The work “Analyzing Casual Conversation” by Suzanne Eggins and Diana Slade, originally published in 1997, establishes a systematic model for the study and description of casual conversation in English. The scholars contend that despite its at times aimless appearance and seemingly unstructured material, casual conversation is a highly structured undertaking and performs a vital role in the social building of reality. The work proceeds through genuine instances of casual conversations including participants differing in age, gender, ethnicity, and socio-economic class¹². Deriving on insights from sociology, linguistics, and critical semiotics, the publication provides readers with the analytical skills to describe the levels of structure and critical interpretive structures to explain the ‘social work’ that goes on through chat.

He glanced at the clock; it was 3:15 am. He tried to soothe his pounding heart, attempting to convince himself that it was merely a figment of his imagination. Yet, deep down, he knew it was far more than that. He knew the elusive figure was existent, and it was approaching towards him. He had seen it before, in the frightening news reports, in the detailed police sketches, in the despairing faces of the victims. It was the notorious serial killer that had been haunting the city for what seemed like an eternity. And Sam was next.

Standing before the threshold, her hand trembling slightly as she reached for the doorknob, Alice braced herself for the revelations that awaited her beyond. The work "Analyzing Casual Conversation" by Suzanne Eggins and Diana Slade, first published in 1997, develops a systematic model for the analysis and description of casual conversation in English. The authors argue that in spite of its occasionally aimless appearance and ostensibly unstructured material, casual conversation is a very structured undertaking and performs a crucial function in the social construction of reality. The publication works through authentic samples of casual conversations entailing participants differing in age, gender, ethnicity, and socio-economic class¹². Pulling on understandings from sociology, linguistics, and critical semiotics, the book provides readers with the examinative skills to depict the strata of structure and critical interpretive models to elucidate the 'social work' that happens on through chat.
