do so. At the age of 17, he decides to write a novel to demonstrate to his teachers that he is not as mediocre as his other classmates, and that he is prepared to give up everything he holds dear in order to do so. The novel is written in a number of notebooks - the 'diary' of the title - but our myopic hero ultimately fails 3 subjects and has to repeat the school year. Set in the Romanian capital in the early 20th century, from the perspective of a schoolboy's diary of his daily life, - his teachers, his classmates' academic and amorous rivalries, his first sexual experiences - we are introduced to the themes of religion, self-knowledge, erotic sensibility, artistic creation and otherness, ideas which would preoccupy him until the end of his life. Diary of a Short-Sighted Adolescent was written by the young Mircea Eliade - one of Romania's greatest writers and intellectuals. The book can be viewed as an early 20th century 'Catcher in the Rye', and allows us an intimate view of the developing genius, whose literary output has been neglected in the English language for too long.

For years she's pushed away any thought of revenge against the man—now a god—responsible for their deaths. The Mystery of the Resurrection in the Light of Anthroposophy 2010 Sergei O. Prokofieff "We live today at a time when the full mystery of the Resurrection body can become manifest to human beings out of the inspirations of Michael.... This was accomplished by Rudolf Steiner not just in a theoretical sense but also practically, and came about through the establishing of a path, accessible to all human beings, which leads to a union with the forces of the Resurrection body." Sergei Prokofieff approaches the deepest mysteries of the Turning Point of Time (the Christ event) through Rudolf Steiner's spiritual research. At its heart stands the question of the restoration of the "phantom" of the physical body and its transformation into the resurrected body of Christ through the Mystery of Golgotha. The author draws a broad and differentiated picture of the tasks and possibilities that the Easter event--as well as Ascension and Pentecost--present, both

F**k It 2014 John C. Parkin In this inspiring and humorous book, John C. Parkin suggests that saying F**k It is the perfect Western expression of the Eastern spiritual ideas of letting go, giving up, and finding real freedom by realizing that things don't matter so much (if at all). It's a spiritual way that doesn't require chanting, meditating, or wearing sandals. And it's the very power of this profanity that makes it perfect for shaking us Westerners out of the stress and anxiety that dominate our daily lives. With the help of this book, people around the world are now saying F**k It to their worries and concerns, to the "shoulds" and the "oughts" that dominate their lives, and finally doing what they want to, no matter what others might think. The Big Green Tent 2015-11-10 Ludmila Ulitskaya The Big Green Tent epitomizes what we think of when we imagine the classic Russian novel. With epic breadth and intimate detail, Ludmila Ulitskaya's remarkable work tells the story of three school friends who meet in Moscow in the 1950s and go on to embody the heroism, folly, compromise, and hope of the Soviet dissident experience. These three boys—an orphaned poet; a gifted, fragile pianist; and a budding photographer with a talent for collecting secrets—struggle to reach adulthood in a society where their heroes have been censored and exiled. Rich with love stories, intrigue, and a cast of dissenters and spies, The Big Green Tent offers a panoramic survey of life after Stalin and a dramatic investigation into the prospects for individual integrity in a society defined by the KGB. Each of the central characters seeks to transcend an oppressive regime through art, a love of Russian literature, and activism. And each of them ends up face-to-face with a secret police that is highly skilled at fomenting paranoia, division, and self-betrayal. A man and his wife each become collaborators, without the other knowing; an artist is chased into the woods, where he remains in hiding for four years; a researcher is forced to deem a patient insane, damning him to torture in a psychiatric ward. Ludmila Ulitskaya's novel belongs to the tradition of Dostoevsky, Tolstoy, and Pasternak: it

is a work consumed with politics, love, and belief—and a revelation of life in dark times.

The Art of Patience 2021-07-13 Sylvain Tesson A journey in search of one of the most elusive creatures on the planet Adventurer Sylvain Tesson has led a restless life, riding across Central Asia on horseback, freeclimbing the Eiffel Tower and Notre Dame, and traversing the Himalayas by foot. But while recovering from an accident that left him in a coma, and nursing his wounds from a lost love, he found himself domesticated, his lust for life draining with each moment spent staring at a screen. An expedition to the mountains of Tibet, in search of the famously elusive snow leopard, presented itself as a cure. For the chance to glimpse this near mythical beast, Tesson and his companions must wait for hours without making a sound or

a movement, enduring the thin air and brutal cold. Their vigil becomes an act of faith--many have pursued the snow leopard for years without seeing it--and as they keep their watch, Tesson comes to embrace the virtues of patience and silence. His faith is rewarded when the snow leopard, the spirit of the mountain, reveals itself: an embodiment of what we have surrendered in our contemporary lives. And the simple act of waiting proves to be an antidote to the frenzy of our times. A celebration of the power and grace of the wild, and a requiem for the world's vanishing places, The Art of Patience is a revelatory account of the communion between nature and the human heart. Sylvain Tesson has written a new masterpiece on the relationship between man and beast in prose as sublime as the wilderness that inspired it.

The Serial Killer Files 2017-05-18 Paul Simpson There are many myths about serial killers: that they are all dysfunctional loners; all white males; only motivated by sex; that they all travel and operate across a wide area; cannot stop killing; are all insane, or evil geniuses; and that they all want to get caught. Of course, there are some serial killers who fit into these categories, but the married Green River Killer was not a dysfunctional loner; there are plenty of female and non-Caucasian serial killers; Dr Harold Shipman was certainly not motivated by sex; many serial killings (such as the Ipswich prostitute murders carried out by Steve Wright) happen within a confined area; the 'BTK Killer', Dennis Rader, stopped killing in 1991, but wasn't caught until fourteen years later. Many serial killers may have a low animal cunning, or be 'street

smart', but few of them are Mensa-level geniuses. Each of the thirty cases covered here is unusual in some respect, perhaps in the way in which the killer carried out their crimes, the choice of victims, the way in which they were apprehended, or the method of their execution. The cases are presented alphabetically by country - from Australia via Colombia, Great Britain, Indonesia, Iran, South Africa and elsewhere to the United States - and then chronologically. They come from across history and from all over the world. The author has gone back as far as possible to contemporary source material - newspaper accounts, trial evidence, interviews with perpetrators or survivors - rather than rely on the increasingly blurred truth to be found online and in far too many collections.

Delta Of Venus 2004-02-02 Anaïs Nin From influential feminist artist and essayist Anaïs Nin, Delta of Venus is one of the most important works of modern female erotica and "a joyous display of the erotic imagination" (The New York Times Book Review). Anaïs Nin pens a lush, magical world where the characters of her imagination possess the most universal of desires and exceptional talents. Among these provocative stories, a Hungarian adventurer seduces wealthy women then vanishes with their money; a veiled woman selects strangers from a chic restaurant for private trysts; and a Parisian hatmaker named Mathilde leaves her husband for the opium dens of Peru. This is an extraordinarily rich and exotic collection from a master of erotic writing. "Inventive, sophisticated . . . highly elegant naughtiness."—Cosmopolitan

information through the heart and thereby starting the healing process for emotions and feelings • Provides positive affirmations to effect change for each ailment and disease What if your body used a secret language to talk to you? What if an ailment or illness was your body's way to shout for help, to make you understand that you need to change your thoughts, emotions, feelings, and behaviors? Your body wants you to become aware of the stress that you carry, conscious or not, so you can release unmanaged past and present emotions and the physical complaints that accompany them. Compiling years of research and the results of thousands of cases he encountered in his private practice and during workshops over the past 30 years, Jacques Martel explains how to read and understand the body's language of disease and imbalance. In this encyclopedia, he shows how body language reveals specific thoughts, feelings, and emotions that are at the source of nearly 900 different ailments and diseases. The author also details his Integration and Acceptance Technique, which enables healing information to bypass the brain and connect directly with the heart. This technique disables the source of the conflict, conscious or not, that could be at the root of an illness, behavior, or condition and improves the chances of true healing. This comprehensive manual offers a tool to help each of us become, to some extent, our own doctor or therapist, get to know ourselves better, and recover health and well-being physically, emotionally, mentally, and spiritually. For practitioners and therapists, this remarkable reference tool provides invaluable insights and prompts for healing.

Data Mining and Statistics for Decision Making

2011-03-23 Stéphane Tufféry Data mining is the process of automatically searching large volumes of data for models and patterns using computational techniques from statistics, machine learning and information theory; it is the ideal tool for such an extraction of knowledge. Data mining is usually associated with a business or an organization's need to identify trends and profiles, allowing, for example, retailers to discover patterns on which to base marketing objectives. This book looks at both classical and recent techniques of data mining, such as clustering, discriminant analysis, logistic regression, generalized linear models, regularized regression, PLS regression, decision trees, neural networks, support vector machines, Vapnik theory, naive Bayesian classifier, ensemble learning and detection of association rules. They are discussed along with illustrative examples throughout the book to explain the theory of these methods, as well as their strengths and limitations. Key Features: Presents a comprehensive introduction to all techniques used in data mining and statistical learning, from classical to latest techniques. Starts from basic principles up to advanced concepts. Includes many step-by-step examples with the main software (R, SAS, IBM SPSS) as well as a thorough discussion and comparison of those software. Gives practical tips for data mining implementation to solve real world problems. Pillaging the World 2014-10-22 Ernst Wolff Depriving entire generations of their hopes for a better future, the International Monetary Fund (IMF) has risen to become the world's most powerful international financial organization. Blackmailing countries and pillaging whole continents for almost seven decades now, its history resembles a modern-day crusade against the working people on five continents. In his highly compelling account, journalist Ernst Wolff specifies the dramatic consequences of the IMF's practice of loan sharking and

implementing neoliberal austerity measures. While exacerbating poverty, increasing hunger, furthering the spread of diseases and fuelling armed conflicts on the one hand, the Fund's policies have on the other hand helped a tiny group of ultra-rich profiteers increase their vast fortunes to immeasurable dimensions - allegedly in the name of ensuring the stability of the global financial system. // Ernst Wolff, born in 1950, spent his early childhood in South East Asia, went to school in Germany and studied history and philosophy in the US. He has worked in various professions, including journalism, translating and screenwriting. The interrelation between economics and politics, a subject he has been working on for four decades, has become of paramount significance to him. "The financial crisis of 2008 and the euro crisis were mere precursors of an impending financial tsunami whose destructive power the IMF and its allies will most certainly use as a pretext for globally imposing measures the likes of which we cannot even vaguely imagine at present."

Coming Out 2009-02-25 Danielle Steel Olympia Crawford Rubinstein has a busy legal career, a solid marriage, and a way of managing her thriving family with grace, humor, and boundless energy. be no challenge to which Olympia cannot rise. Until one sunny day in May, when she opens an invitation for her daughters to attend the most exclusive coming-out ball in New York—and chaos erupts all around her. One twin's excitement is balanced by the other's outrage; her previous husband's profound snobbism is in sharp contrast to her current husband's flat refusal to attend. For Olympia's husband, Harry, whose parents survived the Holocaust, the idea of a blue-blood debutante ball is abhorrent. Her daughter Veronica, a natural-born rebel, agrees—while Veronica's identical twin, Virginia, is already shopping for the perfect dress. Then there's Olympia's ex, an insufferable snob, who sees the ball as the perfect opportunity for a family feud. And amid all the hubbub, Olympia's college-age son, Charlie, is facing a turning point in his life—and may need his mother more than ever. But despite it all, Olympia is determined to steer her family through the event until, just days before the cotillion, things begin to unravel with alarming speed. From a son's crisis to a daughter's heartbreak, from a case of the chicken pox to a political debate raging in her household, Olympia is on the verge of surrender. And that is when, in a series of startling choices and changes of heart, family, friends, and even a blue-haired teenager all find a way to turn a night of calamity into an evening of magic. As old wounds are healed, barriers are shattered and new traditions are born, and a debutante ball becomes a catalyst for change, revelation, acceptance, and love. In a novel that is by turns profound, poignant, moving, and warmly funny, Danielle Steel tells the story of an extraordinary family—finding new ways of letting go, stepping up, and coming out...in the ways that matter

The Most Beautiful Book in the World 2009-07-07 Eric-Emmanuel Schmitt The international bestselling story collection. "Truth and beauty are here brought together with all the visual beauty and power of a major literary work" (Lire Magazine, France). A cast of extravagant and affecting characters lovingly portrayed by Eric-Emmanuel Schmitt animates these eight contemporary fables about people in search of happiness. One of Europe's most popular and bestselling authors, Eric-Emmanuel Schmitt captivates the reader with his spirited style and enchanting stories that move effortlessly from the everyday to the fantastical. The eight stories in this collection, his first to be published in English, represent his best and most imaginative storylines: from the touching and surprising love story between Balthazar, a wealthy author, and Odette, a shop clerk, to the tale of a barefooted princess; from the moving title story about a group of female prisoners in a Soviet gulag to the entertaining portrait of a perennially disgruntled perfectionist. Behind each story lies a simple, if elusive, truth: though we may be frequently blind to it, happiness is often right in front of our eyes.
