

Fair Play The Moral Dilemmas Of Spying By James M Olson Pdf Pdf

To Catch a Spy

2021-09 James M. Olson The United States is losing the counterintelligence war. Foreign intelligence services, particularly those of China, Russia, and Cuba, are recruiting spies in our midst and stealing our secrets and cutting-edge technologies. In *To Catch a Spy: The Art of Counterintelligence*, James M. Olson, former chief of CIA counterintelligence, offers a wake-up call for the American public and also a guide for how our country can do a better job of protecting its national security secrets. Olson takes the reader into the arcane world of counterintelligence as he lived it during his thirty-year career in the CIA. After an overview of what the Chinese, Russian, and Cuban spy services are doing to the United States, Olson gives a masterclass on the principles and practice of counterintelligence. Readers will learn his ten commandments of counterintelligence and about specific aspects such as running double-agent operations and surveillance. The book also analyzes twelve actual case studies in order to illustrate why people spy against their country, the tradecraft of intelligence, and where counterintelligence breaks down or succeeds. A "lessons learned" section follows each case study, and the book also includes an appendix of recommended further reading. This book will fascinate anyone with an interest in the real world of espionage.

Good Hunting

2014-06-03 Jack Devine "A sophisticated, deeply informed account of real life in the real CIA that adds immeasurably to the public understanding of the espionage culture—the good and the bad." —Bob Woodward Jack Devine ran Charlie Wilson's War in Afghanistan. It was the largest covert action of the Cold War, and it was Devine who put the brand-new Stinger missile into the hands of the mujahideen during their war with the Soviets, paving the way to a decisive victory against the Russians. He also pushed the CIA's effort to run down the narcotics trafficker Pablo Escobar in Colombia. He tried to warn the director of central intelligence, George Tenet, that there was a bullet coming from Iraq with his name on it. He was in Chile when Allende fell, and he had too much to do with Iran-Contra for his own taste, though he tried to stop it. And he tangled with Rick Ames, the KGB spy inside the CIA, and hunted Robert Hanssen, the mole in the FBI. *Good Hunting: An American Spymaster's Story* is the spellbinding memoir of Devine's time in the Central Intelligence Agency, where he served for more than thirty years, rising to become the acting deputy director of operations, responsible for all of the CIA's spying operations. This is a story of intrigue and high-stakes maneuvering, all the more gripping when the fate of our geopolitical order hangs in the balance. But this book also sounds a warning to our nation's decision makers: covert operations, not costly and devastating full-scale interventions, are the best safeguard of America's interests worldwide. Part memoir, part historical redress, *Good Hunting* debunks outright some of the myths surrounding the Agency and cautions against its misuses. Beneath the exotic allure—living abroad with his wife and six children, running operations in seven countries, and serving successive presidents from Nixon to Clinton—this is a realist, gimlet-eyed account of the Agency. Now, as Devine sees it, the CIA is trapped within a larger bureaucracy, losing swaths of turf to the military, and, most ominous of all, is becoming overly weighted toward paramilitary operations after a decade of war. Its capacity to do what it does best—spying and covert action—has been seriously degraded. *Good Hunting* sheds light on some of the CIA's deepest secrets and spans an illustrious tenure—and never before has an acting deputy director of operations come forth with such an account. With the historical acumen of Steve Coll's *Ghost Wars* and gripping scenarios that evoke the novels of John le Carré even as they hew closely to the facts on the ground, Devine offers a master class in spycraft.

Imperial Hubris

2004 Michael Scheuer An anonymous member of the U.S. intelligence community argues that Islamists are not against democracy, but specific U.S. policies viewed as threatening to their lands and religion allow al Qaeda to continue to gain support.

To Catch a Spy

2021-09-01 James M. Olson In *To Catch a Spy: The Art of Counterintelligence*, former Chief of CIA counterintelligence James M. Olson offers a wake-up call for the American public, showing how the US is losing the intelligence war and how our country can do a better job of protecting its national security and trade secrets.

A Spy's Journey

2010-11-10 Floyd Paseman In 1967 Floyd Paseman joined the Central Intelligence Agency following successful service as an army officer in Germany. He was first stationed in the Far East, where he became fluent in Chinese language and culture, and then in Germany, at what was largely considered the agency's toughest Cold War field posting. Over the years he rose from field spy to division chief and ultimately the top ranks in the Operations Directorate of the CIA. Paseman details the behind-the-scenes intelligence gathering during the major events of eight presidential administrations from Lyndon B. Johnson through George W. Bush.

The Rise and Fall of a Pop Star

She had a dream. She wanted to be a pop star. She wanted to sing, to dance, to perform, to entertain. She wanted to be famous, to be adored, to be idolized. She wanted to have it all, fame, fortune, glory. She worked hard, she practiced, she auditioned, she impressed. She got a contract, a record deal, a manager, a producer. She made an album, a hit, a sensation. She became a star, a celebrity, a phenomenon. She had it all, fans, money, awards. She was on top of the world, she was living her dream. But she also had a dark side. She had a secret, a problem, an addiction. She started to lose control, to make mistakes, to cause scandals. She faced criticism, backlash, lawsuits. She lost her fans, her money, her awards. She fell from grace, she became a joke, a tragedy. She lost it all, her fame, her fortune, her glory. She was the rise and fall of a pop star.

fair play the moral dilemmas of spying

On the eve of the Great Convergence, when the stars aligned in cosmic harmony, a single shooting star streaked across the night sky, carrying with it the fate of a small coastal village named Luminara Cove. Unbeknownst to the villagers, the celestial visitor bore a message written in constellations, heralding a destiny that would unfold with the turning tides.

Fair Play

2011 James M. Olson In the high-stakes world of spying, do the ends justify the means?

A Secret Life

2019-11-19 Benjamin Weiser In August 1972, Ryszard Kuklinski, a highly respected colonel in the Polish Army, embarked on what would become one of the most extraordinary human intelligence operations of the Cold War. Despite the extreme risk to himself and his family, he contacted the American Embassy in Bonn, and arranged a secret meeting. From the very start, he made clear that he deplored the Soviet domination of Poland, and believed his cuntry was on the wrong side of the Cold War. Over the next nine years, Kuklinski – code name "Jack Strong" -- rose quickly in the Polish defense ministry, acting as a liaison to Moscow, and helping to prepare for a "hot war" with the West. But he also lived a life of subterfuge -- of dead drops, messages written in invisible ink, miniature cameras, and secret transmitters. In 1981, he gave the CIA the secret plans to crush Solidarity. Then, about to be discovered, he made a dangerous escape with his family to the West. He still lives in hiding in America. Kuklinski's story is a harrowing personal drama about one man's decision to betray the Communist leadership in order to save the country he loves, and the intense debate it spurred over whether he was a traitor or a patriot. Through extensive interviews and access to the CIA's secret archive on the case, Benjamin Weiser offers an unprecedented and richly detailed look at this secret history of the Cold War.

American Spies

2013-10-28 Michael J. Sulick *American Spies* presents the stunning histories of more than forty Americans who spied against their country during the past six decades, offering insight into America's vulnerability to espionage along the way. Now available in paperback, with a new preface that brings the conversation up to the present, *American Spies* is as relevant as ever.

Spymaster

2014-05-27 Ted Shackley The death of CIA operative Theodore G. "Ted" Shackley in December 2002 triggered an avalanche of obituaries from all over the world, some of them condemnatory. Pundits used such expressions as "heroin trafficking," "training terrorists," "attempts to assassinate Castro," and "Mob connections." More specifically, they charged him with having played a major role in the Chilean military coup of 1973.But who was the real Ted Shackley? In *Spymaster*, he has told the story of his entire remarkable career for the first time. With the assistance of fellow former CIA officer Richard A. Finney, he discusses the consequential posts he held in Berlin, Miami, Laos, Vietnam, and Washington, where he was intimately involved in some of the key intelligence operations of the Cold War. During his long career, Shackley ran part of the inter-agency program to overthrow Castro, was chief of station in Vientiane during the CIA's "secret war" against North Vietnam and the Pathet Lao, and was chief of station in Saigon. After his retirement, he remained a controversial figure. In the early eighties, he was falsely charged with complicity in the Iran-Contra scandal. Ted Shackley's comments on CIA operations in Europe, Cuba, Chile, and Southeast Asia and on the life of a high-stakes spymaster will be the subject of intense scrutiny by all concerned with the fields of intelligence, foreign policy, and postwar U.S. history.
