## Soon I Will Be Invincible

2007-06-05 Austin Grossman Doctor Impossible—evil genius, would-be world conqueror—languishes in prison. Shuffling through the cafeteria line with ordinary criminals, he wonders if the smartest man in the world has done the smartest thing he could with his life. After all, he's lost every battle he's ever fought. But this prison won't hold him forever. Fatale—half woman, half high-tech warrior—used to be an unemployed cyborg. Now, she's a rookie member of the world's most famous super-team, the Champions. But being a superhero is not all flying cars and planets in peril—she learns that in the locker rooms and dive bars of superherodom, the men and women (even mutants) behind the masks are as human as anyone. *Soon I Will Be Invincible* is a wildly entertaining first novel, brimming with attitude and humor—an emotionally resonant look at good and evil, love and loss, power and glory.

## **Dignity for All**

2009-02-03 Robert W. Fuller Dignity. Isn't that what everybody really wants? You, me, your parents, your children, your friends, your colleagues at work: All of us want to be treated with dignity. The homeless person in the park; the elderly in nursing homes; students, teachers, principals; Christians, Jews, Muslims; taxi drivers, store clerks, waiters, police officers; prisoners and guards; immigrants; doctors, patients, nurses; the poor, the wealthy, the middle class; big nations, small nations, people without a homeland. Dignity. Everybody wants it, craves it, seeks it. People's whole lives change when they're treated with dignity and when they're not. Evan Ramsey, now serving a 210-year prison sentence for shooting and killing his high school principal and another student in Bethel, Alaska, told criminologist Susan Magestro: "I was picked on seven hours a day every day and the teachers didn't do anything to help me ... I told [my foster mother] and [my principal] more than a dozen times about all the bullying I was subjected to. They never did anything to help me.... If I can prevent someone from having the experience I went through, I want to do that. I killed people.... Don't respond with violence even if you're provoked. There's no hope for me now but there is hope for you." - From "the Realities and Issues Facing Juveniles and Their Families, The Warning Signs: Evan Ramsey Bethel, Alaska," by Susan Magestro, ....Fundamentally, dignity is about respect and value. It means treating yourself and others with respect just because you're alive on the planet. It's recognizing that you and everyone else have a right to be here, and that you belong. It means valuing your own and others' presence and special qualities. It means honoring who you are and what you have to offer.

1997 John Peel "The Doctor is repairing the TARDIS systems once again when it is swept up by a garbage ship roving through space, the Quetzal. When another ship approaches and takes the Quetzal by force, the Doctor discovers that he and Sam are not the only unwitting travelers on board -- there is a strangely familiar survival pod in the hold. Delani, the captain of the second ship, orders the pod to be opened. The Doctor is powerless to intervene as Davros is awakened once again. But this is no out-and-out rescue of Davros. Delani and his crew are Thals, the sworn enemies of the Daleks. They intend to use Davros as a means to wipe out the Daleks, finally ridding the universe of the most aggressive, deadly race ever to exist. But the Doctor is still worried. For there is a signal beacon inside the pod, and even now a Dalek ship is closing in."--Page 4 of cover.
