Android Application Development

2009-05-13 Rick Rogers This practical book provides the concepts and code you need to develop software with Android, the open-source platform for cell phones and mobile devices that's generating enthusiasm across the industry. Based on the Linux operating system and developed by Google and the Open Handset Alliance, Android has the potential to unite a fragmented mobile market. Android Application Development introduces this programming environment, and offers you a complete working example that demonstrates Android architectural features and APIs. With this book, you will: Get a complete introduction to the Android programming environment, architecture, and tools Build a modular application, beginning with a core module that serves to launch modules added in subsequent chapters Learn the concepts and architecture of a specific feature set, including views, maps, location-based services, persistent data storage, 2D and 3D graphics, media services, telephony services, and messaging Use ready-to-run example code that implements each feature Delve into advanced topics, such as security, custom views, performance analysis, and internationalization The book is a natural complement to the existing Android documentation provided by Google. Whether you want to develop a commercial application for mobile devices, or just want to create a mobile mashup for personal use, Android Application Development demonstrates how you can design, build, and test applications for the new mobile market.

Journey of a Thousand Miles

He was exhausted of his life. He was dull, depressed, and unsatisfied. He had a employment he hated, a supervisor he despised, and a partner he didn't cherish. He had no passion, no aim, no meaning. He felt like he was wasting his moment, his possibility, his life. He wanted to modify, he wanted to escape, he wanted to exist. He resolved to leave his work, to end things with his partner, to get rid of his possessions, and to purchase a one-way fare to the other side of the earth. He didn't know where he was proceeding, he didn't realize what he was performing, he didn't know what he was looking for. He only realized that he had to depart, that he had to investigate, that he had to uncover. He started on a voyage of a thousand distances, a journey of excitement, of difficulty, of knowledge, of development, of transformation.
