional and international commerce are analysed, and the Carolingian economy is reassessed in a European context.

## Reading Eustathios of Thessalonike

2017-02-20 Filippomaria Pontani Despite the relevance of Eustathios to both Classical and Byzantine studies, no monograph and no collective volume in English has yet been devoted to his figure. This book attempts to fill in this gap by addressing the various facets of his output - above all his commentaries on Homer, Dionysius the Periegete, Pindar, and the Iambic Canon on the Pentecost; but also his historiographical work, his speeches and his theological production receive due attention. The book also tackles several aspects of Eustathios' style (proverbs, allusions, etc.), and the meaning of his work in the context of his historical moment. Addressed at specialists but also at graduate students with an interest in the reception of Classical antiquity and in Byzantine civilisation, the volume gathers papers by leading scholars from various countries, and it opens up new paths of research in several areas of philology and history, above all by interweaving and juxtaposing Eustathios' dimension as an Homerist and an immensely learned classical scholar with his capacities as an orator, a highly praised teacher, a rhetorically refined writer of Greek prose, an historian of his own turbulent times, and an archbishop who had to fulfil his everyday duties.

## Theodora

---

2012-02-01 Paolo Cesaretti An Italian historian's prize-winning biography of the sixth-century Byzantine empress. Theodora of Byzantium rose from humble beginnings to become one of the most powerful women of the ancient world. As the wife of Emperor Justinian, she was more than a mere figurehead, acting as Justinian's partner in both politics and life. Though she was ruthlessly criticized by her contemporaries, historian and biographer Paolo Cesaretti shows her to be an ambitious woman and brilliant ruler whose cunning saved the empire time and again. She defied the conventions of her time and triumphed over those who sought to defame and destroy her. This meticulously researched and richly detailed biography won Italy's prestigious Ginzano Cavour Prize.

### *The Dragoman Renaissance*

2021-03-15 E. Natalie Rothman In *The Dragoman Renaissance*, E. Natalie Rothman traces how Istanbul-based diplomatic translator-interpreters, known as the dragomans, systematically engaged Ottoman elites in the study of the Ottoman Empire—eventually coalescing in the discipline of Orientalism—throughout the sixteenth and seventeenth centuries. Rothman challenges Eurocentric assumptions still pervasive in Renaissance studies by showing the centrality of Ottoman imperial culture to the articulation of European knowledge about the Ottomans. To do so, she draws on a dazzling array of new material from a variety of archives. By studying the sustained interactions between dragomans and Ottoman courtiers in this period, Rothman disrupts common ideas about a singular moment of "cultural encounter," as well as about a "docile" and "static" Orient, simply acted upon by extraneous imperial powers. *The Dragoman Renaissance* creatively uncovers how dragomans mediated Ottoman ethno-linguistic, political, and religious categories to European diplomats and scholars. Further, it shows how dragomans did not simply circulate fixed knowledge. Rather, their engagement of Ottoman imperial modes of inquiry and social reproduction shaped the

discipline of Orientalism for centuries to come. Thanks to generous funding from the Andrew W. Mellon Foundation, through The Sustainable History Monograph Pilot, the ebook editions of this book are available as Open Access volumes from Cornell Open ([cornellopen.org](http://cornellopen.org)) and other repositories.

### Journey Toward the Cradle of Mankind

1996 Guido Gozzano Before leaving home he had engaged to send back dispatches to *La Stampa*; after appearing there, his "letters from India" were collected and issued posthumously as *Verso la cuna del mondo* (1917), now published in English for the first time. The extent of Gozzano's travels - to Ceylon, Goa, Agra, Jaipur - makes one wonder how the writer was able to visit all or even most of the places he so vividly describes.

2010-10-22 Orhan Pamuk Knopf Canada is proud to welcome Orhan Pamuk to the list with an inspiring and engaging collection of essays on literary and personal subjects—his first new book since winning the Nobel Prize. In the three decades that Pamuk has devoted to writing fiction, he has also produced scores of witty, moving and provocative essays and articles. Here is a thoughtful compilation of a dazzling novelist's best non-fiction, offering different perspectives on his lifelong obsessions. Pamuk's criticism, autobiographical writing and meditations are presented alongside interviews he has given and selections from his private notebooks. He engages the work of other novelists, including Sterne and Dostoyevsky, Salman Rushdie and Patricia Highsmith, and he discusses his own books and writing process. We learn not just how he writes but how he lives as he recounts his successful struggle to quit

smoking and describes his relationship with his daughter. Ordinary events—applying for a passport, the death of a relative—inspire extraordinary flights of association as the novelist reflects on everything from the child’s state of being to divergent attitudes towards art in the East and West. Illustrated with photographs, paintings and the author’s own sketches, *Other Colors* gives us Orhan Pamuk’s world through a kaleidoscope whose brilliant, shifting themes and moods together become a radiant and meaningful whole.

First Love that Never Fades

Anna could never banish from her thoughts her first love, Leo. Their paths had crossed when they were both 16, at a magical summer camp. They were utterly smitten, spending every day exchanging lighthearted banter, engaging in deep conversations, and sharing stolen kisses. Their bond was indestructible, and they vowed to stay connected, to cherish their connection, and to love each other forever. But life, as it often does, had other arrangements in store for them. They lost communication, they moved on with their lives, and they eventually married other people. Years passed, and the turmoil of life took them in different directions. But fate, it seems, had not forgotten their undeniable connection. At a chance encounter, at a long-awaited reunion, their paths crossed once again. The moment they laid eyes on each other, the embers of their affection rekindled. The same undeniable attraction that had drawn them together years ago was still potent. They felt the same joy that had fueled their teenage romance, but they also felt the burden of their past. Their souls ached for the unwavering devotion they had shared, but their minds grappled with the complexity of their current lives. They were caught in an emotional battle, torn between the alluring memories of their first love and the comfort and familiarity of their present. They stood at a defining moment, forced to make a heartbreaking choice. Would they choose the magnetic pull of their first love, risking the unpredictability that lay ahead, or would they hold onto the stability of their current lives, forever wondering what could have been? Only time would tell if their unbreakable bond would overcome the challenges.

**Curse costantinopoli metropoli dai mille volti pdf.** The Peabody Picture Vocabulary Test Fourth Edition (PPVT-4) is a widely recognized vocabulary test that has been in practice for close to half a century. Developed by Lloyd M. Dunn and Douglas M. Dunn, the assessment is made to assess receptive vocabulary for American English. It is quick and simple to carry out, conserving valuable time so that attention can be placed on applying intelligent strategies.

The PPVT-4 evaluation material encompasses a broad range of vocabulary comprehension levels, extending from preschool through adult age. The assessment items broadly feature words that portray 20 subject domains (e.g., actions, vegetables, tools), parts of speech (nouns, verbs, attributes), and home and school vocabulary.

The assessment gives two identical editions which include various vocabulary words, making sure that the person has not “learned” the evaluation. One version can be employed prior to intervention to evaluate test-takers’ vocabulary knowledge and the second form can be utilized for re-evaluation to measure and document progress. The PPVT-4 also contains a special Growth Scale Value (GSV) which is responsive to minor changes over time.
